CAPITAL \$8,000,000
SURPLUS \$5,000,000

Chicago, March 15, 1905.

TO WHOM IT MAY CONCERN:

It is with pleasure that we testify to our own good opinion of the integrity, responsibility and business ability of Sears, Roebuck & Company. They show a fully paid up capital and surplus of over Five Million Dollars (\$5,000,000.00), and are one of the largest mercantile institutions in Chicago.

Anyone can, in our judgment, feel perfectly secure in sending money to them with their orders, as we understand that they ship their goods agreeing that anything not proving entirely satisfactory when received can be returned to them, and the money paid will be immediately returned to the purchaser.

The officers and stock holders of the company are well and favorably known to us, command our full confidence, and we believe can be relied upon to do exactly as they agree.

Yours very truly,

James B. Forgan

IN PRESENTING THIS

BIG VALUE SEED CATALOGUE

FOR 1906

we wish to thank our customers of last year for their generous patronage and to assure them that any future orders will be executed promptly and filled with the best and purest stocks obtainable. We aim to make our Seed Department one of the largest in our establishment, and to give the same liberal values and good stocks that we do in all other departments. Cheaper prices than you have been paying other seedsmen will not mean cheaper goods. We handle only the best and highest grades, are content with small profits, and with our facilities for handling goods with the least possible expense, save our customers more than one-half what they have heretofore been paying.

SIMPLE RULES FOR ORDERING.

IN ORDERING please use the order blank enclosed with this catalogue, or if this order blank is not handy just use any sheet of plain paper. Always write your name and address in full, giving your full name, postoffice and state, street and number, box number or R. F. D. number, as may be required. Always give your shipping point also, should it be different from your postoffice. State the catalogue number of the seeds you want, giving the catalogue number in full, also names and quantities of the seeds wanted. Be sure to give us shipping instructions also. State plainly how much money you enclose, and in what form, whether postoffice money order, which you get at the postoffice; express money order, which you get at the express office, or a draft, which you can get at any bank. If you live on a rural route you can just give your letter and the money to the rural carrier and he will get a postoffice money order for you, put it in the letter and mail it. If you desire, you can put the money (not silver or coin) in the letter and get it registered at the postoffice. We recommend the postoffice and express money orders as the best forms of sending us money.

TERMS. Our only terms on seeds are cash with the order. We require the full amount of money to be sent with all orders for seeds. At the same time we guarantee perfect satisfaction in every transaction, and we stand ready to return your money immediately and pay all transportation charges both ways if anything you get from us does not please you in every way.

Please do not send us an order for less than 50 cents, for as explained elsewhere in this catalogue, the biggest item of expense in connection with small orders is in the putting up of the goods. Order in large quantities, get your neighbors to join with you and get far better value for your money.

ABOUT EXTRA POSTAGE. When ordering seeds to go by mail be sure to enclose or allow enough money to pay postage, which is at the rate of 8 cents per pound, 1 cent for each two ounces or fraction thereof, 8 cents per pint and 15 cents per quart. The amount necessary

to prepay postage on the collections is plainly stated in the description of each collection. If you order seeds by the peck, bushel or larger quantity, it is cheaper to send the seeds by express or freight.

REDUCED EXPRESS RATES. All express companies in the United States are in the traffic agreement and will carry seeds, plants, bulbs and trees at 20 per cent less than merchandise rates. Please state in your order how you wish your seeds shipped. If you do not advise us we will ship them in the cheapest way. We make no extra charge for bags, boxes or packages, all seeds are shipped at the prices quoted without any additional charges.

PLEASE ORDER EARLY. It is an advantage to you to order early, as you will then have ample time in which to receive your seeds before being ready to plant, and you will assist us greatly in shipping your seeds promptly.

WE HANDLE ONLY SEEDS OF THE PUREST TYPE and highest germination that can be grown. We cannot afford to send out any but those of the highest grades and will not carry an inferior article. We guarantee our seeds to be of fresh growth and to have shown a high germination in our tests. We guarantee them to reach our customers in the best possible condition for growth, but there are so many causes beyond our control which affect crops, such as climatic conditions, variations of soil, time and methods of planting, cultivating and harvesting, that we cannot give any warranty regarding the crop and disclaim all responsibility concerning it. As we hope to have your trade in seeds as long as you sow them, it will be to our interest as well as yours to ship only the best and purest, and customers need not hesitate to send us their orders, as they will be filled with choice, fresh, high grade, reliable stocks.

HOW WE CAN MAKE OUR PRICES SO LOW AND WHY IT PAYS YOU TO BUY A BIG ASSORTMENT.

Buy one of our big assortments, especially a triple quantity, or five for one quantity size assortment as we alone put up seeds, and we can and will give you from five to ten times as much seed for your money as you can get from any other house in the world, and this is how we can do it.

LIKE ALL LARGE WHOLESALE DEALERS in farm, garden, vegetable, and flower seeds, we contract with the growers at a comparatively low price per hundred pounds, per bushel or per ton in bulk for the highest grades of farm, garden, vegetable and flower seeds that can be grown in this and foreign countries, but to place these seeds in the hands of our customers at a mere fraction of the prices charged by others, the prices that you are compelled to pay when you go to the grocer, druggist, seed store or other handlers of seeds, or prices you must pay when you send to any other mail order house and select the seeds in single packets, we must plan a way of handling the seeds so as to reduce the cost of handling to next to nothing compared with what it costs others. This we have done by putting our seeds up first in packets of various sizes, the standard size packet containing the same quantity of seeds as is furnished by all reputable seedsmen, and then in packets in triple size containing three times the standard quantity, and then in packets in Jumbo size containing five to one or five times the standard quantity of seeds in each packet, then putting up these packets in mixed assortments of thirty varieties, thirty packets or more. In this way we have reduced the cost of handling, which cost to other seedsmen is far greater than the cost of the seeds alone. This cost common to all other seedsmen we have reduced to next to nothing.

OUR MANAGER IS A LIFELONG SEEDSMAN well versed in every department of the business and will see to it that your wants are supplied with the best that soil, climate and skill can produce.

OUR COLLECTIONS all contain exceptional values, and as they are put up in advance in large quantities it will be possible for us to make any changes in the assortments. If one collection does not cover your wants, another may. In any event, you will obtain such great values that you can afford to give away all seeds which you cannot use and still save money over regular seedsmen's prices. Our bulk seed is quoted at such exceptionally low prices that you cannot afford to buy elsewhere. We are very favorably located, being near the best seed growing sections and having low freight rates to all points North, East, South and West. All of these considerations make for lower prices for our customers. The more you buy the more you will assist us in making still lower prices and in that manner you will be helping yourself and your brother farmers to save money.

NOTE THE BIG SAVING IN COST.

We handle thirty or more single tickets at once where other houses handle one. We put up thirty packets or more at once where other houses put up one, about one-thirtieth the cost of handling, about ten times the quantity of seed for the money.

CAN'T YOU FIND AN ASSORTMENT CONTAINING JUST THE SEED YOU WANT?

LOOK OVER THE DIFFERENT ASSORTMENTS CAREFULLY, and among the various assortments you will surely find one or more that contains all the various garden, vegetable or flower seeds you want. Possibly the assortment that contains all of the various seeds you would like to buy, also contains additional vegetable or flower seeds which you do not care for. Even so, send us your order for such assortment just the same. The few extra packets of flower seeds you otherwise would not buy will beautify your yard or garden; the few extra varieties of garden or vegetable seeds you will surely be able to find a place for; or if the assortment contains a dozen or more varieties in vegetable and flower seeds that you can find no place for in addition to the seeds you want, sell these extra packets to your neighbor, even give them away, if you like, and after giving away a dozen or more packets which you have no use for, the remainder which you yourself use you will own at a mere fraction of what the seeds you use would cost you if you would buy them from any seed dealer at home or elsewhere.

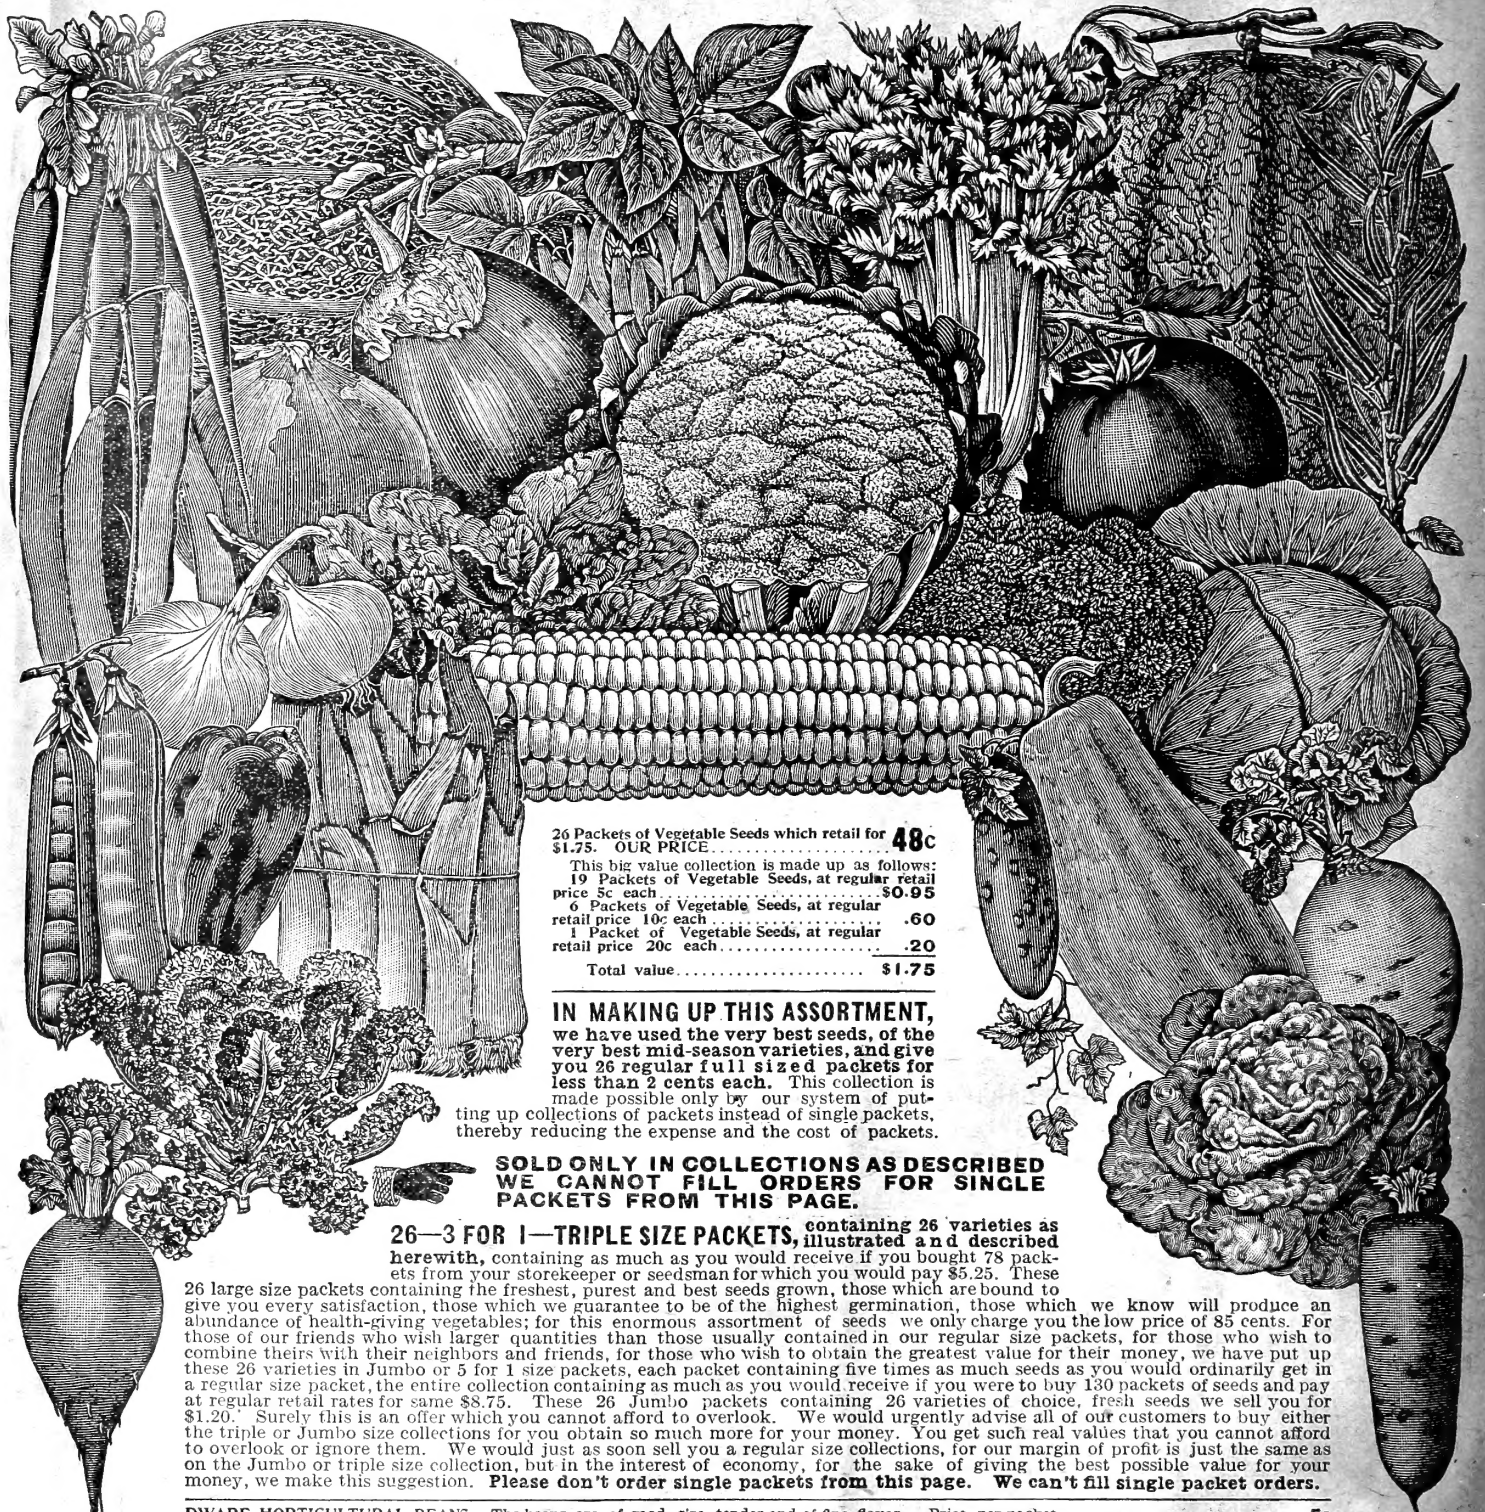

WE GIVE YOU from five to ten times as much seed for your money as you can possibly buy elsewhere. You can afford to buy any one of our assortments, either the standard size quantity, the three for one size or the five for one size, and sell such seeds as you do not require, give them away or throw them away, and you still have several times as much of the very seed you need for your money as you could possibly get from any other house for the same money.

ADVANTAGE TO YOU IN BUYING A COMPLETE ASSORTMENT.

PLEASE NOTE that we furnish an assortment of thirty varieties of vegetable seeds for 58 cents, and in three for one and five for one quantities at even a much lower rate, other assortments at proportionately lower prices. Now, you would pay 58 cents for from six to twelve packets of seed if you would buy them from any seed store or retail dealer in the land, whereas if you take advantage of our complete assortment system you get thirty packets, thirty varieties, twenty to twenty-five more packets of seed for your money than you could possibly get from your dealer at home.

IN THESE EXTRA TWENTY TO TWENTY-FIVE PACKETS which you get in excess of what you would get elsewhere for your money, certainly more than one-half of these extra packets you can use to very good advantage. It will extend your variety of vegetables, or the assortment may include some extra varieties of flower seeds which we know you will appreciate, as they will beautify your home inside and out.

THE MID-SEASON GARDEN COLLECTION

26 Packets of Vegetable Seeds which retail for **48c**
\$1.75. OUR PRICE.

This big value collection is made up as follows:
19 Packets of Vegetable Seeds, at regular retail price 5c each \$0.95
6 Packets of Vegetable Seeds, at regular retail price 10c each60
1 Packet of Vegetable Seeds, at regular retail price 20c each20

Total value **\$1.75**

IN MAKING UP THIS ASSORTMENT, we have used the very best seeds, of the very best mid-season varieties, and give you 26 regular full sized packets for less than 2 cents each. This collection is made possible only by our system of putting up collections of packets instead of single packets, thereby reducing the expense and the cost of packets.

SOLD ONLY IN COLLECTIONS AS DESCRIBED
WE CANNOT FILL ORDERS FOR SINGLE
PACKETS FROM THIS PAGE.

26—3 FOR 1—TRIPLE SIZE PACKETS, containing 26 varieties as herewith, containing as much as you would receive if you bought 78 packets from your storekeeper or seedsman for which you would pay \$5.25. These

26 large size packets containing the freshest, purest and best seeds grown, those which are bound to give you every satisfaction, those which we guarantee to be of the highest germination, those which we know will produce an abundance of health-giving vegetables; for this enormous assortment of seeds we only charge you the low price of 85 cents. For those of our friends who wish larger quantities than those usually contained in our regular size packets, for those who wish to combine theirs with their neighbors and friends, for those who wish to obtain the greatest value for their money, we have put up these 26 varieties in Jumbo or 5 for 1 size packets, each packet containing five times as much seeds as you would ordinarily get in a regular size packet, the entire collection containing as much as you would receive if you were to buy 130 packets of seeds and pay at regular retail rates for same \$8.75. These 26 Jumbo packets containing 26 varieties of choice, fresh seeds we sell you for \$1.20. Surely this is an offer which you cannot afford to overlook. We would urgently advise all of our customers to buy either the triple or Jumbo size collections for you obtain so much more for your money. You get such real values that you cannot afford to overlook or ignore them. We would just as soon sell you a regular size collections, for our margin of profit is just the same as on the Jumbo or triple size collection, but in the interest of economy, for the sake of giving the best possible value for your money, we make this suggestion. Please don't order single packets from this page. We can't fill single packet orders.

48 Cents Buys This Wonderful Late Season Garden Seed Collection.

FOR 48 CENTS we furnish you this special assortment of late season vegetable seeds in quality ten times better than you could buy elsewhere for \$1.65. 26 packets of the choicest selection of vegetable seeds suitable for all climates in the United States, seeds as gathered from the best seed growers in all countries of the world.

FOR 80 CENTS we furnish you this same assortment (26 packets) in three for one size, containing three times the quantity of seed that is furnished in the regular standard size packets. For 80 cents you get the triple quantity, as much seed as you could buy elsewhere for \$4.95, and the quality ten-fold better than you could get elsewhere.

FOR \$1.15 we furnish you the Jumbo size (26 packets), each packet containing five times the quantity of seed that is furnished in the standard size packet, as much seed as you could buy elsewhere for \$8.25, and the quality of seed ten times more profitable than you could buy elsewhere.

THIS IS OUR LATE SEASON GARDEN COLLECTION, a special assortment of vegetable seeds which mature the latest. Every one selected so that we could guarantee that really wonderful results could be had in all sections of the country. This collection is especially recommended to be used in connection with our earlier or mid summer collections. By using this collection you can prolong the season and furnish an abundant supply of the choicest vegetables grown throughout the year.

THIS WONDERFUL COLLECTION embraces the best of the old time tried varieties and many others of the newer prize leaders as gathered from all over the world, seeds that are considered the very best in their respective classes. If you want early vegetables you also want late vegetables, and that you may be sure of having the very best of the late varieties, we especially urge that you send us 48 cents and let us send you this wonderful collection of 26 full standard size packets, in quantity all you could buy any place for \$1.65, in quality better than you could buy from any other seller in the land.

IF AMONG THE 26 VARIETIES there are some that you do not think you care to plant sell them to your neighbors. Order the complete assortment at 48 cents and you can sell one-half of the quantity for more than 48 cents, leaving your seeds to cost you nothing. Better still, to get the greatest possible value for your money, order the three for one quantity size at 80 cents, or still better, the five for one quantity size at \$1.15. If you order the five for one quantity size, the Jumbo assortment for \$1.15, from this assortment you could sell three or four dollars' worth of seeds and still have enough left with which to plant your garden or such part of it as you care to plant with late maturing vegetables. When you buy seeds from us if you send for this assortment at 48 cents, or the three for one size at 80 cents, or better still, the five for one size at \$1.15, you and all those who use these seeds will have such results as they can obtain from no other seeds grown in your neighborhood.

OUR PRICES are a mere fraction of the prices charged by others. If ordered in liberal quantities you can buy the seeds from us at about one-tenth the price charged by others. They are all fresh (none carried over), they are selected from the best growers throughout the world, you will be paid ten-fold for the labor of planting, cleaning and caring for your garden. If you knew the kind of seeds we furnish, knew the care we take in selecting them, you would appreciate the value we are giving. If you could see what others give and what we give you would readily understand that we give five times the quantity and ten times the quality that you could buy elsewhere. You would certainly no longer gather seeds from your own garden, you wouldn't think of buying elsewhere, you wouldn't hesitate to order one of our complete assortments, our big collections, even if the collection contained varieties you did not need.

SOLD ONLY IN COLLECTIONS AS DESCRIBED. WE CANNOT FILL ORDERS FOR SINGLE PACKETS FROM THIS PAGE.

58c

BUYS \$2.05

95 CENTS BUYS \$6.30 WORTH OF GARDEN SEEDS.

SEND US 58c and we will send you this BIG ASSORTMENT of Vegetable Seeds, 30 VARIETIES, all the newest, richest and best things, enough for a fair-sized family garden, fully as much as you could buy from any dealer or SEED STORE FOR \$2.05.

2 1 full size 5-cent packages, retail everywhere for..... \$1.05
8 full size 10-cent packages, retail everywhere for..... .80
1 full size 20-cent packages, retail everywhere for..... .20

No other house will sell you the full assortment for less than \$2.05 58c
OUR PRICE, FOR THE ENTIRE LOT.

3 TIMES THIS QUANTITY, \$6.30 worth 95c. To accommodate those who require larger quantities we have put up these same 30 varieties, 30 packages in triple size. Three times the quantity of seed in each package that is furnished in our 58-cent assortment, three times as much seed in each package as is furnished by any seed house or sold by any dealer anywhere in the regular size packet; in other words, in every one of the 5-cent packets, we have put in this triple size assortment, just three times the quantity of seed that you would find in any 5-cent packet on the market, the same with the 10-cent packets, the same with the 20-cent packets; five times the quantity of seed, so if you want a large amount of seed for little money, if you have an unusually large garden or you wish to divide with one or more neighbors, we would by all means advise that you order the triple size assortment, triple quantity, for you get the exact same quantity of each of the thirty varieties of seed that you would get in three of our 58-cent assortments separately, which separately would cost you \$1.74. You get the exact same quantity of seeds that you would get from your dealer at home if you were to buy ninety packets of seed and pay him \$6.30 for same. Understand, we furnish in the triple size packets, triple size assortments, three times as much seed as in the 58-cent assortment, the entire outfit for 95 cents.

5 TIMES THE QUANTITY, \$10.50 worth of best vegetable seeds only \$1.32. For \$1.32 we furnish you just as much garden seed as you can buy in any retail store for \$10.50.

THIS BIG \$1.32 JUMBO, FIVE FOR ONE ASSORTMENT, comprises the thirty varieties shown in this list. you get in the 58-cent assortment. The only difference is in the quantity, thirty packages, the same number of packages that package assortment for \$1.32, five times the quantity of seed in each packet that goes into the 58-cent assortment packet, five times the amount of seed you would get in any of the regular size packets that you would buy in any retail store, as much seed as you could get in any retail store for \$10.50.

THIRTY VARIETIES OF

ASPARAGUS. COLUMBIAN WHITE MAMMOTH. A new and entirely distinct variety that produces shoots that are white and remain white as long as fit for use. In addition to this advantage it is more robust and vigorous in habit, and throws up larger shoots and fully as many of them as Conover's Colossal, and requires no earthing up, as in the green sorts, in order to keep the white shoots so much sought after. This grand result in producing a white asparagus did not come by chance, but was the outcome of years of patient work and careful selection by the originator. Regular price, per packet..... 10c

BEANS. LONGFELLOW. A new extra early variety, with perfectly round and uniformly straight pods; very fleshy, long, brittle and without strings when broken; flavor delicious; very prolific; plants very strong and compact. It matures its crop very regularly and withstands adverse conditions well. A good bean for market or home use. Regular price, per packet..... 10c

BEANS. WARDWELL'S KIDNEY WAX. This variety is of strong, upright, bush growth, about 15 inches high and is very productive. It is nearly a week earlier than the Golden Wax, yields fully one-third more, almost free from rust and of the same delicious quality. The pods are straight, flat, 5 inches long, 1/4 inch broad and rich golden yellow, brittle and entirely stringless. Regular price, per packet..... 5c

BEETS. CRIMSON GLOBE. The roots of this new variety are of medium size, generally not over 3 1/2 inches in diameter, of handsome shape, and remarkably smooth. The tap root is small, the leaves are small and borne on slender stems occupying but a small portion of the root. The root is very deep crimson throughout but is ringed and zoned in a most beautiful manner, making it the most attractive in appearance of any beet. Regular price, per packet..... 10c

CABBAGE. EARLY JERSEY WAKEFIELD. The earliest and hardest heading of first early cabbages. Its exceeding hardness, not only to resist cold, but other unfavorably conditions, insures the greatest likelihood of profitable and satisfactory results. Head conical, very compact, solid and of excellent quality. The thick, stout leaves and compact habit make it the best sort for wintering over or for very early setting. Regular price, per packet..... 5c

CABBAGE. HOLLANDER. A distinct type, highly esteemed for winter use by reason of the great solidity and excellent keeping qualities of the heads. It is one of the best for growing for distant markets or for late spring use. Regular price, per packet..... 10c

CARROTS. CHANTENAY. Tops medium size; necks small; roots tapering slightly but uniform; stump rooted and smooth, color, deep orange red; flesh very crisp and tender. Although this is a medium early sort, it furnishes roots of usable size as early as any, is a heavy cropper, and is undoubtedly one of the best for the market and private garden. Regular price, per packet..... 5c

CAULIFLOWER. SEROCO SNOWBALL. The leading kind among cauliflower growers, and unquestionably the purest strain of Snowball Cauliflower seed to be had. Heads uniform, of desirable market size and of snowy whiteness. After seven years' competitive tests it is pronounced by expert growers to be the best for both early and late planting. Successful frame growers say that under glass culture our Snowball outclasses any strain of cauliflower seed known to them. This strain of ours is their favorite for early, for late and for forcing. Regular price, per packet..... 20c

CELERY. GOLDEN HEART. A reliable half dwarf sort, quite similar to Crawford's, except that when blanched the heart is of a brighter golden yellow color. It is a famous celery, a strong grower and a good winter keeper. Regular price, per packet..... 10c

SWEET CORN. PRETIO. An extremely early variety, usually not to be planted from time of planting. It is not only very early, but is one of the sweetest and best. This variety combines all the good qualities of the later sorts, is much harder, and may be planted some days earlier without danger of rotting. It is a vigorous grower, stalks about 5 feet high, bearing two well developed ears to a stalk. Ears of good size, cob and kernel white. Regular price, per packet..... 10c

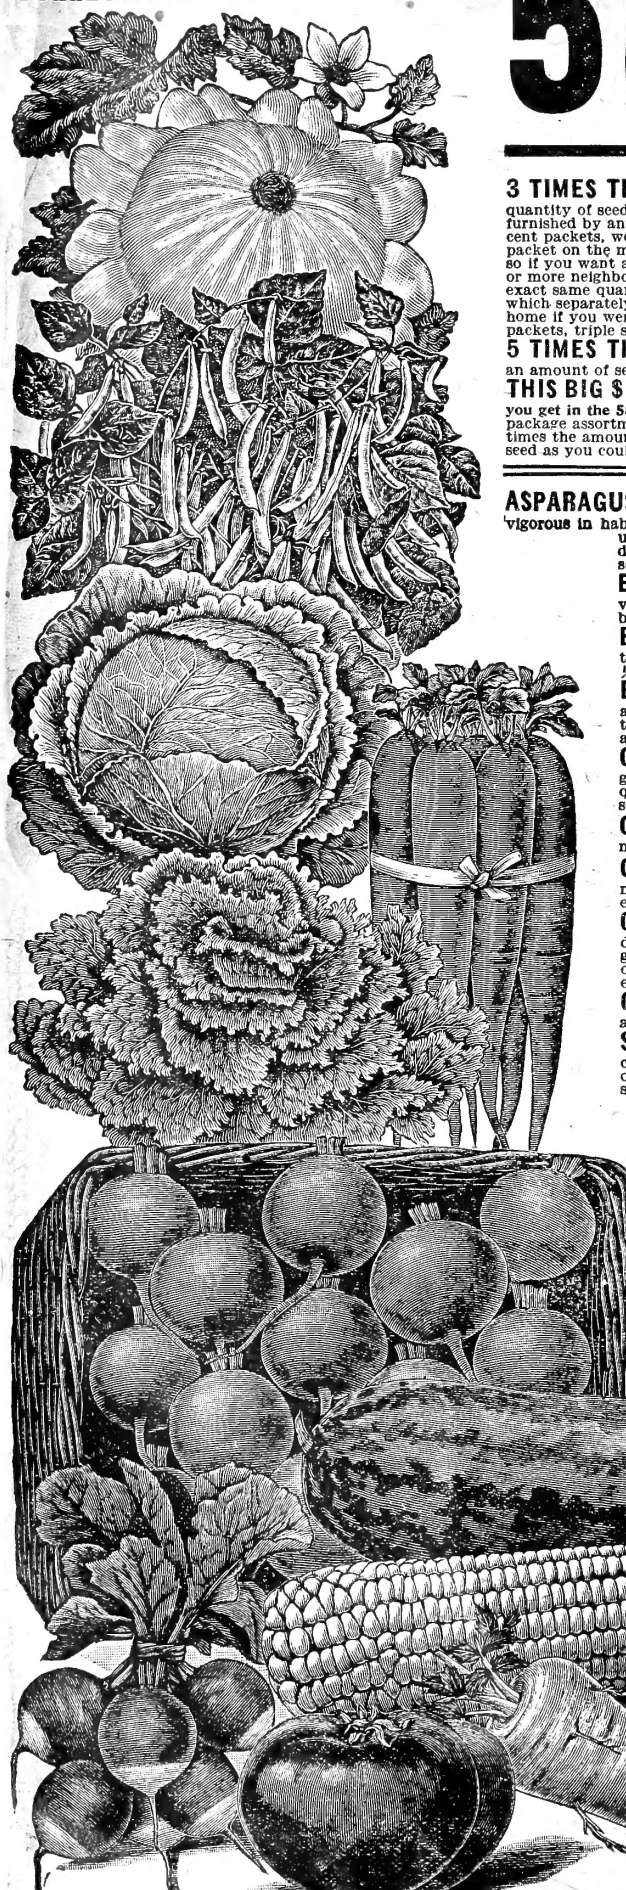

SWEET CORN. STOWELL'S EVERGREEN. This is the leading standard variety for home use, upon to produce fine large ears of superior quality. The stalks are of strong growth, each producing two large ears; the grains, while of good size, are long and slender, the cob being small. The grains are of rich sugary flavor, and retain their fine quality until quite advanced. Regular price, per packet..... 5c

CUCUMBER. CHICAGO PICKLING. This is a standard variety among the gardeners and seedsmen. It is undoubtedly the best cucumber for pickles, and is used almost exclusively by our pickle factories. The fruit is of medium length, pointed at both ends, with large and prominent spines; color, deep green; begins to set its fruits when the vines are quite young. Regular price, per packet..... 5c

CUCUMBER. IMPROVED LONG GREEN. This fine cucumber grows from 12 to 16 inches or more in length, and is of superior quality. The young fruits are very largely used for pickling, and it is a standard sort for that purpose. Full sized cucumbers are in high favor for making the so-called sweet pickles. Vines are strong growers and the fruit is always produced in great abundance, making it one of the most productive varieties in cultivation. Regular price, per packet..... 5c

LETTUCE. HANSON. Plant large, forming a large flat head, resembling that of cabbage and so slow to form a seed stalk that it often fails to seed at all. Outer leaves bright green with prominent, light colored veins; inner leaves white and usually curved and twisted at the base; very tender and sweet. Regular price, per packet..... 5c

Sold only in collections as described. We cannot fill orders for single packets from this page.

WORTH OF GARDEN SEEDS.

\$1.32 BUYS \$10.50 WORTH OF GARDEN SEEDS.

WE WOULD RECOMMEND and urge in your own interest, in order to get the greatest possible value for your money, that you order our big five for one assortment, thirty choice varieties of garden seeds, the Big Jumbo packages, five for one quantity, the entire outfit for \$1.32.

IF THE BIG FIVE FOR ONE OUTFIT contains more seed than you would require for your own use, divide them with your neighbor. You may be able to sell two or three dollars' worth of seed from this big five for one outfit to your neighbors and still leave you seeds enough for a good sized garden for your own use.

SEND US \$1.32 for this big five for one quantity assortment, the thirty varieties of choice vegetable seeds, and even possibly one, two or more things that you would have no use for at all, sell them to a neighbor or, if you please, give them to a neighbor, or even if they are never used, remember the seeds that you do use by reason of buying our full assortment, will cost you less than one-fourth what half the same variety of seeds would cost you if bought from any dealer, any seed-store in the land.

THERE IS A WONDERFUL ADVANTAGE to you in buying seeds in our full assortment, either in the single size packets, triple size packets or five for one packets, buying any of our complete assortments at our special cut prices, as shown in this book, namely, 58 cents, 95 cents and \$1.32, according to quantity, or any of the various other assortments shown in this book. You take advantage of a wonderful saving, you get many times the value for the money that would be possible were you to buy single packets from any other catalogue published or from any dealer.

HOW WE CAN MAKE SUCH WONDERFULLY LOW PRICES, why we can sell you five to ten times that you can get elsewhere, why you cannot afford to buy small packets of seeds, selecting them from any catalogue from any dealer in the land, why will you pay you to buy one of our full assortments even if you never use but one-half of the seed and never sell the other half, why it pays seed users to club together and buy our big assortments, why you can make money buying, using, selling and dividing our seed assortments, how we can make such wonderfully low prices, is explained on pages 1 and 2.

THIS BIG COLLECTION OF VEGETABLE SEEDS, thirty different varieties, a wonderful assortment, the new and best stock, which we offer at 58 cents for 30 regular size packets (would cost \$2.05 elsewhere), 95 cents for 30 triple size packets (\$6.30 worth of seeds at others' prices), and \$1.32 for 30 big five for one size packages (\$10.50 worth of seeds). Contains the following desirable varieties, just as illustrated and described:

VEGETABLE SEEDS.

LETTUCE. BLACK SEEDED SIMPSON. A very desirable variety of the Curled Simpson. Does not produce a solid head, but a compact mass of leaves, which are of a much lighter color than the ordinary Simpson and forms heads double the size. Regular price, per packet.....5c

MUSKMELON. ROCKY FORD. This has become one of the most popular small or basket melons, and is shipped in large quantities from Colorado and Arizona. The fruit is oval, slightly ribbed, densely covered with netting. Flesh thick, green, very sweet and high flavored. We offer an exceptionally fine stock of this early sort, the fruit being wonderfully uniform in shape and quality. Regular price, per packet.....5c

WATERMELON. GYPSY. One of the largest, oldest and most popular sorts, particularly in the south. Fruit oblong, of light green color, finely marked with a darker shade. Flesh bright scarlet and very sweet. Regular price, per packet.....5c

ONION. RED WETHERFIELD. This is the most popular standard variety for winter market in many northern states. It is not an early ripening sort, as it continues in growth throughout the season, and consequently makes very large onions. Though well flattened, the solid onions are thick through. The outer skin is a deep, rich, purplish red, smooth and glossy; flesh white, lightly tinged with pinkish rose. The large solid onions are nearly as mild in flavor as many varieties with skin of lighter coloring, while they keep well to hold crops for later winter markets. Regular price, per packet.....5c

ONION. WHITE PORTUGAL. This is the standard white variety for general culture. The bulbs grow to good size, ripening early and quite evenly. It is a good keeper. The flesh is mild and sweet, the thin skin is a clear silvery white of handsome appearance if the bulbs are gathered as soon as ripened and carefully dried under shelter away from the strong sunlight. Regular price, per packet.....5c

PARSNIP. HOLLOW CROWN. Root white, very tender, with a smooth, clean skin. The variety is easily distinguished by the leaves growing from a depression on the top or crown of the root. Regular price, per packet.....5c

PEAS. FIRST AND BEST. The earliest and most even strain of white, extra early peas in existence, maturing so well together that sometimes a single picking will secure the entire crop. Vines vigorous and hardy, 2 1/2 to 3 feet high, bearing three to seven straight pods, each containing five to seven medium sized, smooth peas of fair quality. The seed is small oval, smooth yellowish white. Regular price, per packet.....5c

PEAS. TELEPHONE. Vines vigorous, growing about 4 feet high, with large, coarse, light colored leaves, and producing an abundance of very large pods filled with immense peas, which are tender, sweet and of excellent flavor. It comes into use soon after the Premium Gem and is one of the best sorts for either home or market. Regular price, per packet.....5c

PEPPER. LARGE BELL OR BULL NOSE. The standard sweet flavored scarlet sort. Plants 2 feet in height, prolific and quite early ripening. Sweet scarlet fruits 3 inches in length and 2 inches in diameter. Our stock is particularly fine. Regular price, per packet.....5c

RADISH. SCARLET TURNIP, WHITE TIP. One of the handsomest of the turnip radishes and a great favorite in many of the large markets for early planting outdoors. Roots slightly flattened on the under side; color very deep scarlet with a distinct white tip; flesh white and of the best quality. Regular price, per packet.....5c

RADISH. LONG SCARLET OR SHORT TOP. Most desirable for early forcing, or for first sowing in the garden; it is of a bright scarlet color, and when grown on rich soil is very tender and brittle; do not sow in warm weather, as it will shoot to seed and form no bulb. It can also be sown early in the fall for a late crop. Regular price, per packet.....5c

SPINACH. LONG STANDING. An improved, round seeded strain of excellent quality, coming quickly to maturity and remaining in condition for use much longer than most sorts. The leaves are smooth and very dark, rich green. Very popular with market gardeners. Regular price, per packet.....5c

SQUASH. HATNOTH WHITE BUSH. This is of true bush growth, and produces large thick fruits with scalloped edges, frequently 12 to 14 inches in diameter. Regular price, per packet.....5c

TOMATO. BEAUTY. One of the smoothest and best of the large, purple sorts. Vines large, vigorous and heavy bearers; fruit large, uniform in size, very smooth; color of skin purplish pink; flesh light pink and of excellent flavor. Regular price, per packet.....5c

TOMATO. SPARKS' EARLIANNA. This is the earliest red tomato known. The fruits are of a deep scarlet color and are produced in clusters of five to eight, averaging 2 1/2 inches in diameter and quite solid; it is a valuable and most profitable variety to grow for early market, as the profit in tomato culture is always in the earliness of the crop. Regular price, per packet.....10c

TURNIP. EARLY SNOWBALL. A perfectly globe shaped, white skinned turnip. It is exceedingly productive. The flesh is fine grained, firm and of very delicate flavor. It is one of the best turning of the white fleshed sorts. Very early, and particularly adapted for family or market use. We recommend it to market gardeners because its earliness and fine appearance make it a very profitable variety. Regular price, per packet.....10c

No. 56E96014 Our collection of 30 varieties of Vegetable Seeds as illustrated and described, 58c
regular size packets, would cost \$2.05 at retail. OUR PRICE.....
If by mail, postage extra, 12 cents.

SOLD ONLY IN COLLECTIONS AS DESCRIBED. WE CANNOT FILL ORDERS FOR SINGLE PACKETS FROM THIS PAGE.

60 CENTS BUYS \$2.15

\$1.10 BUYS \$6.45 WORTH OF SEEDS.

32 PACKETS standard size, standard quantity, the size you pay 5 cents, 10 cents and 15 cents each for everywhere, for only 60c

3 TIMES THE QUANTITY. 32 packets. Each containing 3 times as much seed as you would get in 96 packets elsewhere at a cost of \$6.45, all furnished for only \$1.10.

5 TIMES THE QUANTITY. 32 packets. Each containing 5 times as much seed as is furnished in single packets, as much seed as you would get in 160 packets for \$10.75 elsewhere. All furnished for only \$1.50.

\$2.15 WORTH FOR 60c. 20 full sized packets of vegetable seeds and 12 full sized packets of flower seeds. Do not fail to take advantage of this wonderful offer.

FOR ONLY 60c we will send you 32 packets of the newest and best vegetable and flower seeds. Enough for a whole garden and some to spare. Garden seeds enough to keep your kitchen filled the entire season with fresh health giving vegetables. Flower seeds enough to make your home so attractive that it will be the envy of all your neighbors. All of these can be had at so small an expense that you cannot afford to be without them. If you cannot use all of the seed you can give away or sell what you do not want and still be obtaining your actual wants at much less than half price. You may find some new or rare vegetables in this list, something that you have never grown before, something that will give you an abundance of healthful food, something that will be a delicacy on your table throughout the entire season, something that after you have once grown it you will never be without. You may find some rare and beautiful flowers, such as you have never seen before, that will beautify your lawn, make your place attractive and enhance its value, and make it ten times more beautiful than you have ever seen it before. Perhaps the lady of the house will find in this list of flowers something that she has been longing for, something that will make home bright, attractive and beautiful. On account of our intimate knowledge of the business and on account of our expense reducing system, whereby we put up a collection of packets very much cheaper in proportion than we could put up single small packets, we are enabled to offer you this great bargain.

We will send the triple size packets, or three for one, containing 32 varieties same as above, but each packet three times as large, containing three times as much seed as the regular size packets, for \$1.10.

We will send the Jumbo size, or five for one packet, 32 varieties, 32 Jumbo size packets, each packet containing five times as much seed, such as would cost you \$10.75 if bought in packets from your retail storekeeper, all fresh seeds of high germination, for \$1.50.

If you cannot use all of these seeds why not induce your neighbors to join you in ordering this immense collection of Jumbo five for one packets and thus obtain the benefit of our very low price? These seeds are fresh, these seeds are of high germination and will produce a great quantity of vegetables and an abundance of the loveliest flowers imaginable. While we would be pleased to receive your order for either the regular size, triple size or the Jumbo size collection, we earnestly urge you to buy the triple or Jumbo size collection, as the values contained therein are so much greater than you can obtain elsewhere.

WE GUARANTEE YOU a choicer variety, better growth, a larger crop, such a kitchen garden, such a flower garden as you can get from no other seeds in the world. Gathered from the choicest varieties as grown all over the world, all fresh, high germinating (sure growth) seeds in such a variety as no one else can furnish.

DOUBLE THE VALUE OF YOUR GARDEN, labor, double the reward of all your flower garden or front door flower decoration by getting from us, at one-quarter usual prices, a selection of seeds gathered from the very best produced in the United States, Europe, Asia, South America, Africa, Japan, and other countries.

THE SEROCO BIG VALUE COLLECTION

You get from six to eight times as much seed for your money when ordering the triple or Jumbo size packets as you would if you ordered them from your storekeeper or seedsman. You get fresh, reliable seeds of highest germination, purest types and best varieties.

BEANS. BURPEE'S BUSH LIMA. This magnificent variety grows 18 to 20 inches high, is of stout erect growth. Each bush bears from 75 to 150 pods, these being large, handsome, and well filled with very large beans, identical in size, shape, color and flavor, with the well-known pole Limas. It is a most valuable acquisition to our list of bush beans, and should be planted in every garden. Regular price, per packet. 5c

BEANS. LAZY WIFE. The finest flavored of all the snap-short pole beans. The pods are produced in great abundance, measuring from 5 to 6 inches in length, and are very tender and of most delicious flavor until nearly ripe. Each pod contains from six to eight round, white beans, which are excellent for winter use. Regular price, per packet. 5c

BEETS. IMPROVED BLOOD TURNIP. An improved variety of the early blood turnip; of deep blood red color, fine form and flavor. An excellent market sort. Regular price, per packet. 5c

CABBAGE. ALL SEASONS. One of the earliest of the second early sorts. Head very large, round, often nearly spherical but usually somewhat flattened. Very solid and of the best quality, keeping as well as the winter sorts. Plant very vigorous and sure heading; leaves large, smooth, with dense bloom. Remarkable for its ability to stand the hot sun and dry weather. Regular price, per packet. 5c

CARROTS. IMPROVED LONG ORANGE. The roots are of large size, smooth, fine grained, and in all respects superior. The color is deep orange, as indicated by the name. Enormous crops can be grown under good culture, particularly in a deep, light soil. Regular price, per packet. 5c

CELERY. CRAWFORD'S HALF DWARF. The favorite variety in the eastern market; a good keeper, of vigorous growth. Regular price, per packet. 5c

SWEET CORN. EARLY CORY. This is one of the earliest varieties, and is in wide favor. Very dwarf, and may be closely planted; two ears to a stalk. cob red. Fit for use in 62 days from planting. Often grown as a second crop in autumn. Regular price, per packet. 5c

CUCUMBER. NICHOL'S MEDIUM GREEN. This variety is longer than the White Spine, but not as long as the Long Green. The cucumbers are very thick through, and are full at both ends. The skin is light green in color and very smooth. Regular price, per packet. 5c

LETTUCE. DEACON. Is a large, solid, most satisfactory variety in the family garden or for market. Growing to large size, it is later than most of the other varieties, but is the most sure-heading of any large buttery variety. The interior of the head blanches to a beautiful golden yellow, and is of a rich buttery flavor. Regular price, per packet. 5c

MUSKMELON. GREEN FLESHED OSAGE. This valuable variety is of the size, form and shape of the Osage or Miller's Cream; the main point of difference lies in the color of the flesh which is green instead of salmon. It is an excellent keeper, a most delicious table variety, and a very profitable sort to grow for the market. Regular price, per packet. 10c

ONION. EXTRA EARLY, RED, FLAT. A well-flattened, but quite deep, extra early, red onion, which yields abundantly, keeps well, and is of mild flavor. The bulbs are of medium size and deep rich red in color, very close grained, solid and heavy. This variety will form bulbs in cold mucky soils, where others frequently fail to ripen. In rich soils it frequently grows almost as large as the large red Wethersfield, ripening earlier. Regular price, per packet. 5c

ONION. WHITE PORTUGAL. The bulbs grow to good size, ripening early and quite evenly. It is a good keeper, the flesh is mild and sweet, the thin skin a clear silvery white. of handsome appearance if the bulbs are gathered as soon as ripened and carefully dried under shelter away from the strong sunlight. Regular price, per packet. 5c

PEAS. AMERICAN WONDER. The earliest of the dwarf wrinkled varieties. Vine stout, branching, about 9 inches high, and covered with well filled pods, containing five to eight large, exceedingly sweet, tender and well flavored peas. Seed medium sized, wrinkled and pale green. Regular price, per packet. 5c

PEPPER. SWEET MOUNTAIN. Plant very vigorous, upright, growing with moderately large leaves. The fruit is very large and long, often eight inches or more in length by two in diameter, very smooth and handsome, being, when nearly mature, of a bright, deep green color, entirely free from any purple tinge, and when full mature of a rich red; flesh very thick, sweet and mild flavored. Regular price, per packet. 10c

SOLD ONLY IN COLLECTIONS AS DESCRIBED.
We Cannot Fill Orders for Single Packets from This Page.

WORTH OF SEEDS

\$1.50 BUYS \$10.75 WORTH OF SEEDS.

DON'T ORDER SINGLE PACKETS FROM THIS COLLECTION

DON'T USE YOUR OLD SEEDS, don't buy common seeds from dealers, when we price five times lower than others.

SEND US \$1.50. Order this Jumbo five for one quantity assortment, divide with your neighbors enough seeds for several families, a good big garden, divide the cost between you, only a few cents for each; if, when received, you are not convinced we have given you more and better goods for \$1.50 than you could buy elsewhere for \$10.75, return the seeds to us at our expense, and we will immediately return your money.

ARE THERE SOME THINGS YOU DON'T WANT? If in the 32 packets there are a few varieties you don't care to plant, what matter? Sell those few at 5 cents to 10 cents per packet

and get all your cash back, or, if you prefer, give those you don't need to your neighbor, and then the seeds you use will have cost you about one-quarter as much as others ask, besides you will have such a selection as you could not get elsewhere.

SELLING IN BIG ASSORTMENTS, as elsewhere explained, is the only reason we your money as you can get elsewhere.

SEND 60c, \$1.10 OR \$1.50, according to quantity of seed each of the 32 packets shall contain, and we guarantee you such a flower garden, such a beauty of a front yard, such a vegetable garden as you never had before, your garden, the one in all your neighborhood, made from the very latest and best the whole world affords.

OF VEGETABLE AND FLOWER SEEDS

RADISH. NON PLUS ULTRA. A handsome, extra-early forcing radish. Root small, nearly round; color, bright scarlet. Tops very small, flesh white, crisp and well flavored. Regular price, per packet..... 10c

SQUASH. VICTORIA. An excellent sort, which forms a very large, exceedingly thick, dark green leaf somewhat curled in the center. Regular price, per packet..... 5c

TOMATO. DWARF CHAMPION. This is a purple fruited variety which forms very stout, strong plants, about two feet high. The branches are short, making a bushy plant that stands quite erect. Fruit smooth, medium sized, color purplish-pink, fairly solid, but has no hard core, and is of good flavor. The dwarf habit of the vines makes it very desirable for forcing, as it can be planted closer to the glass and more closely on the bench than the tall growing kinds. Regular price, per packet..... 10c

TURNIP. WHITE EGG. A quick-growing, egg-shaped, perfectly smooth, pure white variety, with small top and rough leaves; the flesh is very sweet, firm and mild, never having the rank, strong taste of some varieties. Regular price, per packet..... 5c

PARSNIP. LONG, WHITE, DUTCH. Roots very long, white smooth, tender, sugary and of most excellent flavor; very hardy and will keep through winter without protection. Regular price, per packet..... 5c

SEROCO MIXED SWEET PEAS. This mixture is made from the best and choicest named varieties found in this country. Regular price, per packet..... 5c

GERMANIA MIXED NASTURTIUM. This mixture of large-flowered Nasturtiums is made from the best named varieties of German origin, and is remarkable not only for the immense size of its blooms but also for their gorgeous coloring. Regular price, per packet..... 5c

SWEET ALYSSUM. This is an improved type of the old Sweet Alyssum bearing larger and more fragrant blooms. It is strong in growth, comes into flower early and lasts throughout the entire season. Regular price, per packet..... 5c

CHOICE GERMAN SHOW PANSIES. A superb collection of choice large-flowering named varieties selected from the best German seed. The colors range from white through the various shades of yellow, blue, red and mahogany, and are most striking and beautiful. The blooms are of large size and are produced most abundantly. This is a superior strain of seed and will please everyone. Regular price, per packet..... 15c

SUPERB BRANCHING ASTERS. The flowers are produced in the greatest abundance, on long, wiry stems, are of largest size and most beautiful colorings. The colors range from pure white through the shades of pink, blue and red to deep crimson. Each plant produces from ten to fifty large exquisite blooms. They are most delightful as cut flowers and most beautiful on the lawn or in the garden. Regular price, per packet..... 10c

MARGUERITE MIXED CARNATIONS. The seeds, if sown early, will produce an abundance of magnificent flowers by midsummer, surpassing in beauty many of the greenhouse grown, large flowering carnations. The blooms are of good size, delightfully scented and are produced in an infinite variety of colorings and shades. The stems are of good length, making them most useful for cut flowers. We know of no flowers which will give as much pleasure or better satisfaction than this magnificent strain. Regular price, per packet..... 10c

GIANT FLOWERING COSMOS. These are most beautiful, large seeded, autumn blooming flowers. The plants grow to a height of 4 to 6 feet, and produce an enormous amount of blossoms measuring 2 to 3 inches in diameter. They are of the most beautiful shades imaginable, opening up very flat and single. They grow very easily and should be found in every garden. Regular price, per packet..... 5c

DAHLIAS. Everyone admires this handsome class of flowers, but comparatively few realize or know the intense beauty of the single flowering sorts, which are so easily grown from seed, and are produced in the greatest profusion from early summer until killed by frost. The remarkable beauty and markings of this superb flower can only be appreciated when seen. Regular price, per packet..... 10c

ELDORADO MARIGOLDS. No group or bed of flowers is complete without these large flowering yellow blooms. The blossoms are of the largest size, are of an intense yellow in color and are produced early and continuously throughout the season in immense quantities, rendering it one of the most handsome and useful varieties in cultivation. Regular price, per packet..... 10c

PEERLESS PETUNIA. Everybody admires the old-time Petunia, which reseeds and reproduces itself from year to year by one sowing. They grow easily, cover up unsightly places, and produce a great wealth and profusion of bloom throughout the entire summer. In this improved strain we find not only all of these peculiar and valuable attributes but also much larger and finer blossoms, produced in even greater profusion than the old time sorts. Regular price, per packet..... 10c

MIXED MIGNONETTE. Every flowers delights in this old-time favorite, for mixing in bouquets, for vases in the house, or for beds on the lawn their beauty and worth are equally appreciated. This mixture consists of the best named old and new varieties, producing in the greatest abundance magnificent large spikes of finest form and fragrance. Regular price, per packet..... 5c

CHOICE MIXED NIGELLA. These handsome annuals are among the showiest and choicest in our entire list. The foliage is finely cut, while the blossoms, which are of most curious formation, are succeeded by very peculiar, ornamental seed pods. Regular price, per packet..... 5c

ONE PINT WARDWELL'S KIDNEY WAX BEANS. It is nearly a week earlier than the Golden Wax. yields fully one-third more, almost free from rust and of the same delicious quality. The pods are straight, flat, 5 inches long, 1/2 inch broad and rich golden yellow, brittle and entirely stringless. Regular price, per pint..... 25c

ONE PACKET LAZY WIFE BEANS. The pods are produced in great abundance, measuring from 5 to 6 inches in length and nearly ripe. Each pod contains 6 to 8 round white beans, which are excellent for winter use. Regular price, per packet..... 5c

ONE OUNCE DETROIT DARK RED BEET. One of the best red, turnip-shaped varieties. Has small, upright tops, splendid smooth shape; skin is dark blood red, flesh, deep, bright red; very crisp, tender and sweet. Regular price, per ounce..... 10c

ONE PACKET EARLY DWARF FLAT DUTCH CABBAGE. A sure header, 10 to 12 pounds, of even size and solid. It matures early and stands long without bursting. Regular price, per packet..... 5c

ONE PACKET LARGE LATE DRUMHEAD CABBAGE. A sure heading sort which in good, rich soil will grow to an enormous size, and on poorer soils will give good sized heads, which are very compact, solid and of excellent flavor. Regular price, per packet..... 5c

ONE PACKET ST. VALERY CARROT. Rich, deep orange in color; large and handsome. Very straight roots, broad at the top, often 2 1/2 to 3 inches across and 8 to 12 inches long. Regular price, per packet..... 5c

ONE PACKET DWARF ERFURT CAULIFLOWER. Similar in all respects to Snowball and nearly as

THIS COLLECTION packed ready for shipment weighs about eight pounds. It is one of the best collections in our entire list. We have given careful thought and study in its preparation and know that it contains exceptional values. You get 34 varieties of fresh, pure seed of highest germination, such as you would pay \$3.10 for at any store, and you cannot buy them elsewhere for less. We could not sell the packages to you separately for much less, but on account of putting them up in collections in large quantities we reduce the expense, make one profit on the collection, and sell it to you at prices unheard of before.

SOLED ONLY IN COLLECTION AS DESCRIBED. WE CANNOT FILL ORDERS FOR SINGLE PACKETS FROM THIS PAGE.

early. It will give excellent results, either in the home garden or for market use. Regular price, per packet..... 20c

ONE PACKET GOLDEN ROSE CELERY. This is a sport of the Golden Self-blanching and possesses all the good qualities for which that variety has become so famous. It has the same beautiful rich golden yellow color, is self-blanching to the same remarkable degree, and differs only in color of the ribs. These are a very attractive shade of rose, which deepens as the season advances. Regular price, per packet..... 10c

ONE PINT CROSBY'S EARLY SWEET CORN. Ears of medium size, twelve-rowed or more, with short, nearly square grains which are very white, sweet and tender. This is the sort so largely grown in Maine for canning, and it is the use of this variety rather than any peculiarity of soil that has given Maine sweet corn its reputation for quality. Regular price, per pint..... 20c

ONE PINT OLD COLONY SWEET CORN. This variety differs from the Evergreen, in that it is a little sweeter and richer in quality, but does not remain as long in condition for use. Stalks about 6 1/2 feet high, usually bearing two large 16 to 20-rowed ears. Regular price, per pint..... 20c

ONE PACKET EVERGREEN WHITE SPINE CUCUMBER. The fruit is long, cylindrical, dark green, with very white, crisp and tender flesh. The vine is vigorous and productive, and comes into full bearing earlier than the Arlington. An excellent sort for culture under glass. Regular price, per packet..... 5c

ONE PACKET NEW YORK PURPLE EGG PLANT. Fruit large, fine and produced until frost. Skin rich purple; flesh white and of good flavor. Regular price, per packet..... 10c

ONE PACKET DWARF GREEN CURLED GERMAN KALE. A dwarf, hardy variety for market gardeners. Sow broadcast in early fall, and cover with litter during winter; the tops will be ready for use in spring. Regular price, per packet..... 5c

ONE PACKET EARLY WHITE VIENNA KOHL RABI. Extremely early, with distinctly small tops. Bulbs of medium size, white, handsome and of best quality. Regular price, per packet..... 5c

ONE PACKET ALL SEASON LETTUCE. It forms a handsome, very large solid Cabbage. The outer leaves are a beautiful light green and the inner ones are very tender and crisp. It goes to seed very slowly and is an excellent, and profitable sort for the market gardener or for the home garden for early or late sowing. Regular price, per packet..... 5c

ONE PACKET CHICAGO MARKET MUSKMELON. This we consider the best of maturity, large and uniform size, thickly netted skin, small seed cavity, deep green flesh, juicy, delicious flavor and freedom from rot. Regular price, per packet..... 5c

ONE PACKET KOLB'S GEM WATERMELON. The melons are large, of a thick, somewhat marked in dark and light green stripes. Flesh bright red, but rather coarse and of only fair quality. Regular price, per packet..... 5c

ONE PACKET MAMMOTH SILVER KING ONION. This splendid white onion produces large

VEGETABLE SEEDS GROWN IN THE WORLD

YOU WOULD NOT THINK OF USING HOME GATHERED SEEDS, You wouldn't think of buying seeds from dealers' stock if you only knew what our seeds really are.

DON'T LET THE VARIETY OR SIZE OF ASSORTMENT FRIGHTEN YOU, You surely can use them, if not, your neighbor can use what you do not want, and at our prices they cost you so little.

THIS COLLECTION IS INTENDED FOR MEDIUM SIZE GARDENS, such as are often found in small cities, villages and suburban towns. It is equally valuable for farmers, market gardeners, etc. We give a good selection of well known standard sorts, as well as some of recent introduction, which will give an abundant supply of choice vegetables throughout the entire season.

IN PUTTING UP THESE COLLECTIONS reduce the price to our customers without in any degree impairing the quality. We cannot impress upon all our friends too strongly the absolute reliability of our seeds. They are procured from the most reliable sources, produced under the careful supervision of experienced growers, in the best seed-growing sections of the world, are carefully rogued to preserve their purity of type, are our exclusive property

bulbs of attractive form, flattened but quite thick through. Under good cultivation the average diameter is from 5 to 7 inches, single bulbs often attaining a weight of from 2 to 3 pounds each. The thin skin is a clear silvery white, flesh snow white, sweet and tender. They grow quickly, mature quite early, and sell well in autumn and early winter. Regular price, per packet, 5c

ONE OUNCE RED WETHERSFIELD ONION. Though well flattened, the solid onions are thick through. The outer skin is a deep rich purplish red, smooth and glossy; flesh white, lightly tinged with pinkish rose. The large solid onions are nearly as mild in flavor as many varieties with skin of lighter coloring, while they keep well to hold crops for later winter markets. Regular price, per ounce, 10c

ONE PACKET MARKET GARDEN PARSLEY. This sort has a peculiar shaped leaf. Regular price, per packet, 5c

ONE PACKET IMPROVED GUERNSEY PARSNIP. The roots do not grow so long as those of the Hollow Crown, but are of greater diameter and more easily gathered. Of excellent quality. Regular price, per packet, 5c

ONE PINT ABUNDANCE PEAS. A second early wrinkled variety, producing well-filled pods of from 3 to 3½ inches long, of excellent quality. This variety is remarkable for branching directly from the roots, forming a veritable bush, making it necessary to sow the seeds much thinner than usual. Regular price, per pint, 20c

ONE PACKET HEROINE PEAS. A late wrinkled pod of strong robust growth. Vines branch freely, grow two to two and one-half foot high, producing abundantly long pointed well-filled pods. Regular price, per packet, 5c

ONE PINT FIRST AND BEST PEAS. The earliest and most even strain of white extra early peas in existence, maturing so well together that sometimes a single picking will secure the entire crop. Vines vigorous and hardy, 2½ to 3 feet high, bearing 3 to 7 straight pods. Regular price, per pint, 20c

ONE PACKET RED CHILI PEPPER. Red conical pods about 2 inches long, and generally used for seasoning and pepper sauce. Regular price, per packet, 5c

ONE OUNCE EARLY SCARLET WHITE TIP RADISH. Roots slightly flattened on the under side, color very deep with a distinct white tip, flesh white and of the best quality. Regular price, per ounce, 10c

ONE PACKET ROUND BLACK SPANISH RADISH. Roots round, sometimes top-shaped, 3 or 4 inches in diameter; skin black, flesh white, very compact and highly flavored. An excellent sort for winter. Regular price, per packet, 5c

ONE PACKET MAMMOTH SANDWICH SALSIFY. This grows uniformly to an extra large size, averaging fully double the size and weight of roots of the old variety. The roots, notwithstanding their extra large size, are of very superior quality and delicate in flavor. Regular price, per packet, 5c

from the time the seed is sown in the spring until harvested in the fall, are carefully dried, cured, cleaned and tested, are sent direct to our mammoth warehouses from the growing stations, and are at all times handled by careful, experienced help, so that no purer, better seeds can be procured from any firm in the country.

THIS SYSTEMATIC SELECTING, growing and handling makes our seeds of some market from the cheapest sources, but it insures good results to our farmer and gardener friends who plant them and also insures to us a permanent, growing business. While our seeds cost more to produce, we sell them cheaper than the ordinary seedsman.

SOLD ONLY IN COLLECTION AS DESCRIBED.

We Cannot Fill Orders for Single Packets from this Page.

ONE OUNCE BLOOMSDALE SPINACH. It has thick, dark green wrinkled leaves and flavor. One of the best for autumn sowing. Regular price, per ounce, 10c

ONE PACKET GOLDEN CUSTARD SQUASH. It is the largest of the scalloped diameter of 2 feet. The color is a rich, golden yellow, as indicated by the name. In table quality it is excellent. Regular price, per packet, 5c

ONE PACKET GOLDEN BRONZE SQUASH. In form it is like Boston Marrow. The average weight is 8 or 10 pounds. The squash gets its name from its color, which is a dark grayish green, with bronze on the upper surface when ripe. In general appearance it is very attractive. The flesh is firm and fine grained, very deep, and of exceedingly bright golden yellow, very sweet and of delicious flavor. Regular price, per packet, 10c

ONE PACKET DWARF CHAMPION TOMATO. This is a purple fruited variety which forms very stout, strong plants about 2 feet high. The branches are short, making a bushy plant that stands quite erect. Fruit smooth, medium sized, color purplish-pink, fairly solid, but has no hard core and is of good flavor. About as early as any purple fruited tomato, and is quite popular in some localities, particularly for home use. Regular price, per packet, 5c

ONE PACKET PARAGON TOMATO. Fruit large, dark red in color, and perfectly smooth. The flesh is solid and of excellent flavor. It ripens evenly and quickly. Much used for canning purposes. The foliage is heavy. Regular price, per packet, 5c

ONE OUNCE WHITE EGG TURNIP. A quick growing, egg-shaped, perfectly smooth, pure white variety with small top and rough leaves. It grows half out of the ground. The flesh is very sweet, firm and mild, never having the rank, strong taste of some varieties. Regular price, per ounce, 10c

ONE PACKET LARGE WHITE RUTABAGAS. A rutabaga that is absolutely neckless, top strap leaved, flesh white and usually fine grained; growth vigorous and even, under adverse conditions it has given a better yield than the yellow fleshed sorts. Regular price, per packet, 5c

No. 56E96008 The collection illustrated and described on this and preceding page, containing 23 regular packets, 5 ounce packets and 6 pint packages, the regular value of which is \$3.10.

OUR SOUTH AND NORTH WONDER ASSORTMENT

Most popular in every Southern State, the greatest collection ever gotten together for the gardens of our Southern friends, equally popular in the North, suitable for every state in the Union. New for our Southern trade, equally new for the North. Most all prize winners, the kind all other seedsmen get fancy prices for. Fancy varieties made common only in price, price one-fourth to one-tenth of what others ask. Nearly all our vegetable and flower seeds are of varieties that other seedsmen would class among their fancy varieties and offer at fancy prices of 5 to 20 times regular prices. If we are fortunate enough to get one variety unusually good from Japan, another from Russia, Germany, Norway, Argentina, and so on, we don't make you pay a premium just because it's unusually fine, we just add our one small profit to our first cost, put them up in complete assortments to further reduce cost and in this way offer you the best goods in the world: from one-fourth to one-tenth what others charge for common varieties. Don't fail to get one or more of our assortments; if the assortment should contain one or more varieties you do not care to plant, what matter, sell or give away those extra varieties you do not care to use, and what seeds you do use will be much better than you can buy elsewhere and will cost you but a mere fraction of what you would have to pay elsewhere.

WE PRIDE OURSELVES ON GIVING EXTRA VALUES IN ALL OUR DEPARTMENTS, but nowhere are such immense reductions made as in our Seed Department. We have not sacrificed quality in so doing, but by our immense saving of expense over regular seed houses we are enabled to give our customers these great reductions. When you consider that four-fifths of the cost of a packet of seed lies in the expense of putting it up, and that in putting up a large number of these collections at once we cut out three-fourths of that expense, you can readily see why we can offer such great values.

TWENTY-NINE VARIETIES

BEANS. STRINGLESS GREEN POD. This new bean produces a vine similar to Red Valentine, but develops pods to edible condition two to three days earlier than Valentine, which extraordinary maturity at once advances the Stringless Green Pod to the first rank among table beans. The pods are green, not quite as round as Valentine and less curved. The pods are stringless—absolutely so—this quality at once placing the variety at the top of the list among table beans. Regular price, per packet, 10c.

BEANS. OLD HOMESTEAD OR KENTUCKY WONDER. This sort is very vigorous in growth and very productive, bearing large, green pods 9 to 10 inches in length in great clusters. These are nearly round when young and very crisp. It comes in bearing early and is most highly esteemed for snaps. Regular price, per packet, 5c.

BEETS. EARLY EGYPTIAN. Grows extra quickly, producing flat, smooth turnip roots averaging two inches in diameter. Regular price, per packet, 5c.

BRUSSELS SPROUTS. IMPROVED HALF DWARF. The most productive and hardiest variety, bearing fine, handsome, solid sprouts, growing closely on the stalk and of finest quality. Regular price, per packet, 5c.

CABBAGE. SUREHEAD. This sort produces large round, flattened heads and is certain to head. It is All Head and Sure to Head, even under unfavorable conditions. The heads are remarkably uniform, very hard, firm and fine in texture and ordinarily weigh from ten to fifteen pounds each. It is very sweet flavored, has but few loose leaves, keeps well, is good for shipping. Regular price, per packet, 5c.

CARROT. GRANDE. Tops small, roots short, but often reach a diameter of 7 inches, terminating abruptly in a small tap root. Flesh, bright orange, fine grained and sweet. This is a desirable variety for soil so hard and stiff that longer growing sorts would not thrive in it, excellent for table use and equally good for stock. Regular price, per packet, 5c.

COLLARDS. GEORGIA. The true white or green stemmed sort, which furnishes an abundance of food for the table or for stock. Forms a large, loose open head, or a mass of leaves on a tall stem. Regular price, per packet, 5c.

SWEET CORN. COUNTRY GENTLEMAN. The ears are quite large and frequently three on a stock. The grains are irregularly set on the ear. The cob is remarkably small, giving great depth to the compressed grains. For delicious flavor and sweetness we do not know of anything that can surpass this variety. Regular price, per packet, 5c.

CORN SALAD. LARGE LEAVED. The best variety grown. Regular price, per packet, 5c.

CUCUMBER. ARLINGTON. The young fruits are usually crisp and tender, and are of very dark green color, so that the variety is considered by many to be the best for small pickles. Regular price, per packet, 5c.

EGG PLANT. IMPROVED N. Y. PURPLE. Fruit large, fine and free from thorns and produced until frost. Skin rich purple. Flesh white and of good flavor. Regular price, per packet, 10c.

LEEK. MUSSELBURGH. An English variety of great merit, producing fan-shaped foliage, quite a strong grower and a desirable market variety. Regular price, per packet, 5c.

MUSKMELON. EARLY HACKENSACK. Fruits are of good size, round, heavily ribbed and netted, hardy and productive, with thick firm green flesh, of excellent flavor. Regular price, per packet, 5c.

WATERMELON. BLACK DIAMOND. Its prominent point of merit is its extreme size, no melon ever yet produced anything like so uniformly large fruit, nor approached it in productiveness. Melons weighing from 75 to 90 pounds are frequent. Its color is a rich, dark green, almost black. Its symmetrical shape, roundish to bluntly oval, is uniform throughout the field. Regular price, per packet, 10c.

OKRA. LADY FINGER. Plants of tall growth, producing long slender pods of pale green color. Regular price, per packet, 5c.

ONION. BARLETTA. The earliest in cultivation, the most perfect onions imaginable, ranging from one to one-half inches in diameter, of a pure paper-white color, exceedingly mild and delicious in flavor. It is a grand variety for pickling purposes. Regular price, per packet, 5c.

ONION. RED BERMUDA. It is oval in shape, of a brownish-red color, quite early, very solid, does not skin in transportation and keeps better than any other foreign variety, is also of a mild and delicate flavor. Regular price, per packet, 10c.

PEAS. NOTTS EXCELSIOR. This is a very fine variety of compact dwarf growth, with pods one-third larger than those of the American Wonder and maturing almost equally as early. The pods are well filled to the ends with peas of large size and unusually sweet flavor. Regular price, per packet, 5c.

PEPPER. RUBY KING. An exceedingly large and handsome pepper of mild flavor, of a bright ruby red, from four and one-half to six inches long by nine to twelve inches in circumference. Regular price, per packet, 5c.

RADISH. WHITE STRASBURG. This is a very desirable early summer variety, of an oblong tapering shape, pure white color, is exceedingly crisp and tender, it forms its roots very quickly and can be sown throughout the summer, as it stands the heat remarkably well. Regular price, per packet, 5c.

YOUR MONEY WILL BE IMMEDIATELY RETURNED TO YOU FOR ANY GOODS NOT PERFECTLY SATISFACTORY.

OUR PRICE for the 29 full sized packets, such as are ordinarily sold by storemen and seedsmen, **55c**

THIS IS ANOTHER OF THE GREAT BARGAIN COLLECTIONS found in this catalogue, and is made possible by our system of putting up collections instead of single packets. We have spared no pains or expense in securing the best seeds that can be grown, and in putting up these collections in the very best possible manner that will please all our customers and give you more for your money, better values, better seeds than you have ever received before. These 29 packets, 29 varieties of vegetable seeds as enumerated below, put up in triple size packets containing three times as much as the ordinary size packets, or as much as you would obtain in 87 packets for which you would pay \$5.55. OUR PRICE for this triple size collection, 90 cents. Twenty-nine packets, as enumerated below, containing 29 varieties adapted to the South, put up in five for one or Jumbo size packets, containing as much seed as you would receive if you bought 140 packets from your storekeeper and paid him \$9.25 for same. This big Jumbo or five for one collection of choice, pure seeds of highest germination for \$1.25. In this Jumbo collection you obtain seven times as much seed for the money as you would if you purchased it at any store.

EVERY SEED WE SEND OUT IS TESTED and if any are found wanting in germinating qualities they are at once discarded and destroyed. When you consider that the average packet of seeds offered for sale in the country is from two to five years old, and that we have been in the seed business less than a year and have accumulated no old seeds you can easily know why our seeds are superior. In buying these valuable collections you run no risk. If you receive more seeds than you want you can keep them till another year, knowing that they will then be fresher and more certain to grow than the average seeds you buy at stores, or you may find some new and unknown variety that will give you more pleasure and return you more value several times over than the entire cost of all the seeds, or if you wish to give some of the seeds away you may do so and still save money on what you actually need and plant.

OF VEGETABLE SEEDS

SPINACH. NEW ZEALAND. Available for use during the hottest months of midsummer when ordinary spinach is not to be had. Quite different from the true spinach, but an admirable substitute for it, fully as wholesome and as tasty; cooks like other spinach. Regular price, per packet..... 10c
SQUASH. GOLDEN GUSTARD. The largest of the scalloped sorts, sometimes attaining a diameter of two feet. The color is a rich, golden yellow, as indicated by the name. In table quality it is excellent. Regular price, per packet..... 5c
TOMATO. STONE. The color is a desirable bright red. The fruit is of good size, perfectly smooth and of best table quality. It is a famous main crop tomato in many sections, both north and south, and is much used for canning. The plants are productive and the fruit bears shipment well. Stone is used for forcing purposes under glass, with very satisfactory results. Regular price, per packet..... 5c

TURNIP. EARLY WHITE FLAT DUTCH. This is the earliest variety, it is of a beautiful flat form, of pure white color, and of a delicate mild flavor. It produces bulbs entirely free from small roots and with long, narrow strap leaves growing erect, which permits close culture. Regular price, per packet..... 5c

ARTICHOKE. GREEN GLOBE. As a table vegetable the artichoke deserves to be more generally cultivated. The part eaten is the flower head, which is used before it begins to open and is cooked in much the same way as asparagus. Regular price, per packet..... 5c

CAULIFLOWER. LARGE ALGIERS. A valuable late sort, sure but of upright growth, the leaves protecting the heads so that they will endure unharmed a frost that would ruin other sorts. Regular price, per packet..... 15c

KOHL RABI. EARLY PURPLE VIENNA. Very early, with small top, the leaf stems being tinged with purple. Bulb bright purple, desirable for forcing and early outdoor planting. Regular price, per packet..... 5c

LETTUCE. PARIS WHITE COS. The Cos lettuce differs entirely in shape from the other varieties, the head being elongated and of conical form, eight or nine inches in height and five or six inches in diameter. The outer coloring of this variety is yellowish green. To be had in perfection it requires to be tied up to insure blanching. Regular price, per packet..... 5c

MUSTARD. SOUTHERN GIANT. The true curled-leaf variety, so popular in the South for planting in the fall, to furnish an early spring salad. Regular price, per packet..... 10c

No. 56E96017 29 packets, regular size, containing 29 varieties of Vegetable Seeds particularly adapted to the needs of the Southern planters, regular retail price, \$1.85. OUR PRICE..... **55c**
 If wanted by mail, postage extra, 12c.

No. 56E96018 29 triple sized, three for one packets, containing 29 varieties of Vegetable Seeds enumerated above for Southern planters, regular retail value if bought in separate packets, \$5.55. OUR PRICE..... **90c**

No. 56E96019 29 Jumbo sized, five for one packets, containing 29 varieties of seeds as enumerated above, as much seed as you would receive in 145 packets if bought at any store, regular retail value of which is \$9.25. OUR PRICE..... **\$1.25**

- 1 OZ. CROSBY'S EGYPTIAN BEET.** The roots are large, smooth, spherical and of the finest quality. In color it is very deep red, almost black, one of the best. Regular price..... 10c
- 1 PKT. ALL HEAD EARLY CABBAGE.** The plants are more compact, the leaf smoother and thicker, and the heads larger and a little more round than the Early Summer. Regular price..... 5c
- 1 PKT. PREMIUM LATE FLAT DUTCH CABBAGE.** It makes a large, solid head, which keeps long without bursting. Regular price..... 5c
- 1 PKT. CHANTENAY CARROTS.** Tops medium size, necks small, roots tapering, slightly but uniformly stump rooted and smooth; color, deep orange red; flesh very crisp and tender. Regular price..... 5c
- 1 PKT. SEROCO CAULIFLOWER.** Heads uniform, of desirable market size and of snowy whiteness. Successful growers say that our Snowball outclasses any strain of cauliflower known to them. Regular price..... 10c
- 1 PKT. GOLDEN SELF-BLANCHING CELERY.** Plants of a yellowish green color, but as they mature the inner stems and leaves turn a beautiful golden yellow, which adds much to their attractiveness and makes the work of blanching much easier. Regular price..... 10c
- 1 OZ. GIANT PASCAL CELERY.** The stalks are thick, solid and stringless, and almost as brittle as glass. It blanches easily and keeps well. Regular price..... 5c
- 1 LB. POP CORN, MAPLEDALE.** The ears are often eight or ten inches long, well filled with bright, handsome, white grains. Regular price..... 20c
- 1 PT. EARLY MINNESOTA SWEET CORN.** Ears larger than the Cory. Eight rows of quite large, sweet grains. Regular price..... 15c
- 1 QT. STOWELL'S EVERGREEN SWEET CORN.** The stalks are of strong growth, each producing two large ears of rich, sugary flavor. Regular price..... 25c
- 1 OZ. EARLY SHORT GREEN CUCUMBER.** Fruit straight, handsome, smaller at each end, bright green; flesh tender and crisp, and makes fine pickles. Regular price..... 10c
- 1 OZ. IMPROVED LONG GREEN CUCUMBER.** This fine cucumber grows from 12 to 16 inches or more in length and is of superior quality. Regular price..... 10c
- 1 PKT. EGG PLANT, BLACK PEKIN.** It produces handsome, nearly round, solid fruit, weighing four to eight pounds, of good quality and maturing early. Very productive and satisfactory. Regular price..... 5c
- 1 PKT. GREEN CURLED ENDIVE.** Leaves finely cut or lacinated, giving the plant a rich, mossy appearance. Regular price..... 5c
- 1 PKT. SIBERIAN KALE.** In this variety, the very large, green leaves are comparatively plain in the center, but coarsely cut and frilled on the edge. Regular price..... 5c
- 1 PKT. GIANT CARENTAN LEEK.** The largest variety, often three inches in diameter and becoming very white and tender. A hardy and desirable sort. Regular price..... 5c
- 1 PKT. EARLY CURLED SIMPSON LETTUCE.** An early, erect growing, clustering variety. Leaves broad, frilled and blistered. Regular price..... 5c
- 1 PKT. WONDERFUL LETTUCE.** The large white heads resemble cabbage in their solidity and frequently weigh two and three pounds each. Regular price..... 10c

**DON'T ORDER SINGLE PACKETS,
WE SELL THE COLLECTION ONLY.**

GREAT OPPORTUNITY for several families to join together and have such a garden as they never had before, and at a mere fraction of what others charge for seeds. **MARKET GARDENERS**, large garden owners, this is a rare opportunity for you.

DON'T THINK OUR ASSORTMENT IS TOO LARGE; Don't say we show too many varieties. Remember, it is only because we put up and sell complete assortments that we can sell seeds at about one-fourth to one-tenth what others must and do charge. **Give us your varieties you ought to have,** the very best, the most choice varieties that can be found in all the world; we assemble them from everywhere, put them up in full assortments and offer them to you at from one-fourth to one-tenth what others charge for the more common varieties.

SEND US \$2.18 for this Big Wholesale Bulk Quantity Assortment of Seeds, if you want the most and best seeds possible for us to give you for your money.

IN THIS COLLECTION we give an assortment of seeds suitable for large gardens which sells regularly for \$4.75, but which we offer for \$2.18. These varieties will give a succession of crops from the earliest to the latest, and are the best and most satisfactory sorts for home culture. By putting up a large number of these collections at the same time we cut out a large amount of the expense, and by reducing our profit and giving our customers the benefit of our purchase price and cash discounts, as well as all other savings, we are enabled to make this very low price. We are content with one profit on the whole collection, rather than to make a large profit on a few items and thus give our customers the benefit of all the other profits. We make no share in the 50 per cent in bulk from us. The item that enters into the cost of an article is cut to the lowest possible point and our patrons given the benefit of the immense saving. This "wonderful" Garden Collection is the result of our expense reducing system and our knowledge of knowing where to grow our seeds at the minimum cost.

 **Sold only in collection as shown. We positively cannot fill orders for single packets from this collection.**

WE CANNOT FILL ORDERS FOR SINGLE PACKETS FROM THIS COLLECTION. ORDER COLLECTION ONLY.

85^c FOR OUR WORLD

85 CENTS FOR STANDARD QUALITY FOR 5 FOR 1

all purpose assortment. Ten times better and ten times more than you can get any other place for your money.

THIS ASSORTMENT is suitable for every state in the Union, gathered by us with great care.

We Can Give You Five to Ten Times You to Take A Com

FOR REASONS EXPLAINED IN THIS CATALOGUE, by offering our assortments, packets containing standard quantity, three for one quantity and five for one quantity, we save you 300, 400 and 500 per cent extra expense common to other seed growers. We get our price down to a basis of the actual cost of the seeds, a basis not reached by any other seller of seeds. If an assortment contains more seeds than you require, a greater variety than you require, don't for this reason hesitate to send us your order, for, remember, you get our big assortment in many varieties at a lesser cost to you than you would get one-fourth the same number of varieties, one-fourth the same amount of seeds if you were to send to any other house or would buy the seeds from your dealer at home.

OUR FACILITIES for gathering together such prize varieties of vegetable and flower seeds from all parts of the world are such that you cannot afford to use the seeds you gather from your own garden after season, you cannot afford to go to your storekeeper at home and buy from his stock of seeds the common varieties that are carried and offered by the wholesale seedsmen season after season. You cannot afford to send away to any other seed house and make a selection of a few packets and pay for ten or twelve packets more than we ask you for this enormous assortment.

SEND US YOUR ORDER for this big prize assortment, enclose 85 cents, \$1.23 or \$1.59, according to the quantity wanted, whether you want the standard quantity, three for one quantity or the five for one quantity, and we will send you this big assortment of vegetable and flower seeds, with the understanding and agreement that when you receive it if you are not perfectly satisfied, if you are not convinced you have gotten four to ten times the quantity for your money that you could have gotten elsewhere even at ten times our price, if you are not satisfied that we and we alone are giving our customers seeds on a cost basis never before approached by any other seed grower or seed seller, you can return the assortment to us at our expense, and we will immediately return your money.

YOU CAN MAKE MONEY, you can get your vegetable, garden and flower seeds for nothing, by ordering one of our Jumbo (five for one size) assortments. If you will send us \$1.59 for this big assortment in the Jumbo size, the five for one quantity size, you can select the varieties, the quantities that you need for your own vegetable and flower garden, and you can sell the remainder that you do not need if you buy a five for one quantity assortment for three times the \$1.59 you send us. You can easily select from our five for one Jumbo assortment enough vegetable and flower seeds for a fair-sized garden and then sell the remainder to your neighbors for \$5.00 or more. The seeds will cost you nothing and they will show you an additional profit of three to five dollars.

YOU WILL THEN BE GIVING YOUR NEIGHBORS twice as much seed for their money as they could buy elsewhere, and you will give them varieties selected from almost every country on the globe, prize specimens, varieties in vegetable

BARR'S MAMMOTH ASPARAGUS. This variety is especially valuable for market. Regular price, per packet, 5c

As Much For Your Money by Asking plete Assortment.

and flower seeds that are almost priceless, that they could not get from any other seed grower or seed seller at any price. Don't think of going to your storekeeper at home and buying a few packets of seeds of the ordinary varieties; don't think of using the seeds that you have been growing in your garden season after season. Order one of these assortments, use what you want, sell the balance, if there are a greater number of varieties than you want, and see how much more satisfactory your vegetable and flower garden will be the coming year than it has ever been before.

\$2.95 WORTH OF FRESH VEGETABLE AND FLOWER SEEDS FOR 85c

22 packets vegetable seeds at 5 cents	\$1.10
2 packets vegetable seeds at 10 cents	.20
16 packets flower seeds at 5 cents	.80
4 packets flower seeds at 10 cents	.40
1 packet flower seeds at 20 cents	.20
1 packet flower seeds at 25 cents	.25
Total value	\$2.95

THIS IS JUST WHAT YOU WOULD HAVE TO PAY for this collection if you purchased it at your grocery store or from your seedsman. This is the regular retail value as sold by other seedsmen in the country. This collection will give you an abundance of vegetables and a great profusion of flowers throughout the entire season. This collection contains greater value than was ever offered by any seedsman.

WE WILL GIVE YOU THIS COLLECTION in triple size vegetable packets and regular full size flower packets. 24 varieties of vegetable seeds, in triple size packets containing \$3.90 worth of seeds as sold regularly and 22 packets of flower seeds in regular size packets containing \$1.65 worth of flower seeds or a total at regular retail prices of \$5.55 for \$1.23. Bear in mind that this will give you as much as you would ordinarily obtain in 72 packets of vegetable seeds and 22 packets of flower seeds. We do not give triple size packets of flower seeds in the collection.

WE WILL GIVE 24 JUMBO SIZE PACKETS of vegetable seeds in the varieties named below and the 22 packets of flower seeds for \$1.59. Remember these Jumbo packets contain five times as much seed as you would receive in the regular size packets bought from a seedsman or the 24 packets will contain as much as 120 packets bought from your seedsman. In addition you will receive 22 ordinary full size packets of flower seeds all for the sum of \$1.59. We will sell you any size collection you wish, but in the interest of economy for yourself and for your neighbors, that you may interest in the proposition we would urge upon you the wisdom of buying either the triple size or the Jumbo size collection. If you order the Jumbo size collection you will be obtaining \$8.15 worth of seeds for \$1.59 or five times as much seed for the same money as you would receive from your storekeeper. These seeds are fresh, pure and of the highest germination and the varieties named herein are the very best grown.

WE CANNOT FILL ORDERS FOR SINGLE PACKETS FROM THIS COLLECTION. WE SELL COLLECTION ONLY.

THE NOVELTY VEGETABLE COLLECTION

Our priceless novelty vegetable seed collection of 24 packets offered at 60 cents; \$1.00 or \$1.40 according to size. 24 standard size packets, 60 cents; 24 three for one quantity packets, \$1.00. 24 large Jumbo five for one size quantity packets, \$1.40.

No single packet orders filled from this page. Order Collections only.

THIS IS REALLY A PRIZE WINNING ASSORTMENT, an almost priceless best vegetable seeds grown in the world. If you want a specimen vegetable garden, every bed, every plant, every vegetable a prize specimen for quality, every vegetable grown from seeds that other seedsmen would put on their finest special list at extravagantly high prices, specially selected varieties that are never found in retail stores and heretofore could only be had from special seedsmen at very fancy prices, some of these prices even one hundred times the price at which these seeds are figured, then order this assortment, enclose our price, either 60 cents, \$1.00 or \$1.40, according to the quantity wanted, and we will send you the seeds with the understanding and agreement that if they are not perfectly satisfactory, if you are not convinced that you have gotten from ten to fifty times as much real value for your money as you could get elsewhere, you can return the seeds to us at our expense, and we will immediately return your money. Every variety in this collection is a novelty of the most sterling merit. This assortment embraces the best of everything that has been introduced the past year, the very highest development in seed and vegetable culture.

THIS INCOMPARABLY LOW PRICE, a price based on the exact cost to us of the seeds in bulk as brought from Russia, Germany, France, England, Japan and other countries, is made possible only where we are permitted to put these special prize winning varieties up in complete assortments, a large variety, and sell them only in unbroken assortments. 24 unapproachable varieties in vegetable seeds in this assortment. If you send your order for these seeds you will have such a vegetable garden as was never before seen in your section. Don't think of using the seeds gathered from your own garden, don't think of buying from your dealer at home, don't think of sending elsewhere for seeds when you can get this prize selection in standard quantity, three for one or five for one quantities at the very special prices named, namely, 60 cents, \$1.00 or \$1.40 according to the quantity.

HOLSTEIN WAX BEANS. An entirely new variety, bearing long, straight, flat pods. It is early and productive. Regular price, per packet, 10c.

BOUNTIFUL BEANS. An improved Long Yellow Six Weeks, earlier, hardier and producing larger pods. Regular price, per packet, 10c.

CRIMSON GLOBE BEETS. The roots are of medium size, handsome shape, and are remarkably smooth. Regular price, per packet, 5c.

VOLGA CABBAGE. Of Russian origin. Growing hardy, withstanding cold, heat, drought and wet and producing immense crops. Regular price, per packet, 10c.

DRY WEATHER CAULIFLOWER. It resists dry weather and thrives in hot, dry climates. Regular price, per packet, 15c.

ROSE RIBBED PARIS CELERY. A sport of the Golden Self-Blanching with rose colored ribs. Regular price, per packet, 5c.

PEEP 'O' DAY SWEET CORN. This is of Minnesota origin, and is early and one of the sweetest and best. Regular price, per packet, 10c.

WHITE EVERGREEN SWEET CORN. This is of extra strong vigorous growth, maturing a few days earlier than Stowell's. Regular price, per packet, 10c.

LEMON CUCUMBER. It is nearly round with the yellow and green markings and smooth skin of the lemon. Regular price, per packet, 10c.

A LOO-HEADED LETTUCE of high table merit. Regular price, per packet, 5c.

GRAND RAPIDS LETTUCE. The fruit is oval, slightly ribbed densely covered with fine netting. Regular price per packet, 5c.

ROCKY FORD MUSKMELO. It is a long oval shaped melon of crisp texture and luscious quality. Regular price, per packet, 5c.

MONTE CRISTO WATERMELON. It is a long oval shaped melon of crisp texture and luscious quality. Regular price, per packet, 5c.

AUSTRALIAN BROWN ONION. Of medium size, good quality, very early, keeping for a year or more. Regular price, per packet, 5c.

CRABO PEAS. This large-podded, wrinkled pea matures pods only two or three days later than the small-podded, extra early. Regular price, per packet, 10c.

MAMMOTH MELTING SUGAR PEAS. Broken and boiled like string beans and served with butter sauce they have a luscious flavor. Regular price, per packet, 10c.

WINTER QUEEN PUMPKIN. Nine to ten inches in diameter. A beautiful deep orange yellow. Unequaled as a cooking variety. Regular price, per packet, 5c.

ICICLE RADISH. Their long slender form and pure paper-white skin are most attractive. Regular price, per packet, 5c.

TRIUMPH RADISH. The roots are about the size and shape of Scarlet turnip, but are creamy white, beautifully marked with spots and dashes of carmine. Regular price, per packet, 5c.

NEW ZEALAND SPINACH. Available for use during the hottest months of midsummer, when ordinary spinach is not to be had. Regular price, per packet, 5c.

WARTY HUBBARD SQUASH. This is similar in size and quality to the well known Hubbard, while the large dark olive-green fruits are more heavily warted. Regular price, per packet, 5c.

CRIMSON GLOBE TOMATO. In ripening among the first earlys. Fruits of large size, smooth, firm and with few seeds. Regular price, per packet, 20c.

EARLY SNOWBALL TURNIP. A perfectly globe shaped, white skinned turnip. The flesh is fine grained, firm and of very delicate flavor. Regular price, per packet, 5c.

GOLDEN BRONZE SQUASH. The average weight is eight or ten pounds. Its color is a dark, grayish green, with bronze on the upper surface when ripe. Regular price, per packet, 5c.

MAMMOTH HANSFIELD TREE TOMATO. It grows to a height of 12 to 16 feet. The fruit is very large, round, smooth and of exquisite flavor. Regular price per packet, 20c.

No. 56E6021 The Novelty Collection. 24 packets regular size, OUR PRICE, \$0.60

No. 56E6022 The Novelty Collection. Containing 24 triple size packets, 24 varieties as named. Shipping weight, 30 ounces. OUR PRICE, 1.00

No. 56E6023 The Novelty Collection. 24 large Jumbo size, 5 for 1 packets of the 24 varieties named above. Shipping weight, 48 ounces. OUR PRICE, 1.40

Sold only in collection as shown. We cannot fill orders for single packets from this page.

GENERAL LIST OF VEGETABLE SEEDS IN BULK.

WHILE OUR LIST IS NOT AS LARGE as some seedsmen's, still it contains the best standard varieties and the most desirable new sorts. Many seed houses sell one variety under five or six names, thereby deceiving the buyer and charging him high prices. We list everything under its true name as given to it by the introducer and give honest descriptions of everything. Market gardeners, farmers and all planters who grow for profit will find exceptional bargains in this list. Our seed is pure and of high germination and is offered here at lowest prices. We do not attempt to make big profits simply because we supply good stocks. On the other hand we do not make low prices on account of old or inferior grades of seed. But on account of our money-saving, expense-reducing system applied to our seed department we offer you the best, reliable, tested seeds at the lowest possible prices. Another thing that makes for lower prices is the fact that we obtain our seeds from the grower and sell to the planter.

CHANGE YOUR SEED STOCK.

NO MATTER HOW GOOD your vegetables and garden truck may have been, no matter how large or perfect your specimens may have been, you cannot afford to take chances by sowing seed saved by yourself. The cost of the seed is a small item compared with the crop grown, and unless you have perfect conditions of soil, climate and scientific cultivation and harvesting, seed saved by yourself will not have the same vitality, vigor and productiveness as that grown by experts under perfect conditions. Some kinds flourish best in one soil, some in another, some attain their highest development in a dry atmosphere, others in cool, moist locations; some kinds mix readily with others and some produce sports, while others are inclined to run back to the original stock from which they sprang. All these changes are scarcely noticeable to an amateur but are quickly seen by an expert so that "rogueing" or pulling out inferior specimens is one of the

AFTER A LIFETIME EXPERIENCE in the business and buying in such immense quantities as we do, our manager is able to contract at the lowest possible prices with the best seed growers in all parts of the world. These seeds are grown under careful supervision by experienced seedsmen who are experts in their particular line. For instance, one may know how to grow beans and nothing else, another knows all about growing peas, another corn, still another onions and so on throughout the entire list, each one a specialist in his particular branch. It is very evident that seed grown under the supervision of such experts is superior to that produced by the ordinary farmer and sold on the open market. It costs more to produce our seed but as it passes through only one set of hands after harvesting and there is only one small profit to be added to the first cost, we can sell it cheaper than if it was an inferior grade bought by us on the open market after passing through several hands. We have spared no pains or expense to secure the best seed and no matter where you have been buying or whose seeds you have been planting you will find ours equal to the best, and at a much lower price.

very important items of expert seed growing. If you want the best vegetables, those which produce the largest crops and command the highest market price, if you want to take the premium at your state or county fair, if you want to make more money than ever before as a market gardener, farmer or trucker, throw away the seed which you have saved, plant our tested, reliable, high grade seed offered here at lower prices than ever before.

If you do not want seed in as large quantities as is here quoted, we would refer you to the collections offered elsewhere in this catalogue. But in ordering seed from this bulk list, please bear in mind that you will obtain your seed at a much lower price even than in the collections, because the expense of putting up a large package is but little more than for a small packet; in other words, we give you the benefit of the reduced expense in putting up the seed wherever possible.

ARTICHOKE.

As a table vegetable, the Artichoke deserves to be more generally cultivated. The part eaten is the flower head, which is used before it begins to open, and is cooked in much the same way as Asparagus.

LARGE GREEN GLOBE. No. 56E4020 Price, ¼ pound, 98c; ounce 29c

ASPARAGUS.

One ounce for 50 feet of drill, 4 to 5 pounds to the acre.

Asparagus is one of the earliest spring vegetables, and would be in universal use were it not for the mistaken idea that it is difficult to grow. It delights in moist, sandy soil but can be grown in any garden by following the instructions, which we supply free. A bed 16x50 feet, requiring about 100 plants, should give an abundant supply for an ordinary family.

BARR'S MAMMOTH. No. 56E4003. This variety is especially valuable for market, the stalks being large, tender and light colored, making shoots fit for sale in one day. Price, pound, 42c; ½ pound 23c

COLUMBIAN MAMMOTH, WHITE. No. 56E4009. A new and entirely distinct variety, which produces white shoots, that remain white as long as fit for use. In addition to this advantage it is more robust and vigorous in habit, and throws up larger shoots and fully as many of them as Conover's Colossal and requires no earthing up, as in the green sorts, in order to furnish the white shoots so much sought after. This grand result in producing a white asparagus did not come by chance, but was the outcome of years of patient work and careful selection by the originator. Price, pound, 48c; ½ pound 26c

CONOVER'S COLOSSAL. No. 56E4001. A mammoth green sort of the largest size, and of extra good quality. Price, pound, 36c; ½ pound, 19c

PALMETTO. No. 56E4002. The plants are vigorous in growth, producing large, thick, dark green shoots, with distinct, pointed tips of fine appearance and most excellent quality. One of the hardest sorts in cultivation and almost blight proof. Price, pound, 39c; ½ pound 21c

THE GROWING OF ASPARAGUS, which is one of the most valuable plant many for the reason that they think it difficult to raise. This is a mistake. The preparation of an asparagus bed is a very simple matter, our roots are large and healthy and will grow in any climate. We issue a special circular containing instructions as to how to plant and cultivate asparagus, which we shall be glad to send you upon application. Asparagus is not only a fine table delicacy for your own use, but it commands a good market, and you will find it a prolific grower and one of the most profitable varieties you can raise in your garden.

ASPARAGUS ROOTS.

See Price in Nursery Department.

Asparagus culture. With all orders for asparagus seed and roots, we will send free our cultural circular, containing brief instructions how to plant and cultivate. This circular will be sent free to any one asking for it. There is big money in growing Asparagus for the market, if it is done in a systematic, intelligent manner.

BEANS.

WE CALL YOUR SPECIAL ATTENTION to our quotations on beans. The bean crop for several seasons has been unsatisfactory and the crop for 1905 was very short. You will note our remarkably low prices in bushel lots and if you will compare this catalogue with those issued by other seedmen you will note that few if any of them quote in bushel quantities and where they do you will find our prices to be not more than half what others ask. We were fortunate in securing an unusually large stock of fine seed and we guarantee the quality to be the very best obtainable.

BUSH GREEN POD.

One pint will plant 100 feet of drill. One to one and one-half bushels will plant one acre.

Our beans are Northern grown, carefully rogued and of 1905 crop. Owing to short bean crops for several years past pure stocks are scarce. We pride ourselves on the purity and high germinating quality of our stocks, which have been carefully selected and grown for our trade. If sent by mail, postage extra, 15c per quart.

BOUNTIFUL. No. 56E4103 This is an improved Long Yellow Six Weeks, being earlier, harder and producing larger pods and more of them. It comes into bearing very early and continues almost throughout the season. The pods are a beautiful rich green, very thick, broad and uniform, meaty, tender, absolutely stringless and of finest quality. It is a good shell bean for winter use, while its handsome appearance, earliness and fine quality make it a splendid market variety. Price, bushel, \$4.90; peck, \$1.30; ½ peck, 70c; quart 22c

DWARF HORTICULTURAL. No. 56E4110 Pods are of medium length, slightly curved, and when nearly developed are freely splashed with bright red on the yellow skin. The green beans are of good size, tender, and of fine flavor. Any surplus beans not needed for use during the summer make excellent soup or baking beans for winter. Price, bushel, \$4.55; peck, \$1.22; ½ peck, 64c; quart 21c

EARLY MOHAWK. No. 56E4102 One of the oldest and best known sorts. It is the hardest of any of the beans, resisting a slight degree of frost very successfully. The leaves and vines are large, coarse and straggling. It is early and very prolific, with pods of medium quality, broad, flat, nearly straight and very long. Price, bushel, \$4.18; peck, \$1.12; ½ peck, 62c; quart 19c

EXTRA EARLY REFUGEE. No. 56E4100 A very early, green-podded kind, turning an oval, fleshy pod of fine quality, ripening long before the late Refugee is usable. Price, bushel, \$4.60; peck, \$1.28; ½ peck, 68c; quart 22c

GIANT STRINGLESS. No. 56E4108 This is about a week later than the Extra Early Valentine and makes an excellent succession to Stringless Green Pod when planted at the same time. The plants are of strong growth; pods slightly curved, very meaty, being broadly rounded and saddle backed and are brittle and stringless at all stages. Price, bushel, \$4.90; peck, \$1.32; ½ peck, 72c; quart 22c

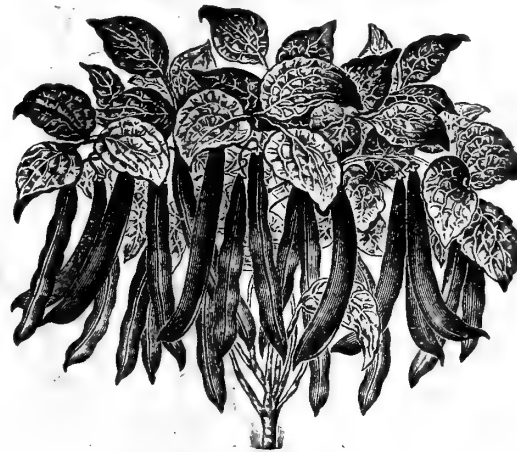

LONGFELLOW. No. 56E4106 A new extra early variety, with perfectly round and when broken; uniformly straight pods; very fleshy, long, brittle and without strings. Flavor delicious; very prolific; plants very strong and compact. It matures its crop very regularly and withstands adverse conditions well. A good bean for market or home use. Price, bushel, \$5.60; peck, \$1.57; ½ peck, 83c; quart 26c

LONG YELLOW SIX WEEKS. No. 56E4104 Pods are long, flat, straight, green, edible 30 days from planting. Price, bushel, \$3.65; peck, 95c; ½ peck, 53c; quart 16c

REFUGEE, OR 1,000 TO 1. No. 56E4101 True bush growth fifteen inches in height; branching freely. The pods are nearly round, pale green, five inches long, tapering to a slender point, quite solidly fleshy, brittle and mild in flavor, but with slight string. Rather later than the other green podded sorts, but extremely prolific. This is the standard late picking variety. Price, bushel, \$4.70; peck, \$1.23; ½ peck, 66c; quart 19c

NEW STRING- LESS GREEN POD.

No. 56E4105 This new bean produces a vine similar to Red Valentine, but develops pods to edible condition two to three days earlier than Valentine, that is to say, in thirty to thirty-one days from germination, which extraordinary early maturity at once advances the Stringless Green Pod to the first rank among table beans. The pods are green, not quite as round as Valentine and less curved. The pods are stringless, a bonus, so, this quality at once placing the variety at the top of the list among table beans. While the early maturity is of great merit, this stringless quality is of particular value, the pods breaking as short and free as pipe stems.

No. 56E4105 NEW STRINGLESS GREEN POD.

Price, bushel, \$4.85; peck, \$1.28; ½ peck, 69c; quart 22c

VALENTINE EXTRA EARLY. No. 56E4109 In this improved strain the pods are very fleshy, round and saddle backed with but few strings. The bushes grow uniformly, 15 inches high, and can always be depended upon to produce a large crop. This is an old standard variety improved by superior culture and is more widely known than any other green podded sort. It is a most valuable acquisition to our list of bush beans and should be planted in every garden. Price, bushel, \$4.70; peck, \$1.26; ½ peck, 67c; quart 21c

BEANS, BUSH LIMAS.

These varieties are of true bush or dwarf form, growing but 18 to 20 inches high without supports, and are about two weeks earlier than the Climbing Limas, bearing abundantly until killed by frost.

BURPEES. No. 56E4115 This magnificent variety grows 18 to 20 inches high, and is of magnificent circular bush from 2 to 3 feet in diameter. Each bush develops into a large, handsome and well filled with very large beans, identical in size, shape, color and flavor, with the well known Pole Limas. It is a most valuable acquisition to our list of bush beans and should be planted in every garden. Price, bushel, \$5.44; peck, \$1.43; ½ peck, 78c; quart 24c

HENDERSONS. No. 56E4116 This is the earliest Bush Lima variety and is fully two weeks earlier than the climbing sorts. It is enormously productive, bearing a multitude of pods, well filled with delicious small size beans. The plant requires no support of any kind and bears continuously until killed by frost. Price, bushel, \$5.35; peck, \$1.42; ½ peck, 76c; quart 23c

UNLIKE OTHER SEED DEALERS we add but one small profit to the cost of the seeds which we buy from the original grower. When you buy your seeds from us you do not pay a profit to the grower, the jobber, the seedsmen and the local dealer, the old plan which made your seeds cost you four to ten times what they should cost. A comparison of the prices named in this seed catalogue with the prices named by other seed dealers will prove this statement.

BUSH BEANS.

YELLOW OR WAX POD.

1 pint will plant 100 feet of drill. 1 to 1½ bushels will plant one acre in drills. To this class belongs the stringless or snap pod varieties. They are generally preferred to the green pod sorts, and while not quite as hardy in growth as the green pods, are more largely planted both for home and market purposes.

CURRIES RUST PROOF, GOLDEN. No. 56E4077 An early and very productive variety. The pods are straight, rather flat, 5 inches in length, of a light golden yellow color. The beans are black and of finest flavor. Price, bushel, \$4.90; peck, \$1.28; ½ peck, 67c; quart, 22c

No. 56E4080 DAVIS WHITE WAX.

red and in great favor as a dry shell bean, it is equally good as a snap sort. Price, bushel, \$5.55; peck, \$1.45; ½ peck, 79c; quart, 22c

GOLDEN WAX. No. 56E4078 The old standard sort. It is early, very productive, of finest quality and is still considered one of the best for family use. Price, bushel, \$4.90; peck, \$1.30; ½ peck, 68c; quart, 19c

HOLSTEIN WAX. No. 56E4082 An entirely new variety, bearing long, straight, flat pods of a handsome clear yellow color. The vines are strong and vigorous, standing well up from the ground, the foliage affording good protection for the pods. It is very early and exceedingly productive and will undoubtedly be planted largely when its good qualities become widely known. It is harder than any variety that we know of and almost rust proof, the seed is distinguished by its peculiar markings which resemble the spots on Holstein cattle, hence its name. Price, quart, 48c; pint, 26c

IMPROVED GOLDEN WAX. No. 56E4075 This is an early and productive sort over the old variety. The pods are long, nearly straight, broad, flat, golden yellow, thick, fleshy and wax like, with short green points. As a snap variety it cooks very quickly, while it shells easily when green and is of the highest quality used either way. Price, per quart, \$0.20; per ½ peck, 1.30; per bushel, 5.35

PROLIFIC BLACK WAX. No. 56E4076 This is the old standard Black Wax sort. The pods are round, brittle, of handsome golden color and buttery flavor when cooked. By many good judges this is still considered the best wax bean in cultivation. Price, per quart, \$0.23; per ½ peck, .78; per bushel, 5.58

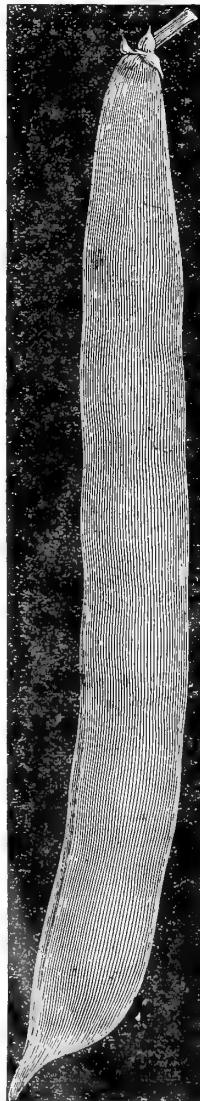

WARDWELL'S KIDNEY WAX. No. 56E4081 This variety is of strong upright, bush growth, about 15 inches high and is very productive. It is nearly a week earlier than the Golden Wax, yields fully one-third more, almost free from rust and of the same delicious quality. The pods are straight, flat, 5 inches long, ½ inch broad and rich golden yellow, brittle and entirely stringless. Price, per quart, \$0.25; per ½ peck, .91; per bushel, 1.73

DAVIS WHITE WAX.

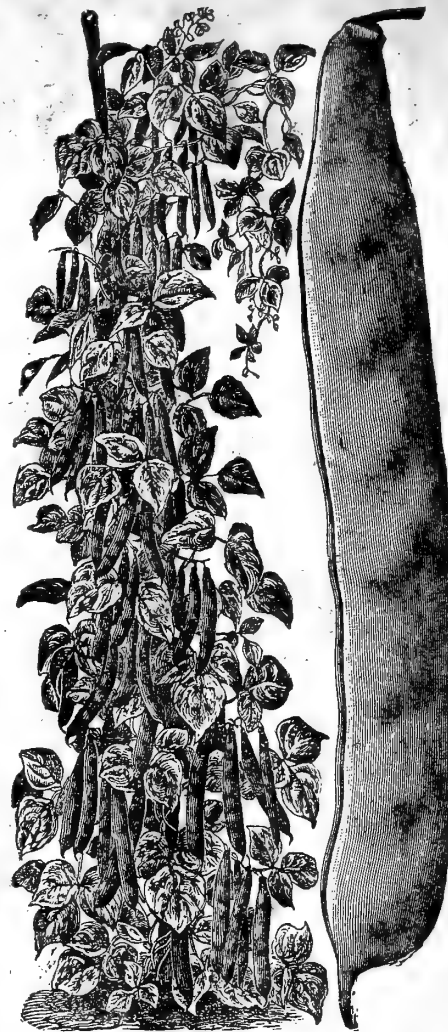

No. 56E4080 This is one of the hardest and most productive varieties ever introduced. The vine is rustless and very vigorous, bearing its pods in great clusters, near the center. The pods are invariably long, white, straight and very handsome in appearance. The seed is white, kidney-shaped and excellent for baking. This variety is highly prized by canners on account of its uniformly perfect shape, white appearance and clear white seed. It is used both as a snap bean and shelled and possesses more good qualities than any other wax variety we know of. Price, bushel, \$5.80; peck, \$1.55; ½ peck, 84c; qt., 27c

FLAGEOLET WAX.

No. 56E4079 A large growing sort producing large, flat pods. The seed is of large size, purplish

No. 56E4131 GOLDEN CLUSTER WAX.

No. 56E4128 LAZY WIFE.

LAZY WIFE. No. 56E4128 Voted of all the snap-short, pole beans. The pods are produced in great abundance, measuring from 5 to 6 inches in length and are very tender and of most delicious flavor until nearly ripe. Each pod contains 6 to 8 round white beans which are excellent for winter use. They are rather late to mature, but valuable for extending the season. Price, per quart, \$0.20; per ½ peck, .67; per bushel, 1.37

OLD HOMESTEAD OR KENTUCKY WONDER.

No. 56E4127 This sort is very vigorous in growth and very productive, bearing large green pods, 9 to 10 inches in length, in great clusters. These are nearly round when young and very crisp. It comes in bearing early and is most highly esteemed for snaps. The dry beans are long, oval, dun-colored and fine for winter use. Price, per quart, \$0.23; per ½ peck, .72; per bushel, 1.35

SCARLET RUNNER.

No. 56E4129 Plants are of strong, quick growth, bearing large sprays of pea-like flowers, which are very showy and ornamental. When fully ripe the dry beans are bright scarlet, heavily blotched with purple. Price, per quart, \$0.25; per ½ peck, .79; per bushel, 1.48

SMALL OR SIEVA.

No. 56E4132 This is also known as the "Butter Bean of the South." It grows quickly, is very productive and matures early, continuing in bearing throughout the season. The beans are of excellent quality. Price, per quart, \$0.18; per ½ peck, .68; per bushel, 1.30

WHITE CREASEBACK.

No. 56E4130 This is the best early green podded pole bean for snaps. It is of rapid growth and very productive, producing in clusters, perfectly round pods, 5 to 6 inches in length, and deep creased or saddle backed. These are firm, fleshy, stringless and of excellent quality. The dry seed is pure white and fine for winter use. Price, per quart, \$0.23; per ½ peck, .78; per bushel, 1.48

BEETS FOR TABLE USE.

BEET GROWERS WILL FIND THE PRICES named in this catalogue to one-half the prices quoted by other seedsmen. The seeds we offer you are from the finest stocks. The grades we offer for table use will be found to be unusually sweet, crisp and tender, uniform in shape; never become pithy or woody. Our grades of beets for stock feeding purposes are from unusually prolific varieties, and only those which exhaustive tests at agricultural experiment stations have demonstrated to be the finest for stock feeding purposes have been selected by us.

1 ounce will sow 100 feet of drills. 5 to 6 pounds are required for one acre.

The round and turnip shaped varieties are best for summer use, the long and half long varieties for winter. For a succession make sowings 12 or 14 days apart. Beet tops are much used for greens, and often form a profitable crop for the gardener who is near a good market.

CRIMSON GLOBE. No. 56E4151 This is a second early variety of extremely delicious flavor, great productiveness and fine appearance. The roots are of medium size, generally not over 3½ inches in diameter, of handsome shape and remarkably smooth, with small tap root. The leaves are small and borne on slender stems, occupying but a small portion of the root. The roots are very deep crimson throughout and are ringed and zoned in a most beautiful manner, making it very attractive for market purposes. Price, pound, 31c; ½ pound, 17c

CROSBY'S EGYPTIAN. No. 56E4150 This is a very early sort, an improvement over the old Egyptian. The roots are large, smooth, spherical and of the finest quality. In color it is very deep red, almost black, one of the best. Price, pound, 31c; ½ pound, 17c

DETROIT DARK RED. No. 56E4157 One of the best red turnip shaped varieties. Has small, upright tops; splendid, smooth shape; skin is dark blood red, flesh, deep, bright red; very crisp, tender and sweet; matures early and lasts a long time. Exceedingly uniform in shape. Price, pound, 32c; ½ pound, 18c

DEWING'S IMPROVED BLOOD

TURNIP. No. 56E4158 The leading main crop variety. Roots always smooth, handsome, good size, tender and sweet. An enormous cropper. A favorite with the marketmen. The seed we offer is unexcelled by any in the country. Price, pound, 29c; ½ pound, 16c

EARLY BASSANO. No. 56E4153 A very early flat variety of high table excellence. It has white and rose colored flesh arranged in alternate rings. It is tender, juicy and sweet. Price, pound, 29c; ½ pound, 16c

EARLY EGYPTIAN. No. 56E4159 Grows extra quickly, producing flat, smooth turnip roots averaging two inches in diameter. Price, pound, 31c; ½ pound, 17c

If you wish to buy these seeds in smaller quantities than are here named we would refer you to the numerous collections found elsewhere in this catalogue, but buying by the pound you receive as much seed as you would in 50 of the regular size packets or about ½-cent per packet.

BEANS,

POLE OR CLIMBING.

1 quart for 100 to 200 hills, according to size of beans, 8 to 12 quarts to plant an acre.

These are more tender than the dwarf or bush varieties and should be planted about two weeks later. They are of strong, running growth and need stout poles for support on which to climb. They require a longer season in which to mature than the bush varieties, but on account of their stronger growth are more productive.

EXTRA EARLY JERSEY LIMA. No. 56E4126 This is the earliest pole bean in cultivation. It is of strong growth and productive. The beans are of the finest quality and are unsurpassed for table use. The pods usually contain three beans each. Price, per quart, \$0.28; per ½ peck, .83; per bushel, 1.55

GOLDEN CLUSTER WAX. No. 56E4131 This is a very desirable variety, only seven days later than the Dwarf Golden Wax. It is immensely productive, single vines having yielded one-half bushel each. The pods average 8 inches in length, are of a rich golden color which they retain a long time after being picked. They snap easily, are stringless and of most delicious quality. If the pods are picked regularly and not allowed to ripen, the plant will produce continuously until killed by frost. Price, per quart, \$0.27; per ½ peck, .87; per bushel, 1.62

KING OF THE GARDEN LIMA. No. 56E4125 An old and highly prized variety. A strong grower and uniformly large podded. When not planted too closely they set their pods early at the bottom of the pole and produce continuously throughout the entire season. The pods run from 5 to 7 inches long and contain from 5 to 6 large beans, which are of the most handsome appearance and excellent quality, shelling easily. Price, per quart, \$0.24; per ½ peck, .81; per bushel, 1.56

BEETS, FOR TABLE USE—CONTINUED.

EDMUND'S BLOOD TURNIP. No. 56E4154 The roots are of good form, round, with only one single small tap root. The flesh is of a deep blood red color, and very sweet and tender. They can be planted very closely, as they do not grow large and coarse, and have a very small top. It is one of the best for the market gardener and for table use. Price, pound, 32c; ½ pound, 18c.

HALF LONG BLOOD. No. 56E4152 One of the best for winter use. The roots are only half as long as the Long Blood, but weigh as much on account of their thickness. They are always smooth and handsome, and their rich, dark red flesh is very sweet, crisp and tender, never becoming woody even in the exposed portions. Price, pound, 28c; ½ pound, 15c.

IMPROVED BLOOD TURNIP. No. 56E4156 An improved variety of the Early Blood Turnip; of deep, blood red color; fine form and flavor. An excellent market sort. Price, pound, 28c; ½ pound, 16c.

LONG SMOOTH BLOOD. No. 56E4155 Roots long and slender, penetrating the soil deeply, but seldom growing more than two inches in diameter. Rather late in maturing, but are excellent keepers when stored for winter use. Price, pound, 26c; ½ pound, 14c.

No. 56E4160
SWISS CHARD BEET.

An ever increasing acreage is being planted to stock beets, because of the wonderful results by feeding them, as shown by the reports of our Experiment Stations and leading farmers and stockmen. Fattening, breeding and milk cattle do equally well on them. About one-fourth of the daily rations should be of roots. Hog cholera is prevented by their use. Sow 6 to 8 pounds to an acre.

GOLDEN TANKARD. No. 56E4170 A smooth and uniform variety, the roots being of large diameter, tapering quickly at the bottom, which is quite broad, with only a small tap root. It grows largely above the soil and is easily harvested. The roots are very solid and the flesh a rich deep yellow. It yields an enormous bulk on good land and can be grown closely in narrow rows. Price, 5 pounds, 74c; pound, 16c.

LONG RED. No. 56E4171 This is the heaviest cropping and largest of all mangels. The roots grow from one-half to two-thirds above the surface and are frequently two or more feet in length by six inches in diameter. Dark, richly colored foliage; skin, bright dark red; flesh, white with veined rings of rose pink. Price, 5 pounds, 78c; pound, 17c.

ORANGE GLOBE. No. 56E4173 We think this is one of the best varieties of mangel wurzel grown for stock feeding. It has exceedingly small tops and few leaves. Leaf, stalks and blades, green; roots, medium sized, uniformly globe shaped, having a very small tap and few side roots; color of skin, deep orange yellow; flesh, white and of excellent quality. The roots grow almost entirely above the ground, making them admirably adapted to shallow ground and very easy to harvest. Price, 5 pounds, 84c; pound, 18c.

YELLOW GLOBE. No. 56E4172 Globular shaped roots. More productive than Long Red in shallow soil. Very nutritious and a good keeper. Price, 5 pounds, 73c; pound, 16c.

IF YOU USE LARGE QUANTITIES of garden seeds it will pay you to buy you otherwise would pay for the paper which holds the package and the expense of putting up the seeds in package form.

SUGAR BEETS.

Sugar Beets are desirable not only for the manufacture of sugar, but are invaluable for stock feeding and table use. They are deservedly popular both on the farm and in the small garden. No one who raises beets of any kind should fail to plant at least a trial bed. The varieties we offer are the best strains on the market. It is only by the use of the best seeds that profitable sugar making is possible. 5 to 8 pounds will sow an acre.

ONE SMALL PROFIT from grower to sower is the motto of the Seed Department of Sears, Roebuck & Co. That we stick to this text is proven by the remarkably low prices named throughout this Special Seed Catalogue.

No. 56E4185
KLEIN WANZLEBEN
SUGAR BEET.

en to sixteen tons per acre, and containing from 16 to 18 per cent of sugar. Price, 5 pounds, 59c; 1 pound, 14c.

OUR GARDEN SEED COLLECTIONS, shown elsewhere in this catalogue, all contain the rarest varieties. We have been very careful in selecting these assortments, and you will find them full of the choicest vegetables you have ever grown.

KLEIN WANZLEBEN. No. 56E4185 A little larger than Vilmorin's Improved and containing about the same amount of sugar. Its yield of beets is from twelve to eighteen tons per acre. The beet grows below the surface. The green leaves are rather large and spreading with wavy edges. A little harder and easier grown than Vilmorin's Improved. Probably the best sort for the experimenter to use. Price, 5 pounds, 62c; 1 pound, 16c.

VILMORIN'S IMPROVED. No. 56E4184 In general the most desirable beet for the factory is the one containing the largest percentage of sugar. In this variety we have one of the richest beets in cultivation—not only that, but it will do better on new lands, suffer less from an excess of nitrogen, and will keep the best of any. In size it is medium or little below, yielding from 16 to 18 per cent of sugar. Price, 5 pounds, 59c; 1 pound, 14c.

BROCCOLI.

This resembles the cauliflower and is used in the same manner. It is a hardier plant than cauliflower and succeeds best in a cool, moist atmosphere, where the temperature does not go below 25 degrees. It may be had in perfection from November till March. One ounce will produce 2,500 plants.

LARGE EARLY WHITE. No. 56E4050 Heads of medium size, compact and of a creamy white color. Price, ½ pound, 74c; ounce, 21c.

PURPLE CAPE. No. 56E4051 Fine large heads of a purplish brown color. Price, ½ pound, 96c; ounce, 28c.

SOLELY IN THE INTEREST OF OUR CUSTOMERS we urge ever possible to combine their orders with their neighbors and buy their seeds from the bulk list, as the saving of the unnecessary expense of putting them up in packets will make it worth while.

BRUSSELS SPROUTS.

This is one of the best vegetables for winter use, producing an abundance of sprouts, resembling small cabbages, of excellent mild flavor. It has never come into general use in this country, probably owing to its being too tender to stand the winters of the Northern States; still by sowing in April and planting out in July, it may be had in fine condition until December, and in Southern States may be had in use from November to March. One ounce will produce 1,500 plants.

IMPROVED HALF-DWARF. No. 56E4025 The most productive and hardiest variety, bearing fine, handsome, solid sprouts, growing closely on the stalks and of finest quality. Price, pound 70c; ½ pound, 21c.

CABBAGE.

OUR PRICE SAVING ON CABBAGE SEED will be unusually attractive to the thousands who grow this vegetable for market. There is hardly a variety listed on these pages which we do not offer you at a saving of at least one-third, and in many instances, half of what you have been in the habit of paying. You can not only save a very liberal sum, but the varieties we offer you are the choicest obtainable. Our cabbage seed is specially grown for us, and you can improve your quality and increase the yield by using these guaranteed seeds.

We use extra care in growing our cabbage seed, knowing there is no crop on which the market gardener relies for profit as on this. We have selected and list what we believe to be the very best varieties for home or market use. Our stocks have not been purchased at random in Europe and elsewhere, but have been grown on contract by the most reliable grower in America. We have every confidence that they will give good satisfaction wherever sown. One ounce of seed will produce 1,500 to 2,000 plants. ¼ pound will produce enough to transplant an acre.

ALL HEAD EARLY. No. 56E4203 The plants are more compact, the leaf smoother and thicker and the heads larger and a little more round than the Early Summer. We consider this one of the best second early sorts on our list and recommend it for both the market and home use. Price, pound, \$1.18; ½ pound 35c; ounce, 9c.

ALL SEASONS. No. 56E4201 One of the earliest of the second early sorts. Head very large, round, often nearly spherical but usually somewhat flattened; very solid and of the best quality, keeping as well as the winter sorts. Plant very vigorous and sure heading; leaves large, smooth, with dense bloom. Remarkable for its ability to stand the hot sun and dry weather. One of the very best sorts for general cultivation, for it planted for fall crop and stored, it remains in fine condition until late in the spring. Price, pound, 97c; ½ pound, 27c; ounce, 9c.

DANISH BALL HEAD. No. 56E4208 The leading characteristics of this cabbage are: first, that it is a sure header; second, that it is of unapproachable solidity and weight; third, that it is an extra good keeper; and fourth, that it is a good seller, and hence profitable. It is a medium to late sort but is generally grown as a late crop. It is sure to head, the heads being round, hard and extremely heavy, though not extra large. It can be grown in close quarters, on account of its compact habit. As to its keeping qualities, it comes out of the pit in March or April as fresh as when put in and with absolutely no waste. Our seed of this sort is grown under special contract by the best Danish grower. Price, pound, \$1.90; ½ pound, 55c; ounce, 16c.

EARLY DWARF FLAT DUTCH. No. 56E4209 A sure header, weighing from 10 to 12 pounds, of even size and solid. It matures about as early as Early Summer and stands long without bursting. This is one of the best of the second early kinds. Price, pound, \$1.05; ½ pound, 34c; ounce, 11c.

EARLY JERSEY WAKEFIELD.

No. 56E4200 The earliest and hardest heading of first early cabbages. Its exceeding hardness, not only to resist cold, but other unfavorable conditions, insures the greatest likelihood of profitable and satisfactory results. Head conical, very compact, solid, and of excellent quality. The thick, stout leaves and compact habit make it the best sort for wintering over or for very early setting. Price, ounce, \$0.11; ½ pound, 36c; Pound, 1.22.

EARLY SPRING.

No. 56E4202 The earliest flat headed variety. The plants produce few outer leaves, so that a great number of fine, solid heads can be produced on an acre. Although not quite as early as Jersey Wakefield, it is by far the best early sort for markets that demand a large, flat cabbage. The plant is vigorous, with short stem. The head is oval, and very large for the size of the plant, nearly equalling those of the later kinds. Price, pound, \$1.20; ½ pound, 33c; ounce, 9c.

No. 56E4200 EARLY JERSEY WAKEFIELD.

HENDERSON'S EARLY SUMMER. No. 56E4213 It makes large, solid, round, flattened, compact heads of excellent quality. It is particularly true in the color of the plant, which has a peculiar bluish tinge. Price, pound, \$1.04; ½ pound 31c; ounce, 9c.

HOLLANDER. No. 56E4205 A distinct type, highly esteemed for winter use, by reason of the great solidity and excellent keeping qualities of the heads. It is one of the best for growing for distant markets or for late spring use. Price, pound, \$2.05; ½ pound, 55c; ounce, 15c.

SAVOY, IMPROVED AMERICAN. No. 56E4210 This variety of curly cabbage offered under several different names. It is of exceptionally fine flavor and a most excellent keeper. The heads are large, finely curled; stalk short; a compact grower and a sure header. Grown for use in the fall and allowed to be touched by frost, it is delicious. Price, pound, \$1.20; ½ pound, 33c; ounce, 10c.

MAMMOTH RED ROCK. No. 56E4212 The hardest and largest heading red cabbage in cultivation, heads often weighing 12 pounds each. A sure cropper. Successful growers prefer this to all other red sorts. True seed has been scarce for years, as it is a shy seeder, but we offer the genuine article. Price, pound, \$1.28; ½ pound, 35c; ounce, 12c.

PREMIUM LATE FLAT DUTCH. No. 56E4206 This variety of late cabbage is a standard in all sections for winter use. It makes a large, solid head which keeps long without bursting, and is adapted to a more varied climate than probably any other variety grown. Price, pound, 95c; ½ pound, 26c; ounce, 8c.

CABBAGE—CONTINUED.

No. 56E4207 LARGE LATE DRUMHEAD.

LARGE LATE DRUMHEAD. No. 56E4207 We recommend this sort for markets that require a very large, solid head. A sure heading sort which in good, rich soil, will grow to an enormous size and on poorer soils will give good size heads which are very compact, solid and of excellent flavor. Price, pound, \$1.08; ½ pound, 31c; ounce, 10c.

SUREHEAD. No. 56E4204 This famous sort produces large, round flattened heads of the Flat Dutch type, and is remarkable for its certainty to head. It is all head and sure to head, even under unfavorable conditions. The heads are remarkably uniform, very hard, firm and fine in texture, and ordinarily weigh from ten to fifteen pounds each. It is very sweet flavored, has but few loose leaves, keeps well, is good for shipping, and is just the variety and quality to suit market gardeners, farmers and all lovers of good cabbage. Price, pound, \$1.18; ½ pound, 32c; ounce, 10c.

VOLGA. No. 56E4211 This variety is of Russian origin, having been introduced into this country by C. L. Allen, the veteran cabbage grower of Long Island. After being thoroughly tested for several years it is offered for the first time with the assurance of its being a decided improvement over existing types. It grows very uniform in size and shape, the heads weighing from twelve to fifteen pounds each. They are perfectly solid and the stem does not run as far into the head as in other sorts. The flesh is firm, tender and a pure white, making it very desirable for kraut, as well as for all other purposes for which cabbage is used. It is a very quick growing variety, and like all introductions from cold climates, comes to maturity much earlier than other sorts. It is very hardy, withstanding cold, heat, drought and wet in a most remarkable manner, and always producing immense crops of salable heads which command the highest market price. We consider it one of the most valuable additions of recent years, and coming to us so highly recommended by so able an authority on cabbage, we unhesitatingly recommend it to all our patrons. Price, ½ pound, 36c; ounce, 23c.

CARROTS.

FOR TABLE USE.

OUR PRICE SAVINGS ON CARROT SEEDS are just as remarkable as those we offer you on other varieties of vegetables. The quotations named herewith are from one-third to one-half lower than any other seedsman or dealer will quote.

The carrot is one of the most wholesome and nutritious of our garden roots, deserving to be more extensively used for culinary purposes, and we urge our readers to give some of the early table sorts a trial. One ounce will sow 100 feet of drill. Four pounds will sow one acre.

CHANTENAY. No. 56E4250 Tops medium size, necks small, roots tapering slightly but uniformly stump rooted and smooth. Color, deep orange red; flesh very crisp and tender. Although this is a medium early sort, it furnishes roots of usable size as early as any, is a heavy cropper and is undoubtedly one of the best for the market and private garden. Price, pound, 42c; ½ pound, 23c.

VERY OFTEN you will find it to your advantage to buy your seed in bulk. From one pound of this seed we make about 80 regular size packets. So you see by ordering in bulk you get your seed for about ½ cent per packet. If you wish to buy in smaller quantities than are offered here, please refer to the collections found elsewhere in this catalogue.

No. 56E4254 DANVERS.

DANVERS. No. 56E4254 Grown largely on account of its great productiveness and adaptability to all classes of soil. Tops of medium size, coarsely divided. The smooth and handsome roots are deep orange, of medium length, tapering uniformly to a blunt point; flesh sweet, crisp, tender and of a deep orange color. Although the roots of this variety are short, they produce as large a bulk as the longer field sorts and are more easily harvested. Price, pound, 48c; ½ pound, 14c.

GUERANDE OR OX HEART. No. 56E4252 Tops small for the size of the roots, which are comparatively short, but often reach a diameter of 7 inches, terminating abruptly in a small tap root. Flesh, bright orange, fine grained and sweet. This is a desirable variety for soil so hard and stiff that longer growing sorts would not thrive in it. When young, excellent for table use, and when mature, equally good for stock. Price, pound, 42c; ½ pound, 14c.

IMPROVED LONG ORANGE. No. 56E4251 The roots are of large size, smooth, fine grained and in all respects superior. Except in soil treated to raw stable manure, which makes all root crops rough, this carrot is always well formed. The color is deep orange, as indicated by the name. Enormous crops can be grown under good culture, particularly in a deep, light soil. Price, pound, 40c; ½ pound, 21c.

ST. VALERY. No. 56E4253 Rich, deep orange in color, large and handsome. Very straight roots, broad at the top, often 2½ to 3 inches across, and 10 to 12 inches long. Very little foliage for the size of the roots. Superior for table and desirable for stock. Yields heavy crops in rich, light soil. Price, pound, 46c; ½ pound, 24c.

IT MAKES NO DIFFERENCE to us whether you buy our seed collections, but it does make considerable difference to you. We add but one small profit to the original cost of the seeds in either case, but of course, when you buy in packets you must pay for the envelopes and the expense of filling them. For this reason it is advisable for you to buy in bulk, getting your neighbors to join with you if your own wants are not sufficient to buy in quantities.

CARROTS. FOR STOCK FEEDING.

These are especially valuable when fed to dairy cows, as they produce an increased flow of rich milk and impart a beautiful golden color to the butter. We urge our farmer friends to a more general use of stock feeding carrots and know that their great value will be appreciated when better known.

LARGE WHITE BELGIAN. No. 56E4280 Attains a length of one foot, standing one-third out of the soil. Rather coarse in flesh, but a heavy yielder and easily harvested. Flesh and skin white. Price, pound, 32c; ½ pound, 18c.

LARGE YELLOW BELGIAN. No. 56E4281 Like Large White Belgian, except in outside color, which is green above ground and yellow below. Price, pound, 40c; ½ pound, 22c.

CELERY.

This most delightful vegetable is of easy cultivation and should be found in every garden. The varieties we offer, after long experience, have proven to be the best. Our seed has been grown by the best specialists in the country, and can be relied upon as to quality and type.

One ounce will produce about 4,000 plants.

CRAWFORD'S HALF DWARF. No. 56E4329 The favorite variety in eastern markets, a good keeper, of vigorous growth. Price, pound, \$1.08; ½ pound, 32c; ounce, 10c.

GOLDEN HEART.

No. 56E4331 A reliable half dwarf sort, quite similar to Crawford's, except that when blanched the heart is of a brighter golden yellow color. It is a famous celery, a strong grower and a good winter keeper.

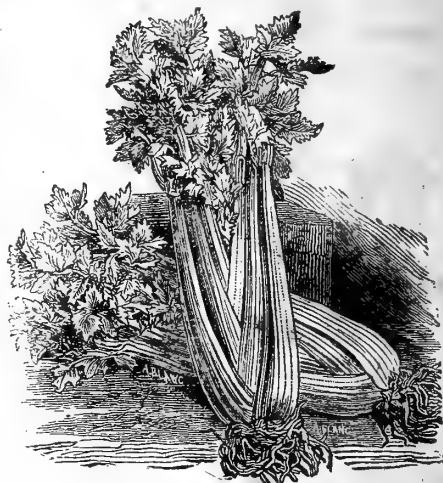

Price, pound, \$1.13; ½ pound, 33c; ounce, 11c.

GIANT PASCAL.

No. 56E4327 This choice celery partakes of the sweet, nutty flavor of Golden Self-Blanching, of which it is an offspring. The height is about two feet. The stalks are thick, solid and stringless, and almost as brittle as glass; fewer in number than in ordinary kinds of celery, but making full weight by reason of width, thickness and succulence. We do not think the color of any celery is better described by the word ivory than this one. It blanches easily and keeps well.

Price, pound, 98c; ½ pound, 28c; ounce, 9c.

If you have never grown celery in your garden a trial of one or more of these varieties this year will yield you very satisfactory results. You will be surprised to learn how easily this delightful vegetable may be grown by you.

No. 56E4331 GOLDEN HEART.

GOLDEN SELF-BLANCHING.

No. 56E4325 This is the best celery for early use. Critical gardeners depend upon this sort to produce their finest early celery. Plants of a yellowish green color, but as they mature the inner stems and leaves turn a beautiful golden yellow, which adds much to their attractiveness and makes the work of blanching much easier. The handsome color, crispness, tenderness, freedom from stringiness and fine nutty flavor of this variety make it only necessary to be tried in order to establish it as the standard of excellence as an early sort. Best French grown seed.

Price, ounce, \$0.21
½ pound, 65c
Pound, 2.47

No. 56E4325 GOLDEN SELF-BLANCHING.

PERFECTION HARTWELL. No. 56E4328 A fine flavored, crisp and tender Half Dwarf and a little later in maturing. The stalks are of medium size, round, very solid, crisp, tender, white and of exceedingly fine nutty flavor.

Price, pound, 59c; ½ pound, 19c; ounce, 10c.

ROSE RIBBED PARIS OR GOLDEN ROSE. No. 56E4330 This is a sort of the Golden Self-Blanching and possesses all the good qualities for which that variety has become so famous. It has the same beautiful rich golden yellow color, is self-blanching to the same remarkable degree, and differs only in color of the ribs. These are a very attractive shade of rose, which deepens as the season advances. This ornamental feature gives the whole plant a most pleasing appearance that cannot fail to make it of great value for market, while no celery could be of finer quality. Price, pound, \$1.32; ½ pound, 36c; ounce, 12c.

WHITE PLUME. No. 56E4326 This is the earliest and most easily blanched, but does not keep well taken from the trenches. The plants grow rapidly and blanch easily during the summer months. Later in the fall the central stalks and leaves are of pure snowy whiteness even without earthing up, but stalks should be gathered together and earthen up as are other varieties, so as to produce close attractive bunches.

Price, pound, 73c; ½ pound, 19c; ounce, 10c.

WINTER QUEEN. No. 56E4337 Since the introduction of this very valuable new late winter keeper, frequently being seen and selling at high prices in the month of May, after all other celeries are done. It is, without doubt one of the most valuable varieties for winter and spring use ever introduced, and excels the celebrated Perfection Hartwell as a late winter keeper. It is also much stouter, thicker and heavier, with double the amount of heart of other sorts. The plant is beautiful in appearance, of close habit and compact growth, and blanches to a beautiful cream white. Ribs perfectly solid, crisp and of delicious nutty flavor.

Price, pound, 58c; ½ pound, 18c; ounce, 10c.

NO SEEDSMAN has ever named prices even approaching these we quote on seeds in bulk. We ask you to compare this list with any other seed list published. Not only are our prices the lowest ever quoted, but our qualities are absolutely the best obtainable.

CAULIFLOWER.

This most delicious vegetable is but little grown except by professional gardeners, because of the erroneous idea that only skilled gardeners can cultivate it. Anyone can grow it successfully by following the cultural directions on our packets. This seed is one of the most critical in the whole vegetable list, and gardeners who grow for the market cannot be too careful in obtaining good stock. Our seed is produced in the best growing districts of Europe and cannot be surpassed for quality and type.

1 ounce will produce 1,000 to 1,500 plants.

EXTRA EARLY DWARF ERFURT. No. 56E4301 Similar in all respects to Snowball and nearly as early. It will give excellent results either in the home garden or for market use and is superior to most seed sold at higher prices. Price, ½ pound, \$4.90; ounce, \$1.45; ¼ ounce, 78c.

THE WONDERFUL DRY WEATHER CAULIFLOWER. No. 56E4303 So named because it resists dry weather and thrives in hot, dry climates. It is similar to Seroco Snowball in appearance producing equally as large, pure white, solid heads and is from one to two weeks later. To secure the best results the soil should be thoroughly enriched and well cultivated. With the introduction of this valuable variety it is possible to grow this delicious vegetable in the dry, hot sections of our country where it would not thrive before. It is especially valuable to the farmers and gardeners of the South and Southwest and will be generally cultivated by them when its great merit becomes more widely known. Price, ½ pound, \$5.10; ounce, \$1.55; ¼ ounce, 83c.

LARGE ALGIERS. No. 56E4302 A valuable late sort, sure to head, of the best quality and popular with market gardeners. Plant large, but of upright growth, the leaves protecting the heads, so that they will endure uninjured a frost that would ruin other sorts. One of the very best of the late varieties. Price, ½ pound, \$2.45; ¼ pound, 72c; ounce, 21c.

SEROCO SNOWBALL. No. 56E4300 The leading kind among cauliflower growers, and unquestionably the purest strain of Snowball cauliflower seed to be had. Heads uniform, of desirable market size and of snowy whiteness. After seven years' competitive tests it is pronounced by expert growers to be the best for both early and late planting. Successful frame growers say that under glass culture our Snowball outclasses any strain of cauliflower seed known to them. This strain of ours is their favorite for early, for late and for forcing. Strong recommendation surely. Price, ½ pound, \$4.95; ounce, \$1.52; ¼ ounce, 81c.

No. 56E4300
SEROCO SNOWBALL CAULIFLOWER.

CELERIAC.

OR TURNIP ROOTED CELERY.

This vegetable has not been largely planted on account of its good qualities not being generally known. It forms a turnip shaped root, which is much esteemed for flavoring soups, making salads, etc. Packed in damp sand in the cellar it is a most valuable addition to our winter vegetables.

APPLE SHAPED. No. 56E4345 Not so large as the Giant Prague nor so smooth, but of good form and most excellent flavor. Price, ½ pound, 57c; ¼ pound, 19c.

GIANT PRAGUE. No. 56E4340 This is unquestionably the largest and best Celeriac with only a few roots at the bottom, and of excellent flavor. Price, ½ pound, 62c; ¼ pound, 21c.

LARGE SMOOTH PRAGUE. No. 56E4341 An improved form of turnip rooted celery, producing large and smooth roots, which are almost round and with very few side roots. Plants vigorous with large deep green foliage. Price, ½ pound, 63c; ¼ pound, 21c.

TURNIP ROOTED. No. 56E4346 The root of this celery is turnip shaped, tender, with sweet taste and rather strong flavor. It is used principally for seasoning meats and soups. Price, ½ pound, 68c; ¼ pound, 22c.

CHICORY.

The leaves are used as salads with oil and vinegar, either in their natural state or blanched. Roots are also used to mix with or be substituted for coffee.

LARGE ROOTED MAGDEBURG. No. 56E4400 This is the best variety in cultivation. Price, ½ pound, 51c; ¼ pound, 16c.

THE LARGEST ITEM OF EXPENSE in handling seeds in the old way, the two and three profit way, the single packet way, is the labor of putting up the packets. If you desire packet quantities turn to our assortments containing practically everything you will care to raise in the garden, which we offer you in ready made assortments at less than the bulk prices charged by other seed dealers.

CITRON.

These valuable members of the melon family make most excellent preserves, and should be found in every garden. They are easily grown and a few plants will produce a liberal supply for a good sized family.

COLORADO PRESERVING. No. 56E4406 Makes beautiful, nearly transparent preserves of unsurpassed flavor. Superior to the ordinary preserving citron in quality. Immensely productive. Price, ½ pound, 58c; ¼ pound, 18c.

RED SEEDED. No. 56E4407 Grows uniformly round, and smooth, striped and mottled with light green. Flesh white and solid; seeds red. This variety is not used for eating in the raw state, but for preserves, pickles, etc. Price, ½ pound, 42c; ¼ pound, 12c.

COLLARDS.

A cabbage or kale-like plant, known in different sections as "Colewort" or simply "greens." It is extensively used in the South, where it continues in growth and is usable throughout the entire winter. One ounce of seed will sow 300 feet of drill, two pounds per acre.

GEORGIA OR SOUTHERN. No. 56E4420 We offer the true white or green stemmed sort so extensively used in the South, where it furnishes an abundance of food for the table or for stock. Forms a large, loose, open head, or a mass of leaves on a tall stem. Freezing does not injure but rather improves the quality. Price, ½ pound, 63c; ¼ pound, 18c.

NORTH CAROLINA BLUE STEM. No. 56E4421 The plants grow about two feet in height and are thickly set with large spreading leaves. The fresh growth at the top of the stalk forms nicely blanching leaves, very tender and delicate in flavor. Price, ½ pound, 58c; ¼ pound, 17c.

No. 56E4421 NORTH CAROLINA BLUE STEM COLLARDS.

POPCORN.

There is a good demand in all parts of the country for this delightful article and as it is easily grown, produces large crops and generally meets with a ready sale, it is recommended as a profitable crop for any gardener or farmer living near a city. The stock which we offer here with has been carefully grown and selected for seed purposes and must not be confused with the ordinary commercial popcorn offered by grocery men and storekeepers. Our stocks are pure and are offered at a very low price so that everyone who has a garden should grow a supply of this article.

MAPLEDALE. No. 56E4391 The most prolific popcorn. Its reported yields would seem fabulous if not attested by reliable growers. The ears are often eight or ten inches long, well filled with bright, hard kernels. The grain is large and vigorous growth, reaching a height of six feet. This corn for popping is altogether unsurpassed. Price, 5 pounds, 38c; pound, 9c.

NEW STRIPED. No. 56E4395 The handsomest variety in cultivation. The ears are of large size, produced 2 or 3 on a stalk. The kernels are of medium size most beautifully streaked red, yellow and white. Every kernel pops out fully: is very tender, sweet and delicious. We consider this one of the finest varieties in cultivation. Price, 5 pounds, 52c; pound, 14c.

QUEEN'S GOLDEN. No. 56E4392 This is perhaps the handsomest of all the popcorns when on the ear, surpassing all others in size and color. It pops perfectly white, and a single kernel will expand to nearly an inch. Produces four to six ears on a stalk. Price, 5 pounds, 37c; pound, 9c.

WHITE RICE. No. 56E4394 A very handsome and prolific variety. Ears short, kernels long, pointed and resemble rice, color white. Probably no variety of popcorn is superior to this for parching. Price, 5 pounds, 26c; pound, 9c.

WISCONSIN EIGHT-ROWED. No. 56E4394 A large eared excellent popping variety, producing 3 to 4 ears to a stalk and yielding heavier than any sort we have ever grown. Price, 5 pounds, 38c; pound, 9c.

LARGE USERS OF GARDEN SEEDS, especially truck gardeners, will find our bulk prices on vegetable seeds the lowest ever offered by a reputable house. We sell merchandise to over four million customers, principally farmers, and our seed business is so enormous that our quantity purchases are so large and our method of handling so simplified and systematized that we are able to name astonishingly low prices on every article the truck gardener raises.

SWEET CORN.

Our stocks of this very necessary article have been grown with the greatest care, and we are confident will give every satisfaction to our customers. They have all been tested for germination and are all of 1905 crop. The list of varieties which we offer, contains only the very best sorts covering the entire season in their period of ripening. Market gardeners, canners and others who rely upon pure stocks will make no mistake in purchasing their supply from us. We have made quality paramount to all other considerations in the selection of our seed corn. Owing to the ravages of the corn worm the past season, also to the wet season in some of the corn growing sections, first class sweet corn of high germination is very scarce, especially the late varieties. We are pleased to state, however, that we were fortunate in having ours grown where these conditions did not prevail, consequently we have a full supply of finest stocks of highest germination.

BLACK MEXICAN. No. 56E4364 This corn, when in condition for the table, cooks remarkably white, but the ripe grain is black or bluish-black. It is surpassed by none in tenderness and fine quality. For family use it is considered by many the most desirable of the sweet early sorts. It does especially well for second early in the South. Stalk about six feet high. Price, bushel, \$3.10; peck, 80c; ½ peck, 45c; quart, 19c.

CHICAGO MARKET OR BALLARD. No. 56E4356 Very large; good market sort. Price, bushel, \$2.45; peck, 65c; ½ peck, 35c; quart, 18c.

COUNTRY GENTLEMAN. No. 56E4362 This is a medium sized variety. The ears are quite large and frequently three on a stalk. The grains are irregularly set on the ear. The cob is remarkably small, giving great depth to the compressed grains. For delicious flavor and sweetness we do not know of anything that can surpass this variety. Price, bushel, \$3.10; peck, 80c; ½ peck, 45c; quart, 21c.

CROSBY'S EARLY. No. 56E4357 A most excellent early variety of fine quality. Ears of medium size, twelve-rowed or more, with short, nearly square grains, which are very white, sweet and tender. Plants about four feet in height. This is the sort so largely grown in Maine for canning, and it is the use of this variety rather than any peculiarity of soil that has given Maine sweet corn its reputation for quality. Price, bushel, \$2.60; peck, 70c; ½ peck, 40c; quart, 16c.

EARLY CORY. No. 56E4350 This is one of the earliest varieties, and is in wide favor. Very dwarf, and may be closely planted. Two ears to a stalk; cob red. Fit for use in 62 days from planting. Often grown as a second crop in autumn. It is quite possible to realize as much clear cash on early sales of the Cory as on sales of the larger and later varieties of sweet corn. Price, bushel, \$2.62; peck, 72c; ½ peck, 39c; quart, 16c.

EARLY MINNESOTA. No. 56E4355 The standard and most popular early variety of strong growth. Ears larger than the Cory, and matures between that variety and the Crosby. Eight rows of quite large sweet grains. Price, bushel, \$2.66; peck, 68c; ½ peck, 37c; quart, 16c.

EXTRA EARLY ADAMS. No. 56E4354 This is not a Sweet Corn, but produces ears well filled with tender white grains. It is ready for use about a week or ten days later than the Cory. On account of its hardness and hard, round grain, however, it can be planted much earlier. Price, bushel, \$2.22; peck, 58c; ½ peck, 34c; quart, 14c.

STOWELL'S EVERGREEN. No. 56E4361 This is the leading standard variety for home use, market, and canning. Our stock is most carefully selected and can be depended upon to produce fine large ears of superior quality. The stalks are of strong growth, each producing two large ears. The grains, while of good size, are long and slender, the cob being small. The grains are of rich sugary flavor, and retain their fine quality until quite advanced. Price, bushel, \$2.35; peck, 62c; ½ peck, 36c; quart, 16c.

MAMMOTH SUGAR. No. 56E4363 This tall growing Sweet Corn is one of the very sweetest known. It matures a little later than Evergreen, and is particularly good for canning purposes. It is an excellent late sort for the garden. Price ears of mammoth sugar have reached the remarkable weight of three pounds each. Price, bushel, \$2.90; peck, 74c; ½ peck, 39c; quart, 16c.

PLEASE REMEMBER that by buying this seed in bulk you obtain it for less than one-half cent per packet. If you wish seed in smaller quantities you will find it in the bargain collections which we offer elsewhere. But if you want the most for your money and get your neighbors to join you in club orders, you will obtain it by ordering your seed in bulk.

MAMMOTH WHITE CORY. No. 56E4352 Ears larger than common Cory, and two or even three to the stalk. Claimed by the originator to be largest and best extra early sweet corn in existence. The grains are in twelve rows, and the ear is symmetrical and handsome, with no openings between the rows at the base. Grains large and white, and of remarkably good quality, such as early sort. Excellent for market. Price, bushel, \$2.50; peck, 55c; ½ peck, 40c; quart, 15c.

MOORE'S EARLY CONCORD. No. 56E4358 A well known early variety, of large size, twelve-rowed, and of excellent quality. This makes a fine market corn. Price, bushel, \$2.95; peck, 78c; ½ peck, 43c; quart, 17c.

SWEET CORN—CONTINUED.

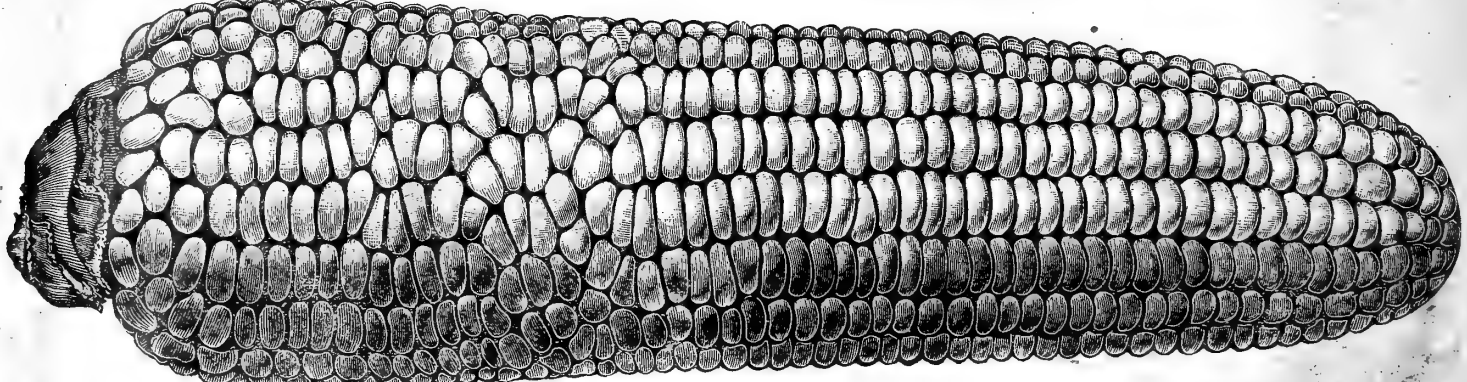

PEEP O' DAY. No. 56E4365 This most valuable sort is of Minnesota origin, and is not only early, but one of the sweetest and best. The stalks grow from three to four feet high. Ears average from five to six inches in length and are of perfect form, being compactly filled from butt to tip with milky white kernels of luscious tenderness and deliciously rich flavor. The toothsome quality is retained a much longer time than with most corns. The plants are very healthy growers, and are wonderfully prolific.
Price, bushel, \$3.15; peck, 80c; ½ peck, 45c; quart, 17c

PREMO. No. 56E4353 An extremely early variety, usually fit to use in fifty days from time of planting. It is not only very early, but is one of the sweetest and best. This variety combines all the good qualities of the later sorts, is much harder, and may be planted some days earlier without danger of rotting. It is a vigorous grower, stalks about 5 feet high, bearing two well developed ears to a stalk. Ears of good size, cob and kernel white.
Price, bushel, \$3.45; peck, 88c; ½ peck, 48c; quart, 17c

OLD COLONY. No. 56E4360 This variety differs from the Evergreen, in that it is a little sweeter and richer in quality, but does not remain long in condition for use. Stalks about six and one-half feet high, usually bearing two large sixteen to twenty-rowed ears. We do not know of any kind of late corn more valuable for the home or market garden than our improved strain of this splendid sort.
Price, bushel, \$2.70; peck, 69c; ½ peck, 39c; quart, 16c

WHITE COB CORY. No. 56E4351 The plants are usually about four feet high, and bear two or even three ears, which are eight-rowed, with large, somewhat coarse, but very sweet and tender grain.
Price, bushel, \$2.65; peck, 70c; ½ peck, 40c; quart, 15c

ZIG ZAG. No. 56E4359 This fine new strain possesses the distinct characteristics which have made Stowell's Evergreen so deservedly the favorite for main crop, but produces ears fit to use from one week to ten days earlier.
Price, bushel, \$3.10; peck, 80c; ½ peck, 45c; quart, 15c

No. 56E4366 WHITE EVERGREEN, TWO-THIRDS NATURAL SIZE.
WHITE EVERGREEN. No. 56E4366 This most valuable variety, introduced for the first time last year, combines so many excellent qualities that we do not hesitate to pronounce it the best sweet corn ever introduced. It is an improvement over the well-known Stowell's Evergreen, and is the result of more than twenty years' painstaking work on the part of the introducer, who is one of the most prominent corn growers in America. It is of extra strong, vigorous growth, usually producing two ears to the stalk. It is most attractive in appearance, the ears being large, long and well filled to the tip with long, slender kernels of the most delicious quality. It matures a few days earlier than Stowell's, is of much finer appearance and will always command a much better price in the market. The kernels are pure white, rendering it very valuable to the canners. It is remarkably vigorous, withstanding drought better than any variety we have ever grown. The husk grows tightly over the tips of the ears, affording an effectual protection from the green worm and other insects. The kernels are very long; cob small. While the ear is almost too large for table use, still its fine appearance, its delicious quality, and its great vigor and productiveness are bound to make it the best popular variety for market gardeners, canners and others. It is without a peer, and we cannot recommend it too highly to our many friends. Reports from all over the country, without exception, unite in pronouncing this the finest, sweetest and best variety ever planted. Our stock of this corn has been procured direct from the originator, and we know it is pure and of the highest germination. Its attractive appearance alone would sell it, but this combined with all its other good qualities makes it desirable.
Price, bushel, \$3.87; peck, \$1.07; ½ peck, 57c; quart, 21c

CORN SALAD.
LARGE LEAVED. No. 56E4410 The best variety grown. A most refreshing salad, used extensively in winter and spring as a substitute for lettuce; also cooked like spinach. Price, pound, 45c; ½ pound, 25c; ¼ pound, 15c

ORDER OUR COLLECTIONS when you do not require or cannot use large quantities. Our assortments shown elsewhere in these pages are offered you at prices in some instances only one-tenth of what others ask, but our bulk price is even lower, so that if you use large quantities of seeds it will pay you to buy from this bulk list.

CRESS.
Extensively used as a small salad. Frequent sowings should be made as it quickly runs to seed.
CURLED OR PEPPER GRASS. No. 56E4430 Much used with lettuce, to the flavor of which its warm pungent taste makes a most agreeable addition. Price, pound, 26c
WATER. No. 56E4431 The pleasant and peculiar flavor of the Water Cress causes it to be highly esteemed for table use. Will grow where there is sufficient supply of fresh pure water; need not be running water. It can also be grown in tubs of good soil kept in a very shady place, if watered occasionally.
Price, pound \$1.95; ½ pound, 54c; ounce, 17c

CUCUMBER.
This is one of the vegetables that can be grown to perfection by anyone who can control a few square yards of soil that is fully exposed to the sun. The fruit is so much better when gathered fresh from the vines than it is in the more or less wilted condition in which it is found on the market that every family should be supplied from its own garden. The great price advantage this catalogue offers you must be apparent when you compare the prices we ask for the choicest varieties of cucumber seeds with the prices asked by other dealers. We cut your cucumber seed bills in two.
ARLINGTON. No. 56E4447 A selection from the White Spine, being more pointed at each end. The young fruits are usually crisp and tender, and are of very dark green color, so that the variety is considered by many to be the best for small pickles.
Price, pound, 52c; ½ pound, 14c
CHICAGO PICKLING. No. 56E4445 This is a standard variety among the gardeners and seedsmen. It is undoubtedly the best cucumber for pickles and is used almost exclusively by our pickle factories. The fruit is of medium length, pointed at both ends, with large prominent spines, color deep green; begins to set its fruits when the vines are quite young. Price, pound, 62c; ½ pound, 18c
EARLY FRAME OR SHORT GREEN. No. 56E4442 An excellent sort both for table use and for pickling. Fruit straight, handsome, smaller at each end, bright green; flesh tender and crisp and makes fine pickles.
Price, pound, 59c; ½ pound, 18c

EARLY GREEN CLUSTER. No. 56E4440 This is a short pale green variety, which matures early. It is rather prickly and contains few seeds. The fruit is borne in clusters near the root, and is a favorite for pickling on account of its great productiveness.
Price, pound, 58c; ½ pound, 17c
EVERGREEN WHITE SPINE. No. 56E4446 Beautiful in shape and color and of the finest quality. The fruit is long, cylindrical, dark green, with very white crisp and tender flesh. An entirely new and distinct sort developed through very careful selection. The vine is vigorous and productive and comes into full bearing earlier than the Arlington. An excellent sort for culture under glass.
Price, pound, 63c; ½ pound, 19c
GHERKIN. No. 56E4449 A very small oval prickly variety, quite distinct from all others, and grown exclusively for pickles. It is the smallest of all the varieties and should always be picked when young and tender. The seed is slow to germinate, requiring usually from two to three weeks.
Price, pound, 88c; ½ pound, 26c

IMPROVED LONG GREEN. No. 56E4444 This fine cucumber grows from 12 to 16 inches or more in length and is of superior quality. The young fruits are very largely used for pickling, and it is a standard sort for that purpose. Full sized cucumbers are in high favor for making the so-called sweet pickles. Vines are strong growers and the fruit is always produced in great abundance, making it one of the most productive varieties in cultivation.
Price, pound, 56c; ½ pound, 16c

JERSEY PICKLING. No. 56E4443 This splendid variety originated in the celebrated pickle section on the Delaware river, about twenty-five miles above Philadelphia, where more pickles are grown than in any other section of the United States. It is pronounced by growers as the best of all for pickling.
Price, pound, 62c; ½ pound, 18c

LEMON CUCUMBER. No. 56E4448 A new and entirely distinct type of the cucumber family. In appearance it is nearly round, sometimes slightly oval, with the yellow and green markings and smooth skin of the lemon. The flesh is exceedingly tender and crisp, with a sweet, pleasing flavor unlike that of any other sort. It is entirely free from the bitter, acid taste so often found in others and is good clear through from end to end. They are excellent for slicing, and for table use are unsurpassed, being served whole. They are also very fine for pickling either in the green or ripe state, and are very attractive on account of their novel shape. They average about as large as a good size lemon, though much larger specimens have been grown.
Price, ounce, 79c; ½ ounce, 41c; packet, 14c

NICHOL'S MEDIUM GREEN. No. 56E4441 This variety is longer than the Improved Long Green. White Spine, but not as long as the Long Green. The cucumbers are very thick through, and are full at both ends. The skin is light green in color and very smooth.
Price, pound, 62c; ½ pound, 18c

EGG PLANT.
This most valuable vegetable is exceptionally fine for home use and a most profitable crop to grow for market. In order to command good prices for home, market, or shipping, fruit of perfect type is most necessary, and in order to produce it one must sow the very best and purest seed to be obtained. Our seed is grown by the best specialist in the United States, and is sure to produce fruit of large size, regular form and pure type. Market gardeners should be very careful where their supply of egg plant seed comes from.
BLACK PEKIN. No. 56E4491 A widely favorite egg plant. It produces handsome, nearly round solid fruit, weighing four to eight pounds, of good quality and maturing early. Very productive and satisfactory.
Price, ½ pound, 96c; ounce, 29c

IMPROVED NEW YORK PURPLE. No. 56E4490 The leading sort for home and market. Plant is a vigorous grower. Fruit large, fine and free from thorns, and produces until frost. Skin rich purple. Flesh white and of good flavor. We can highly recommend our carefully selected strain of this egg plant to market gardeners and amateurs.
Price, ½ pound, 88c; ounce, 24c

ENDIVE.
This plant closely resembling lettuce, furnishes an attractive and appetizing salad for the fall and winter months, or by repeated sowings a supply may be had nearly all the year around.
BROAD LEAVED BATAVIAN. No. 56E4503 Forms large heads of broad, thick leaves, which can be blanched as a salad or make excellent cooked greens, as well as being useful for flavor soups, stews, etc.
Price, pound, 73c; ½ pound, 19c

GREEN CURLED. No. 56E4500 Leaves finely cut or lacinated, giving the plant a rich mossy appearance which is greatly enhanced when the centers are nicely blanched. Price, pound, 78c; ½ pound, 21c

MOSS CURLED. No. 56E4501 One of the best autumn, winter or spring salads. Plant compact growing. Forms large, dense clusters of finely divided green leaves which, when properly blanched, are exceedingly crisp and tender.
Price, pound, 72c; ½ pound, 20c

WHITE CURLED. No. 56E4502 This beautiful variety does not need blanching to prepare it for use, the midribs being naturally of a pale, golden yellow, and the finely cut curled leaves almost white.
Price, pound, 74c; ½ pound, 21c

IT IS NO LONGER NECESSARY TO PAY A HALF DOZEN PROFITS when you buy garden or field seeds hereafter. We have adopted an entirely new and original method of handling seeds from the time our experts begin growing them until they are placed in your hands. By this new plan almost all the expensive methods in vogue in the old fashioned seed houses, methods by which the cost of handling is five times the original cost of the seeds and which you have to pay when you buy in the old way, have been wiped out by us. Our prices prove it.

GOURDS.

These are rapid growing climbers, therefore desirable for many places where an immense amount of vine is wanted quickly. With all sorts the fruit is unique and ornamental, and often useful. If you have an old tree, dead or nearly so, gourds will cover it to perfection. The small, fancy gourds are excellent toys for children, while the larger gourds may be used as dippers, sugar troughs or bowls.

DIPPER. No. 56E4515 When grown on the ground the stem is much curved; but on trellis the trellis the weight of the fruit makes the stem or handle straight. This gourd is very much in demand. Price, pound, 90c; ½ pound, 24c.

DISH CLOTH. No. 56E4516 The peculiar lining of this valuable gourd gives it its name. The fruit grows about two feet long. The interior membrane is serviceable for a variety of household purposes, being used as a dish cloth, or sponge. The fibre is tough, elastic and durable. Price, pound, \$1.90; ½ pound, 55c; ounce, 16c.

HERCULES CLUB. No. 56E4517 Immense green fruits 2 to 5 feet in length. Price, pound, 90c; ½ pound, 24c.

JAPANESE NEST EGG. No. 56E4518 This interesting gourd produces white fruit exactly the size and shape of a hen's egg. The matured fruit does not crack, and will serve for years as a nest egg, for use in darning stockings, or for ornamental purposes. Price, pound, 38c; ½ pound, 24c.

ORANGE. No. 56E4519 A good old sort, the fruit often finding its way into the family sewing basket. A beautiful and rapid climber, quickly covering trellises. Fruit the size and shape of an orange. Price, pound, 87c; ½ pound, 23c.

PEAR SHAPED. No. 56E4520 The size, shape, color and appearance of a pear. Price, pound, 92c; ½ pound, 25c.

SUGAR TROUGH. No. 56E4521 A very large gourd, holding from four to ten gallons, with a hard and thick shell, but light and durable, lasting for years. It is employed for a variety of purposes, from a bucket to a horse nest, and even for packing land. Price, pound, 95c; ½ pound, 26c.

MIXED. No. 56E4522 All the above kinds mixed. Price, pound, 82c; ½ pound, 23c.

No. 56E4523 Collection of Gourds, 7 varieties, named above, 7 packets for..... 24c

HERBS.

Every kitchen garden should have a few herbs. They are easily grown and are always pleasant and desirable for flavoring, perfuming and medicinal purposes.

KALE, OR BORECOLE.

This plant is useful for furnishing a large supply of greens for boiling during the early fall, winter and spring months. The plants are entirely hardy and the quality is much improved by freezing, but plants should not be handled while frozen.

DWARF GREEN CURLED SCOTCH. No. 56E4582 Plant low and compact, but with large, bright, deep green leaves, curled, cut and crimped until the whole plant resembles a bunch of moss. It would be well worthy of cultivation simply for its beauty. One of the best sorts for use, and when well grown and cooked is one of the most palatable of vegetables. Price, pound, 52c; ½ pound, 16c.

DWARF GREEN CURLED GERMAN. No. 56E4581 A dwarf variety for market gardeners. Sow broadcast in early fall, and cover with litter during winter; the tops will be ready for use in spring. Price, pound, 48c; ½ pound, 14c.

SIBERIAN. No. 56E4580 Sometimes called Sprouts and German Greens. In this variety the very large, green leaves are comparatively plain in the center but coarsely cut and frilled on the edge. The plant is low but spreading and very hardy. Price, pound, 41c; ½ pound, 13c.

TALL GREEN CURLED SCOTCH. No. 56E4503 This is very hardy and is not injured by a moderate frost. About thirty inches tall, with an abundance of dark green leaves which are densely curled and cut, forming a very beautiful plant. It stands the winter in the Middle States without any protection. Price, pound, 53c; ½ pound, 16c.

KOHL RABI.

The Kohl Rabi is a vegetable intermediate between the cabbage and turnip, and combines the flavor of each. The edible part is a turnip shaped bulb formed by the enlargement of the stem. When used for the table this should be cut quite small, as it is then very tender and delicate, but if allowed to reach its full size it becomes tough and stringy.

EARLIEST ERFURT. No. 56E4590 Excellent for forcing in open ground; flesh white and very tender, leaves very short. Price, ½ pound, 55c; ¼ pound, 29c; ounce, 9c.

EARLY PURPLE VIENNA. No. 56E4592 Very early, with small top, the leaf stems being tinged with purple. Bulb bright purple; desirable for forcing and early outdoor planting. Price, ½ pound, 57c; ¼ pound, 31c; ounce, 11c.

EARLY WHITE VIENNA. No. 56E4591 Extremely early, with distinctly small tops. Bulbs of medium size, white, handsome and of best quality. Price, ½ pound, 55c; ¼ pound, 30c; ounce, 10c.

LEEK.

Belongs to the onion family. Sow the seed and care for the young plants as for onions, but they need more room in order to develop.

GIANT CARENTAN. No. 56E4601 The largest variety, often three inches in diameter and becoming very white and tender. A hardy and desirable sort. Price, pound, 72c; ½ pound, 21c.

LARGE AMERICAN FLAG. No. 56E4600 This is producing large thick stems of sweet flavor when properly blanched. Price, pound, 76c; ½ pound, 22c.

LONDON FLAG. No. 56E4603 This is the variety generally cultivated in this country. It is hardy and of good quality. Price, pound, 71c; ½ pound, 19c.

MUSSELBURGH. No. 56E4602 An English variety of great merit, producing fan shaped foliage, quite a strong grower, and a desirable market variety. Price, pound, 68c; ½ pound, 19c.

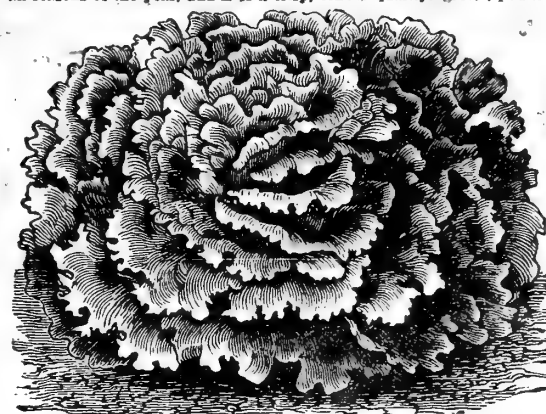

KOHL RABI.

LETTUCE.

This is perhaps more largely grown than any other vegetable in the entire list. It finds a ready market every month in the year, and if good varieties are grown is one of the most profitable crops a market gardener can handle. Our seed has been grown in the best lettuce section of the world and can be relied upon for both purity and high germination. While the requirements of the average family are limited, nevertheless the saving of 50 cents which the following quotations give you is worth your consideration. This is an index to the price savings we are able to give you on every vegetable you grow in your garden and every shrub you place on your lawn or every fruit tree you may plant in your orchard. One ounce will produce 2,500 plants.

ALL SEASONS. No. 56E4629 This is one of the best of all head lettuces. It forms a handsome, very large solid head, almost as large as a Flat Dutch cabbage. The leaves are a beautiful light green and the inner ones are very tender and crisp. It goes to seed very slowly and is an excellent and profitable sort for the market gardener, or for the home garden for early or late sowing. Price, pound, 55c; ½ pound, 16c.

BIG BOSTON. No. 56E4618 Most desirable either for forcing in cold frames or outdoor culture. Popular with market gardeners and truckers, because it always produces large, solid, salable heads, and with private growers because it heads up at all seasons of the year, and is of a crisp, tender quality. Price, pound, 52c; ½ pound, 16c.

BLACK SEED-ED SIMPSON.

No. 56E4610 A very desirable variety of the Curled Simpson. Does not produce a solid head, but a compact mass of leaves, which are of a much lighter color than the ordinary Simpson, and forms heads double the size. Price, ½ pound, 14c; Pound, 48c.

BOSTON CURLED.

No. 56E4625 A variety of great beauty, with frilled leaves. Crisp and tender, but of rather pronounced flavor. It is a cutting variety, not a head lettuce. Especially good as a garnish. Price, ½ pound, 16c; Pound, 55c.

No. 56E4610 BLACK SEED-ED SIMPSON.

CALIFORNIA CREAM BUTTER. No. 56E4619 A strong growing sort with dashes. It forms a very solid head of rich cream colored leaves which are very thick, tender and of splendid quality. This sort is very hardy and is sometimes called Winter Lettuce. Price, pound, 62c; ½ pound, 18c.

DEACON. No. 56E4614 Is a large, solid, most satisfactory variety for the family garden, but is the most sure heading of any large buttery variety. The interior of the head blanches to a beautiful golden yellow, and is of a rich buttery flavor. One of the most desirable to grow in a cool greenhouse or cold frame, for use during winter and early spring. Price, pound, 48c; ½ pound, 14c.

DEFIANCE. No. 56E4626 One of the finest new varieties of Head Lettuce, which stands the summer heat better than most others. It forms very large, solid heads, so firm that they have to be cut open to allow the flower shoots to come through. The leaves are light green. Price, pound, 56c; ½ pound, 16c.

DENVER MARKET. No. 56E4630 An early variety of Head Lettuce, either for forcing or open ground. It forms large heads, of good light green color. The leaves are beautifully marked and blistered (like the Savoy Cabbage), very crisp and tender. Price, pound, 47c; ½ pound, 14c.

EARLY CURLED SILESIA. No. 56E4624 The old favorite, of dwarf, compact habit and quick growth, crisp golden leaves with finely curled edges. Price, pound, 49c; ½ pound, 14c.

EARLY CURLED SIMPSON, WHITE SEED. No. 56E4611 An early, erect growing, clustering variety. It may be sown thickly and cut when the plants are very young. Leaves broad, often frilled and blistered and formed into a loose head. Light green in color and exceedingly sweet tender and well flavored. Price, pound, 51c; ½ pound, 14c.

BY ORDERING THIS SEED IN BULK you get about as much as is contained in a very low price indeed. By securing club orders from your neighbors and by buying in bulk you receive the greatest values for your money. If you wish smaller quantities you will find them in the collections offered elsewhere in this catalogue.

EARLY TENNIS BALL, BLACK SEED. No. 56E4623 A first class variety and under glass or early planting outdoors. Plants medium sized, having thick, dark green leaves and when well grown forming very solid heads, the inner leaves being blanching to a creamy white and exceedingly crisp, tender and rich flavored. Out of doors the variety does not stand hot weather as well as many sorts. Price, pound, 52c; ½ pound, 14c.

EARLY TENNIS BALL, WHITE SEED. No. 56E4622 A very popular and early variety, forming a fine solid head, which is both crisp and tender, very desirable for forcing, and a profitable variety for market gardeners. Price, pound, 55c; ½ pound, 15c.

GRAND RAPIDS. No. 56E4612 A loose headed lettuce of high table merit, for open air culture or forcing. Leaves yellowish green; growth compact. May be set as closely as 6x6 inches. A quick grower and good shipper. Stands a week or more before shooting to seed. Free from rot. It is the market gardener's favorite forcing lettuce. Price, pound, 64c; ½ pound, 18c.

HANSON. No. 56E4617

Plant large, forming a large flat head, resembling that of cabbage and so slow to form a seed stalk that it often fails to seed at all. Outer leaves bright green with prominent light colored veins; inner leaves white and usually curved and twisted at the base; very tender and sweet. Price, lb., 48c; ½ lb., 14c.

HUBBARD'S MARKET.

No. 56E4627 Similar in type to Tennis Ball, but forms a larger, looser, more showy head and is later to mature. Price, lb., 48c; ½ lb., 14c.

NEW YORK. No. 56E4616

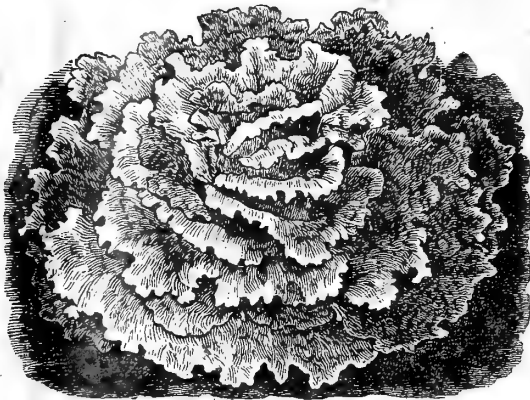

Plants of extra large growth, producing heads of immense size; plants sometimes measure fifteen inches in diameter, with heads as large as small cabbages, and closely folded. Inner portion is beautifully blanching. Outer leaves a deep rich green. Price, pound, 52c; ½ pound, 14c.

PARIS WHITE COS. No. 56E4628 The Cos lettuce differs entirely in shape from the other varieties, the head being elongated and of conical form, eight or nine inches in height, and five or six inches in diameter. The outer coloring of this variety is yellowish green. To be had in perfection, it requires to be tied up to insure blanching. Millions of this variety are annually grown to supply the markets of London alone. Price, pound, 56c; ½ pound, 16c.

No. 56E4617 HANSON.

LETTUCE—CONTINUED.

No. 56E4616 PRIZE HEAD.

each. The quality is superb, being crisp, rich and tender. It withstands the heat well, making a fine variety for all seasons. Price, pound, 62c; ½ pound, 18c.
MARTYNIA. No. 56E4690 The Martynia or Unicorn Plant is quite ornamental in growth and bears large pyramidal spikes of Gloxinia like flowers followed by hairy seed pods of a peculiar shape. These pods are gathered while young and tender, and pickled in vinegar. Price, ounce, 18c.

PRIZE HEAD.

No. 56E4616 The leaves are very large, crimped, bright green tinged with brownish red, and are exceedingly tender, crisp and sweet, forming a large, loose head.

Price, ¼ pound, 18c
 Pound, 58c

ST. LOUIS.

No. 56E4613 Famous at the recent World's Fair. A big, solid head, like a cabbage; crimped, yellow leaves; inside of finest quality, green outside.

Price, ¼ pound, 14c
 Pound, 51c

WONDERFUL.

No. 56E4620 The large, white heads resemble cabbage in their solidity and frequently weigh two and three pounds

WE GIVE YOU FROM FOUR TO TEN TIMES THE QUANTITIES

of seeds the seed dealer will give you for the same money, and in quality we give you the finest seeds, the choicest varieties, the most prolific in growth and yield that it is possible to procure anywhere in the world—tested, carefully selected seeds of guaranteed germination and true species.

MUSHROOMS.

This is one of the most luxurious and highly prized of all vegetables. A necessity in all high class hotels, restaurants and in houses of refinement.

ENGLISH SPAWN.

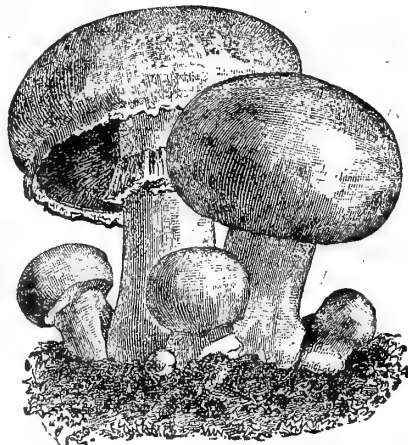

No. 56E4800 It comes in pressed bricks weighing about 20 ounces. These are broken up into pieces the size of a walnut and put into the bed eight inches apart each way.

Price, 100 pounds, \$9.90; 50 pounds, \$5.55; 5 bricks, \$1.02; brick, 24c.

PURE CULTURE SPAWN.

No. 56E4802 The highest development in the art of spawn making. This new method of breeding the spores of mushrooms in airtight tubes, so that the exact sort may be reproduced and the extent of the inoculation of the bricks positively known, will, it is believed, soon supersede others. By this selection of varieties the inferior yielding kinds are avoided. We now offer the Cream Brown variety which increases the yield from ½ to 1 pound per square foot over other kinds.

Price, bricks weighing 20 to 24 ounces: 100 pounds, \$9.72; 25 pounds, \$2.76; 5 bricks, 98c; brick, 23c.

MUSHROOMS.

CULTURAL CIRCULAR.

With all orders for Mushroom Spawn we send our Cultural Circular FREE. It tells all about how to prepare the bed; how to plant; how to grow and market this delicious vegetable. Market gardeners and others living near large cities can make big profits by growing mushrooms for the market, and anyone devoting a little spare time and a little space in the cellar or a shed can at all times have a bountiful supply for home use. This circular will be sent free to anyone on request.

MUSKMELONS.

This delicious fruit is easily grown and should be extensively cultivated. It only requires a little space and rich soil and a little care when the plants are young and tender. A small space devoted to it in the garden will pay handsome returns and afford an abundance of choice fruits for a family. One ounce will plant 60 hills.

BAY VIEW. No. 56E4702 Fruit of the largest size, frequently weighing fifteen to seventeen pounds; long, deeply ribbed and covered with coarse netting; flesh green, thick and of fine flavor. By far the best of the large melons and so hardy as to be the best for inexperienced cultivators. A late variety. Price, pound, 54c; ½ pound, 15c.

CHAMPION MARKET. No. 56E4709 Fruit large, round or slightly oval, with very shallow depressions and covered with dense netting. Flesh green, of medium texture, very thick and sweet. The variety is an improvement on Montreal and will suit those who like a large, sweet, green fleshed sort. Price, pound, 52c; ½ pound, 14c.

CHICAGO MARKET. No. 56E4710 This we consider the best nutmeg melon for small seed cavity, deep green flesh, juicy, delicious flavor and freedom from rot. A favorite with all who prefer a green flesh sort. Price, pound, 62c; ½ pound, 18c.

EARLY HACKENSACK. No. 56E4708 The favorite New York market variety. Fruits are of good size, round, heavily ribbed and netted. Hardy and productive, with thick, firm, green flesh, of excellent flavor. Price, pound, 48c; ½ pound, 14c.

EMERALD GEM. No. 56E4714 Fruit small to medium sized, globose, or slightly flattened at the ends, only slightly netted and ribbed. Skin deep green while young, becoming tinged with yellow as the fruit matures; flesh deep salmon yellow, thick, ripening close to the rind and exceedingly high flavored. This variety has steadily grown in popular favor, and in many large markets leads all other kinds, because of its sweetness and convenient size. Price, pound, 54c; ½ pound, 16c.

GREEN FLESHED OSAGE. No. 56E4706 This valuable variety is of the size, form and shape of the Osage or Miller's Cream. It has the same delicious flavor, the same good shipping qualities and the same productiveness as the old sort. The main point of difference lies in the color of the flesh which is green instead of salmon. It is an excellent keeper, a most delicious table variety and a very profitable sort to grow for the market. Price, pound, 63c; ½ pound, 18c.

HACKENSACK. No. 56E4705 Fruit very large, the diameter more than the length; ribs large and of irregular width, densely covered with coarse netting; flesh green, thick, coarse, but very sweet and fine flavored. Price, pound, 53c; ½ pound, 16c.

MONTREAL NUTMEG. No. 56E4707 This is a very large fruited variety of superior quality. The fruits are nearly round in form, slightly flattened at the ends, with very large, broad, heavy ribs. Dark green, thickly covered with heavy netting. The flesh is two inches thick, light green, melting, and of delicious flavor. Price, pound, 64c; ½ pound, 18c.

NETTED GEMS. No. 56E4701 The best known early melon. Shipped to every market of note, in great quantities every year. Medium size, but of excellent flavor. Price, pound, 48c; ½ pound, 14c.

No. 56E4706 GREEN FLESHED OSAGE.

Price, pound, 66c; ½ pound, 18c.

PRIZE JENNIE LIND. No. 56E4713 (Green flesh). This is the earliest of the green fleshed sorts, and one of the sweetest. It is round or flattened. In size it is small, being from 3 to 5 inches in diameter; a very convenient size for serving in halves; it is more largely grown in the great melon producing state of New Jersey than any other sort, and is used in enormous quantities in the eastern cities and at the seashore resorts. The vines are very prolific, and the culture is profitable. Price, pound, 45c; ½ pound, 12c.

ROCKY FORD.

No. 56E4700 This has become one of the most popular of small or basket melons, and is shipped in large quantities from Colorado and Arizona. The fruit is oval; slightly ribbed and densely covered with the netting. Flesh, thick green, very sweet and high flavored. We offer an exceptionally fine stock of this early sort, the fruit being wonderfully uniform in shape and quality. Price, pound, 42c; ½ pound, 12c.

SKILLMAN'S NETTED.

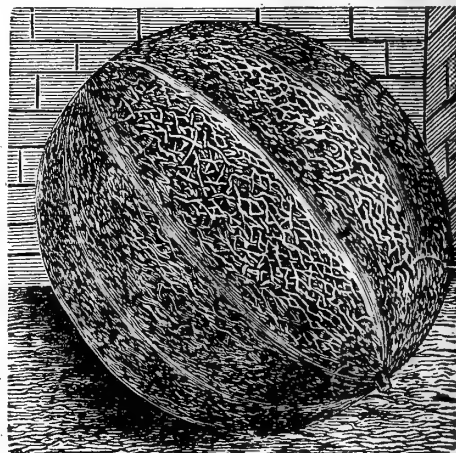

No. 56E4703 Form roundish oval; flesh deep green, sweet and richly perfumed; an early and delicious variety. Price, pound, 44c; ½ pound, 12c.

SURPRISE.

No. 56E4711 This old variety is still highly esteemed. Fruit nearly round, but slightly lobed and netted. Skin yellowish white. Flesh deep salmon color, very sweet and high flavored. Price, pound, 45c; ½ pound, 12c.

TIP TOP.

No. 56E4715 This is a yellow fleshed melon of the very best quality; every melon produced, big or little, early or late in the season, is a good one. They are sweet, juicy, of finest flavor, edible to the very rind. It is a strong grower and a heavy yielder, and of handsome appearance. Price, pound, 48c; ½ pound, 16c.

No. 56E4700 ROCKY FORD.

ONE OF THE REASONS WE EXPECT to do the largest seed business in the United States is shown in the price reductions we are able to make on these choicest varieties of muskmelon and watermelon seeds. You will note that we offer you an unsurpassed assortment of these delicious fruits, and the quotations named are from one-third to one-half those named by other seedsmen and dealers. Please remember that lowness of price does not mean a lessening of quality. In fact, the great saving we bring you is due entirely to changed methods of handling seeds by which we are able to give you the choicest varieties of proven value at a price a little above the actual cost of the seeds from the grower.

WATERMELONS.

Although the Watermelon is a tropical fruit and can be most easily grown in the South on a warm, rich sandy soil, yet no one need abandon its culture because he has not these conditions for some of the sweetest melons ever produced have been grown in Michigan, in the latitude of 45 degrees north, and Cuban Queens weighing over 60 pounds have been raised in cold, clay soil in northern Ohio.

BLACK DIAMOND. No. 56E4758 Its prominent point of merit is its extreme size. No melon ever yet produced anything like so uniformly large fruit, nor approached it in productiveness. Melons weighing from 75 to 90 pounds are frequent. It is the most prolific watermelon ever planted. Its color is a rich, dark green, almost black. Its symmetrical shape, roundish to bluntly oval, is uniform throughout the field. The vine is extremely vigorous. Price, pound, 41c; ½ pound, 22c.

BLACK SPANISH.

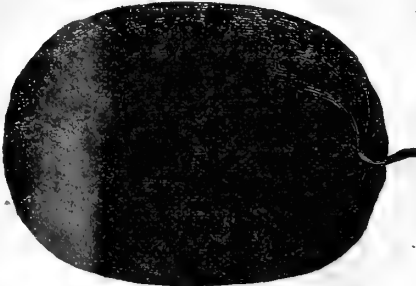

No. 56E4753 Large, roundish nearly black; dark red flesh; early. Price, pound, 29c; ½ pound, 16c.

COLE'S EARLY.

No. 56E4761 A fine Watermelon of medium size, almost round in shape, mottled with various shades of green. The rind is thin, and the bright red flesh is of delicate texture. It is claimed that this early, quick maturing variety will ripen in any latitude where the season is as long as that of New York state. Price, pound, 31c; ½ pound, 16c.

CUBAN QUEEN.

No. 56E4760 Exterior beautifully striped and mottled. Rind thin, but firm. Flesh bright red, solid, sweet and luscious. One of the best keepers of all the watermelons, and a first rate shipper. Specimens of this splendid variety weighing 100 pounds have been grown. The Cuban Queen is a very prolific and profitable melon, and is planted extensively for market purposes. It is in equally high esteem with consumer and grower. Price, pound, 28c; ½ pound, 16c.

No. 56E4753 BLACK SPANISH.

watermelons, and a first rate shipper. Specimens of this splendid variety weighing 100 pounds have been grown. The Cuban Queen is a very prolific and profitable melon, and is planted extensively for market purposes. It is in equally high esteem with consumer and grower. Price, pound, 28c; ½ pound, 16c.

WATERMELONS—CONTINUED.

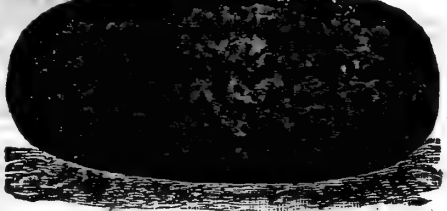

FLORIDA FAVORITE.

No. 56E4751 A beautiful melon, with dark and light green exterior. Shape oblong. Flesh bright crimson, crisp and deliciously sweet. Ripens ahead of Kolb's Gem, Ironclad or Rattlesnake. A good shipper. Price, 1/2 pound, 10c; 1 pound, 31c.

GYPSY, OR GEORGIA FAVORITE.

No. 56E4755 One of the largest, oldest and most popular sorts, particularly in the South. Fruit oblong, of light green color, finely marked with a darker shade. Flesh bright scarlet and very sweet. Price, pound, 32c; 1/2 pound, 17c.

ICE CREAM. No. 56E4759 This variety grows to a medium size; nearly oval, of a pale green color, and has a thinner rind than any other variety; flesh is bright crimson, crisp and of delicious flavor. Price, pound, 28c; 1/2 pound, 16c.

No. 56E4751 FLORIDA FAVORITE.

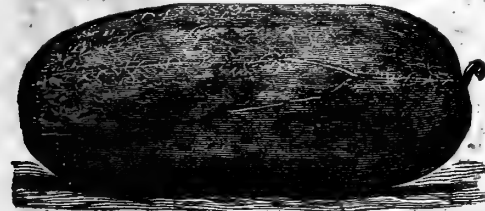

NOTE THE LARGE QUANTITY OF SEED

you obtain when buying in bulk. One pound contains as much as 60 to 75 packets, so you will readily see the advantage of buying by the pound. If you do not require so large a quantity, buy one or more of our great collections, offered elsewhere, or get your neighbors to join with you in buying. In buying in bulk you save the expense of putting up the packets.

KLECKLEY SWEETS. No. 56E4762 Large, oblong melon, 20 inches in length, by 10 to 12 inches in diameter. Skin is dark green, flesh bright scarlet, the rind only about one-half inch in thickness. The scarlet flesh is sweet and sugary, and is of such texture that it leaves no strings of pulp whatever in eating. The melon is better for home use than for shipping, and we believe it is the best table melon today. Price, pound, 42c; 1/2 pound, 22c.

KOLB'S GEM. No. 56E4757 Largely grown in the South for shipping to Northern markets, as it carries well. The melons are large, of a thick, oval, blocky form. Skin handsomely marked in dark and light green stripes. Flesh bright red, but rather coarse, and of only fair quality. Price, pound, 34c; 1/2 pound, 19c.

MONTE CRISTO. No. 56E4752 An exceptionally good market variety. The vines are vigorous and very productive. The fruits are large, and of most delicious quality. The color is dark green, mottled lighter green, while the flesh is bright rich red. It is enormously productive, of such handsome appearance, and of such delicious, melting quality that once planted it is never discarded. Many good judges and many large planters unite in pronouncing this the best and most profitable variety ever introduced. Price, pound, 39c; 1/2 pound, 21c.

PHINNEY'S EARLY.

No. 56E4754 A valuable variety for use in the North, as it is hardy and a sure cropper. Vines vigorous and productive, fruiting quite early; fruit medium sized, oblong, smooth, marbled with two shades of green; rind thin; flesh pink, tender, and crisp. Price, 1/2 pound, 16c; 1 pound, 30c.

SWEETHEART.

No. 56E4754 PHINNEY'S EARLY. This melon is very popular. Shipping melon, particularly in the South. Vines vigorous and productive, ripening its fruit early. Fruit medium sized, oblong, smooth, marbled with red, firm, solid but very tender, melting and sweet. Fruit retains its good quality for a long time after ripening. Price, pound, 28c; 1/2 pound, 16c.

TRIUMPH. No. 56E4756 A Southern variety which is very popular with shippers. The fruit is uniformly large, nearly round, dark green, often indistinctly striped with a lighter shade, and has a thin and firm rind, which makes it an excellent shipper. Flesh bright red and of good quality. Price, pound, 36c; 1/2 pound, 21c.

GET UP CLUB ORDERS

for garden seeds. Have your neighbors join you. You get your seeds very much cheaper when you buy either in bulk or in the assortments offered. Our prices are so low that it will be very easy for you to influence your friends to let you order their garden and vegetable seeds, and remember that we send you our profit sharing certificates with every purchase of seeds amounting to \$1.00 or more, and these may be exchanged for valuable and useful articles free of expense to you.

MUSTARD.

Mustard is not only used as a condiment but the green leaves are used as a salad or cut and boiled like spinach. In the South the seed should be sown in autumn and the plants used early in the spring as a salad and for greens.

BROWN. No. 56E4810 Used for the same purposes as the White; the difference being in the color of the seed. Price, 5 pounds, 31c; 1 pound, 11c.

SOUTHERN GIANT, CURLED. No. 56E4812 The true curled leaf variety so nish an early spring salad. Price, 1 pound, 28c.

WHITE. No. 56E4811 This is the common White Mustard of commerce, used both as a salad and for flavoring purposes. Price, 5 pounds, 32c; 1 pound, 11c.

OKRA.

Cultivated for its young seed pods which are used in soups or stewed and served like Asparagus. It is highly esteemed in the South for making the famous gumbo soup. The pods, when young and tender, may be sliced in sections and strung on a thread and hung up in the shade to cure as one would dry apples; in this condition they can be used for soup at any time.

DWARF, PROLIFIC OR DENSITY. No. 56E4821 Dwarf stocky growth, prolific and early. Price, pound, 31c; 1/2 pound, 16c.

LADY FINGER. No. 56E4820 Plants of tall growth, producing long slender pods of pale green color. Price, pound, 32c; 1/2 pound, 18c.

TALL GREEN. No. 56E4823 A tall growing variety, producing long, thin pods. Price, pound, 32c; 1/2 pound, 18c.

WHITE VELVET. No. 56E4822 Pods never prickly to the touch, being always edged. Superior flavor and tenderness are characteristics of this okra, and it is very productive. Price, pound, 32c; 1/2 pound, 18c.

ONIONS.

This is one of most important crops grown for the market and too much care cannot be taken in selecting seed. In fact the crop depends so largely on the seed that a grower would be very foolish to buy his stock simply because it could be had for a little less money than offered by responsible parties. The stocks which we offer are all of 1905 growth and of high germination. They have been produced for us under contract in one of the greatest and most reliable seed districts in the world, and we know will produce pure types and good crops. Owing to smaller plantings than usual and the failure of the crop in the largest growing sections of the country, most varieties of onion seed are very scarce this season. We are pleased to state, however, that with one or two exceptions we have been extremely fortunate in securing full crops which we offer to our customers as long as they last at the low prices named herein. We would, therefore, advise all our friends to place their order for onion seed early.

One ounce will sow 100 feet of drill; 40 to 60 pounds per acre are generally sown for sets. 4 to 6 pounds per acre are generally sown for large onions.

AUSTRALIAN BROWN. No. 56E4845 This onion is of medium size and of good quality, very early, rather flattened in shape, of brown color, when only a few inches high, and quickly reaches maturity. Its leading and most valuable feature, aside from appearance and quality, is its long keeping ability. It will literally keep for a year or more. Price, pound, 90c; 1/2 pound, 48c; 1/4 pound, 28c.

BARLETTA. No. 56E4844 This is regarded as one of the earliest varieties in cultivation. The onion crop is matured the tops die down close to the bulb, leaving the most perfect miniature onions imaginable, ranging from one to one and one-half inches in diameter, of a pure paper white color, exceedingly mild and delicious in flavor; it is a grand variety for pickling purposes. Price, pound, \$1.22; 1/2 pound, 63c; 1/4 pound, 34c.

CRYSTAL WHITE WAX. No. 56E4846 This remarkable variety has attained great prominence the past few years in some sections of the South, where it has been cultivated on a very extensive scale. It is quite flat in shape, pure waxy white, from one-half to three-fourths larger than White Queen or Barletta, and of most excellent flavor. It grows very quickly, forming good sized onions in a remarkable short time and is particularly recommended for early planting. Price, pound, \$2.28; 1/2 pound, \$1.15; 1/4 pound, 61c; ounce, 19c.

EARLY FLAT DANVERS. No. 56E4830 It ripens more surely in moist locations than do globe shaped varieties, as well as being earlier. It is becoming most popular also for growing yellow onion sets. Our strain produces thin-necked flattened bulbs which are quite thick through, yielding well; thin pale yellowish skin, with fine grained, mild white flesh. Price, pound, 84c; 1/2 pound, 44c; 1/4 pound, 23c.

EXTRA EARLY FLAT RED. No. 56E4836 A well flattened, but quite deep, extra early red onion, which yields abundantly, keeps well, and is of mild flavor. The bulbs are of medium size and deep rich red in color, very close grained, solid and heavy. This variety will form bulbs in cold mucky soil, where others frequently fail to ripen. It is recommended especially for the North and Northwest, where the seasons are short and cool. In rich soils it frequently grows almost as large as the Large Red Wethersfield, ripening earlier. Price, pound, 86c; 1/2 pound, 46c; 1/4 pound, 24c.

EXTRA EARLY PEARL. No. 56E4860 A pure silvery white onion of very quick growth, frequently maturing in seventy days from sowing the seed. Bulbs are flattened of small to medium size, with silvery white skin; flesh crisp and mild in flavor. In the South this variety is largely planted for sets. Price, pound, \$1.20; 1/2 pound, 64c; 1/4 pound, 33c.

No. 56E4833

flavor as many varieties with skin of lighter coloring, while they keep well to hold crops for later winter markets. Price, pound, 98c; 1/2 pound, 54c; 1/4 pound, 29c.

LARGE RED WETHERSFIELD

No. 56E4833 This is the most popular standard variety for winter market in many Northern states. It is not an early ripening sort, as it continues in growth throughout the season, and consequently makes very large onions. Though well flattened the solid onions are thick through. The outer skin is a deep rich purplish red, smooth and glossy; flesh white, lightly tinged with pinkish rose. The large solid onions are nearly as mild in

PLEASE BEAR IN MIND

that when you buy 1/2 pound or a pound of this seed you are getting much larger values than you possibly could by buying in collections or buying packet goods from seed houses. One pound contains more than one hundred times as much as you get in a packet, so that the cost of the seed is considerably less than 1 cent per packet. If you do not use so large a quantity get up a club order or buy one of our wonderful collections.

MAMMOTH SILVER KING. No. 56E4843 This splendid white onion produces through. Under good cultivation the average diameter is from five to seven inches, single bulbs often attaining a weight of from two to three pounds each. The thin skin is a clear silvery white, flesh snow white, sweet and tender. They grow quickly, mature quite early, and sell well in autumn and early winter. Price, pound, \$1.02; 1/2 pound, 56c; 1/4 pound, 31c.

NEW WHITE QUEEN. No. 56E4861 Best of all for small pickles and the earliest ripening onion in cultivation. The bulbs, of a pure paper white, are generally very small, averaging only about an inch in diameter, and are most satisfactory ripening of the bulbs. Skin straw yellow; flesh white and mild. Price, pound, \$1.26; 1/2 pound, 66c; 1/4 pound, 36c.

OHIO YELLOW GLOBE. No. 56E4840 A large pale yellow onion of beautiful globe shape, but does not average so large as the Southport Yellow Globe. We offer a selected strain, which has uniformly small necked growth, insuring satisfactory ripening of the bulbs. Skin straw yellow; flesh white and mild. Price, pound, \$1.68; 1/2 pound, 88c; 1/4 pound, 54c.

PRIZETAKER.

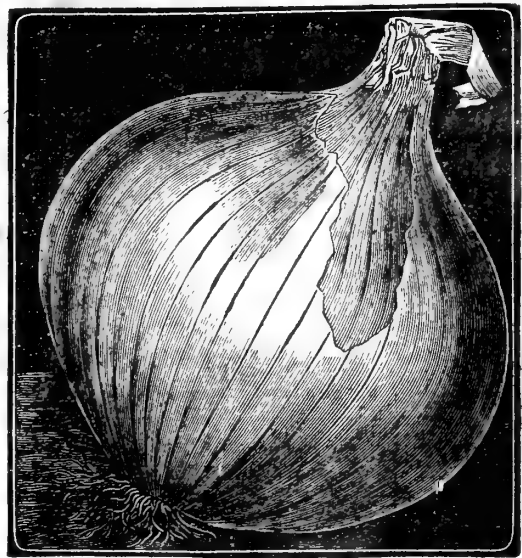

No. 56E4838

The Prizetaker Onion grows uniform in shape, of a nearly perfect globe, with thin skin of bright straw color. It is of immense size, measuring from twelve to eighteen inches in circumference, while under special cultivation specimen bulbs have been raised to weigh from three to five pounds each. It ripens up hard and fine, and presents the handsomest possible appearance; the flesh is pure white, fine grained, mild and delicate in flavor; excellent for fall and early winter. Price, 1/2 lb. \$0.36; 1/4 lb. \$0.62; 1/8 lb. \$1.14.

RED BERMUDA

No. 56E4841

This is not only the most popular but the most salable of all foreign varieties, and one that is grown more extensively in the South than any other. It is oval in shape, of a brownish red color, quite early, very solid, does not skin in transportation, and keeps better than any other foreign variety; is also of mild and delicate flavor. Like the Italian varieties it produces full grown onions from seed the same season. Price, pound, \$1.98; 1/2 pound, \$1.02; 1/4 pound, 54c.

No. 56E4838 PRIZETAKER

WE CALL YOUR SPECIAL ATTENTION

to the remarkably low prices we quote on bulk vegetable seeds. No seed dealer has ever offered the values quoted in these pages, no seed dealer can approach us in lowness of price for the reason that, he does business on the old fashioned basis, paying enormous commissions to local agents and long profits to other middlemen, all of which our selling plan entirely eliminates.

Our Seed of Bermuda Onions is a Pure Strain. Grown in the Tenerife Islands

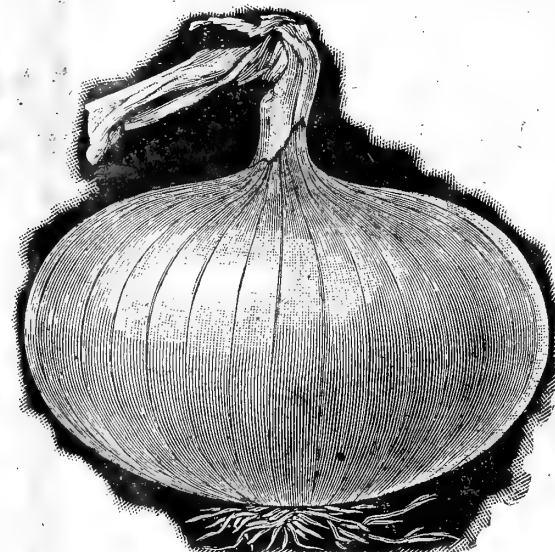

ONIONS—CONTINUED.

SOUTHPORT RED GLOBE. No. 56E4837 Very similar to Wethersfield in color, having a deep red skin, but differing in shape, being almost a perfect globe. It matures with or a little later than Wethersfield, and is one of the best keepers of the red varieties. Size large. Flesh fine grained, mild and very tender. Price, pound, \$1.36; ½ pound, 72c; ¼ pound, 39c.

SOUTHPORT WHITE GLOBE. No. 56E4839 The large bulb is beautiful and symmetrical with clear, white skin. The flesh is firm and fine grained, and mild to the taste. The Southport White Globe is a good keeper and a good market onion. Price, pound, \$1.80; ½ pound, 94c; ¼ pound, 49c.

SOUTHPORT YELLOW GLOBE. No. 56E4835 Entirely distinct from the others. It is one of the Danvers type, having notable and peculiar characteristics of its own. The flesh is white, fine and mild. The bulb is large and handsome, and is always a good seller. It is a heavy cropper and good keeper. Price, pound, \$1.40; ½ pound, 78c; ¼ pound, 42c.

WHITE BERMUDEA. No. 56E4842 Similar in every respect to the Red Bermuda, except in color. A very popular variety in the South. Tender seed. Price, pound, \$2.10; ½ pound, \$1.10; ¼ pound, 60c.

No. 56E4834 WHITE PORTUGAL.

YELLOW STRASBURG. No. 56E4831 The best yellow for sets. We sell hundreds of pounds for that purpose. Flat, flesh white, fine grained, mild and well flavored. Price, pound, 98c; ½ pound, 54c; ¼ pound, 29c.

ONION SETS.

WE SELL MORE ONION SETS probably than any other dealer in the country. We have been very careful in placing our contracts for our supply, and have been fortunate in securing a very large quantity at a price which permits us to offer them to our customers at prices 25 per cent lower than other dealers quote. Market gardeners are especially invited to note the enormous saving buying from us at the prices named will net them.

These are subject to market fluctuations and the price we name is guaranteed not to decline. We can supply at this price until our present stocks are exhausted, after which time if we are obliged to go into the open market we shall have to charge current market prices. It is therefore essential that you place your orders for these early.

RED BOTTOM. No. 56E4900 Bright, deep red in color, even and dry. Price, ½ peck, \$0.29; Peck, 55c; Bushel, 1.55.

WHITE BOTTOM. No. 56E4901 Our sets of this are very choice, small, dry and unsprouted. Price, ½ peck, \$0.36; Peck, 62c; Bushel, 2.20.

WHITE MULTIPLIERS. No. 56E4906 They are of a pure, silvery white color, enormously productive, frequently producing as many as twenty bulbs in a single cluster from one bulb planted; of excellent quality and size for bunching. Their keeping qualities are remarkable, having kept perfectly sound for a year, but their most important quality is extreme earliness, being ready for market three to four weeks ahead of other onion sets. Price, ½ peck, \$0.34; Peck, 62c; Bushel, 2.20.

WINTER TOP. No. 56E4904 This variety never forms a large bulb; their value lies wholly in their special adaptability for producing green onions for spring or fall use. They are perfectly hardy and stay in the ground all the time. Price, bushel, \$2.48; peck, 65c; ½ peck, 35c.

YELLOW BOTTOM. No. 56E4902 Fine dry sets, medium in size and unsprouted. Price, bushel, \$1.98; peck, 54c; ½ peck, 29c.

PARSLEY.

Very useful for flavoring soups and stews and for garnishing. The green leaves are used for flavoring of they may be dried crisp, rubbed to a powder, and kept in bottles until needed.

CHAMPION MOSS CURLED. No. 56E4952 A compact growing, finely cut and densely curled variety, of a deep green color. Owing to its fine color and handsome foliage, it is one of the most popular sorts. Price, pound, 1.9c.

DOUBLE CURLED. No. 56E4951 A fine, free growing, but not large variety. The leaves are bright pale green and exceedingly handsome. Greatly prized for garnishing and table decoration. One of the best for market or private gardens. Price, pound, 2.1c.

HAMBURG ROOTED. No. 56E4954 The root is the edible portion of this variety and resembles a small parsnip both in color and shape. Foliage same as plain parsley. Very hardy and should be cultivated like parsnips. Price, pound, 42c; ½ pound, 22c.

MARKET GARDEN. No. 56E4953 This sort has a peculiar, fern shaped leaf. It is not so desirable as the more curled sorts. Price, pound, 19c.

PLAIN. No. 56E4950 Leaves flat, deeply cut but not curled. It is often preferred on account of its very dark color and because of its hardness, but especially because of its superiority for flavoring, while the curled sorts are more extensively used for garnishing. Price, pound, 22c.

PARSNIPS.

The value of the Parsnip as a culinary vegetable is well known, but is not generally appreciated at its full value for stock feeding. On favorable soil it yields an immense crop of roots, which are more nutritious than carrots or turnips and particularly valuable for dairy stock.

HOLLOW CROWN. No. 56E4926 Root white, very tender, with a smooth, clean skin. The variety is easily distinguished by the leaves growing from a depression on the top or crown of the root. Price, pound, 19c.

Do not overlook the fact that in buying a pound of this seed you get as much seed as you would receive in 80 packets, or at the rate of 1/8 cent per packet. Get your neighbors to join you in ordering your seeds in bulk and thus reducing the expense. If you cannot use as large quantities as these or cannot get your neighbors to join with you, then buy one or more of our special collections found elsewhere in this catalogue. They are all rare bargains.

IMPROVED GUERNSEY. No. 56E4927 An improved strain, which has given general satisfaction. The roots do not grow so long as those of the Hollow Crown, but are of greater diameter and more easily gathered. Of excellent quality. Price, pound, 22c.

LONG WHITE DUTCH. No. 56E4925 Roots very long, white, smooth, tender, sugary and of most excellent flavor. Very hardy and will keep through the winter without protection. Price, pound, 18c.

IF YOU FIND THAT YOUR NEEDS are not sufficient to justify you in ordering seeds from this catalogue showing our prices, turn to the pages elsewhere in this book give you not only the very highest quality seeds, but give them to you at prices from one-fourth to one-tenth those charged by other seedsmen or local dealers.

PEAS.

This is one of the most important crops grown by the market gardener for home or family use, and great care should be taken in the selection of seed stock. Our stock has been grown in Northeastern Wisconsin, the best pea section in the world. It has been carefully rogued to preserve the purity of the type, and we know there is no seed firm in America offering better stocks than we. This crop should be gathered as fast as it is fit for use, for if a few pods begin to ripen new ones will cease forming and those partly advanced will stop growing. All wrinkled varieties remain in season longer, are more delicate in flavor, and are sweeter than the smooth sorts, for as in sugar corn, the wrinkled appearance indicates a greater amount of saccharine matter. Nearly all varieties were a very short crop the past season and prices are bound to rule very high. Our crops were good and we have named low prices same as if there had been an abundant supply throughout the country. Our friends will find exceptionally good values in our prices on peas, and at the same time exceptionally good qualities.

One quart will plant 75 feet of drill; two or three bushels are required to plant an acre in drills.

ADVANCER. No. 56E5005 A green, wrinkled variety about two and one-half to three feet high, with broad, long pods which are abundantly produced and well filled to the ends. This pea is used very extensively by market gardeners because of its productiveness, the fine appearance of its pods and its popularity with customers on account of its quality. It is also largely used by canners.

Price, bushel, \$3.48; peck, 90c; ½ peck, 48c; quart, 16c.

ALASKA. No. 56E5000 Vines two and one-half to three feet high, bearing four to seven pods which are filled with medium sized, bright green peas of good flavor. Seed, small, smooth and bluish green in color. Matures all the crop at once and is an invaluable variety for market gardeners and canners.

Price, bushel, \$3.62; peck, 95c; ½ peck, 55c; quart, 17c.

AMERICAN WONDER. No. 56E5007 The earliest of the dwarf wrinkled varieties. Vines stout, branching, about nine inches high and covered with well filled pods containing five to eight large, exceedingly sweet tender and well flavored peas. Seed medium size, wrinkled and pale green.

Price, bushel, \$5.55; peck, \$1.40; ½ peck, 74c; quart, 21c.

BLACK EYE MARROWFAT. No. 56E5018 An excellent variety, growing about five feet high; a very prolific bearer of large pods; can be recommended as one of the very best marrowfat sorts.

Price, bushel, \$2.23; peck, 59c; ½ peck, 34c.

BLISS ABUNDANCE. No. 56E5006 A second early wrinkled variety, producing well filled pods of from 3 to 3½ inches long, of excellent quality. This variety is remarkable for branching directly from the roots, forming a veritable bush making it necessary to sow the seeds much thinner than usual.

Price, bushel, \$3.90; peck, \$1.10; ½ peck, 60c; quart, 19c.

CHAMPION OF ENGLAND. No. 56E5008 This splendid variety has been long considered the standard pea for main crop or summer use. Vines grow four or five feet high, and are very productive, having quite large pods well filled with peas of delicious flavor.

Price, bushel, \$3.18; peck, 84c; ½ peck, 46c; quart, 14c.

DWARF TELEPHONE. No. 56E5004 The result of many years' experimenting, with the view of producing a pea with dwarf vines, bearing large pods and peas of the highest quality. Its habit is dwarf, stocky, healthy and vigorous, the vines under highest cultivation never growing more than 18 inches high. It is very productive, many plants bearing 5 to 7 pods. The pods are of large size, 4 to 5 inches long, well filled with large peas of the most delicious quality.

Price, bushel, \$6.45; peck, \$1.72; ½ peck, 88c; quart, 26c.

EXTRA EARLY PREMIUM GEM. No. 56E5010 This variety is nearly as productive as the American Wonder and the very productive vine is decidedly larger, growing to a height of from fifteen to eighteen inches. The pods are large and crowded with six to eight very large peas of fine quality. The seed is green, large, wrinkled and flattened.

Price, bushel, \$4.60; peck, \$1.20; ½ peck, 65c; quart, 21c.

FIRST AND BEST. No. 56E5001 The earliest and most even strain of white extra early peas in existence, maturing so well together that sometimes a single picking will secure the entire crop. Vines vigorous and hardy, two and one-half to three feet high, bearing three to seven straight pods each containing five to seven medium sized, smooth peas of fair quality. The seed is small sized, smooth, yellowish white and flattened.

Price, quart, 16c; ½ peck, 44c; peck, 84c; bushel, \$3.20.

When you buy one bushel of this seed you get enough to fill more than 500 regular size packets, so you see the cost is but a trifle over 1/8 cent per packet. By inducing your neighbors to combine their orders with yours and buy in bulk you get very much more for your money. If you cannot do this and wish to buy in smaller quantities, select one or more of our great collections as illustrated elsewhere in this catalogue.

GRADUS. No. 56E5013 This podded wrinkled pea of finest quality matures pods only two to three days later than the small podded, round seeded extra earlies. The vine has heavy stems with large, light green leaves and grows three feet high. It produces uniformly large pods, measuring from four to four and one-half inches in length, nearly round, and well filled with very large, handsome peas of the finest flavor.

Price, bushel, \$3.72; peck, 95c; ½ peck, 49c; quart, 16c.

HORSFORD'S MARKET GARDEN. No. 56E5003 The vine of this variety is of medium height, giving the greatest number of pods of any of our list. Pods contain five to seven medium sized sweet, dark green peas which retain their color and sweetness well after canning. Seed rather small and wrinkled. A very desirable variety for canners' use.

Price, bushel, \$3.66; peck, 92c; ½ peck, 48c; quart, 14c.

No. 56E5001 FIRST AND BEST.

Price, bushel, \$7.10; peck, \$1.85; ½ peck, 95c; quart, 27c.

HEROINE. No. 56E5002 A late wrinkled pea of strong robust growth. Vines branched, freely, grow two to two and one-half feet high, producing abundantly long, pointed, well filled pods.

Price, bushel, \$3.72; peck, 95c; ½ peck, 49c; quart, 16c.

PEAS—CONTINUED.

MAMMOTH MELTING SUGAR. No. 56E5016 The vines grow four to five feet in height. Very productive of enormous pods which average five to six inches in length and one and one-half inches broad; thick and fleshy. Broken and boiled like string beans and served with butter sauce they have a luscious flavor. Price, bushel, \$4.46; peck, \$1.15; ½ peck, 59c; quart, 19c.

NOTT'S EXCELSIOR. No. 56E5012 This is a very fine variety of compact dwarf growth, with pods one-third larger than those of the American Gem. The pods average three inches in length, and are well filled to the squared ends with peas of large size and unusually sweet flavor. So closely are the peas packed in the pods that they are flattened against each other at the sides. Price, bushel, \$5.42; peck, \$1.38; ½ peck, 73c; quart, 21c.

STRATAGEM. No. 56E5014 Vines of strong growth with large foliage, but only eight inches in height and do not need to be supported. Pods of large size, well filled with large dark green peas of rich, sweet flavor; one of the very best. Price, bushel, \$5.28; peck, \$1.40; ½ peck, 74c; quart, 21c.

TELEPHONE.

No. 56E5011 Vines vigorous growing, about four feet high, with large, coarse, light colored leaves and producing an abundance of very large pods filled with immense peas which are tender, sweet and of excellent flavor. It comes into use soon after the Premium Gem and is one of the best sorts for either home or market. Price, quart, \$0.23; ½ peck, 55c; Peck, 1.42; Bushel, 6.21.

TOM THUMB.

No. 56E5015 Is an old fashioned favorite, on account of its very dwarf habit, and is really more productive than many varieties that grow twice its height. It produces a fine sized pod and the peas are sweet and tender. Price, quart, \$0.19; ½ peck, 53c; Peck, 1.22; Bushel, 4.45.

WHITE MARROW-FAT.

No. 56E5017 Cultivated quite extensively for canning. Vines about five feet high and of strong growth. Pods large, cylindrical, rough, light colored and well filled; seed large, smooth, round and light yellow. Price, ½ peck, \$0.35; Bushel, 2.10.

YORKSHIRE HERO.

No. 56E5009 Vines stout, about two and one-half feet high, and bearing a long time in condition for use, and which never become as hard as most sorts. The peas are of fine quality, and will be preferred to any other by those who like a rich, marrow-like pea. Seed large, wrinkled and flattened. Price, bushel, \$3.48; peck, 88c; ½ peck, 48c; quart, 14c.

PEPPERS.

Peppers are used very extensively as a condiment. The large, thick fleshed, sweet varieties are eaten more extensively further North, and are served in various ways, green or ripe, with vinegar and salt, like tomato salad, or made into mangoes by cutting one side, removing seeds, and filling with chow chow pickles. The fruit is often used in stuffing pitted olives. The seed of pepper plant is used as bird food.

GOLDEN DAWN. No. 56E5110 Plants quite dwarf but very prolific. Fruit medium to large in size, of inverted bell shape, rich golden yellow color, with very thick, sweet, mild flavored flesh. Price, pound, \$1.23; ½ pound, 34c; ounce, 11c.

GOLDEN UPRIGHT. No. 56E5105 The fruits are large and of a beautiful rich golden yellow, tinged with a bluish red. The peppers are mild and as pleasant to the taste as Ruby King. Price, pound, \$1.26; ½ pound, 36c; ounce, 12c.

LARGE BELL OR BULL NOSE. No. 56E5101 The standard sweet flavored scarlet sort. Plants two feet in height, prolific and quite early ripening. Sweet scarlet fruits three inches in length and two inches in diameter. Our stock is particularly fine. Price, pound, 98c; ½ pound, 29c; ounce, 9c.

LONG RED CAYENNE. No. 56E5109 A favorite variety, having a slim pointed color. Extremely strong and pungent flesh. Price, pound, \$1.02; ½ pound, 31c; ounce, 10c.

PROCOPP'S GIANT. No. 56E5102 Produces mammoth Peppers from eight to nine inches long of a brilliant scarlet color, thick in flesh and hot in flavor. Price, pound, \$1.22; ½ pound, 34c; ounce, 11c.

RED CHERRY. No. 56E5106 A small, round variety, of dwarf habit and a rich scarlet color, thick in flesh and hot in flavor. Price, ½ pound, 48c; ounce, 19c.

RED CHILI. No. 56E5107 Red conical pods about two inches long, and generally used for seasoning and pepper sauce. Price, pound, \$1.52; ½ pound, 41c; ounce, 14c.

RUBY KING. No. 56E5103 An exceedingly large and handsome Pepper of mild flavor. The Peppers are of a bright ruby red, from four to one half to six inches long by nine to twelve inches in circumference. It can be sliced for salad or eaten with salt and vinegar, like tomatoes and cucumbers. Price, pound, \$1.20; ½ pound, 35c; ounce, 11c.

SWEET MOUNTAIN. No. 56E5100 Plants very vigorous, upright growing, with moderately large leaves. The fruit does not ripen until very late. It is very large and long, often eight inches or more in length, by two in diameter, entirely free from any purple tinge, when nearly mature, of a bright deep green color, sweet, and mild flavored. Well suited to use as a stuffed pickle, and especially when green in making pepper salad. Price, pound, \$1.20; ½ pound, 35c; ounce, 11c.

TOBACCO. No. 56E5104 Excessively hot in flavor. A small Pepper about one inch long, borne in profusion on the large plant or bush. Tobacco sauce is everywhere known as a flavor for soups, oysters, etc. It is extremely fiery and pungent. Price, pound, \$1.47; ½ pound, 39c; ounce, 14c.

YELLOW CHILI. No. 56E5108 Similar in form to the Red Chili, but a little shorter and thicker, more pungent, and of a very beautiful yellow color. Price, ½ pound, 47c; ounce, 18c.

BUY YOUR GARDEN SEED IN BULK, or select some of our garden seeds of your seed bill. If this method of buying gives you quantities that are larger than your requirements, get your neighbors or friends to join with you. The saving makes it well worth while.

PUMPKINS.

No. 56E5150 CONNECTICUT FIELD.

Pumpkins will grow almost anywhere, but rejoice in rich soil. In many varieties the size and weight depend almost wholly of culture and fertility of the land. Many pumpkins are exceptionally good for pies; other sorts are fit only for feeding live stock. Use three to four pounds of seed per acre; one-fourth pound for seventy-five hills.

The ordinary round yellow field pumpkin. Value as a stock food. A sure cropper and good keeper; very prolific. Adapted to growth in cold fields. Price, 5 pounds, 77c; pound, 17c.

GOLDEN OBLONG. No. 56E5181 golden orange. The outer color is yellow, dry, sweet, and excellent for pies. Skin is thin but tough. A good winter keeper. In length it is about 18 to 18 inches; diameter, 7 to 8 inches. Price, pound, 49c; ½ pound, 15c.

LARGE CHEESE. No. 56E5154 A large, round, flattened pumpkin, with broad ribs. Often attains a diameter of two feet. Color, creamy buff. The flesh is yellow. Superior to ordinary field pumpkin; fit for table as well as stock. Price, pound, 29c.

MAMMOTH POTIRON. No. 56E5153 Fruits grow to enormous size, sometimes reaching two feet or more in diameter, and from one hundred to two hundred pounds or even more in weight. The fruit is of fine grained, tender, and of excellent quality for pies. To raise the largest pumpkins vines should be allowed ample room in which to grow. Price, pound, 98c; ½ pound, 31c.

QUAKER PIE. No. 56E5155 A most prolific variety, having fruits of medium size and of the finest quality. The fruits are broad, pear-shaped to slightly oval in form, rich creamy-buff skin and for this reason is grown in a warm dry place, it is an excellent keeper. Price, pound, 64c; ½ pound, 21c.

WINTER QUEEN. No. 56E5152 This is an improvement of the old well liked sugar pumpkin, and is admitted by all who have grown it to be the very best pie pumpkin on the market. Its size is uniformly about nine to ten inches in diameter. In color a beautiful deep orange yellow, with a very close netting, almost as russeted as a potato. It is a good winter keeper and unequalled as a cooking variety. Price, pound, 48c; ½ pound, 14c.

RADISHES.

This is one of the most universally planted of any vegetable, and is grown in large quantities by all market gardeners. Our seed has been obtained from the very best sources, is of high germinating power and will produce the finest types. Much of the seed now offered is grown in California, and is unsuited for our northern climate. While this seed can be grown cheaper and sold at a lower price than that grown in the North, it is not as reliable, as it is apt to produce larger tops and smaller and inferior roots. One ounce will sow 100 feet of drill; 8 to 10 pounds are required for an acre.

THE LOW PRICE FEATURES which distinguish every department in this catalogue are just as apparent here, as the prices named below mean a saving of at least one-third, and in many cases a half of the prices you have heretofore paid for radish seeds.

CHARTIER. No. 56E5203 A long, smooth radish, red above and shading to clear the finest appearance on the market, and for this reason is grown extensively by gardeners. Price, 5 pounds, \$1.20; pound, 26c; ½ pound, 15c.

CRIMSON GIANT. No. 56E5210 Its roots attain more than double the size, of those of other globe varieties, without becoming pithy or hollow. The new Giant develops roots 6 to 7 inches around, weighing over an ounce, their pure white flesh remaining firm, crisp and of mildest flavor. The roots are almost perfect globes, of a deep crimson color. Price, pound, 34c; ½ pound, 19c.

EARLY CARMINE. No. 56E5207 This variety is the earliest and most attractive of the olive shaped class. It is of a beautiful carmine color, of perfect shape, exceedingly dwarf foliage, and is a starter in its earliness, as in twenty to twenty-five days the radishes are ready for the table. Price, 5 pounds, \$1.32; pound, 28c; ½ pound, 16c.

EARLY SCARLET GLOBE. No. 56E5208 The very beautiful variety of globe shape, short leaved and very early; remarkable, not only for its great beauty and its extreme earliness, but is one of the most salable varieties, as its very attractive appearance always insures its sale. Price, 5 pounds, \$1.15; pound, 24c; ½ pound, 14c.

EARLY SCARLET TURNIP, WHITE TIP.

No. 56E5200 One of the handsomest of the turnip radishes and a great favorite in many large markets for early planting outdoors. Roots slightly flattened on the under side; color very deep with a distinct white tip; flesh white and of the best quality. Price, 5 pounds, \$1.24; pound, 28c; ½ pound, 16c.

FRENCH BREAKFAST. No. 56E5205 A very popular variety of rapid growth, and one of the best varieties for early forcing; its form is oval; color, scarlet, tipped with white, and small in size.

Price, 5 pounds, \$1.18; pound, 26c; ½ pound, 14c.

Don't overlook the fact that in ordering by the ½ pound, 1 pound or 5 pounds that you receive much greater values than you possibly can otherwise. It costs a great deal to put up seed in small packets, and when you get it you simply throw the envelope away.

By combining your orders with your neighbors and by buying in bulk you receive much more for your money. You get your seed for about ½ cent per packet. Of course, if you cannot use as large quantities as we have listed here it will be better for you to select one or more of the wonderful collections which we offer elsewhere in this catalogue.

HALF LONG BLACK SPANISH. No. 56E5231 An American sort of the same general character as the Long Black Spanish, but by many considered superior to either the Round or the Long Black Spanish. It is intermediate in shape between the two, and seems to combine the good qualities of both. Price, 5 pounds, \$1.36; pound, 29c; ½ pound, 16c.

ICICLE. No. 56E5209 Plants very early. The radishes are ready for use in twenty to twenty-five days. Their long slender form and pure paper-white skin are most attractive when bunched for market. This radish is not only crisp and tender when young, but retains these qualities until the roots attain large size so that it will remain in fine condition longer than any other first early variety. It is excellently adapted for forcing purposes or successive sowing in the open ground, and gives a continuous supply of tender, crisp radishes throughout the season. Price, 5 pounds, \$1.40; pound, 31c; ½ pound, 18c.

LONG BLACK SPANISH. No. 56E5232 One of the radishes; an excellent sort for winter use. Roots of medium size, oblong, black and flesh of firm texture. Price, pound, 36c; ½ pound, 21c.

LONG SCARLET SHORT TOP. No. 56E5212 Most desirable for early forcing, or first sowing in the garden. It is of a bright scarlet color, and when grown on rich soil is very tender and brittle; do not sow in warm weather, as it will shoot to seed and form no bulb. It can also be sown early in the fall for a late crop. Price, 5 pounds, \$1.24; pound, 28c; ½ pound, 15c.

NEW DEEP SCARLET TURNIP. No. 56E5206 One of the most desirable early varieties for either market or private gardens, small in size, globular in form and of a rich color; tops small and of very rapid growth. Price, 5 pounds, \$1.32; pound, 32c; ½ pound, 18c.

NON PLUS ULTRA. No. 56E5201 A handsome extra early forcing radish. Root small, nearly round, color bright scarlet. Tops very small; flesh white, crisp and well flavored. In shape and color one of the most handsome of the forcing sorts. Price, 5 pounds, \$1.20; pound, 26c; ½ pound, 14c.

SCARLET SHORT TOP RADISH.

No. 56E5212 LONG SCARLET SHORT TOP RADISH.

Price, 5 pounds, \$1.20; pound, 26c; ½ pound, 14c.

No. 56E5200 WHITE TIP, SCARLET TURNIP RADISH.

RADISHES—CONTINUED.

OLIVE SHAPED BRIGHT RED LEAFLESS.

No. 56E5202 This remarkable new variety produced a year or two since is rapidly taking the place of all other sorts, where an early forcing radish of most delightful quality is wanted. It is of medium size, olive shaped, bright red with very small tops. It can be planted very close together in rows, matures very quickly, is very crisp and of delicious quality and highly recommended by everyone who has ever grown it.

Price, pound, 41c; ½ pound, 22c

ROUND BLACK SPANISH. No. 56E5233

Roots round, sometimes top shaped, three or four inches in diameter; skin black, flesh white, very compact and highly flavored. An excellent sort for winter, as the roots keep a long time.

Price, pound, 36c; ½ pound, 19c

SCARLET CHINA. No. 56E5230

This variety is half long in shape, pink color, and flesh as solid as an apple; it has not that strong flavor which is peculiar to the Black Spanish and keeps equally as well; it should be sown during August.

Price, pound, 34c; ½ pound, 18c

TRIUMPH. No. 56E5211

The roots are about the size and shape of Scarlet Turnip, white tip, but are creamy white, beautifully marked with spots and dashes of carmine. The tops are small and the roots mature as early as any variety in cultivation. Desirable on account of its distinct beauty, earliness and good quality.

Price, pound, 48c; ½ pound, 28c

WHITE STRASBURG OR SUMMER HOSPITAL. No. 56E5204

This is a very desirable early Summer variety, of an oblong tapering shape, pure white color, is exceedingly crisp and tender; it forms its roots very quickly, and can be sown throughout the summer, as it stands the heat remarkably well.

Price, 5 pounds, \$1.18; pound, 24c; ½ pound, 14c

YELLOW SUMMER TURNIP. No. 56E5213

Very symmetrical, nearly round, with grayish white skin, covered with a bright yellow russeting, thus making it very attractive. The flesh is firm, white, and rather pungent. Price, pound, 32c; ½ pound, 18c

WHEN YOU BUY SEEDS IN BULK

from this seed catalogue the prices you pay us are in the ratio of about one-quarter to one cent per packet—this is a saving of approximately ninety per cent on your seed bills. You cannot afford to buy seed from dealers who handle seeds in the old way, and who ask you to pay for expensive obsolete business methods which add tremendously to the first cost of the seeds.

RHUBARB.

Rhubarb, familiarly known as pie plant or wine plant, is cultivated in gardens for its leaf stalks, which are used for pies and tarts. Immense quantities are now annually sold in all the large markets. No private garden should be without it.

LINNAEUS. No. 56E5300

An early variety. Stalks green, large, and tender. Price, pound, 49c; ½ pound, 14c

SALSIFY, OR VEGETABLE OYSTER.

Very generally known as the oyster plant. The roots are boiled like carrots or parsnips, or half-boiled and grated fine, made into small, flat balls, dipped in a batter, and fried like oysters, of which their flavor greatly partakes.

LARGE WHITE. No. 56E5325

The common variety. Roots medium sized, smooth, flesh white. Price, pound, 62c; ½ pound, 18c

MAMMOTH SANDWICH ISLAND. No. 56E5326

This grows uniformly to an extra large size, averaging fully double the size and weight of roots of the old variety. The roots, notwithstanding their extra large size, are of very superior quality and delicate in flavor. It is such a decided improvement that we are quite sure that all market gardeners who once try it will use it exclusively.

Price, pound, 58c; ½ pound, 16c

SORREL.

Of the easiest growth. Sorrel is cultivated for its leaves, which possess a very fine flavor, boiled and served like spinach. It makes also delicious soup.

LARGE LEAVED FRENCH. No. 56E5350

The best garden variety, having large pale green leaves of fine quality. Price, pound, 90c; ½ pound, 24c

SPINACH.

This vegetable is grown for its tops and leaves, which are largely used for greens. It grows very quickly, is always in good demand, and is a most profitable vegetable for the market gardener to grow. By a careful selection of varieties a succession of crops may be had from early summer till winter. Our seed has been grown in the best spinach sections of Europe, carefully cultivated by experienced specialists, is of the highest germination and of the purest types known. We offer it at exceptionally low prices.

One ounce will sow 100 feet of drill; 10 pounds will plant one acre in drills.

BLOOMSDALE. No. 56E5382

A market gardeners' great favorite with the market gardeners along the Atlantic slope, from Pennsylvania and New Jersey southward. It has thick, dark green wrinkled leaves and is perfectly hardy. Fine substance and flavor. One of the best for autumn sowing.

Price, 5 pounds, 74c; 1 pound, 16c

IMPROVED THICK LEAF. No. 56E5378

A variety which grows very rapidly, forming a cluster of large, very thick, slightly wrinkled leaves of fine color and quality when cooked. Especially recommended for market gardeners.

Price, 5 pounds, 66c; 1 pound, 16c

LONG STANDING. No. 56E5376

An improved round seeded strain of excellent quality, coming quickly to maturity and remaining in condition for use much longer than most sorts. The leaves are smooth and very dark, rich green. Very popular with market gardeners.

Price, 5 pounds, 63c; 1 pound, 14c

NEW ZEALAND. No. 56E5381

Available for use during the hottest months of mid-summer, when ordinary spinach is not to be had. Quite different from the true spinach, but an admirable substitute for it, fully as wholesome and as tasty. Cooks like other spinach. Price, 5 pounds, \$1.72; 1 pound, 38c

PRICKLY WINTER. No. 56E5380

A very hardy variety that will withstand severe weather with only a slight protection of leaves or straw. The seed is prickly; the leaves oblong or narrow shaped. It is used for fall sowing.

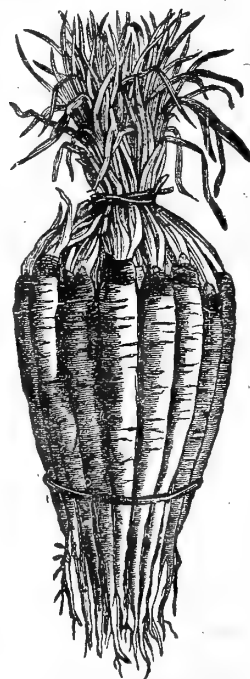

Price, 5 pounds, 72c; 1 pound, 16c

No. 56E5202 OLIVE SHAPED RED FORCING RADISH.

No. 56E5213 YELLOW SUMMER TURNIP RADISH.

No. 56E5326 MAMMOTH SANDWICH ISLAND SALSIFY.

No. 56E5382 BLOOMSDALE SPINACH.

ROUND SUMMER BROAD LEAVED. No. 56E5377 This variety is generally preferred in the north for early spring sowing, and is the most popular with our market gardeners. The leaves are large, thick and fleshy. Though not quite as hardy as the Prickly Winter, it stands exposure very well. Here is where you receive the greatest possible values. One pound of this seed will make more than 60 regular size packets, such as you buy elsewhere for 5 cents a packet. Combine your order with your neighbors and get seed at the lowest possible prices; at less than ¼ cent per packet. If it is impossible for you to use this much or to induce your neighbors to join with you, then buy some of our great collections offered in this catalogue.

Price, 5 pounds, 64c; 1 pound, 16c

SAVOY LEAVED. No. 56E5379

The earliest variety and one of the best to plant in autumn for early spring use. Plant of upright growth, with pointed leaves which are crimped like those of Savoy cabbage. It grows rapidly to a suitable size for use, and is quite hardy, but runs to seed quickly in warm weather.

Price, 5 pounds, 74c; 1 pound, 16c

VICTORIA. No. 56E5375

An excellent sort, which forms a very large, and exceedingly thick green leaf somewhat curled in the center. It becomes fit for use nearly as early as any remaining so much longer than most kinds and cannot fail to please. Price, 5 pounds, 72c; 1 pound, 16c

DOES YOUR WHEAT CROP average twenty bushels per acre one season to forty bushels per acre? Does the yield you harvest usually grade No. 2? Of course, you would like to receive the twenty-five to forty bushel per acre yield every year and you would appreciate the increased price which the best grade of wheat brings. We can help you to get a maximum yield and the highest market prices if you will buy your seed wheat from us. It is a mistake to plant the seed you have raised on your own farm year after year. Buy one or more of the choice varieties we offer you in this catalogue, varieties known to be the best obtainable, that will give you the largest yield of perfect grain, and you will receive from five to twenty bushels more per acre at harvesting time and from \$3.00 to \$20.00 more profit on every acre when you deliver your crop to the market.

SQUASH.

The squash is one of the most nutritious and valuable of all our garden vegetables. The summer varieties come to the table early in the season, while the winter sorts can be had in perfection from August until the summer varieties are again in condition. Few farmers appreciate the value of winter squash as feed for stock. We think an acre of squash costing no more to cultivate and much less to secure, will usually give as much food available for feeding stock as an acre of corn and we strongly urge our readers to try a "patch" for this purpose.

BOSTON MARROW. No. 56E5406

Fall and winter variety; large size, oval form, skin thin, when ripe, bright orange with a netting of light cream color; flesh rich salmon-yellowish; fine grained and of excellent flavor, but not as dry as the Hubbard. Price, pound, 48c; ½ pound, 14c

FORDHOOK. No. 56E5409

This is a most desirable variety for either summer or winter use. The vines are of strong vigorous growth and wonderfully productive. Fruits oblong in form, eight to ten inches in length, slightly ridged, smooth, thin, yellowish skin; flesh very thick and of a light straw-yellow. Either for baking like sweet potatoes or making pies during the winter the quality is unsurpassed.

Price, pound, 62c; ½ pound, 18c

GIANT CROOK NECK. No. 56E5400

This variety is a very great improvement over the old variety in the enormous size and great beauty of its squashes, as their very attractive appearance commands the highest figure and prompt sales; it is of a beautiful golden color, covered with warty excrescences and measures from 1½ to 2 feet in length. Price, pound, 46c; ½ pound, 15c

GOLDEN BRONZE. No. 56E5410

In form it is like Boston Marrow, with stem and blossom end precisely resembling that variety, and with the same wrinkled skin. The average weight is eight or ten pounds. The squash gets its name from its color, which is a dark, grayish green, with bronzed on the upper surface when ripe. In general appearance it is very attractive. The flesh is firm and fine grained; very deep, and of exceedingly bright golden yellow, very sweet and of delicious flavor.

Price, pound, 64c; ½ pound, 18c

GOLDEN CUSTARD BUSH. No. 56E5407

This excellent variety is sometimes called Mammoth Yellow Bush, on account of its great size. It is the largest of the scalloped sorts, sometimes attaining a diameter of two feet. The color is a rich, golden yellow, as indicated by the name. In table quality it is excellent.

Price, pound, 44c; ½ pound, 14c

HUBBARD. No. 56E5402

This is the well known squash now grown so largely throughout the country. Vines of strong running growth, fruits large olive shape, with dark green skin and very rich flesh. An excellent keeper and of splendid quality. Price, ½ pound, 16c; pound, 32c

MAMMOTH CHILLI. No. 56E5404

The outer skin of this great squash is a rich orange yellow. The flesh is yellow and very thick, and the quality is good and nutritious. It is of the highest value as a stock food, far exceeding ordinary pumpkins in this respect, and answering as well as root crops. It is a prolific variety, and a good winter keeper. Has reached the great weight of 292 pounds. Price, ½ pound, 24c; pound, 38c

Price, pound, 44c; ½ pound, 14c

MAMMOTH WHITE BUSH. No. 56E5401

This is of true bush growth, and produces large thick fruits with scalloped edges, frequently twelve to fourteen inches in diameter. Price, pound, 46c; ½ pound, 15c

ORANGE MARROW. No. 56E5405

This is similar in form to the Boston Marrow, but is at least ten days earlier and more productive. It is in season from September to January, and is the most salable kind in market during this period; rind hard, but thin, flesh deep orange, fine grain and of delicious quality.

Price, pound, 48c; ½ pound, 14c

STRAIGHT NECK SUMMER. No. 56E5403

Market gardeners who ship early Squash to distant markets know the difficulty of packing the crooked neck variety in boxes to good advantage. In our Straight Neck Squash the bad feature of the crook has been overcome, and by continued selection the size has been increased, more uniform in shape, improved quality. Price, pound, 48c; ½ pound, 16c

WARTY HUBBARD. No. 56E5408

This is similar in size and quality to the well known Hubbard, while the large dark olive green fruits are slightly more heavily warted. Very handsome in appearance; an excellent keeper and of splendid quality. Price, ½ pound, 17c; pound, 34c

ORANGE MARROW. No. 56E5405

Per packet to your local dealer who is paying his forty or fifty per cent commission, long profits to the seedsmen, the enormous expense of putting up seeds in single packets and large profits to the seed jobber and the grower. When you buy from us the seeds catalogued here you pay for the seeds only, plus our one small profit, all middlemen and all expensive and unnecessary clerical labor being wiped out by us.

Sunflower is one of the best egg producing foods for poultry. It can be sown any time before the middle of July. It should be grown by every person having fowls. Plant $3\frac{1}{2}$ to 4 feet apart each way. Four quarts will sow an acre.

LARGE RUSSIAN. No. 56E5425 Flowers 18 to 20 inches in diameter. Very showy, but mostly grown for the large amount of seed produced. Even a few plants will yield much seed.
Price, 50 pounds, \$2.68; 15 pounds, 31c; 1 pound, 9c.

An annual plant requiring good soil and careful tillage. Renewed interest has been awakened among tobacco growers on account of the investigations lately conducted by the United States Department of Agriculture and the various State Experiment Stations.

BIG ORONOCO. No. 56E5433 An old variety and a good tried one. Has a large, broad, finely shaped leaf, and for strips and dark wrappers has no equal. Price, pound \$1.80; 1/4 pound 48c; ounce 13c.

BLUE PRYOR. No. 56E543 I. The genuine James River favorite. Rich shipper, superior to Kentucky Blue Pryor.
Price, pound \$1.78, 1/2 pound 48c; ounce 13c

CONNECTICUT SEED LEAF. No. 56E5439 Best adapted to the climate of the middle and northern states, as it is more hardy and endures the cold better than the seed native to more flesh.

GENERAL GRANT. No. 56E5432 It produces leaves 44 inches long, of proportionate

breadth, and matures its crop perfectly as far north as Duluth, Minn. Price, pound, \$3.46; ¼ pound, 95c; ounce, 26c.

HAVANA LARGE. No. 56E5427. An improved Havana the old sort. It is also one of the earliest to mature. It is also one of the earliest to mature. It is also one of the earliest to mature.

Price, pound, \$3.48; ¼ pound, 95c; ounce,
OHIO. No. 56E5428 Largely grown in the middle west,
 the very best. Price, pound, \$2.19; ¼ pound, 58c
PENNSYLVANIA SEED LEAF No. 56E5426

PENNSYLVANIA SEED LEAF. Price, pound, \$1.82; ¼ pound, 49c; ounce,
PERSIAN ROSE. No. 56E5429 Finer than the Musca
to make the finest cigar stock.

Price, pound, \$2.69; ¼ pound, 74c; ounce,
YELLOW PRYOR. No. 56E5430 Preferred by m
 where body is of any value. On rich
 ping sort. A great Kentucky tobacco. Price, pound, \$1.81; ¼

Fifty years ago this vegetable was considered unfit for the table, and now there is none more popular; thousands of acres are annually grown in this vicinity, and thousands of bushels of them are daily sold in our market throughout the summer season. It is a point of good gardening to have this vegetable early, to accomplish which sow early varieties of superior merit.

THE AVERAGE SEEDSMAN makes his largest profit in a great many instances on tomato seeds. Just how much he makes is evidenced by the prices we quote below, which are approximately one-half the quotations named in any other seed catalogue. In market gardening sections where hundreds of acres of tomatoes are grown yearly farmers will find it decidedly to their advantage to purchase all their seeds from us, not alone from a money saving standpoint, but also for the reason that our qualities are superior and the vegetables grown from our seeds bring the highest prices in every market.

ACME. No. 56E5510 This celebrated sort is perfection in its beauty, solidity and salubrity, and is one of the best shipping varieties. The plants are a strong and vigorous growth, very productive; fruit of medium size, large enough for any use, form perfect, round, slightly depressed at the ends, very smooth; color a glossy dark red, with a sort of purplish tinge, ripens all over and through at the same time; bears continuously until frost; delicious in flavor; has no green core and but few seeds.

Price, pound, \$1.10; ¼ pound, 29c; ounce, 9c.
ATLANTIC PRIZE. No. 56E5507 At extra early variety of good size and form,
 of bright red color and quite productive.
 Price, pound, \$1.10; ¼ pound, 29c; ounce, 9c.

BEAUTY. No. 5625500 One of the smoothest and best of the large, purple sorts. Vines large, vigorous and heavy bearers: fruit large, uniform in size, very smooth; color of skin purplish pink; flesh light pink and of excellent flavor. A fine shipper. Price, pound, \$1.23; 1/4 pound, 34c; ounce, 17c.

DWARF CHAMPION. No. 565E5L03 This is a purple fruited variety which forms very stout strong plants about two feet high. The branches are short, making a bushy plant that stands quite erect. This sort is often sold as Tree Tomato, fruit smooth, medium sized, color, purplish pink, fairly solid, but has no hard core, and is of good flavor. About as early as any purple fruited tomato, and is quite popular with the home market. It is a dwarf habit of the vine, makes a very deep and bushy plant, and is able for forcing as it can be planted closer to the glass, and more closely on the bench than the tall growing kinds. Price, pound, \$1.58; ½ pound, 44c; ounce, 14c.

EARLY MICHIGAN. No. 56E5511
One of the best
second early sorts. Its first fruits are very
early, but the vines continue to bear for a long
time. Vines large, with large, dark green leaves,
vigorous and wonderfully productive, being
under high culture, one of the heaviest crop-
pers; fruit, medium sized to large, and, unlike
most varieties, it produces larger fruits as the
season advances; perfectly smooth, solid, but
without a hard core; deep, rich red color and of
excellent flavor. This kind is admirably adapted
to canners' use. Price, pound, \$1.10; ¼ pound,
30c; ounce, 15c.

GOLDEN QUEEN. No. 56E5513 Best large yellow tomato. Much like Paragon, excepting in color. Quality excellent in all respects. Price, pound, \$1.96; $\frac{1}{4}$ pound, 54c; ounce, 13c.

No. 5655514 This remarkable variety was introduced about fifteen years ago, after fifteen years of hybridizing by the originator, Mr. Wm. Mansfield, a veteran tomato grower of Wisconsin. His vines are remarkably vigorous, growing to a height of 15 feet, and are very productive. A single plant has been known to produce from 3 to 5 bushels of fruit. The fruits are of large size, round, slightly flattened, smooth, almost seedless, and of most delicious quality. On account of the almost seedless nature, seedlings scarce, but we have supplied a few seedlings for the purpose of offering much cheaper than over offered before. It is not recommended for shipping purposes as it bruises too easily, but for home markets or table use it is unsurpassed. Price, ounce, **36c**; 1/2 ounce, **21c**.

MATCHLESS. No. 56E5508 A large, bright red tomato which has become very popular in the east. The fruit is large, very smooth and symmetrical, ripening well to stem. The flesh is a rich, bright red color and of fine quality, though softer than that of either Improved Trophy or Stone.

Price, pound, \$1.74; ¼ pound, 48c; ounce..... 16c

PARAGON No. 56E5512 Fruit large, dark red in color, and perfectly smooth. The flesh is solid and of excellent flavor. It ripens evenly and quickly. Much used for canning purposes. The foliage is heavy.

Price, pound, \$1.10; ¼ pound, 30c; ounce..... 10c

PERFECTION. No. 56E5506 A very desirable early variety. The fruit is almost round, ripens clear up to the stem, is solid, and rich in flavor; the skin both thin and tough, making it a good shipper, while its clear, bright scarlet color makes it

PONDEROSA. No. 56E5501 One of the largest and heaviest tomatoes grown. Color, a glowing crimson. Skin smooth. Shape quite regular, considering size. A fine table and market sort.

Price, pound, **\$2.08**; $\frac{1}{4}$ pound, **58c**; ounce..... **18c**

SPARKS' EARLI-

This is the earliest Red Tomato known. The

fruits are of a deep scarlet color and are produced in clusters of five to eight, averaging 2½ inches in diameter and quite solid; it is a valuable and most profitable variety to grow for early market, as the profit in tomato culture is always in the earliness of the crop.

Price, ounce	\$0.14
$\frac{1}{4}$ pound	.52
Pound	1.90

When you buy a pound of this seed you secure as much as you would obtain in 2000 regular size packets. The largest item entering into the cost of the packets of seed is the envelopes and the extra expense of putting them up and putting them in the store in bulk. When you buy in bulk you cut out all this expense and get the seed with one small profit added to the original cost of growing. When you can buy 1/4 cent per packet, it joins you, make your order do this, then buy some

ing. When you can buy seed at a cost of less than 1 cent per packet, and in some instances 1/4 cent per packet, it seems foolish to buy otherwise than in bulk. Get your neighbors to join you, make your orders large, buy in bulk and save expense. Of course, if you cannot do this, then buy some of our wonderful collections which we offer in this catalogue.

nurserymen allow must be paid by you when you buy seeds or nursery stock from them. It is not surprising therefore, that since we do not have any commissions to pay our prices are from a tenth to a half what you have to pay when you buy from other seedsmen and dealers. Don't waste money any more, but save it by sending to us for all the seeds and shrubs and trees you need.

enclosed in a husk. Of very sweet flavor, highly esteemed for preserving or making pies. They are also excellent to eat raw as fruit.
Price. 1/4 pound, 54c; ounce, 16c.

TROPHY. No. 56E5505 A sort whose great strong growing, vigorous and productive vine, very large, very solid, smooth, fine flavored and beautiful, deep, rich red fruit will satisfy the most exacting.
Price, pound, \$1.05; 1/2 pound, 30c; ounce, 15c.

YELLOW PLUM. No. 56E5509 The fruits average two inches in length and one inch in diameter, of a bright lemon yellow; are solid, fleshy, and of excellent flavor. Price, $\frac{1}{4}$ pound, 48c; ounce, 16c.

priced in our big catalogue. We carry a very complete line, and if you haven't a copy of our big catalogue and cannot find one in your neighborhood, send us a postal card and we shall be glad to send it to you by return mail, free and postpaid. We are leaders in every sort of merchandise, and if you will consult the pages of our big catalogue, you will quickly discover that we can save you money on every article that you use, or eat or wear by ordering from us. Don't order garden tools or implements until you have first consulted our big book.

TURNIPS.

TABLE SORTS.

The cultivation of the turnip in this country is greatly on the increase, and especially in the south. It is always a very desirable and profitable crop to grow, is of the easiest culture, but requires good, deep, rich soil, and should be sown before or after a rain, while the ground is moist, as on the strength of the early growth will depend in a great measure the success of the crop.

EARLY SNOWBALL. No. 56E5603 A perfectly globe shaped, white skinned turnip. It is exceedingly productive. The flesh is fine grained, firm and of very delicate flavor. It is one of the best keeping of the white fleshed sorts. Very early, and particularly adapted for family or market use. We recommend it to market gardeners, because its earliness and fine appearance make it a very profitable variety of turnip.

Price, 5 pounds, \$1.02; pound 23c
EARLY WHITE FLAT DUTCH. No. 56E5602 This is the earliest variety, and can be sown either broadcast or in drills. It is of a beautiful flat form, of pure white color, and of a delicate, mild flavor; it produces bulbs entirely free from small roots, and with long, narrow strap leaves growing erect, which permits close culture. Price, 5 pounds, \$1.12; pound 24c

EXTRA EARLY PURPLE TOP MILAN. No. 56E5609 This new foreign variety is the earliest strap leaved in cultivation; flesh pure white, purple top, of flat form and excellent quality. Highly recommended. Price, 5 pounds, \$1.98; pound 43c

EXTRA EARLY WHITE TOP MILAN. No. 56E5604 This is the earliest of all varieties; of a perfect flat form; pure white; small foliage and of fine quality; as an early market variety, it is unsurpassed. Price, 5 pounds, \$2.02; pound 43c

LARGE AMBER GLOBE.

No. 56E5608 This is a very beautifully formed variety, quite productive, solid flesh and attractive color; it keeps well and is desirable for either table use or for stock feeding.

Price, pound, \$0.24
 5 pounds 1.12

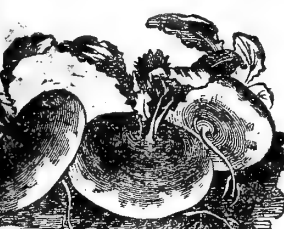

LONG WHITE OR COW HORN.

No. 56E5611 A pure white variety, with green top, growing in shape similar to a cow's horn; is desirable for both table use and for stock feeding; keeps well. Price, 5 pounds, \$1.08; pound 23c

No. 56E5604 EARLY MILAN.

Price, 5 pounds, \$1.08; pound 23c

No. 56E5601 PURPLE TOP STRAP LEAF.

PURPLE TOP WHITE GLOBE. No. 56E5600 It is a large, rapid growing sort, with globular shaped roots. Flesh pure white and the top bright purple. On account of its shape, it will out yield any other sort. Price, 5 pounds, 98c; pound 22c

SCARLET KASHMYR. No. 56E5607 A most distinct novelty, of such peculiar color that it has a striking resemblance to a large radish. Unwashed judges would, no doubt, pronounce it one of these radishes so persistently complained of as "tasting like turnips." However, it has a deep, rich crimson above, shading to a soft crimson rose below. Price, 5 pounds, \$1.42; pound 31c

SWEET GERMAN. No. 56E5606 This variety grows to a large size, and is considered one of the best for table use or for feeding stock. It partakes largely of the nature of the rutabaga, and should be sown a month earlier than the flat turnips. The flesh is white, hard, firm and sweet; keeps nearly as well as rutabaga. Highly recommended for winter and spring use. Price, 5 pounds, \$1.02; pound 22c

In buying this seed you get as much in one pound as you would ordinarily receive in 64 packets, making the cost considerably less than 1/2 cent per packet. You see you pay for the extra expense of the envelopes and the putting up of the seed and pasting it. When you buy in bulk you cut out all of this expense and get the seed at the grower's price with our one small profit added. If you cannot get your neighbors to join with you or do not want seed in so large quantities, then buy some of the great collections offered in this book.

WHITE EGG. No. 56E5605 A quick growing, egg shaped, perfectly smooth, pure white variety, with small top and rough leaves. It grows half out of the ground. The flesh is very sweet, firm and mild, never having the rank, strong taste of the varieties. Price, 5 pounds, \$1.11; pound 24c

Price, 5 pounds, \$1.11; pound 24c

IT DOESN'T PAY YOU to save your own garden seed, because the quality of the vegetables raised from the same seed year after year constantly deteriorates. Elsewhere in our catalogue we offer you our garden assortments made up of varieties as choice as we can find in the seed markets of the world, at prices so low that you can easily afford sending to us for your garden seeds.

TURNIPS.

RUTABAGAS FOR STOCK.

The value of rutabagas for feeding stock in fall and winter is not fully appreciated, as they are much liked by all kinds of stock, and serve to keep them in good condition. We earnestly recommend that farmers increase their sowings largely, for we are sure the crop will prove remunerative.

HURST'S MONARCH. No. 56E5654 This is a yellow fleshed sort, having very large tankard shaped roots, with relatively small necks and tops. Color purplish crimson above ground, yellow below; flesh very solid, fine grained and of the best flavor. Price, 5 pounds, 88c; pound 22c

IMPROVED AMERICAN. No. 56E5650 A heavy yielding, hardy and productive. It is the hardest, most productive and nutritious variety in cultivation. Flesh yellow, of solid texture, sweet and well flavored; shape slightly oblong, terminating abruptly; color deep purple above and bright yellow under the ground; leaves small, with little or no neck; the most perfect form, the richest in flavor, and the best in every respect. Price, 5 pounds, \$1.04; pound 23c

LANG'S IMPROVED. No. 56E5652 A large, early sort, of fine quality. Roots globe shaped; skin purplish red above ground and yellow below; flesh yellow; necks small; tops peculiar in that their leaves are strap or entire. An excellent variety in every way. Price, 5 pounds, \$1.06; pound 23c

LARGE WHITE. No. 56E5651 A rutabaga that is absolutely neckless; tops strap leaved; flesh white and unusually fine grained; growth vigorous, and while in common with all rutabagas it is valuable for stock feeding, the white flesh is so very fine grained and excellent in quality that it is particularly desirable for table use, and for this we strongly recommend it. Price, 5 pounds, \$1.08; pound 23c

SKIRVING'S PURPLE TOP. No. 56E5653 A very heavy cropper. One of the best for field culture. Price, 5 pounds, 98c; pound 21c

OUR FARM SEEDS.

We have exercised the same care in growing our farm seeds as in our vegetable seeds and give you the benefit of lowest possible prices. Farm seeds are subject to market fluctuations, however, and the prices we name here are only guaranteed to hold good until our present stocks are exhausted. If, however, the market price drops below these prices we will give our customers the benefit of the decline. In other words these prices are guaranteed until our stocks are exhausted.

We handle only one grade of farm seeds—the best. Interior stocks can sometimes be purchased for less money, but we do not care to handle them or offer them to our customers. They are unsatisfactory at the best and a few cents saved in the cost of the seed may mean hundreds of dollars lost in the crop. Here, as elsewhere, we would advise all farmers to change their seed stock. No matter how good your crops may have been or how pure and productive your seed may have been a year or two ago, it is bound to deteriorate and is of weaker vitality each succeeding year. The only way to insure the largest and best crops is to change your seed every two or three years and procure only the best and highest grades each time. In this way you will be raising immense crops while your less fortunate neighbor will be content with small crops of inferior quality, and will wonder at your success.

We have listed here such varieties as we consider of special value to farmers and gardeners, including such novelties as we know by experience and test are worthy of trial. There are many items which we have omitted that we do not consider of any value. As the majority of our customers plant seed for the value of the crop that they can grow it would be a useless waste of time for them to experiment with untried novelties and sorts of doubtful or worthless value. Everything we offer here we can conscientiously recommend for general cultivation. If any of our customers should want any varieties of seed which we have not listed in this catalogue they are requested to write us stating the quantities they desire and we will be pleased to quote them. The varieties which we have listed are the ones which we carry in stock and which we consider the very best, but if any of our customers plant other varieties and desire prices on them we will be pleased to quote them.

INVEST \$1.00 AN ACRE MORE in the field seeds you use this year, by sending to us for your seed wheat, corn, oats, barley, clover, etc., instead of using the same seed you have used for years or that you can buy in your own neighborhood. Try buying every seed you use this season from us and you will find that the increased yield and better quality of grain will pay you a handsome return on the small additional investment in seeds. An increased yield of 10 bushels of wheat, or 30 bushels of oats, or 15 bushels of barley to the acre because you use our choice, selected field seeds will bring your money back to you many times over.

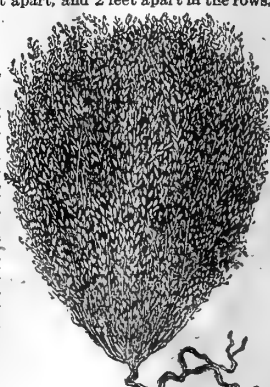

ARTICHOKES.

JERUSALEM. No. 56E6375 The greatest hog food known, attracting much attention on account of its great fattening properties, over one thousand bushels having been grown on one acre. They need not be dug in the fall; the hogs should be turned on them, and will help themselves by rooting for them. They are also said to be a preventive of hog cholera and other diseases and are highly recommended for milk cows, increasing the yield of milk. Three to four bushels will plant an acre. They may be planted same as potatoes. Plant in April or May, in rows 3 feet apart, and 2 feet apart in the rows, and cover about 2 inches deep.

Price, peck \$0.34
 Bushel 1.24

AUSTRALIAN SALT BUSH.

No. 56E6050 A Forage Plant for Alkali Soils and for regions subject to periodic drought. This is a most wonderful forage plant, as it will grow freely in arid and alkali lands that will produce no other vegetation, yielding marvellously liberal foliage which is eagerly eaten by all kinds of stock. It is of creeping habit. From 20 to 30 tons of green fodder have been harvested from one acre. It has further been proved that after four or five years have been grown on alkali land the soil is then capable of producing any other vegetation. In many sections of the states this is in itself of priceless value. This plant has been very extensively tried at the California Experimental Station, where single plants, growing on the poorest alkali ground, have reached a diameter of 16 feet in one season. One pound of seed will sow an acre. It grows readily from seed and requires no cultivation. Price, pound, 97c; 1/2 pound, 54c; 1/4 pound, 29c

No. 56E6050 AUSTRALIAN SALT BUSH.

BARLEY.

Our stocks of this have been secured from the most reliable growers in the North and can be relied upon to produce superior crops. This is a very profitable grain to grow and is recommended especially to our farmers who have been in the habit of growing wheat, corn or oats exclusively. It pays as well as any of these crops and helps to diversify your farming.

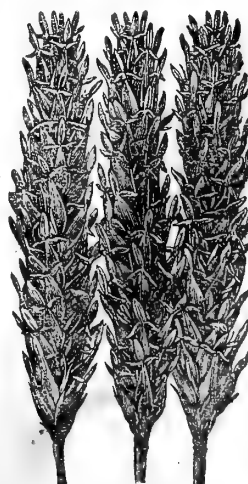

HIGHLAND CHIEF. No. 56E6060 A new and distinct two rowed variety. A very robust, vigorous grower. Straw strong, upright; yields from 50 to 60 bushels per acre; usually weighs over 60 pounds to the measured bushel. Less liable to be damaged by wet than other kinds inasmuch as it is more closely covered with broad awns, or spikelets; consequently it is less liable to lose color by the wet weather. A barley of wonderful productiveness, its maiting qualities are unsurpassed and for this reason always commands the highest price on the market.

Price, 2 bushels, \$1.90; bushel, \$1.01; peck 39c
HULLESS WHITE. No. 56E6061 Grows 2 1/2 feet high. Heads well filled. Plump, heavy kernels, which are hullless like wheat when threshed. Ripens early and yields well.

Price, 2 bushels, \$1.96; bushel, \$1.04; peck 34c

MANSHURY. No. 56E6062 The heads are long, filled with plump kernels, and the straw is extra strong. It is a six rowed variety, and tested with other sorts sold at high prices, it has outyielded all of them, and we believe it the very best sort that can be grown for general crop. It seems to succeed on all kinds of soils, but tests show that it gives the best results on lands that are more sandy and much lighter than those adapted for wheat. It ripens very early, generally a week or ten days ahead of the common six rowed variety, and is consequently exceedingly desirable for the Northern states. It is superior to any other variety for maiting, and is consequently always in demand and invariably brings a high price. Price, 2 bushels, \$1.64; bushel, 87c; peck 26c

BEARDLESS. No. 56E6063 The earliest barley known; if sown the 20th of March will ripen about the 20th of June; straw same length as common barley will stand up on any land; has produced 100 bushels per acre; as you can, root will not hurt it. It is hullless, handles as easy as oats and makes a stronger feed. Price, 2 bushels, \$1.78; bushel, 96c; peck 33c

No. 56E6061 HULLESS BARLEY.

BEANS.

NAVY. No. 56E071 In high favor among the great field bean growers of New York and Michigan. Its yield is quite heavy. It is white and handsome, but is pea-shaped rather than medium shaped. We list it on account of its high productivity, its extra quality and its wide popularity. Price, 2 bushels, \$3.74; bushel, \$1.92; peck, .58c.

RED KIDNEY. No. 56E070 An old and desirable sort. Largely grown in many of the bean sections of the country; of medium size, reddish color and very productive. Producing larger crops than the navy and commanding equally as high prices as that standard variety.

No. 56E075 BEGGAR WEED.

Price, 2 bushel, \$6.78; bushel, \$3.44; peck, .88c.

BEGGAR WEED. No. 56E075 (Florida forage plant). Has rather an upright growth of 4 to 7 feet. Belongs to the order of pea plants, and produces much nitrogen on the roots. It is a great enricher of light sandy soils by plowing the crop under. It makes a first class hay—as good as alfalfa. Sow 10 lbs. clean seed to an acre when soil is warm and moist, cover seed very lightly. For hay, cut when first blooms.

Price, 5 lbs., \$1.52; 1 lb., .32c.

BIRD SEED.

We offer only the best re-cleaned stock. Our facilities for supplying this are unequalled, and the low price at which we sell it should induce all of our customers to place all of their orders with us.

MIXED. No. 56E080 50 lbs., \$2.50; 6 lbs., .30c.

CANARY. No. 56E081 50 lbs., \$2.85; 5 pounds, .34c.

HEMP. No. 56E082 Price, 50 pounds, \$2.42; 5 pounds, .29c.

MILLET. No. 56E083 Price, 50 pounds, \$1.26; 5 pounds, .21c.

RAPE. No. 56E084 Price, 50 pounds, \$2.35; 5 pounds, .27c.

RUSSIAN SUNFLOWER. No. 56E5425 Price, 100 pounds, \$5.12; 50 pounds, \$2.63; 5 pounds, .31c.

BROOM CORN.

In certain sections of the country this is grown quite largely for commercial purposes and is said to be a very remunerative crop. It is easily cultivated and harvested and we would urge our farmer friends who live near broom factories to try a small batch of it, in order to diversify their crops. The varieties we offer are all standard sorts and those which bring the highest price in the market.

CALIFORNIA GOLDEN. No. 56E090 This variety has been carefully selected and improved so that the brush is straight and long, a very large proportion of it being suitable for hurl. It is of fine quality, of light green color, turning to light yellow when allowed to become too ripe. Brush straight and long.

Price, 500 pounds, \$12.40; 100 pounds, \$2.68; 25 pounds, .72c.

JAPANESE. No. 56E091 By far the quickest growing variety that was ever introduced, and tests prove that it will mature in 75 days when planted late. One grower states that it was planted the middle of July and ready to cut by the first of October. Largely grown in the southwestern states.

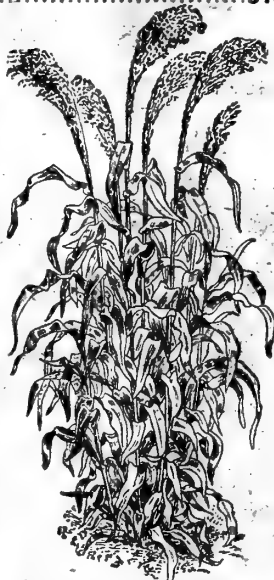

Price, 500 pounds, \$18.60; 100 pounds, \$3.95; 25 pounds, \$1.28.

MISSOURI EVERGREEN. No. 56E092 This variety is more generally grown than any other sort on account of the color and quality of brush. The brush is of good length, always green; when ripe it does not get red and has no center stalk, which is most desirable to broom corn growers and manufacturers.

Price, 500 pounds, \$14.80; 100 pounds, \$3.15; 25 pounds, .85c.

TENNESSEE EVERGREEN. No. 56E093 Of fine quality, good length and handsome appearance; cut before the seed is ripe it is a beautiful pea green color, ripens early and yields heavy crops.

Price, 500 pounds, \$16.70; 100 pounds, \$3.55; 25 pounds, \$1.06.

No. 56E091 JAPANESE BROOM CORN.

BUCKWHEAT.

COMMON. No. 56E100 We offer choice re-cleaned seed, that is sure to produce a good crop. It has been grown especially for seed purposes and is a pure strain. Price, 2 bushels, \$1.76; bushel, .92c; peck, .26c.

JAPANESE. No. 56E101 The most productive and profitable variety in cultivation. In color the grain is a rich dark brown. Flour from Japanese buckwheat is fully equal in quality to that from any other variety. It ripens a week earlier than Silver Hull and yields two or three times as much. Excellent for bees.

Price, peck, .39c; bushel, 1.28; 2 bushels, 2.46.

SILVER HULL. No. 56E102 An old standard sort that ripens early and is a heavy yielder on all kinds of soils; seldom affected by drought. The berry is of a light silver gray color. The flour is whiter and more nutritious than that made of the common sorts.

Price, peck, .34c; bushel, 1.16; 2 bushels, 2.22.

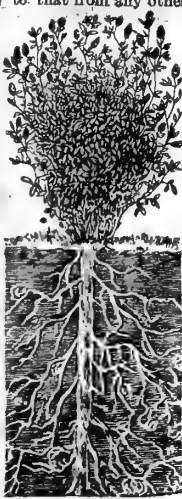

No. 56E102 SILVER HULL BUCKWHEAT.

stock is all fancy re-cleaned seed, well graded and plump. Inferior seed can be had at lower prices, but we give the best stocks at the lowest market prices. As the market fluctuates from day to day we cannot guarantee these prices to last throughout the season, but will supply at prices quoted until our present stocks are exhausted, and if the market declines we will give the customer the benefit of reduced prices.

ALFALFA. No. 56E125 It strongly resembles clover in habit of growth and feeding value, but withstands drought much better. It is a perennial plant on well drained soils, so that when once established it will continue to produce large crops twenty years when properly cared for, and on some of the rich western prairies yields four to five large cuttings in a single season. The plant is quite hardy but will not succeed on low wet soils.

Price, 100 pounds, \$14.92; 25 pounds, \$3.95; 5 pounds, .98c.

No. 56E125 ALFALFA.

ALSIKE. No. 56E126 (Trifolium Hybridum). A very hardy perennial. On rich, moist soil it yields an enormous quantity of hay or pasture, but its greatest value is for sowing with other clovers and grasses as it forms a thick bottom and greatly increases the yield of hay; cattle prefer it to any other forage. The heads are globular, fragrant and much liked by bees, which obtain a large amount of honey from them. Sow in spring or fall at the rate of 6 pounds per acre, when used alone.

Price, 100 pounds, \$15.69; 25 pounds, \$4.00; 5 pounds, .96c.

BOKHARA. No. 56E127 (Melilotus Alba). Sweet Clover. This is exceedingly valuable as pasture for bees. It is occasionally found growing wild by the roadside in company with the more common sweet clover (Melilotus officinalis), and may be distinguished from it by its white flowers and less woody stems.

Price, 25 pounds, \$5.05; 5 pounds, .122.

CRIMSON, OR SCARLET. No. 56E128 An annual variety, in common use in the south for feeding green and for hay and also found very profitable on the sandy soils of New Jersey. The yield in fodder is immense and after cutting, it at once commences growing again, continuing until severe, cold, freezing weather. It grows about one foot high; the roots are nearly black; leaves long; blossoms long pointed and of very deep red or carmine color. Makes good hay. It is sown in August or September in the south, but should not be planted in the north until spring. Sow 10 to 15 pounds per acre.

Price, 100 pounds, \$9.43; 25 pounds, \$2.62; 5 pounds, .67c.

MAMMOTH, OR LARGE RED. No. 56E129 Grows nearly twice the size of the common Red Clover, often making a stand when the other clovers fall. Sow about 8 to 12 pounds per acre.

Price, 100 pounds, \$14.81; 25 pounds, \$4.10; 5 pounds, .88c.

MEDIUM RED, OR JUNE. No. 56E130 This is by far the most important of all the varieties for practical purposes. Sow in spring or fall, and if no other grasses are used, at the rate of 8 to 12 pounds per acre; more is required on old, stiff soils than on new and lighter ones.

Price, 100 pounds, \$14.77; 25 pounds, \$3.95; 5 pounds, .92c.

TURKSTAN ALFALFA. No. 56E131 This most valuable new variety was introduced by the Department of Agriculture and has given such excellent satisfaction that we heartily recommend it to our customers. It is more hardy than the Lucerne, having stood a temperature of 40 degrees below zero when the ground was bare. It will also stand extreme drought, as it has been tested in localities where the summers are dry and hot and the winters extremely cold. We believe the farmers of this country will find it of special value, making not only a larger top growth but much better root growth than the common alfalfa. Price, 100 pounds, \$16.62; 25 pounds, \$4.56; 5 pounds, \$1.02.

WHITE DUTCH. No. 56E132 A small creeping perennial variety, valuable for pasture and for lawns. It accommodates itself to a variety of soils, but prefers moist ground. Sow in the spring at the rate of six pounds per acre, or when used with other grasses half that amount.

Price, 100 pounds, \$16.37; 25 pounds, \$4.20; 5 pounds, .96c; pound, .23c.

DON'T LET THE TRIFLING DIFFERENCE IN THE COST OF THE BEST FARM SEEDS influence you to use the kind you can buy at the

home elevator or of your neighbor or that you have grown yourself. If you pay a few cents an acre more for the best seed than you would have to pay if you bought from the elevator man or your neighbor, or used your own grain, you will see the economy of doing so when your yield is many bushels greater per acre, and the grain grades No. 1 instead of No. 3. It is just as easy to grow the best grains as to grow the second best. It is just as profitable to grow the best wheat and corn and oats and barley as it is to raise the best blooded horses and cattle and hogs and sheep. Our seeds are selected for their high quality and we do not offer a single variety that we cannot guarantee strictly first class in every particular.

FIELD CORN.

This is one of the most important crops to many of our western farmers and too great care can not be taken in the selection of their seed. Our stocks have all been grown by the most reliable growers in the west and northwest. They are all of 1905 growth, true to type and of highest germination. We have not bought this seed promiscuously from every farmer who might have it to offer, but have selected the best grown on contract, under the most careful supervision especially for us. The entire crop has been ours from the time the corn was put into the ground, until it was all harvested, shelled, re-cleaned and sacked. Under these conditions you can readily see that seed of this character is far superior to that saved by the most careful farmer. Your seed stock should be changed at least every three years and oftener than that is desirable. The first cost of the seed amounts to but very little when you take into consideration the crop to be grown. Five bushels per acre added to the average yield will pay for all the seed corn you have to buy for 10 years to come. And very often by planting new and desirable varieties and discarding the stocks which you have been growing for years it enables you to increase your yield from 25 to 50 per cent. There is no better seed corn in the world than that which we offer. It has been grown on scientific principles. Every step in its cultivation, harvesting, cleaning and shipping is carefully supervised by expert growers. We offer the finest seed corn, at honest values. Passing through our hands and the hands of the people who grow it, we save you the profit of the middlemen and offer you the best selection of seed corn at less than wholesale prices. We annually contract and grow hundreds of acres for seed purposes only and this is so carefully watched, so carefully cultivated, so carefully harvested, so carefully cleaned and labeled that no better, purer, finer types of seed corn are ever offered by any seedsmen in the world. We consider the varieties which we offer the best in general cultivation for all parts of the country. Some varieties are better adapted to the shorter growing seasons of the north and northwest than others. Some are more suitable for the great corn belt of Iowa, Illinois, Kansas and Nebraska. Others are adapted to the needs of the Eastern States while still others are especially recommended for southern planters. If you do not know just what varieties you wish to plant leave the selection to us and we will give you a good sort well suited to your section of the country.

BRAZILIAN FLOUR. No. 56E220 This corn produces from five to eight stalks, each stalk bearing two or three ears, five to seven inches in circumference, nine to twelve inches in length; color, beautiful white. It is the best variety for ensilage we know of, and yields to the acre four times more fodder than common corn and more bushels in shelled corn, containing a much larger quantity of starch than any other corn. The grains are bolted by the same process as wheat, yields a finer flour that will make bread, biscuits, etc., as good as those made of wheat flour; also used largely for roasting ears. Plant two kernels to the hill, thin to one and cultivate like other corn. Two quarts will plant one acre.

Price, 2-bushel bag, \$3.78; bushel, \$1.94; peck, .53c.

CANADA 8-ROWED FLINT. No. 56E219 Flint corn is the earliest of all. It is a late sort to plant where the season is short. It will mature in eighty-five days of good corn weather.

Price, 2-bushel bag, \$2.16; bushel, \$1.13; peck, .38c.

CHAMPION WHITE PEARL. No. 56E212 This is short and thick. The ear grows low on the stalk, from seven to twelve inches in length, almost parallel throughout, of medium size, averaging sixteen rows of grains. The grains are pure white, very deep, compact and heavy. Two grains will more than span the cob. The cob is small, a very few severely injured ears with only one or two one-half pounds, of which the cobs alone weighed only seven pounds. It makes a superior quality of corn meal, and grades No. 1 white in any market. It matures early. We recommend it highly.

Price, 2-bushel bag, \$1.92; bushel, .98c; peck, .28c.

No. 56E220

BRAZILIAN FLOUR CORN.

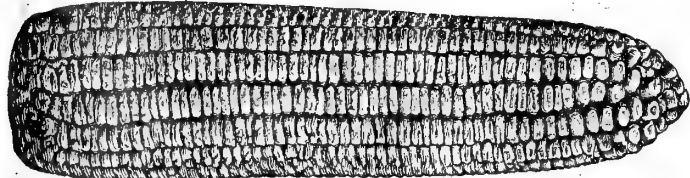

No. 56E6211 EARLY MASTODON.

GOLDEN BEAUTY. No. 56E6208 The ears are of perfect shape, with from ten to fourteen straight rows of bright golden yellow grains, remarkable in size, and filled out completely to the extreme end of the cob. The richness of color and fine quality of grain make it vastly superior for grinding into meal. The grains are not of a hard, flinty nature, neither are they so soft as to be greatly shriveled. The ears are easily shelled, although the kernels are firm on the ear, and in every respect present as perfect a type as could be possible to have. Golden beauty matures early, ripening in 100 to 110 days from planting and surpasses all in size and beauty of grain.

Price, 2-bushel bag, \$1.92; bushel, 98c; peck, 29c

HICKORY KING. No. 56E6219 Smallest cob and the largest grained white corn in cultivation. Will outyield many other white sorts, and will bear closer planting. Ripens in 100 to 120 days. It husks and shells easily and produces much fodder. Price, 2-bushel bag, \$2.46; bushel, \$1.28; peck, 38c

No. 56E6213 GOLD MINE.

IOWA GOLD MINE. No. 56E6213 It is early, ripening in about 100 days, ears are of good size and symmetrical color, a bright golden yellow, grain is very deep, cob small and therefore dries out very quickly.

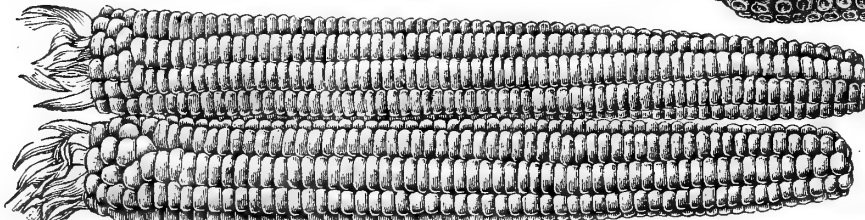

Price, 2-bushel bag, \$1.96; bushel, \$1.04; peck, 32c

IMPROVED LEAMING. No. 56E6210 A very popular and extremely productive variety. On good land the stalks grow tall, producing two good ears to each stalk. The ears are long, with small, red cobs well filled with grains of medium size, of a rich golden color. It ripens in from 100 to 110 days, and makes a good crop even in dry seasons, by reason of its strong vigorous growth. The stalks are leafy, making excellent fodder, while the grains being so deep, yield an extra large quantity of shelled corn per bushel of ears.

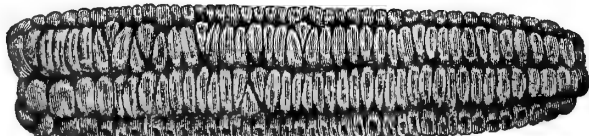

Price, 2-bushel bag, \$1.88; bushel, 96c; peck, 28c

KING PHILIP. No. 56E6218 An extra early red flint, valuable for North. Matures in 90 days. A sure cropper on poor land. Ears eight rowed and from 9 to 12 inches long.

Price, 2-bushel bag, \$2.10; bushel, \$1.11; peck, 40c

No. 56E6215 LONGFELLOW.

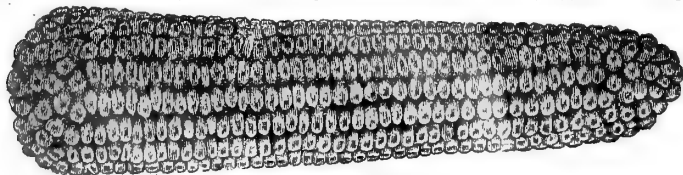

No. 56E6209 MINNESOTA KING

MINNESOTA KING. No. 56E6209 A famous half dent eight rowed corn. This was introduced a number of years ago and has steadily increased in favor since its introduction, and we consider it one of the most valuable sorts ever grown for the Northern States. While there are many varieties that in good years will yield as much as Minnesota King, there are very few, we think, that will year in and year out, produce as heavy a crop as this sort. The ears are quite large, cobs small, kernels yellow, broad, long and set very closely on the cob. On account of its healthy and vigorous growth in its early stages of development it can endure more drought, heat and cold weather, and being extremely early it is soon out of danger of frost. The stalks grow to a medium height, are firm and well rooted, withstanding the strongest winds.

Price, 2 bushels, \$1.92; bushel, \$1.03; peck, 39c

NORTH STAR YELLOW DENT. No. 56E6207 One of the best early dents. A safe variety to ripen in any locality.

Price, 2 bushels, \$1.81; bushel, 98c; peck, 31c

No. 56E6206 PRIDE OF NORTH.

PRIDE OF NORTH. No. 56E6206 This variety has smaller ears than late kinds, but is valuable to grow, as it matures earlier. Planted as late as July 4th, it has fully matured by October 1st. The ears have from fourteen to sixteen rows, grow eight to ten inches in length, slightly tapering. The kernels are closely set together on the cob, of a light orange color. The stalks usually grow six to eight feet in height, producing one or two good ears.

Price, 2 bushels, \$1.94; bushel, \$1.04; peck, 35c

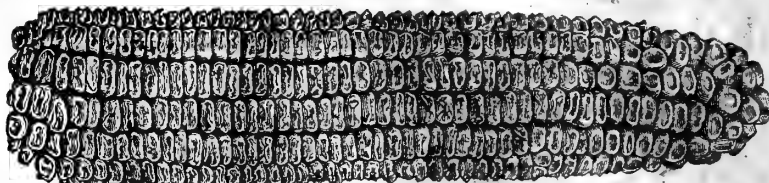

The many new varieties of corn shown in this special catalogue have been found by test to be unusually prolific and well adapted to the needs of the average farmer. The kernels are large and firm and the ears are of generous proportions. You should try some of these varieties.

EARLY MASTODON. No. 56E6211 This is said to be the greatest eared Early Yellow Dent Corn in existence. If we are to believe the reports of enormous yields of this variety, it is at once placed in the first rank of profitable sorts for farmers to grow. Alfred Rose, of Yates County, N. Y., grew 213 bushels of this variety on one acre. The ears average from 9 to 12 inches in length, with from twenty to thirty-six rows of corn. Stalks bear two to four ears, each well filled to the tip with extra long grains of a pure golden color.

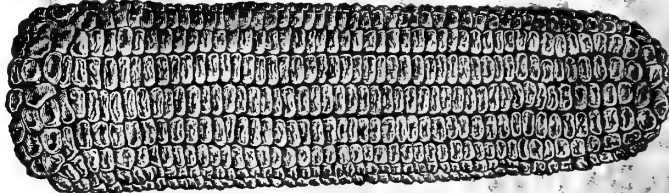

Price, 2-bushel bag, \$1.90; bushel, \$1.02; peck, 34c

EXTRA EARLY HURON DENT. No. 56E6205 In this variety we offer our customers the best shaped ear, most economical grain and earliest Dent Corn in the United States. It will ripen in northern localities hitherto able to grow only the Flint, and is hence of great value. It is of a bright orange color, with good sized stalk and ear. Small red cob and deep grain.

Price, 2-bushel bag, \$1.92; bushel, \$1.02; peck, 34c

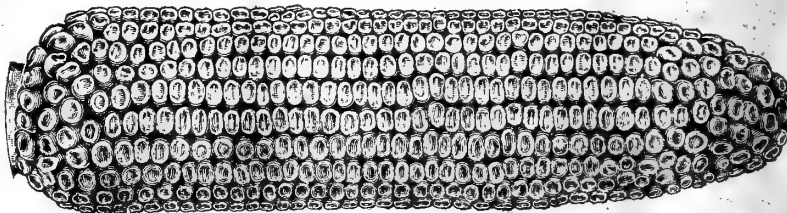

No. 56E6205 HURON DENT.

No. 56E6214 SILVER MINE.

IOWA SILVER MINE. No. 56E6214 This was first introduced in the West, and is very popular there on account of its enormous yield. There is on record where 215 bushels were grown on an acre. It is a pure white corn with deep grain. The ear averages 10 to 12 inches in length, 16 to 20 rows, with small cob and filled out clear over the tip. It is early, maturing in 95 to 100 days. The stalk grows to a height of about 7 to 8 feet.

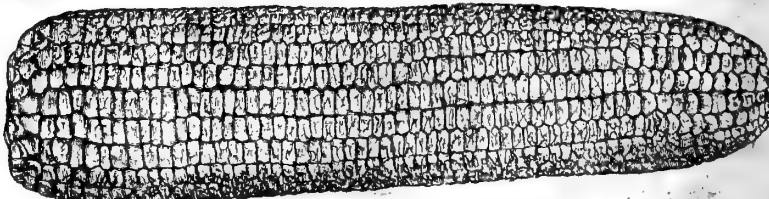

Price, 2-bushel bag, \$1.98; bushel, \$1.02; peck, 30c

No. 56E6210 LEAMING.

LONGFELLOW. No. 56E6215 A variety that is particularly adapted to the North. It is an eight rowed sort, with ears 12 to 15 inches in length, and about 1 1/2 inches in diameter, small cob, large kernel and very broad.

Price, 2-bushel bag, \$2.12; bushel, \$1.11; peck, 37c

No. 56E6217 WHITE CAP YELLOW DENT.

WHITE CAP YELLOW DENT. No. 56E6217 This combines the earliness and hardiness of the Pride of the North, with ears of very large size. The stalks are stout, growing six to seven feet in height, with abundant foliage. Ears of handsome appearance, eight to ten inches in length, well filled having sixteen to eighteen rows of deep grains. The cob is small, grains being very deep and quite wide. The outer end of the grain is white, deeply dented, while the inner portion is a clear amber yellow. The grains are flattened and set squarely on the cob, and completely fill the entire surface of the ear.

Price, 2 bushels, \$1.84; bushel, 98c; peck, 34c

ENSILAGE CORN.

There is a growing demand for corn for ensilage purposes. As farmers, dairymen and others learn the great value of ensilage for stock purposes, they naturally turn to the seedsmen for their supply of planting seed. Many seed houses make a practice of sending out poor, inferior, left over stock from the previous year's business. Such stocks are generally mixed, do not germinate more than one-half of the grains and are in every way inferior. The seed which we offer has been carefully grown and selected for seed purposes, is as pure a type as any corn which we offer, will produce bountiful crops and are sure will give satisfaction in every particular. 12 to 16 quarts per acre are required if planted in drills, if sown broadcast 2 to 2 1/2 bushels are required.

RED COB. No. 56E6238 A pure white corn with red cob, which grows very large, often yielding as high as 45 tons of fodder per acre. It is sweet, tender and juicy and furnishes more nourishment than any other variety. No dairy farmer should be without it, it can be fed green, or made into silage, or cured and stacked.

Price, 2 bushels, \$1.90; bushel, \$1.00; peck, 32c

SOUTHERN LARGE. No. 56E6235 This variety grows to a very large size and produces a very heavy yield of superior fodder, which is eagerly devoured by all kinds of stock.

Price, 2 bushels, \$1.92; bushel, \$1.02; peck, 37c

YELLOW DENT. No. 56E6237 The large growing Yellow Dent varieties make splendid fodder.

Price, 2 bushels, \$1.90; bushel, \$1.01; peck, 35c

SWEET FODDER. No. 56E6237 There is nothing better for summer and fall green feed, or for curing for winter than Sweet Corn; being sweet and palatable, cattle eat every part of the stalk and leaves. A great favorite with dairy farmers; also excellent for silage. Can be planted as other corn or sown thickly in drills or broadcast. Sow one-half bushel per acre in drills, 1 to 1 1/4 bushels broadcast.

Price, 2 bushels, \$2.32; bushel, \$1.23; peck, 36c

COTTON.

As much of our trade is in the Southern States and there have been frequent calls for cotton seed, we list here two good varieties, which are well and favorably known to all cotton planters. We are in a position to supply any other varieties grown in quantities of 15 pounds and upwards, shipping same direct from our grower in the South. If in the market for any quantity of seed please write for quotations. All orders for more than 25 pounds will be shipped direct from our grower in Northern Georgia.

SEA ISLAND. No. 56E6250 This is the famous Sea Island, grown on the islands of the South Carolina, Georgia and Florida coast. Its fame extends around the world and it is a most profitable variety to grow. This seed is produced on the islands, while the variety is grown inland, but still the seed to be productive and produce best results must come from the islands. Price, 100 pounds, \$4.90; 25 pounds, \$1.68; 5 pounds, 41c.

PETERKIN IMPROVED. No. 56E6255 This is an excellent staple variety of cotton. It withstands drought in a remarkable degree, and produces tough, hardy cotton. Hard usage and partial dry season do not largely affect the crop. Price, 100 pounds, \$4.78; 25 pounds, \$1.40; 5 pounds, 38c.

COW PEAS.

Cow Peas are to the South what clover is to the North and what alfalfa is to the West. There is now a widespread disposition to plant cow peas farther north than formerly on account of their quick growing habit and their great value for fertilizer and soil improvement purposes. It has strong roots and heavy foliage, possessing great fertilizing powers. It draws its nourishment very heavily from the air, and returns it in a richer measure to the soil, thereby enriching it to a degree that is remarkable. In the cow pea we have a fertilizer and a food at the same time. If not desired as a fertilizer, it makes a fine fodder for cattle. The cow pea ranks very high as a soil enricher, gathering immense quantities of nitrogen from the atmosphere. The ripe peas contain no less than 18 1/2 per cent of digestible protein. The vines properly cured are a most valuable fodder for cattle and sheep, being richer in protein and fat than the best clover hay. This is not exactly a pea, but belongs more properly to the bean family. It requires a full season to mature and ripen the pods. If desired, the pods may be harvested for the grain and the vines plowed under to fertilize the soil. The seed or grain is ground and used for cattle fodder; the leaves and stalks also make a good fodder, fed green. Poor, sandy land may be greatly improved by plowing under a crop of cow peas and thus made into a fertile loam. Plant in a thoroughly mellowed soil. If wanted to plow under for manure, sow with a drill, in drills a foot apart. If grown for seed, plant 3 1/2 feet apart and one foot in the row; and cultivate thoroughly, using 25 pounds of seed per acre. The yield of peas in a dry state is from 40 to 60 bushels per acre. They can be shipped direct from our grower in Northern Georgia at 25 cents less per bushel than quoted here.

CLAY OR WONDERFUL. No. 56E6255 This variety is of extra strong growth and most productive of dry seed, being especially adapted for sowing in the Northern States. Seed should not be planted until the trees are well out in leaf. For drills three feet apart use one-half bushel per acre, or one bushel broadcast. While planted in hills 4 x 4 feet with corn one-quarter bushel is sufficient. The earlier they can be sown in the spring the larger the crop of dry growth until cut off by frost. Price, bushel, \$2.24; peck, 68c.

WHIPPOORWILL. No. 56E6257 A very early maturing variety of upright or bush growth. The seeds may be gathered and the plants harvested much more readily than with the running or vine type of growth. Ripening early, the crop may be harvested in time to plant winter grain in the fall, providing the seed can be planted by the middle of May. At the Delaware State Experiment Station this variety yielded thirteen tons of ensilage from one acre of land. The seed is light brown, speckled darker brown, of the same size and coloring as the eggs of the Whippoorwill. Price, bushel, \$2.16; peck, 64c.

SOUTHERN BLACK. No. 56E6256 Very extensively grown in Virginia, but also in favor elsewhere. It is quick to mature, and is adapted to Northern localities and late planting. It is one of the best of cow peas for land improvement purposes, and yields a very large amount of forage. It belongs to the class of trailers. Price, bushel, \$2.30; peck, 65c.

FLAX.

FLAX. No. 56E6260 This was originally introduced as Russian Flax, but the seed has been grown here for a number of years, and has become thoroughly acclimated and is without doubt the earliest and most prolific in cultivation. This strain is absolutely clean and pure, and we wish to call your attention to the necessity of abolishing the use of your old seed and getting something clean, that, with a little care, you can keep clean. Price, 5 bushels, \$7.20; bushel, \$1.46; peck, 44c.

GRASSES.

YOU CAN'T BE TOO PARTICULAR about the quality of the grass seeds you sow. Have you ever noticed that seedmen quote two grades of grass seeds? The low priced seed is inferior and of a second class quality, poorly cleaned and generally not true to species. The Canada thistle and many other noxious weeds have been introduced to the fields of the American farmer through unclean seeds. All our grass seeds are pure, are thoroughly cleaned and re-cleaned and we guarantee them absolutely. Nine-tenths of our four million customers are farmers and we could not afford to take a single chance of losing their confidence by selling them inferior seeds.

All of our seed is choice re-cleaned stock, such as will give universal satisfaction to everyone who plants it. We do not handle any second grade or inferior stock as we realize our customers want and should have the best, therefore we handle one grade only. Prices on these fluctuate from day to day. While our present stock lasts we will fill all orders at prices quoted. Should the market go down our customers will be given the benefit of the lower prices. After our stock is exhausted, if prices should rise we will have to charge our customers accordingly, but in no instances will we charge more than current market prices. We have given this branch of our business particular attention and wish to assure our customers that their orders will be filled with the choicest stock obtainable. Samples mailed on application.

BERMUDA. No. 56E6150 In the Southern states and in the warmer regions of the Southwest, and on the Pacific slope, this is cultivated extensively, and is most highly prized chiefly for grazing. All kinds of stock being extremely fond of it. It grows freely on sandy soils where other grasses will not thrive, and resists extreme droughts and high temperatures. It is particularly a sun loving grass and will not thrive in the shade. It is useful for binding sand and the loose soil of embankments, or those subject to wash. It makes fine lawns and is extensively used for that purpose in the hotter portions of the United States, for it will thrive where the grasses ordinarily employed for that purpose could not survive. It does not succeed farther North than Virginia. Sow 8 pounds per acre. Price, 5 lbs. \$2.15; pound, 48c.

BROMUS INERMIS. No. 56E6151 This useful grass, also called Hungarian or Smooth Brome Grass, grows sometimes to a height of three or even five feet. It is a native of Hungary. It has done well in America, especially on dry, arid soils, in which situations its drought resisting qualities are seen to advantage. It is a hardy perennial well adapted to cold climates and exposed situations. It is claimed for it that it will succeed in a wider range of temperature than any other grass, and that it will produce satisfactory crops on land too poor to support timothy and other agricultural grasses. It has had wide trial and unquestionable endorsement, both by the experiment stations and by individual farmers and as already said will prove to be a boon to many farmers. Price, 100 pounds, \$8.71; 25 pounds, \$2.62; 5 pounds, 69c.

CREeping BENT. No. 56E6152 A very hardy grass, especially adapted to moist lands and those which are occasionally overflowed. Its peculiar habit of branching underneath the surface enables it to resist to the greatest extent tramping and pasture.

Price, 100 pounds, \$16.00; 25 pounds, \$4.56; 5 pounds, \$1.02; 1 pound, 26c.

CRESTED DOGSTAIL. No. 56E6153 This is a grass of deep rooting habit, which adapts it to shady, dry situations. It is a valuable addition for lawn grasses, which require close cutting and ability to resist tramping as in golf links, tennis courts, etc. It is also an excellent grass for pasture mixtures. Sow 20 pounds per acre. Price, 100 pounds, \$22.38; 25 pounds, \$6.90; 5 pounds, \$1.32; 1 pound, 29c.

ENGLISH RYE. No. 56E6154 Largely used in lawn and pasture mixtures. It makes a rich, green sod and a nutritious hay, and lasts for several years. Use at rate of 60 pounds to the acre. Price, 100 pounds, \$5.05; 25 pounds, \$1.54; 5 pounds, 36c.

HARD FESCUE. No. 56E6155 An excellent pasture or lawn grass, succeeding well in dry or shady locations. About 30 pounds to the acre. Price, 100 pounds, \$9.43; 25 pounds, \$2.70; 5 pounds, 64c.

ITALIAN RYE. No. 56E6156 An annual or biennial grass of very high value for soiling purposes. It is a remarkably rapid grower on good soil, being ready to cut in four or five weeks from date of seeding. Sow 50 pounds per acre. Price, 100 pounds, \$6.92; 25 pounds, \$1.93; 5 pounds, 48c.

JOHNSON. No. 56E6157 In the warmer parts of the Southern states it makes rapid growth, is but little affected by drought, and the hay, if cut just as the grass is coming into bloom, is much liked by all kinds of stock. Two or three cuttings may be made during the season. The extensively creeping root stalks are fleshy and tender, and are a very fond of them. This grass is very hard to eradicate and if it is not wanted to spread, the grass must be cut before the seed is ripe. It should only be sown where it is desired as a permanent pasture. Sow in spring or in August to October, at the rate of 25 pounds per acre. Price, 100 pounds, \$5.88; 25 pounds, \$1.66; 5 pounds, 44c.

KENTUCKY BLUE. No. 56E6158 Also known as June and Meadow Grass. One of the most valuable lawn and pasture grasses. It is early and continues growing till late in the fall; succeeds in almost any soil and goes through drought successfully. It is slow in becoming established and is best sown in mixture with quicker grasses. Price, 100 pounds, \$10.70; 25 pounds, \$2.87; 5 pounds, 72c.

MEADOW FESCUE. No. 56E6159 The celebrated English blue grass. Used in most American pasture mixtures. An excellent variety. Price, 100 pounds, \$8.63; 25 pounds, \$2.43; 5 pounds, 58c.

MEADOW FOXTAIL. No. 56E6160 Closely resembles timothy in growth, but has a soft feathery head. It is a valuable pasture grass by reason of its rapid growth. About 20 pounds to the acre. Price, 25 pounds, \$5.45; 5 pounds, \$1.20; 1 pound, 28c.

ORCHARD. No. 56E6161 This is one of the most desirable pasture grasses for stock and also for producing large crops of hay. It succeeds well in quite sandy places, hence the name of Orchard Grass. 40 pounds to the acre. Price, 100 lbs., \$14.40; 25 lbs., \$3.80; 5 lbs., 78c.

RED TOP. No. 56E6162 One of our best native pasture grasses. Blooms in July. Useful for lawn or field. Grows well everywhere. Height, 1 to 2 feet seed seed. Price, 100 lbs., \$8.37; 25 lbs., \$2.08; 5 lbs., 63c.

R. I. BENT. No. 56E6163 Brown Bent or Dog's Bent. Has a creeping habit and is with Kentucky blue grass or alone. If alone use 50 pounds of seed to the acre. Price, 100 pounds, \$15.38; 25 pounds, \$4.10; 5 pounds, 88c.

ROUGH STALK MEADOW. No. 56E6164 A valuable grass for moist soils or meadow making. Excellent pasture grass or very nutritious hay. 25 pounds to the acre. Price, 25 pounds, \$7.45; 5 pounds, \$1.58; 1 pound, 33c.

SHEEP FESCUE. No. 56E6165 This grass forms a large part of the pasture of the English downs. It produces a large quantity of short herbage, and should form a part of all mixtures for sheep pastures. 40 pounds to the acre. Price, 100 pounds, \$9.56; 25 pounds, \$2.62; 5 pounds, 58c.

SWEET VERNAL. No. 56E6166 Valued on account of its delightful fragrance. Generally used in connection with other grasses, at the rate of two or three pounds per acre. Price, 100 pounds, \$9.94; 25 pounds, \$2.56; 5 pounds, 57c.

TALL FESCUE. No. 56E6167 Very early and nutritive; should form a part of all pasture mixtures, for sheep pastures. 40 pounds to the acre. Price, 25 pounds, \$6.37; 5 pounds, 148c.

TALL MEADOW OAT. No. 56E6168 This grass attains a height of two to four feet, and is held in high esteem for both hay and pasture. It is hardy and drought resisting. Sow 50 pounds to the acre. Price, 100 pounds, \$15.88; 25 pounds, \$4.44; 5 pounds, 97c.

TIMOTHY. No. 56E6169 This is the universal favorite for hay, and too much care cannot be used in the selection of the seed. The stock which we handle is Northern grown, carefully re-cleaned to rid it of all noxious weed seed, and is as pure a strain as can be had. The market price on timothy fluctuates widely and we would advise all our customers to place their orders as early as possible and thus get the benefit of low prices. Price, 100 pounds, \$3.82; 25 pounds, 106c.

WOOD MEADOW. No. 56E6170 Adapted, as its name implies, for wooded or shaded meadows, or lawns, especially for moist ground. Much relished by cattle, highly nutritious. Produces a thick growth and should be in mixtures for permanent pastures. Sow 30 pounds to the acre. Price, 25 pounds, \$7.11; 5 pounds, 152c; 1 pound, 36c.

JERUSALEM CORN.

No. 56E6265 Pronounced one of the very best and most certain grain crops for dry sections and in the Southwest claimed to be superior to the famous Kafir corn, which is having such immense sales at the present time. It attains a height of 3 feet and makes a large head of one main stalk and several smaller heads on the side. In good seasons often as high as 8 or 9 heads will be seen on one stalk. The grains are pure white, almost flat. Sow 7 or 8 pounds to the acre. Price, 100 pounds, \$4.45; 25 pounds, 132c; 5 pounds, 34c.

If you have never used any of these special varieties of grasses we suggest that you set aside a few acres this year and give one or more varieties a trial. Thousands of farmers are finding it profitable to grow these special grasses.

No. 56E6169 TIMOTHY.

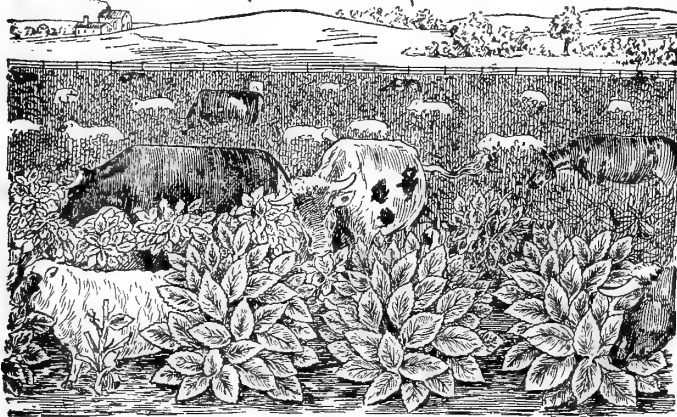

No. 56E6265 JERUSALEM CORN.

No. 56E6271
KAFFIR CORN.

WHITE KAFFIR CORN. No. 56E6271 It is a variety of non-saccharine sorghum and distinct from all others of this class. It does not stool from the roots, but branches from the top joints, producing two, three and four heads of grain from each stalk. The average height on good land is about 5 feet, but the stalks are very strong and never known to blow down in ordinary windstorms. It has the valuable quality of resisting drought, and if the growth is checked for want of moisture, the plant waits for rain and then at once resumes its progress without any apparent detriment to its condition; indeed, reports show that it has never failed to produce a good crop in the most disastrous seasons. The whole stalk, as well as the blades, cures into excellent fodder, and in all stages of its growth is available for green feed. All kinds of cattle are fond of it. It can be grown as far north as Minnesota, and is, therefore, desirable for cultivation in all parts of this country. Price, 100 pounds, \$1.48; 25 pounds, 52c

RED KAFFIR CORN. No. 56E6270 This grows taller than the white; the stalks are slenderer, but more juicy and very leafy. The heads are long, slender, compact and grow erect; they measure from one to two feet. The seed is red, smaller than that of the white, and rather hard and brittle. It does well on poor land and yields well. It ripens a little earlier than the white variety, and yields much heavier. Price, 100 pounds, \$1.95; 25 pounds, 62c

No. 56E6274 1,000-HEADED KALE.

KALE, THOUSAND-HEADED. No. 56E6274 A native of Europe, producing a tremendous mass of beautiful cut and curled leaves, which are long, large and rich, of a beautiful green color, and are eagerly sought and eaten by sheep, horses and cattle. The seed can be sown early in April or any time thereafter until mid-summer. The best way is to plant with a garden drill, dropping the seeds about eight inches apart, in the row, and the rows twelve inches apart each way. One pound this way will be sufficient for an acre, but if you wish to sow it broadcast use three pounds per acre. Thousand-Headed Kale is harder than Rape, and therefore, becomes a magnificent plant to sow in conjunction with Rape, so that you can figure to pasture sheep, cattle, hogs and poultry a month to eight weeks longer by having a few acres of Thousand-Headed Kale than you can on Rape alone. It grows to a height of three or four feet, the roots penetrating to a great depth in the sub-soil, so that the plant is not affected by drought. It grows with great rapidity after being fed off and flourishes in all kinds of soils. Price, 25 pounds, \$4.60; 5 pounds, \$1.04; pound, 26c

MILLET.

This is a very valuable addition to any farm, and is being grown very largely in the west and northwest for dry hay as well as for pasturage. It can be sown late in the season and on this account is valuable to plant after other crops have failed, or drowned out. Sown as late as July 1st, it produces a bountiful crop of hay long before frost comes. Sown later in the season it furnishes an abundance of grazing in the early fall months when other pasturage is apt to be short and poor. All our millets are shipped 50 pounds to the bushel.

COMMON. No. 56E6279 This does best on dry, light, rich soil, and grows 2½ to 4 feet high, with a fine bulk of stalks and leaves, and is excellent for forage. About 3 pecks of seed is sown per acre. Price, bag, 2½ bushels, \$2.34; bushel, \$1.08; peck, 38c

GERMAN. No. 56E6280 This grows very rank and is one of the best varieties for hay or fodder. On good, rich soil it will make a growth of 4 to 5 feet high, and although the hay may seem coarse, yet it is so tender that it cut at the right stage, which is when in full bloom, even hogs will eat the cured hay quite greedily. A yield of five tons of hay per acre is not unusual. Price, bag, 2½ bushels, \$2.36; bushel, 97c; peck, 32c

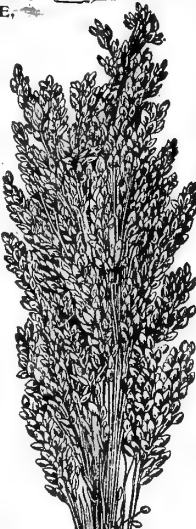

HOG. No. 56E6277 It is very valuable in sections where corn cannot be safely grown, and in such localities solves the problem as to the profitable raising of swine. In fifty to sixty days from the time the seed is sown, it is ready to harvest. The seed ripens while the fodder is yet green, hence it can be cut and used for both hay and seed with the best success. It will produce from 30 to 60 bushels of seed per acre, besides the fodder or hay. It is unlike other millet in habit of growth, having a branching head and the seed is glossy and much larger. Price, bag, 2½ bushels, \$3.30; bushel, \$1.34; peck, 42c

HUNGARIAN. No. 56E6281 It is valuable because it takes such a short season to make a fine crop of the most nourishing and milk producing hay. On this account it is the best catch crop when other crops already put in, for some reasons, fail to grow. When sown as late as the 15th of July, good results can be expected, if the chances are favorable. It will not grow as coarse as many other millet varieties, but still it yields quite heavily, three to four tons of hay per acre being considered an ordinary crop. The hay is very

No. 56E6280
GERMAN MILLET

testy, of the very best quality, and is greedily eaten by all kinds of stock. For hay, sow 3 pecks per acre. Price, bag, 2½ bushels, \$2.42; bushel, \$1.10; peck, 38c

No. 56E6281
HUNGARIAN MILLET.

No. 56E6277
HOG MILLET.

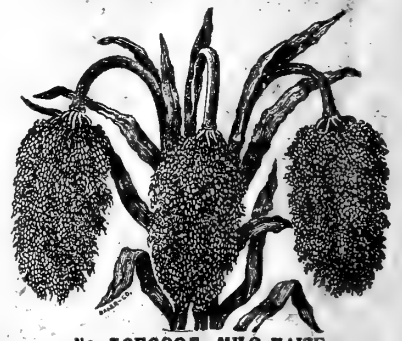

No. 56E6278
JAPANESE MILLET.

WHITE MILO MAIZE.

No. 56E6295 A non-saccharine sorghum of high value, cultivated like corn. It is a bold, vigorous grower, of deep green color from bottom to top, attaining a height of 8 or 10 feet. Some stalks develop twenty heads, weighing from ½ pound to 1 pound per head. One stalk will make a good, rich meal for a horse. The seed is fed to horses, cattle, chickens, etc., and also used as a pop corn. It will mature its main head in 100 days and will continue growing until frost. Sow seed at rate of 4 to 5 pounds per acre. Price, 25 pounds, \$1.56; 100 pounds, \$5.12

YELLOW MILO MAIZE. No. 56E6296 Same as the above except the color of the seed. Price, 100 pounds, \$1.56; 25 pounds, 53c

No. 56E6296 MILO MAIZE.

OATS.

AMERICAN BANNER. No. 56E6304 This is one of the prettiest and best Pure White Oats. It is well adapted to sow on good and rich soil, where it will not lodge on account of its short and stiff straw. In seasons of excessive rains and on well manured soil there is no other oat that will carry its heavy load of grain so well as the American Banner. It will yield under most all conditions on ordinary soil a crop of 100 bushels per acre. Is white, large and plump and ripens early. It stools freely and throws up a large number of stems, and for this reason can be sown thicker than other varieties. Price, 10 bushels, \$6.12; bushel, 64c; peck, 22c

BIG FOUR. No. 56E6306 This variety has been grown for several years and has proven very satisfactory, both as a yielder and because of its medium early maturity. It has a large, plump, white kernel. This variety stands high in weight. The straw is short and stiff and does not lodge easily. The seed produces strong, vigorous plants which outstrip the most thrifty weeds in growth. This is one of the largest yielding early oats we have ever raised. Price, 10 bushels, \$6.90; bushel, 74c; peck, 28c

BLACK TARTARIAN. No. 56E6305 The most prolific and distinct variety of Black Oats ever introduced. They are fully as good as the white sort for feeding, and are very early. The straw is very stiff, the heads are long, and yield heavy crops of grain, weighing thirty-five to forty-five pounds to the measured bushel. Claimed by many to be almost drought proof. They have always been free from rust, mainly on account of their vigorous growth and early maturity. Price, 10 bushels, \$7.70; bushel, 81c; peck, 27c

GREAT DAKOTA OATS.

No. 56E6307 The Great Dakota originated in the far north. Great Dakota Oats are white. Their foliage is abundant and affords a remarkable quantity and quality of straw. These oats are medium early in maturity. In our latitude they ripen at the most opportune time of the average season. If planted the first or second week in April they ripen about the 10th of July. The "Great" white berries are well named, for their size is such that in this respect they have no equal. "Great" in yield, for which they are justly noted. This, their yield, is the greatest of their many good qualities. The strength of their stalk makes them great resistors of wind storms. The stalks of this renowned variety of oats contain a great many berries. It is the average number of berries to the stalk that counts. It is these characteristics that enable them to give the greatest and best satisfaction to the growers. Price, 10 bushels, \$5.90; bushel, 63c; peck, 21c

ROYAL VICTORIA. No. 56E6302 This variety is the best yielding of the plump, heavy-grained sorts. It is an exceedingly early variety. For milling it is unsurpassed. The great weight of its grain makes its productiveness one-fourth more than the ordinary kinds, even though it threshes out but the ordinary quantity measured in bushels. Price, 10 bushels, \$6.31; bushel, 68c; peck, 25c

SILVER MINE. No. 56E6309 These peerless white oats are extremely popular throughout Iowa and Illinois. They are of medium height, with very heavy straw and an extraordinary large number of oats in a single head. The thick straw stalks stand straight even in wet and windy seasons. The berries are plump and of good length, making them very heavy in weight. The bright lustre of these oats renders them very marketable, and they will often grade when others do not.

AS A YIELDER THEY HAVE NO SUPERIOR. Oats are not a profitable crop unless they yield more than sixty bushels every acre. One of the greatest risks a farmer takes is on his oats. Why don't you make yourself safe and secure by sowing Silver Mine Oats? With proper handling they are certain money earners. Price, 10 bushels, \$6.12; bushel, 64c; peck, 22c

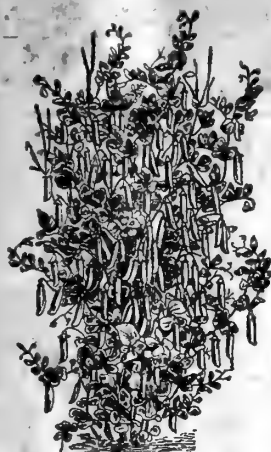

PEAS.

BLUE SCOTCH. No. 56E6326 A very fine blue pea; the best for soup.
Price, 2 bushels, \$2.96; bushel, \$1.53; peck....43c

CANADIAN FIELD. No. 56E6325 These are very valuable for fattening stock, and can also be grown for sowing purposes but are of greater value for fodder, when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre. If with oats, sow 1 bushel of peas and 1½ bushels of oats. The latter method is the most profitable and a double crop can be secured at the same time. Threshed together they can be easily separated, but make a desirable feed when ground together for fattening stock.
Price, 2 bushels, \$2.92; bushel, \$1.51; peck....41c

WE OFFER WONDERFUL VALUES

in our grape assortments, in which we give you twenty fine healthy vines for from 98 cents to \$1.04 and in our currant assortments in which we give you twenty-five choice young bushes for from 97 cents to \$1.02. If you buy in the old way from a local dealer or other seedsmen these same assortments bought singly would cost you \$5.00 or more. Turn to the pages on which these fine small fruit assortments are fully illustrated and described, and we know that our wonderful offers there will prove irresistible.

No. 56E6325
CANADA FIELD PEAS.

RAPE.

No. 56E6340 RAPE.

RAPE DWARF ESSEX. No. 56E6340 The best forage crop for sheep, hogs or cattle. Dwarf Essex Rape is in many respects the best forage crop cultivated. It is ready for use in ten weeks or less from time of sowing seed, and its fattening properties are twice as great as the best clover. It is almost necessary to the well being of sheep, as it is greatly relished by them and strengthens and invigorates their systems at the time of year when it is desirable to have them in best condition to put on winter rations. Seed should be sown in good soil at the rate of ten or twelve pounds broadcast, or four to five pounds in drills two feet apart. Drilling the seed in is preferable, as it gives an opportunity to cultivate. Sow seed any time from early spring to early summer.
Price, 100 pounds, \$4.12; 25 pounds.....\$1.24

WE SAVE YOU AS MUCH AS NINE-TENTHS OF YOUR SEED BILLS

when you buy your seed from this seed catalogue. We have so enormously reduced the expense of handling seeds by putting them up in assortments containing everything you would care to plant in your garden instead of putting them up in the old fashioned single packets, that you now pay only one small profit in addition to the first cost of the seeds. The old fashioned single packet way of the seedsmen compels you to pay five times the original cost of the seeds, as well as two or three profits to grower, seedsmen and retailer. Our saving by our new plan is so enormous that in many instances we give you ten times the quantity of seed any seedsmen will give you for the same money.

ROOT CROPS.

A great deal of interest has been shown of late years by farmers, stock raisers and others, in the growing of Root Crops for stock feeding purposes. Every farmer who owns any stock at all should have a supply of health giving roots to feed during the winter months. A small portion of ground devoted to the growing of them will yield an immense quantity, and they can be grown at a comparatively small expense. Cattle, sheep, horses and hogs are all benefited by them; they take the place of grass and forage plants during the winter months, are good fatteners and good milk producers. If you have not grown root crops for stock feeding purposes put in a fourth of an acre the coming season and you will be surprised, pleased and benefited by the results.

CARROTS.

These form a very nutritious, succulent food for all kinds of stock and are greedily eaten by them. The average yield per acre is 800 to 1,000 bushels. For field culture they should be sown in rows far enough apart to admit the use of a horse cultivator.

LARGE WHITE BELGIAN. No. 56E4280
Price, 5 pounds, \$1.48; 1 pound.....32c

LARGE YELLOW BELGIAN. No. 56E4281
Price, 5 pounds, \$1.90; 1 pound.....40c

MANGELS.

These make the cheapest of foods for all kinds of live stock. Horses, cattle, sheep, pigs, chickens and all fowls are fond of them. 1,000 bushels per acre is an ordinary yield. Use 5 pounds of seed to the acre. Sow in drills and thin out to 10 inches apart and cultivate with horse.

GOLDEN TANKARD. No. 56E4170 Best for dairy farmers.
Price, per 100 pounds, \$12.35; 25 pounds, \$3.40; 5 pounds, 74c; 1 pound.....16c

LONG RED. No. 56E4171 Extra long and of good quality.
Price, per 100 pounds, \$13.90; 25 pounds, \$3.72; 5 pounds, 78c; 1 pound.....17c

ORANGE GLOBE. No. 56E4173 Large size, globe shaped, fine grained, very productive.
Price, per 100 pounds, \$16.20; 25 pounds, \$4.10; 5 pounds, 84c; 1 pound.....18c

YELLOW GLOBE. No. 56E4172 Roots of immense size; fine shape, firm flesh, fine grained, an excellent keeper.
Price per 100 pounds, \$12.87; 25 pounds, \$3.38; 5 pounds, 73c; 1 pound.....16c

RUTABAGAS.

These are most excellent for stock feeding purposes. Can be sown late in the season and produce enormous crops, rendering them very profitable to all farmers.

HURST MONARCH. No. 56E5654 Tankard shape, small neck, fine grained and of best quality. The best variety for the Western prairie.
Price, per 5 pounds, 98c; 1 pound.....22c

IMPROVED AMERICAN. No. 56E5650 Of extra fine quality, good keeper, productive, smooth skin and beautiful.
Price, per 5 pounds, \$1.04; 1 pound.....22c

LAING'S IMPROVED. No. 56E5655 Yellow flesh, fine flavor, maturing early and keeping long.
Price, per 5 pounds, \$1.06; 1 pound.....23c

SKIRVINGS PURPLE TOP. No. 56E5653 A heavy cropper and an excellent good keeper.
Price, 5 pounds, 98c; 1 pound.....21c

WHITE. No. 56E5651 Large and productive. One of the best.
Price, 5 pounds, \$1.08; 1 pound.....23c

SUGAR BEETS.

These are not only valuable for stock feeding purposes, but are being grown very extensively in some sections for sugar. Farmers living near sugar beet factories will find this a very profitable crop to grow. From twenty to twenty-five tons per acre is an average crop. Sow ten to fifteen pounds per acre.

KLEINWANZELEBEN. No. 56E4185 Price, 100 pounds, \$11.10; 5 pounds, 62c; 1 pound.....16c

VILMORIN'S IMPROVED. No. 56E4184 Price, 100 pounds, \$10.90; 5 pounds, 59c; 1 pound.....14c

NO STOCK RAISER WOULD THINK OF SUCH A THING AS INBREEDING HIS HORSES, HIS CATTLE, HIS HOGS OR HIS SHEEP.

Instead, he seeks to improve their quality by adding high class new blood to his herds. Grains deteriorate when used over and over again, year after year in the same fields, just as certainly as live stock would if no new blood were introduced. This truth has been firmly established at agricultural experiment stations and no farmer who wants to get the maximum returns from his acreage can afford to use anything but the best seed he can buy. If you haven't tried the experiment yourself, just begin now by ordering some of our guaranteed seeds and you will be astonished at the results which follow.

RYE.

SPRING. No. 56E6400 This is distinct from Winter Rye in that it does not stool out like that variety. The straw is just as valuable, however, and in fields where winter crops have failed to catch is often found quite a necessity. Although planted quite late in spring it is sure to give a good crop.
Price, 2 bushels, \$2.46; bushel, \$1.23; peck.....38c

SAINFOIN. No. 56E6405 An excellent perennial fodder plant growing about three feet high, flowering in June and July. It is adapted for light, chaly soils, being an enriching, heat resisting clover; does well in southern and western states. May be sown in drills or broadcast. Sow 25 pounds per acre broadcast. 12 to 15 pounds in drills.
Price, 100 lbs., \$7.85; 25 lbs., \$2.20; 5 lbs., 54c

SERADELLA. No. 56E6410 For light, poor or sandy soil, Seradella is one of the best fodder plants. It is sown at the rate of 10 to 15 pounds per acre by itself, or it can be sown in winter wheat or rye in early spring, and after the grain is cut it begins to grow rapidly. It is very remarkable for its drought resisting qualities and dense, close and thick growth, covering the ground completely and choking out all weeds; also very desirable as a catch crop. It is not a perennial, but can be cut twice and gives good pasture in one year.
Price, 100 lbs., \$8.95; 25 lbs., \$2.45; 5 lbs., 62c

No. 56E6405
SAINFOIN.

SOJA BEANS. No. 56E6415 They are of upright bush form, attaining a height of two to four feet, and of great vigor. It is more sturdy than the cow pea and has even greater drought resisting qualities. It is very rich in those elements (protein, etc.) which give the clovers their high feeding value. It was for a time, and is still, sold under the name of German Coffee Bean, but its true sphere is that of a forage plant and soil enricher. The Soja Bean is a native of Asia and is largely used for human food in Japan. It has been in this country a number of years, but its superlative virtues are just beginning to be realized in our agriculture.
Price, bushel, \$2.18; peck.....64c

No. 56E6420
SPELTZ.

No. 56E6415
SOJA BEANS.

SPELTZ. No. 56E6420 This grain is largely grown in some parts of Europe, especially in Southern Germany, Switzerland, Spain, Denmark and Austria. It is closely related to wheat; the kernels, however, are tightly enclosed in the hulls or husks, and these adhere to the grain when it is threshed. In sections of Germany where Speltz is largely grown, the hulls are separated from the grain by running it through specially constructed cleaning or scouring machinery, and is then ground into flour the same as wheat. Some claim that it will make better flour and bread than wheat. It has lately found its way into this country and has been successfully grown here. Its greatest value here is for feeding purposes, as it is a heavy yielder and will produce large crops on land where wheat will not do well any more. The straw is very stiff and does not lodge easily and the grain does not shell out. It can be fed the same as oats with the hulls, and makes a splendid horse feed. Sow 60 pounds per acre.
Price, 500 lbs., \$7.90; 100 lbs., \$1.83; 25 lbs., 57c

THE ATTENTION OF SEED BUYERS

Is directed to our new and wonderfully liberal profit sharing plan, which is fully described in the last sixteen pages of our big catalogue, and in our Special Profit Sharing Booklet. If you haven't a copy of our big book, which quotes the lowest prices on every sort of merchandise used in the home, on the farm, for pleasure or for profit, write us a postal card request and it will be sent to you by return mail, free and postpaid. Or if you have a copy of our No. 114 Catalogue please send for our free Profit Sharing Booklet, in which we explain our modified profit sharing plan by which all our profit sharing certificates have doubled in value. If you have never been a customer of ours it will pay you wonderfully to get our big catalogue and send us your orders for merchandise, for with every purchase of a dollar or more we issue a profit sharing certificate to the full face value of your purchase, and these profit sharing certificates may be exchanged for many valuable and useful articles when they amount to \$50.00 or more. By this wonderfully liberal plan we share with you the profits on every order you send us.

SPURRY. No. 56E6425 An annual forage plant growing absolutely draught proof. Its roots or stems are about a foot high, and possess no little value for feeding purposes or for green manuring. It is extensively grown on the other side of the Atlantic and in many locations is held in high favor; so high, indeed, that there is now considerable demand for it in this country. It is ready for pasture in four to six weeks after sowing and is relished by cattle and sheep. We do not recommend spurry where cow peas or soy beans can be grown, but recognize its usefulness on extremely poor, sandy land. Sow 15 pounds of seed per acre, from March to August.

Price, 100 pounds.....\$6.90
25 pounds.....2.04
5 pounds......51

SUGAR CANE.

EARLY AMBER. No. 56E6430 This is the only variety of cane that makes a fine syrup, clear as crystal. Cane syrup made from our Early Amber has become famous. All kinds of stock are exceedingly fond of it and farmers all over the country are beginning to realize that it is one of the best green fodder plants that can be procured. Its earliness adapts it to almost every section of the country, and its enormous yield often reaching 20 to 25 bushels of seed and as high as 150 to 250 gallons of syrup per acre, has made it invaluable for large growers.

It is exceedingly difficult to procure pure seed, but the stock we have to offer is the best that can be obtained.

No. 56E6430 EARLY AMBER SUGAR CANE.

Price, 500 pounds, \$8.85; 100 pounds, \$1.81; 25 pounds, .64c

EARLY ORANGE. No. 56E6431

The favored Southern Variety. It yields an abundance of syrup. It does not grow as tall as Early Amber but is heavier.

Price, 25 pounds.....\$0.71
100 pounds.....1.96

MAMMOTH RUSSIAN SUNFLOWER. No. 56E5425

Single heads measure 15 to 22 inches in diameter and contain an immense amount of seed, which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowls. It is the best egg-producing food known for poultry. It can be raised cheaper than corn, and is destined to be an article of great value as soon as it becomes generally known.

Price, 100 pounds.....\$5.12
50 pounds.....2.68
5 pounds......31

No. 56E6445 TEOSINTE.

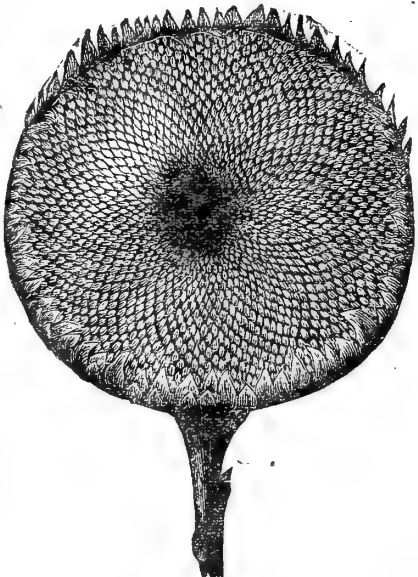

No. 56E5425 RUSSIAN SUNFLOWER.

TEOSINTE. No. 56E6445 (Reana Luxurians.) A wonderfully prolific forage plant, which somewhat resembles corn, but the leaves are broader and the stalk contains a large amount of saccharine matter. Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut it attains a height of 12 feet. Seed should be sown after the ground is perfectly warm and the weather settled, at the rate of 4 pounds per acre. The yield is so abundant that one plant is sufficient to feed a pair of cattle 24 hours. It suickers more than any other forage plant, generally producing 20 to 30 stalks, as high as 75 to 80 stalks from one kernel of seed, and growing to a height of 12 feet. Can be cut when 2 or 3 feet high and used for fodder; the amount of forage that can be had in this way is immense; some estimate 300 tons per acre. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in 3 seeds about every 12 inches in the drill. It wants plenty of sunshine and cultivation, will grow rapidly and cover the ground. It can be cut with a reaper and fed in the green state, or it can be dried and makes an excellent fodder for cattle.

Price, 5 pounds, \$2.40; 1 pound.....52c

GIANT SPURRY
YIELD 4 TO 6 TONS PER ACRE

be allowed to die down, as it is impossible to turn under the dense network of strong vines while in the growing state.

Price, bushel, \$3.31; peck.....88c

SAND OR WINTER VETCHES. No. 56E6455 This variety thrives on poor, arid, sandy soil. It is sown either in fall or in spring, and generally mixed with rye, which serves as a support to the plants. It grows to a height of from three to four feet, and can be cut for the seed. The plant is perfectly hardy, and the produce is recommended as most nutritious. The seed is black and perfectly round, and should be sown at the rate of one and one-half bushels to the acre.

Price, 5 pounds.....\$0.66
25 pounds.....2.63
100 pounds.....9.87

VELVET BEANS.

No. 56E6450

This bean is now largely planted in the South to grow forage for stock. The vine is most rampant in growth, branching freely and growing quickly to a great length; they are thickly clothed with large green leaves. Planted to enrich the soil they are

SPRING VETCHES. No. 56E6456 Closely associated with peas in character. Highly valuable for sowing or for green manuring. Sometimes grown with oats, for mowing and feeding to stock. Use 2 or 3 bushels to acre broadcast, or 1 to 2 bushels in drills. Sow in spring while ground is cool and moist, or in early autumn.

Price, 5 pounds.....\$0.52
25 pounds.....1.95
100 pounds.....6.82

IF YOU ARE A WHEAT RAISER the yield per acre and the quality of the grain harvested is of more importance to you than the trifling cost of the seed wheat you use. Sometimes a farmer who gets only ten or fifteen bushels to the acre while his neighbor just over the fence gets twenty-five to forty bushels from an adjoining field cannot understand what causes this big difference. He sometimes thinks his land is worn out and he spends large sums on fertilizers, or allows the field to lie fallow for a year, or plants a less profitable crop to give it a rest. In nine cases out of ten the fault lies in the seed, and not in the soil. No farmer can afford to use any seed that is not the best he can buy, as the slight additional cost amounting to a few cents an acre is forgotten in the ten or fifteen dollars additional profit which good seed brings from every acre. When you buy seed from us you are absolutely sure of getting the best.

WHEAT.

Wheat for customers in the Northwest can be shipped from our growing station in Minnesota at 10 cents per bushel less than these prices in lots of 1 bushel and upwards.

BLUE STEM. No. 56E6475 A distinct variety from all other spring wheats, green, has a beautiful blue bloom on it, similar to the bloom on a grape, and which can be removed by passing the finger over the stem. This bloom disappears as the wheat ripens, and the stem and straw assume a beautiful golden yellow hue, and entirely free from rust. The kernel is of the hard variety, similar to Scotch Fife, more productive and one of the best spring wheats for milling.

Price, 2 bushels, \$2.62; 1 bushel, \$1.41; peck.....39c

MACARONI. No. 56E6476 Sent out by United States Department of Agriculture under strong recommendations as to its great value for semi-arid lands where good crops of spring wheat could not ordinarily be produced, it has more than justified every claim made for it. Today the popularity and value of Macaroni Wheat threatens the practical extinction of other spring wheats for the simple reason that it outyields by far any other variety and it has not only been demonstrated that it makes an excellent quality of bread, but it is claimed by many to be superior to the best bread made from the best Fife wheat flour and has proven to be practically immune to the dreaded rust. In the field this wheat grows very strong and with surprising rapidity, so rapidly as to get well ahead of the weeds. It does not shell or bleach and is also halfproof owing to the tightness of the hull. The straw is very strong. It is a little harder to thresh than ordinary spring wheat, but can be threshed for less money because threshers can earn so much more per day.

Price, 2 bushels, \$2.64; bushel, \$1.37; peck.....41c

MINNESOTA No. 163. No. 56E6477 Originated at the Minnesota State Experimental Farm. The heads are long, well filled with medium sized, plump kernels. Flour made from this variety shows a higher gluten test than most sorts. The straw is medium height, very strong and wiry, never known to lodge or rust. It stood very heavily, producing enormous crops. No. 1 hard winter wheat.

Price, 2 bushels, \$2.84; bushel, \$1.52; peck.....44c

SASKATCHEWAN. No. 56E6478 Noted for its great productiveness, earliness, vigor and freedom from smut and all diseases. The kernels are hard and flinty, whereby it is recognized as a No. 1 milling wheat, adapted to all states where wheat can be grown. Price, 2 bushels, \$2.76; bushel, \$1.48; peck.....42c

WILD RICE.

WILD RICE. No. 56E6490 Valuable as an attraction for wild fowls. Sow in large quantities along the edges of ponds, lakes and streams. It can be successfully sown either in the winter or spring, but often the best results are obtained when sown during the fall months, generally about the middle of September. It lies dormant all winter when sown in the fall, and in the spring commences to sprout as soon as the weather becomes warm, reaching the surface generally the first part of June. It grows very rapidly in one to eight feet of water, ripening late in August or early in September. The best plan is to sow it broadcast from a boat in two or three feet of water having a mud bottom. In large ponds or lakes it purifies the water, affords a refuge for the small fry from the large fish, as well as furnishing the small fry with plenty of food from the animals that come on the stalks. For planting in fish ponds it is equally desirable. It also does well along the shores of marshes, and makes a good hay. Its value to the sportsman as a bait for fowls is being realized more each year.

Price, 25 pounds, \$4.10; 5 pounds, 85c; pound.....21c

TREE SEEDS.

Our tree seeds are all fresh gathered, of 1905 crop and are bound to give entire satisfaction. We list varieties of easy cultivation especially adapted for growing on our western prairie. You save money by buying your tree seeds from us. Those marked with an x are desirable for hedges.

75c BUYS \$2.45 WORTH OF FLOWER SEEDS.

\$2.45 in Quantity, Priceless in Selection.

PRIZE WINNERS FROM THE WORLD'S FLOWER GARDENS. We have encircled the globe to make this wonderful collection. \$2.45 in quantity and more than ten times \$2.45 in quality.

SEND US 75 CENTS for this flower seed assortment and we guarantee you will have such a flower garden as was never before seen in your section. Scrutinize every other seed catalogue published, select from every stock of seeds sent out by seedmen in this country and it would be impossible for you to gather together such an assortment as we here offer for 75 cents, even if you were willing to pay ten times our price. **DON'T LET THIS SEASON GO BY** without this prize winner selection of the World Wide Gathered Flower Seeds.

The regular price of these packets at retail, as sold by seedsmen the world over, is \$2.45. Thirty-seven regular full sized packets for 75 cents.

25 Packets at 5 cents each	\$1 25
12 Packets at 10 cents each	1 20
Total value.....	\$2 45

BY PUTTING UP THESE FLOWER SEEDS in collections of 37 packets each we are enabled to reduce our prices on them as we have. Buying these seeds as we do direct from the largest growers and specialists in the world, we procure the freshest and purest stocks at the lowest possible prices. They come direct from the best growers in the world and there is but one small profit added before they reach our customers' hands. In this way the low prices which we make on the various collections offered elsewhere in this catalogue are made possible. If we did not secure our stocks direct from the best growers, if we did not reduce our expense of putting up these seeds to the minimum, if we were not well acquainted with all of the details of the business, both of buying, putting up and selling these goods, the extremely low prices which we name would not be possible.

THIS WILL GIVE YOU THE WIDEST RANGE OF COLORS, the greatest abundance of blossoms, the biggest garden of loveliness throughout the season that you can get anywhere in the world for three times the price we ask for it. These seeds are procured from the best growers in Germany, France, England, Japan and America, are of the highest germination, the purest types, the largest flowers, the most delicate tintings and the widest range of colors possible.

YOU WILL FIND MANY NEW AND UNKNOWN SORTS in this selection and be pleased, delighted and astonished at the immense quantities of flowers which they will produce. You can grow them in the house, or in the garden, on the lawn or in pots and boxes on the porch, but wherever they are grown you will have a big supply of lovely flowers from early summer till late fall, or even throughout the year. If you have never cultivated flowers you will become infatuated with the care of them and your home will be the envy of all your neighbors. If you do not care for all of them you can divide with or sell to your friends and still keep a big lot for yourself, which will cost you less than one-half of what they would if purchased from your store or a regular seed house. We know they will make you a regular customer of our seed department as well as to spread the news to your friends and neighbors and make them customers also.

WE WILL NOT DIVIDE COLLECTION OR FILL ORDERS FOR SINGLE PACKETS FROM THIS PAGE. THE SEEDS DESCRIBED ON THIS PAGE ARE SOLD ONLY AS A COLLECTION.

PLANTS AND FLOWERS FOR HOUSE CULTURE.

THIS CHOICE COLLECTION OF ORNAMENTAL AND BLOOMING PLANTS, WHICH ARE EASILY GROWN FROM SEED. REGULAR VALUE, \$2.40. OUR PRICE

69¢

This collection consists as follows:

18 packets, regular price 5 cents each.....	\$0.90
12 packets, regular price 10 cents each.....	1.20
2 packets, regular price 15 cents each.....	.30

Total value..... **\$2.40**

IN THIS COLLECTION we have endeavored to give the very choicest and best seeds grown at the lowest price ever offered by any firm. Our packets contain the regular full measure and our seed is all fresh stock of 1905 crop of purest types and of highest germination. We have used extra care in making this selection and know with reasonable care in planting and cultivating they should give unbounded satisfaction. By buying this collection you save over 200 per cent on your purchase. If you do not care for all of the varieties contained in this assortment you can give away or sell what you do not want, and still be getting the remainder for a great deal less than you would have to pay elsewhere for them. Many of these seeds are very high priced and have been obtained by us at great expense. The reduction made in this collection is greater than in almost any other collection which we offer. We have cut the margin of profit to ourselves to almost nothing, relying on the good will and patronage of our customers to make up the balance of profit which we should have on this collection. If you have never cultivated flowers in the house try this collection. We know it will please you. It contains great values and the seeds will produce most beautiful and pleasing results.

EVERY HOME can be made a bower of beauty by cultivating these choice flowers, which are easily grown from seed. You will find this collection a surprise and a pleasure, while sowing, planting, potting, watering and watching over these beauties will be a most agreeable and beautiful occupation. If you haven't room for all of them give or sell what you don't want to a friend or neighbor. The seeds are all fresh crop and will keep and grow for two years or longer. If you love flowers you cannot afford to be without this collection. If you have never cultivated them you will be pleased and interested in the work. There is nothing better to arouse interest in the minds of children and train them to some definite work than to give them a few seeds to plant and take care of. Some little responsibility like that has often changed the whole tone of life for the better. The varieties we have selected are all adapted for house culture and also do well outside.

**DON'T ORDER SINGLE PACKETS FROM THIS PAGE.

No. 56E6009 This Assortment, 32 regular size packets of Flower Seeds for cultivation in the house. Regular retail price \$2.40. OUR PRICE **69¢**

If by mail, postage extra, 5 cents.

92c BUYS \$3.05 WORTH OF FLOWER SEEDS.

SEND US 92 CENTS and we will send you this complete assortment of 24 large packets of flower seeds, our special selection for 1906. Many of the seeds you could not buy from your dealer at home or elsewhere, and if you did buy them this assortment would cost you in any market \$3.05. If you were to make a selection of 24 packets elsewhere

you could not begin to match the variety we offer, and you would have to pay at least \$3.05 for the assortment, the price at which flower seeds that will not compare with these are sold generally, as listed below, the lowest price at which seeds of this variety retail, but from us you get the entire assortment for only 92 cents. **24 PACKETS OF FLOWER SEEDS, the best that can be gathered from different countries of the world.** They are gathered from specialists throughout Europe, Asia, Japan, Australia and the United States. They are the choicest varieties from the different seed growers of the world. They are all fresh, guaranteed to grow, and if you order these seeds from us you will have such a flower garden, such a beautiful front yard, if you please, as will be seen in and around no other home in your section.

THIS LIST has been prepared with most unusual care. It contains the cream of all seeds, flower seeds that can be had from no other house. The illustration that we show, the descriptions that we give will give you really but little idea of the wonderful assortments, the great variety, the extraordinary value we offer you when we give you this collection of 24 packets of the choicest flower seeds of the world for only 92 cents. The same quantity of seeds in a much inferior collection would cost you at any retail store in the world \$3.05.

HOW WE MAKE THE PRICE ONLY 92 CENTS.

WE MAKE THIS PRICE by buying these seeds, the 24 different varieties, direct from the growers from all over the world in large quantities, and then it is possible to make this price only by buying them up in advance in complete assortments, and asking our customers to order only in assortments. It will pay you to order this assortment even though there is a number of varieties you do not want. Any seeds that you do not want you can either sell at a handsome profit or give them to your friends, if you please, and the remainder which you do not wish to sell you can buy elsewhere at any price, will cost you less than one-half what inferior seeds would cost you elsewhere.

TO BEAUTIFY YOUR HOME, the front yard, the back yard, to make a number of beds, to give color, beauty and cheer to the pathways, walks, garden, in and around your home, to insure for you an abundance of flowers throughout the season for decorating purposes, to get the greatest possible investment the most for the 92 cents expended, we urge you to send us 92 cents for this wonderful collection, enough for a large yard, for a great many beds, to decorate your home outside and inside, front, back and sides, give you the greatest flower garden possible to have, the best seeds raised in all parts of the world, all seeds fresh and guaranteed to grow. We especially urge that you send us 92 cents for this assortment and let us show you how much it is possible for us to furnish for the money where we are permitted to put them up in assortments, and furnish you a complete assortment as shown hereon.

WONDERFUL VALUES in high priced varieties. 24 packets containing 24 novelties in flower seeds which retail and are sold regularly by seed men throughout the country for \$3.05. **OUR PRICE 92c.**

PETUNIA GIANTS OF CALIFORNIA. This strain originating in California, is of some of the colors run to delicate shades, while others are deep, rich, and gorgeous. Regular price, per packet..... 25c

MASTERPIECE PANSY. The flowers are of enormous size, often 3 inches across, and the color variations and combinations are odd and striking. Regular price, per packet..... 20c

No. 56E6036 24 Packets of Flower Seeds, containing 24 varieties, regular retail price of which is \$3.05. **OUR PRICE 92c**
If wanted by mail, postage extra, 7 cents.

No single packet orders filled from this page. You must order entire collection if you wish any of these varieties.

THE CARMINE FLOWERED TOBACCO PLANT, NICOTIANA SANDERAE. Such an intensely glowing rosy carmine color is unknown in any plant of similar character; and either in flower beds, shrubby borders, or in the wild garden, is charming. Regular price, per packet..... 20c

CARNATION LITTLE GEM. The plants grow rapidly, are of dwarf habit, seldom attaining a height of over 6 inches, are of the most beautiful shades, being a combination of wine, red suffused and veined with rosy carmine, each flower being broadly margined with white. Regular price, per packet..... 10c

KLONDIKE COSMOS. The blossoms are of largest size, 2 1/2 to 3 inches in diameter, borne on long stems and are intense pure yellow in color. Regular price, per packet..... 10c

MIGNONETTE, GOLDEN QUEEN. A compact bushy grower, producing large spikes of bloom, of a very decided orange color. Regular price, per packet..... 5c

NASTURTIUM, TALL JUPITER. The flowers are of immense size, produced in great profusion of a rich golden yellow hue, distinctly marked with chocolate. Regular price, per packet..... 10c

We will not divide this collection nor make up different assortment.

57c

BUYS \$2.10 WORTH OF CHOICEST FLOWER SEEDS.

SEND US 57 CENTS and we will send you these 29 packets of choicest flower seeds, an assortment that would cost you for the same quantity bought from any other seller at least \$2.10, and we guarantee for beauty, color, growth and general satisfaction you will get in this assortment what you could not buy elsewhere at any price.

SEND US 57 CENTS and let us send you this assortment of 29 packets, and if you don't feel you want as many varieties, send half of them to your neighbors for a dollar and thus

leave you the other half to use for your own garden or yard or for decorating your own home, to cost you less than nothing.

REMEMBER, when we ask you to order a complete assortment, to send us your order for 29 packets as selected by us, the best of the professional seedmen, gathering the seeds from all parts of the world, the choicest varieties grown in every country on the globe, made up into attractive assortments, harmonizing colors, varieties that insure a continual bloom, when one flower goes another comes throughout the season. By ordering an assortment as furnished by us, 29 packets of seeds for only 57 cents, intrinsically worth to you five times what you can buy elsewhere for \$2.10. You are insured such decoration; such a front yard, back yard, such a beautiful lawn, and such decorations as could not be had from any flower seeds you could buy elsewhere at any price. You are insured a more beautiful and elaborate flower decoration for the coming season than will be found any place in your neighborhood, unless they be a collection of seeds from our flower seed department.

OUR SPECIAL 57-CENT PRICE barely covers the cost to us as purchased in bulk from the largest flower seed growers throughout the world, the cost of putting up the seed in the most economical way and we give you five times the quality and five times the quantity of flower seeds than you could possibly buy elsewhere if you would only take one of our complete selections. Send us 57 cents and let us send you 29 of these wonderful packets of the world's choicest flower seeds.

29 PACKETS OF SEED FOR 57c.

The regular retail price of this seed is \$2.10. This collection is made up as follows:

19 packets at 5 cents each	\$0.95
9 packets at 10 cents each	.90
1 packet at 25 cents each	.25
Total value	\$2.10

Our great price reducing system, which has been applied to our seed department, makes possible this grand offer on flower seeds. Nearly everybody who has a garden or a lawn space at all will want flowers. Here is a collection comprising such a wide assortment of colors, tints and shapes that everyone who plants flowers should obtain it. If you do not have room for more than half of these varieties you can plant these, give away the other half and still be saving money. If you have friends or neighbors who love flowers like yourself get them to join you in ordering one or more of these valuable collections that will surely please you, give you an abundance of flowers and afford you pleasure throughout the entire year at an unheard of low price. You surely cannot afford to miss this great offer.

IN ACCORDANCE with our established policy of giving big values in every department of our mammoth establishment, we offer here our Flower Garden Collection, comprising the choicest, easiest growing, quickest flowering, showiest, newest and best varieties in existence. We will put up this collection in 5,000 lots, thus reducing the expense four-fold. We will put in fresh seeds of 1965 crop, sure to grow and we will sell them to you at less than one-fourth the price charged by seedsmen. We have no old seeds to work off, no high rents to pay, none of the heavy expenses of small seed houses in handling these goods, and can, therefore, give you a whole yard full of lovely blossoms at such a trifling expense you will be sure to buy them. If you don't want all of these treasures yourself, give some away. You can well afford to do it. You will find some varieties here that are new to you and to your neighbors. Get in line at once and beautify your home and increase its value.

This assortment consists of the following:

9 packets at 10c each	\$0.90
13 packets at 5c each	.65
Total value	\$1.55

THIS COLLECTION contains exceptional values and for parties who wish permanent beds of choice flowers nothing could be more desirable. We have selected the best and hardiest sorts which are of easy culture and can be easily grown by everyone. They bloom the second year and continually thereafter. These valuable herbaceous perennials are easily grown from seed, commence blooming the second season (some of them the first season) and are so hardy and easily taken care of that they should be found in every garden. By a little care in selecting tall growing sorts for the background and the dwarf sorts for the borders, very handsome beds, clumps, hedges, screens and borders may be formed; wherever possible it is advisable to sow the seed in hot beds and transplant as the plants become large enough. Most of the varieties offered here are fine for cut flowers. A bed of these lovely flowers will produce blossoms from early spring till late fall. We commend them very strongly to anyone wishing a handsome bed of flowers at small expense.

FLOWERS MAKE ANY HOME BEAUTIFUL, enhance, render it attractive to children and exert a beneficent influence on all who see them daily. When they can be had at so small an outlay every home should be surrounded by them. Of all the many collections offered in this catalogue there is none to surpass this one of Hardy Perennials.

ACHILLEA. THE PEARL. Produces small, double white flowers on long stems in the greatest profusion from June till September. Very handsome for mixing with other flowers in bouquets. Regular price, per packet, 10c

ALYSSUM. SAXATILE COMPACTUM. Dwarf growing and excellent for rock work. Produces showy, golden yellow flowers and blooms the first season after sowing. Regular price, per packet, 5c

ANEMONES. Produces large, single, poppy-like flowers in great profusion throughout the season. Grows about two feet high and is very desirable. Regular price, per packet, 5c

AQUILEGIA, OR COLUMBINE. Mixed varieties. The columbines are among the most beautiful of all our hardy perennials. They produce unique, long spurred flowers, gracefully hung on long stems in the most brilliant colors imaginable. They are very effective when planted in clumps in the garden and equally valuable for cut flowers. They grow from 18 to 30 inches in height. Regular price, per packet, 10c

ARABIS ALPINUS. ROCK CRESS. This is a dwarf growing plant, producing fragrant white blossoms resembling Sweet Alyssum. These blossoms are produced in the greatest profusion and entirely hide the plant. Regular price, per packet, 5c

ASTERS. Hardy Mixed. These tall growing favorites producing their various colored flowers in the late summer and fall, are most desirable acquisitions to any garden or flower plat. Regular price, per packet, 10c

CAMPANULA. BELL FLOWER. Perennial, Mixed. These beautiful hardy plants produce an abundance of flowers during the summer and early fall and are mostly planted with other flowers, as their bright colors contrast nicely with the more somber hues of other perennials. Regular price, per packet, 5c

GRASS PINK. These old grass pinks are unsurpassed for easy culture and freedom of bloom. They are most desirable in every collection and are greatly valued by all. Regular price, per packet, 5c

DIGITALIS. FOXGLOVE. The use of the Foxglove is increasing each year as its beauty and worth in planting shrubbery and borders for walks become more generally known. They are perfectly hardy and thrive anywhere and produce a magnificent display of various colored flowers. Regular price, per packet, 10c

BABY'S BREATH. This pure white, hardy flower, borne in the flower garden and unsurpassed for mixing in bouquets with other flowers. Regular price, per packet, 5c

HOLLYHOCK. Choice, Double, Mixed. There is nothing that will surpass these old-time favorites for planting in shrubbery or forming a background for other flowers. The seed which we offer is exceptionally fine and will produce a great variety of colors. Regular price, per packet, 10c

PERENNIAL PEA. This well-known favorite should be found in every collection of perennials. It grows easily from seed, is perfectly hardy and can always be relied upon for abundance of beautiful blossoms, valuable alike for the garden as well as for cut flowers in the house. Regular price, per packet, 10c

ORIENTAL POPPIES. The introduction of this showy hardy Poppy was a very decided addition to our list of hardy herbaceous bloomers. The flowers are produced on long stems, are very large, six inches or more in diameter and are produced in a marvelous ray of colors. Regular price, per packet, 10c

ICELAND POPPIES. These valuable flowers are perfectly hardy and produce in great profusion yellow, white and orange blossoms with all the intermediate shades and tints. They are very handsome and lasting. Regular price, per packet, 10c

PHLOX. These most desirable flowers are easily grown from seed. The strain which we offer produces many unique and pleasing colors; some of the choicest named sorts in cultivation were chance seedlings. Regular price, per packet, 5c

STOKESIA CYANEA. CORNFLOWER ASTER. This beautiful plant grows about 24 inches high and produces from 20 to 30 handsome lavender blue cornflower-like blossoms. It is in bloom from July till frost. It is indispensable for cutting and unsurpassed for borders and mixed beds. Regular price, per packet, 10c

SWEET WILLIAM. These old-time favorites produce large quantities of lovely, beautiful, brilliant, sweet scented flowers through a long period, making a splendid effect in beds, borders, etc. Regular price, per packet, 5c

ADONIS VERNALIS. This is a beautiful perennial, growing about one foot in height. Producing large yellow flowers very early in spring. Regular price, per packet, 5c

FORGET ME NOT. These old-time favorites are easily grown from seed, blossoming the first season and with slight protection will live from year to year, coming larger and more handsome each season. Regular price, per packet, 5c

SWEET ROCKET. This is a strong growing hardy plant, about 1 foot in height. Producing an abundance of fragrant flowers during July and August. Regular price, per packet, 5c

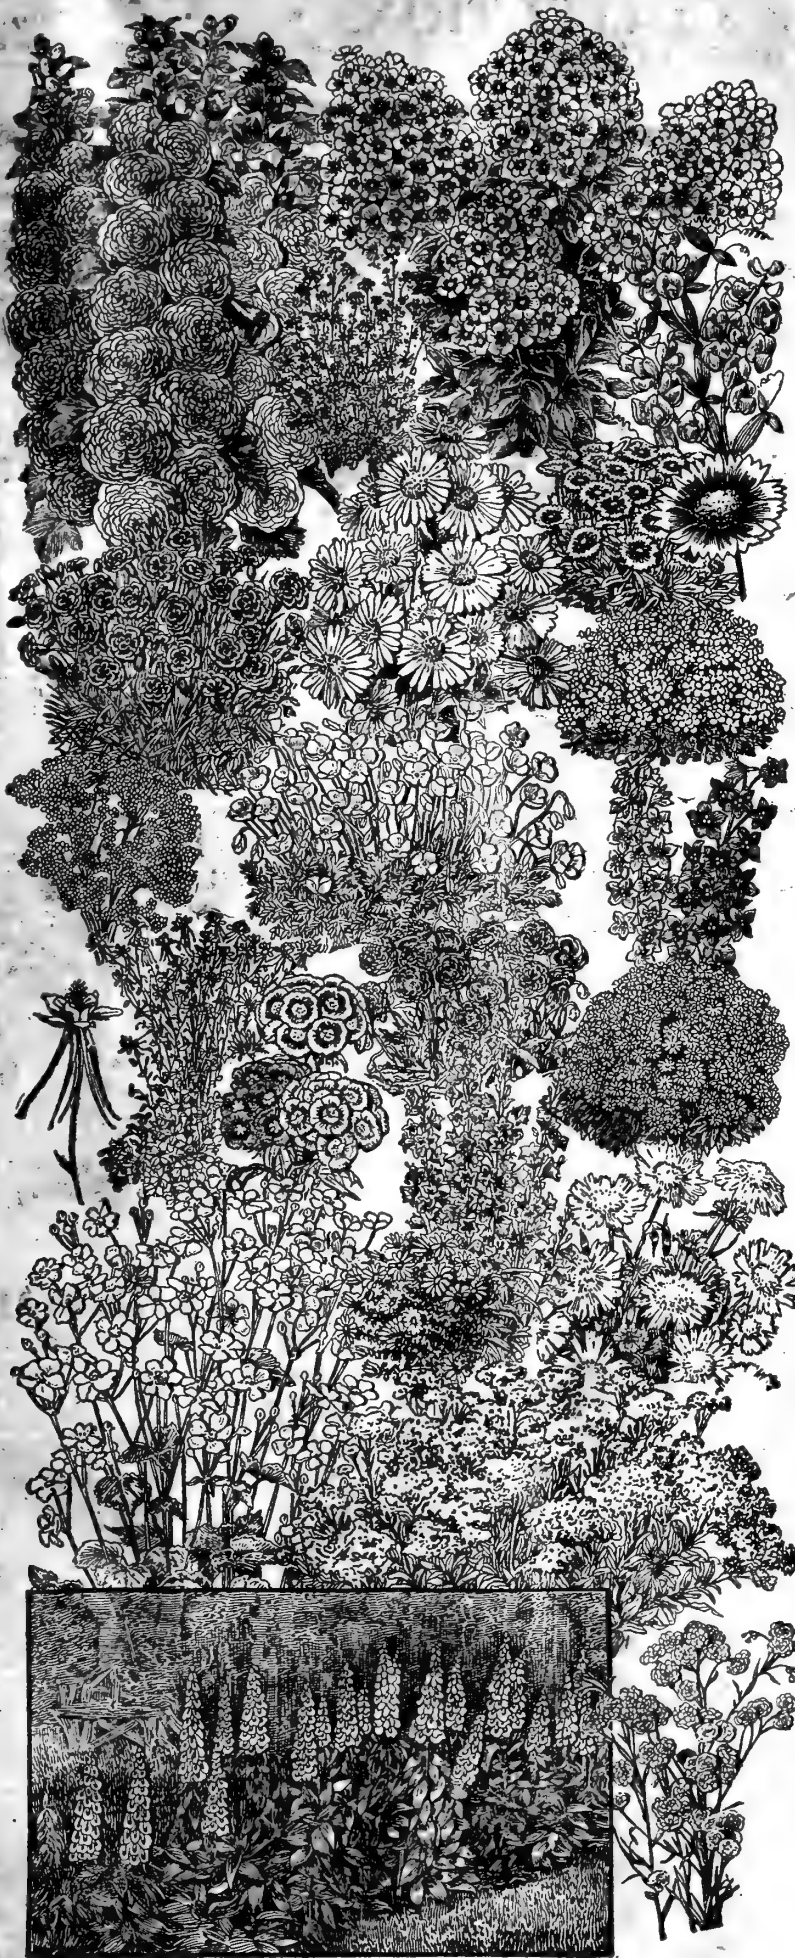

GAILLARDIA, BLANKET FLOWER. These showy flowers are produced in the greatest profusion from early summer till November. They are of large size, orange yellow ringed with scarlet orange. The plants are very profuse in bloom and are among the hardiest growers. Regular price, per packet, 5c

LARKSPUR. These produce long spikes of handsome blue blooms from July till October. As backgrounds for shorter growing plants or for clumps on the lawn they are very showy and desirable. Regular price, per packet, 5c

THE POPULAR FLOWER COLLECTION.

\$1.60 WORTH OF SEEDS FOR 54 CENTS.

NO SINGLE PACKET ORDERS FILLED.
WE SELL COLLECTIONS ONLY AS SHOWN.

This is one of the best and most popular collections in our entire list, containing the most popular four varieties of flower seeds in cultivation. In this collection we give you an assortment of easy growing, free blooming flowers that everybody knows and loves. They are of easy cultivation, they will produce an abundance of bloom throughout the season and give you the greatest pleasure imaginable.

THREE-OUNCE PACKETS OF SWEET PEAS, best named assortment of colors; choice, fresh grown seed of 1905 crop and of highest germination. Seed that is bound to give you every satisfaction and produce a great abundance of bloom throughout the entire season. These 3-ounce packets will cost you in any store anywhere in the country or from any seed catalogue published, 30 cents. These 3-ounce packets contain as much seed as you would obtain in 15 regular size packets for which you would pay 75 cents.

WE ALSO GIVE YOU A 3-OUNCE PACKET OF NAS-TURTUIMS, the best named varieties, tall and dwarf growing sorts, but each variety distinct and separate from its neighbor, including the famous Chameleon sorts, the most admired Tall Jupiter and many other rare, odd and valuable kinds which are of easy cultivation and produce blooms abundantly from early summer till killed by frost. Seed which sells everywhere at from 10 cents to 25 cents per ounce. Varieties that you cannot obtain at any ordinary seed store. Kinds which seedsmen catalogue and charge you 10 cents per small packet. Rare novelties, choice varieties, beautiful sorts in every pleasing shade of color. We give you this grand assortment of nasturtiums. In this popular collection the nasturtiums alone in regular packets cost from any other seedsmen \$1.20.

WE GIVE YOU 3 REGULAR PACKETS OF PANSY SEED, containing rare and valuable varieties. Kinds which are listed by many seedsmen in the country at from 25 cents to 50 cents per packet. Sorts which you cannot obtain from any store; varieties which cannot be had except from us. Mixtures that are unsurpassed for producing large, fancy, brilliant blooms of the finest tints imaginable. We give you these grand and glorious pansies, 3 packets which retail everywhere at 50 cents. We put these in this collection.

EVERYBODY WHO CULTIVATES FLOWERS LOVES ASTERS, and every matter how small, should have these beautiful, valuable flowers in it. In this collection we put in three rare sorts, kinds which cannot be obtained elsewhere, except at 15 cents per packet. New and valuable novelties always sold by seedsmen at fancy prices, never sold by any store-keeper. Kinds which will give you the most exquisite blooms, the largest flowers, the prettiest colors, the fanciest and costliest and the greatest array of blooms ever seen anywhere. Three packets of these choice flowers go in this collection.

If you want the most popular flowers grown, if you want the newest, best and fanciest sorts, if you want the largest and most beautiful blooms, if you want a garden that will surpass all of your neighbors, if you want cut flowers throughout the entire season, if you want something choice, if you want something valuable, if you want the cheapest, prettiest, most for your money and best flowers to be grown, buy this collection.

Our Popular Flower Collection, consisting of the following: 3-ounce packet of Sweet Peas, regular retail price, 30 cents; 3-ounce packet of Nasturtium; regular retail price, 40 cents; 3 packets Fancy Pansy, regular retail price, 50 cents; 3 packets choice, rare Asters, regular retail price, 40 cents. Total, 6 ounces and 6 packets, retail price of which is \$1.60. **OUR PRICE.** (If by mail, postage extra, 6 cents) **54c**

COLLECTION OF BEST CLIMBERS.

19 BEST SORTS FOR 51 CENTS. REGULAR VALUE, \$1.55.

DON'T ORDER PART OF A COLLECTION,
BECAUSE WE CANNOT FILL SUCH ORDERS.
ENTIRE COLLECTIONS ONLY.

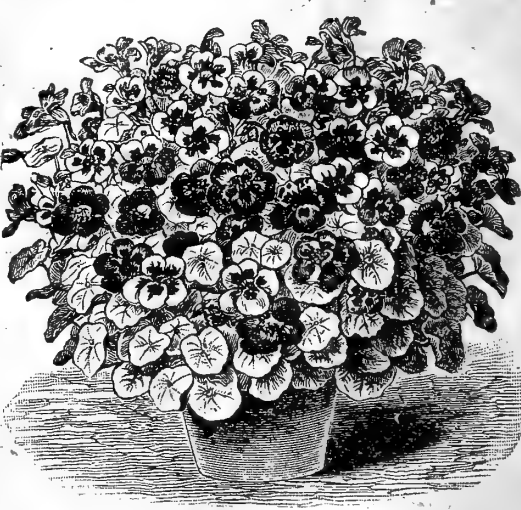

This collection of climbers comprises a good assortment of quick growing, easily cultivated sorts both for indoor and outdoor culture. They are ornamental, showy and useful while some of them produce splendid flowers for cutting and bouquet work. If you have any old tree stumps to cover for the summer or permanently, trellises, arbors, verandas, arches, etc., to cover for shade, stone piles, old fences, rubbish heaps and unsightly places to screen, you will find just what you want for the purpose in this assortment. In addition to this you will find some of the daintiest, most graceful flowers in existence, some of the most ornamental and useful vines and some of the best plants for house culture. This is indeed a very complete and pleasing collection adapted to a wide range of purposes and all of the easy culture and quick growth.

ADLUMIA—MOUNTAIN FRINGE. A beautiful hardy biennial climber, of graceful habit with delicate pale green pinnate foliage. Flower flesh colored and blooming all summer, 15 feet. Price, **10c**
AMPELOPSIS—BOSTON IVY. A handsome hardy climber from Japan which clings closely to brick walls, pillars, posts, etc. The leaves turn to a beautiful coppery purple in fall. Hardy anywhere south of the 40th degree of latitude. Needs protection in the north. Price, **10c**
ASARAGUS PLUMOSUS, LACE FERN. One of the prettiest

SMILAX. A popular indoor climber. Leaves a deep, glossy green, flowers white and fragrant, habit of growth extremely graceful. Soak the seed in water for a day and keep the plant rather moist. Perennial.
Price, **10c**

WILD CUCUMBER. This is the quickest growing climber on our list. Grows wild, self sown, in many parts of the west. It will grow thirty feet in one season. It is thickly dotted over with pretty white fragrant flowers, followed by an abundance of ornamental and prickly seed pods. For a trellis or pillar no annual vine is more chaste and it will quickly cover an old tree or an unsightly building.
Price, **5c**
SWEET PEAS, SEROCO. Choice assortment of best named varieties. Price, **5c**
No. 56E7318 Collection of 19 best climbers. Price, **51c**

est house plants. The leaves are bright green, gracefully arched, surpassing Maiden Ferns in grace, delicacy of texture and richness of color. It is admirably adapted to house culture. Price, **25c**

BALLOON VINE. A rapid growing, handsome annual climber, with white flowers and an inflated membranous capsule from which it derives its name. 8 feet. Price, **5c**

CENTROSEMA—BUTTERFLY PEA. A hardy perennial vine of rare beauty, producing in great profusion inverted pea-shaped flowers of a reddish purple tinged with a broad feathery white marking through the center. Price, **10c**

COBEA—CUPS AND SAUCERS. One of the handsomest and most rapid growing annual climbers, running up to 30 feet in a season. The flowers are of a purplish blue when full grown. It is a very prolific bloomer and perfectly hardy. For a quick growing climber, one that makes a show the first year, both in vine and flowers, one that is always clean of insects, we know of none better. Price, **10c**

CYPRESS VINE. One of the most popular vines, with very delicate fern like foliage, and masses of beautiful, small, star shaped flowers. Sow in May; 15 feet. Mixed. White and scarlet. Price, **5c**

HOP, JAPANESE VARIEGATED. There is no harder climbing vine than the Japanese Hop, and for a quick smooth resistance to drought or insects it has no equal. This new sort possesses all the good qualities of its parent, and in addition has beautifully variegated foliage, splashed and streaked with white. Price, **10c**

HYACINTH BEAN. A rapid growing annual climber, flowering freely in erect racemes, followed by ornamental seed pods, for covering arbors, trellises etc. Sow the seed in the garden in May, where they are to remain; 10 feet. Price, **5c**

LATHYRUS—PERENNIAL PEA. Purplish red. Mixed, all colors. Price, **5c**
MAURANDIA. Beautiful, rapid, slender growing climbers, blooming profusely until late in the autumn; also fine for the conservatory or greenhouse. If desired for the house take up before the approach of frost. A half hardy perennial, flowering the first season if sown early; 10 feet. Mixed, all colors. Price, **5c**

MINA LOBATA. Half hardy Mexican climbing annual. The buds are at first of a vivid red, but turn to orange yellow before they open, and when fully expanded the flowers are of a creamy white shade. They are freely produced from the base to the summit of the plant, which attains a height of from 18 to 20 feet. Seed should be sown early. Price, **10c**
MORNING GLORY JAPANESE. Saved from a grand collection which we feel sure will produce results more than equaling our description of this wonderful plant. Price, **5c**
MOON FLOWER. Violet, large, fragrant flowers, expanding in the evening. Price, **5c**

NASTURTUIMS TALL MIXED. This mixture of large flowering nasturtiums is the choicest and best ever put out by a firm. It is made from the best named varieties of German origin and is remarkable, not only for the immense size of the blooms, but also for their gorgeous coloring. The colors range from crimson, white through the various shades of yellow, orange, pink and red, and scarlet to the deepest crimson, giving the widest possible range of tints. Price, **5c**
PASSIFLORA—PASSION FLOWER. Flowers deep blue. Hardy in the south. Price, **10c**

GLADIOLUS FLOWER, SPIKE AND BULB.

SPECIAL MIXTURE.

This mixture will give just as good an assortment of blooms, just as great a variety of colors and just as good effects as the Superb, but as the bulbs are smaller, the spikes and blossoms will be smaller. They are all blooming bulbs and will give satisfactory results.
No. 56E9002 Price, per 1,000, \$9.76; per 100, \$1.21; per dozen, **18c**

PLEASE REMEMBER: WE DO NOT BREAK A SINGLE COLLECTION SHOWN IN THIS CATALOGUE.

For this reason do not send us orders for single items selected from any collection, as we cannot fill them. **Order entire collections—they are cheap.**

GLADIOLI

These are among the prettiest and showiest of the summer flowering bulbs and are so easily grown and cared for that everyone should have a bed of them. The bulbs increase in size and numbers from year to year. For brilliancy of bloom, for rich and beautiful effect and for a showy mass of blooms at small expense these are decidedly the best bargains we know of.

JUMBO MIXTURE.

These are extra large, 2 to 2½ inches in diameter, containing a grand assortment of colors. These bulbs will throw up extra strong spikes of bloom and produce extra fine large flowers. To every one wanting something extra fine we can recommend this Jumbo Mixture.

No. 56E9006 Collection of 30 choice bulbs for summer flowering. Our price.....52c

CLEMATIS COLLECTIONS.

There is no more ornamental class of plants than Clematis, and the rich show of bloom produced by the best varieties is far too magnificent to be fairly portrayed by mere words. The flowers are of large size, measuring four to six and sometimes eight inches in diameter. The colors run from intense velvety purple, through blue, lavender and white, and a crimson variety (Madame Edouard Andre) has lately been added to the list. We grow these by the tens of thousands and are thus enabled to supply our customers with choice, strong plants at hitherto unheard of prices. By a careful record and systematic methods we have ascertained just how much it costs us to grow a plant or vine. To this we add a small profit for ourselves, the cost of packing and shipping, and postage and sell them at the low price we do. Instead of listing them singly we put them up in collections, thus lessening the cost of handling them, and in this manner save our customers a needless expense. Everyone who orders will want a collection. You get more for your money than you possibly can elsewhere; you get them direct from the greenhouses where they are grown; you get them in a fresh, healthy, living condition; you get strong, well rooted plants and get handsome, decorative climbing vines that are perfectly hardy, thrive everywhere, and produce the loveliest large blossoms you ever saw.

Collection of Six Strong Two-Year Old Clematis Plants.

REGULAR PRICE \$3.00. OUR PRICE \$1.04, POSTPAID.

In this collection we give you the best varieties, the best assortment of colors, the largest and best plants that can be grown. You get a big array of lovely blooms; you get strong, healthy plants that increase in size year after year; you get more for your money than you can get anywhere else in the country, and you get plants that are guaranteed to reach you in a healthy, thrifty, living condition. Tree men would charge you from \$6.00 to \$9.00 for this collection. We give you two each of the following choice sorts:

HENRYI. constantly during summer and early autumn. The best large flowered variety, producing pure white flowers.

JACKMANNI. The flowers are large, intense, rich velvety violet purple and are produced in such masses as to form a cloud of bloom. Well known and very popular.

MADAME EDOUARD ANDRE. The nearest approach to a bright red that has appeared, of a distinct, pleasing shade of carmine, and are produced in bewildering profusion.

No. 56E8980 Collection of 6 Clematis, as described. Price, postpaid.....\$1.04.

Collection of Seven, Strong, Selected One-Year Old Plants for 66c, Postpaid.

REGULAR PRICE, \$1.75 TO \$3.50.

Here is another great offer of these beautiful, hardy climbers that are sure to please our customers. You get 7 plants, 7 distinct named sorts for 66 cents postpaid. If you bought these of a tree agent you would pay \$3.50 at least. We send you fresh stock for about one-sixth the cost if bought from an agent.

DUCHESS OF EDINBURG. Double white. Of vigorous habit, a very free bloomer and delightfully fragrant.

HENRYI. The best large flowering, pure white. A vigorous grower and a profuse and constant bloomer.

JACKMANNI. Large blossoms of an intense, rich, velvety, violet purple shade. Very hardy.

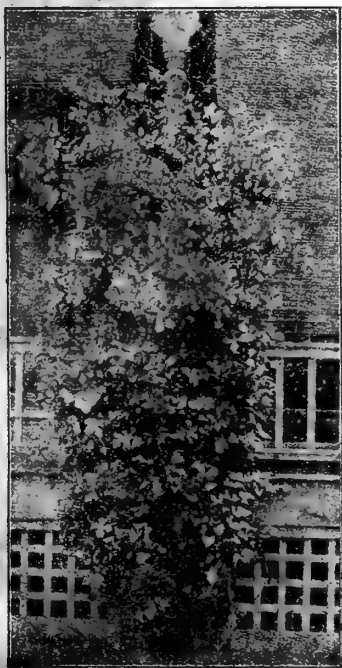

MAD. B. VEILLARD. Large blooms of lavender pink; entirely distinct and very attractive.

MAD. ANDRE. Flowers large, six-petaled, shade of carmine, produced in the greatest abundance.

PANICULATA. Of exceedingly rapid growth, soon reaching a height of fifteen to twenty feet and spreading out in all directions. Small, pure white flowers, borne in great masses of panicles or clusters, on long stems, so profuse as to fairly cover the plant with a sheet of fleecy white. Its blooming period is in August and September, when most other vines have ceased, and it is then a sight to behold. Not its least charm is its delicate magnolia like fragrance. Hardy as an oak.

RAMONA. Lavender blue, flowers large, often nine inches across. Most beautiful of its color yet known.

No. 56E8981 Collection of 7 Clematis, as named and described above. Price, postpaid.....66c

RAMONA.

ROSES, ROSES.

We have had grown for us on contract with the largest rose growers in the country an immense stock of choice, well rooted plants. These are now growing in pots and will be shipped to our customers in a growing condition. On arrival at destination they can be immediately potted up and grown in the house or in a hotbed or if the weather will permit they can be set in the open ground for summer flowering. Please bear in mind that the roses we offer here are not field grown dormant plants, but are all leaved out and in a growing condition. They will be shipped by mail postpaid at prices quoted and will be sent separate from all other orders for goods listed in this catalogue. When you order these roses they will be mailed direct to you from the greenhouses and are guaranteed to reach you in a thrifty, healthy, living condition. If they are not in that condition we will replace them with those which are. You have never bought such good roses so cheap before and you may never have the opportunity to do so again. Our plants are well rooted, strong and healthy and grown in pots. Some growers merely plant them in sand and to save room and labor never pot them up at all. Such stock is apt to be poorly rooted and grows up spindling and sickly. Our plants have an abundance of small fibrous roots which enables them to stand shipping well and gives vitality for making new growth as soon as they reach our customers. Every plant will be separately labeled and each order will be packed in the best possible manner for mailing.

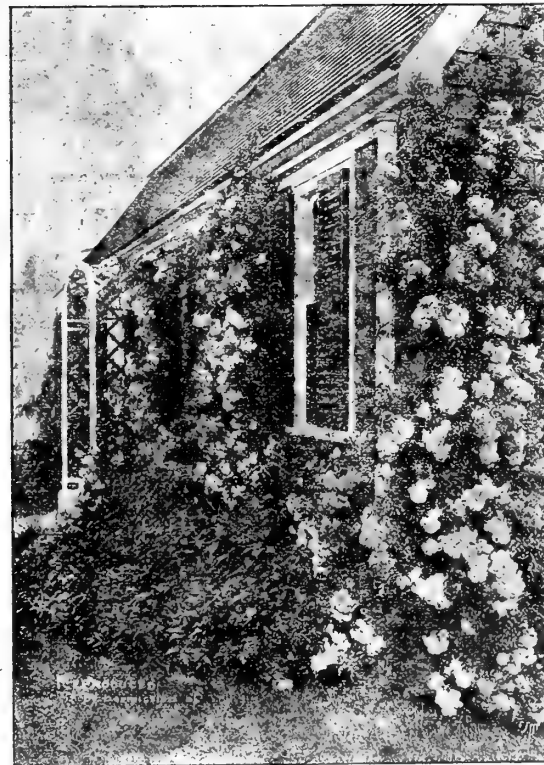

DON'T ASK US TO BREAK COLLECTIONS.

WE CANNOT FILL ORDERS EXCEPT FOR ENTIRE COLLECTIONS AS SHOWN.

THE CLIMBING ROSE COLLECTION.

REGULAR VALUE, \$1.70. OUR PRICE, 66 CENTS, POSTPAID.

In this collection we give you eight magnificent climbers, including the new and popular Ramblers and all the best varieties in cultivation. This is an unparalleled offer which neither can or will be duplicated by any firm in the world. In this collection we give you a magnificent assortment of colors and gorgeous array of blooms and more for your money than you can ever obtain again. These roses are all hardy and with slight protection in the extreme North will grow and become larger and more beautiful from year to year.

DOROTHY PERKINS CLIMBING ROSES.

CRIMSON RAMBLER.

Without question the most popular rose in cultivation. An exceedingly vigorous grower, making shoots 10 to 20 feet in length in one season. When pegged down or grown in bush form it is equally desirable. It produces in marvelous abundance, large, pyramidal shaped trusses of bloom of rich, glowing crimson. These retain their color and hang on the plant a long time without fading. The plant is perfectly hardy and should be in every garden.

WHITE RAMBLER.

This charming new member of the rambler family is a beauty wonder. It climbs rapidly, is entirely hardy, and produces immense clusters of pure white, neatly double, delightfully fragrant flowers in the greatest profusion.

DOROTHY PERKINS.

The charming new pink rambler. In its foliage, habit of growth and profusion of flowers it is remarkably like the Crimson Rambler, but the flowers are a beautiful shell pink and are very double. They are borne in immense loose clusters of 50 or 60 individual blooms measuring 2 inches across. The petals are very pretty rolled back and

crinkled, the buds being pointed and of just the right size for boutonnières. The color holds a long time without fading. The plant has withstood 20 degrees below zero.

YELLOW RAMBLER. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to 20 degrees below. The flowers are borne in clusters, after the same manner as the Crimson Rambler, and are a bright lemon yellow, changing to creamy white.

HELENE. A seedling from Crimson Rambler. Makes a growth of 10 to 15 feet in a season. Foliage similar to Crimson Rambler, but less subject to mildew and insect attacks. Its flowers are borne in large clusters and are produced in amazing profusion. Color, soft violet rose, almost bluish; base of petal yellowish white. The buds are carmine, finely mossed and are borne 20 to 50 in a cluster.

PHILADELPHIA. It blooms in grand clusters. Flowers 2 to 2½ inches across, perfectly double to the center; excellent substance and very durable. Color, pure deep, rich crimson, far brighter and more intense than any other rose of its class. Does not fade or wash out, but holds its bright dazzling color to the last. Has handsome foliage, does not mildew, and is an early and abundant bloomer. Undoubtedly the brightest and best of all Hardy Crimson Climbing roses to date. Perfectly hardy, needs no protection.

BALTIMORE BELLE. Pale blush, variegated carmine, rose and white; very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom; one of the best climbing roses.

QUEEN OF PRAIRIE. Clear, bright pink, sometimes with a white stripe; large, compact, and globular, very double, and full; blooms in clusters. One of the finest.

No. 56E8979 The Climbing Rose Collection as described. Price, postpaid.....66c

OUR METHOD OF PUTTING UP FLOWER SEEDS

in collections has been adopted for the same reason that prompted us to put up vegetable seeds in various assortments. We eliminate all the expensive labor involved in putting these seeds up in separate packets, and as a consequence we are able to offer these assortments at a price only one-third of that asked by seedsmen who sell the same seeds in the old fashioned way. You can certainly find in one or more of these collections just what you are looking for for your flower bed.

THE NOVELTY ROSE COLLECTION

REGULAR RETAIL PRICE, \$1.25. OUR PRICE,
52 CENTS, POSTPAID.

BABY RAMBLER.

In this Novelty Collection we give you five of the latest and newest creations in roses, such as are sold by nurserymen, florists and others at from 15 cents to 35 cents each. On account of growing them in immense quantities and by putting them up in collections instead of singly we are enabled to sell them at this low price. If you want the latest and best thing in roses, if you want the wonderful Baby Rambler, the greatest introduction of recent years, if you want the best flowers, the most of them, the greatest, finest, sweetest and handsomest blooms, you should buy this collection.

BABY RAMBLER. This rose blooms when a small plant in a 2½-inch pot. A plant in a 4, 5 or 6-inch pot is a thing of beauty, forming clusters of flowers as large as the Crimson Rambler, and possessing all the charming brilliant red color of the Crimson Rambler, and blooming as freely as the Souperet all summer. It is of bushy, compact growth, forming plants about 18 inches high.

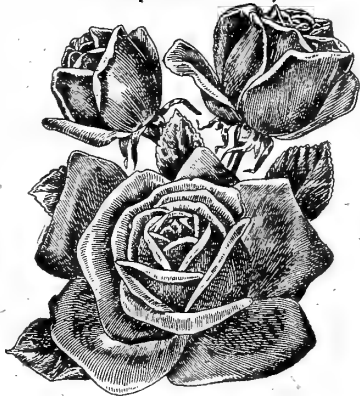

MRS. CRAWFORD. This lovely new sort is one of the very few large, flowering roses that bloom continuously and are perfectly hardy. It has been thoroughly tested; is hardy, vigorous and always in bloom. The flowers are large, deep rosy pink, the outer petals tinted with pale flesh in quite a new and unique shade and are white at the base.

Remember we do not accept orders for part of a collection.

FRAU DRUSCHKI.

FRAU DRUSCHKI. This magnificent variety is one of the grandest hardy pure white roses ever introduced. It makes splendid buds and immense flowers, four to five inches across, perfectly double and delightfully fragrant, large thick petals, very durable and handsome. A healthy vigorous grower, entirely hardy and a constant and abundant bloomer.

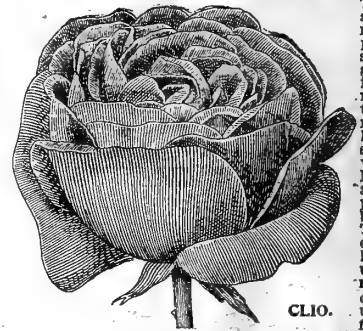

TEPLITZ.

TEPLITZ. This is a rose for everybody, succeeding under the most ordinary conditions. In color it is of the richest scarlet, shading to velvety crimson as the flowers mature; a free, strong grower, quite hardy, and a most profuse bloomer, the mass of color produced being phenomenal; the foliage is extremely beautiful, all the younger growth being of a bronze plum color.

MRS. CRAWFORD.

CLIO.

CLIO. This is not a new variety, but possesses so many good qualities that it readily takes first rank among light pink sorts. It is vigorous, hardy and a most profuse bloomer. The flowers are large, globular of most delicate texture, a pure flesh pink.

No. 56E8975 The Novelty Rose Collection, as described above. Regular retail price, \$1.25. OUR PRICE, postpaid.....52c

THE SEROCO HOME COLLECTION.

REGULAR VALUE, \$2.25. OUR PRICE, \$1.05,
POSTPAID.

COQUETTE DES ALPS.

PRINCE CAMILLE DE ROHAN.

In this collection we give you 16 of the very best blooming roses in existence, 6 red, 6 pink, 3 white, 1 striped. You can search the wide world over and you could not find a better collection. Here is an excellent opportunity to secure a handsome bed of hardy roses at a mere fraction of their value. Growing them as we do by the hundreds of thousands and handling them as we do in collections, we are able to sell them much cheaper than any concern in the entire country. This collection is made from the best named sorts of the hybrid perpetual class and is especially adapted for Northern localities, but is equally good for growing in the Middle and Southern States. This gives wide range of colors and will please the most exacting.

NATURE WILL BEAUTIFY YOUR HOME IF YOU WILL JUST HELP HER GET STARTED.

It is astonishing how quickly a rose bush here and there, a climbing vine or two will convert an unattractive yard into a bower of beauty and fragrance. The assortments we offer are carefully selected, the varieties are the best to be had, and all are hardy and long lived and most of them will bloom the year they are set out. Nursery men have charged such long profits on this class of nursery stock that people have been prevented from beautifying their home surroundings. In our assortment we give you fifteen or more varieties for the price other dealers would ask for two or three.

LAWN GRASS MIXTURES.

The seeds used in this mixture are particularly adapted to growing under trees and where there is but little sun. We have given special care in the blending and are confident it will give the very best results in all shady spots.

No. 56E5703 Price, 10-lb. package, \$2.04; 3-lb. package, 65c; 1-lb. package, ...26c

We can make any mixture or blend designed by any for our customers. Some seedsmen ad-

CHICAGO PARKS SHADY PLACE LAWN GRASS.

vertise special mixtures for special purposes, for pasturage, hay, permanent meadows, etc. We will make up for any of our customers any mixtures advertised by any seedsmen at the price quoted by him or cheaper. We will also make up special blends for lawns, parks, golf links, or tennis courts on request. We carry a large stock of the very highest grades of the best varieties of seeds adapted to these purposes, and our knowledge of their growth, habit, etc., will be used to the very best advantage in the interest of our customers if such mixtures are ordered.

EVERGREEN LAWN GRASS.

This is our best mixture and is prepared with special reference to private lawns, to produce that fine, green, velvety appearance so much desired and so much admired. We use the best re-cleaned seeds and in just the right proportions. We have not sacrificed quality for quantity but give you an Honest Mixture at an Honest Price.

OUR NURSERY DEPARTMENT.

At Seroco Nurseries, situated about 25 miles from Chicago, we grow a large and varied stock of fruit trees, small fruits, ornamental trees, shrubs, roses and hardy herbaceous stock, which is well adapted to all sections of the country. This stock is all grown under the careful supervision of expert nurserymen, is well rooted, all large stock several times transplanted, and is certain to grow and give only the best results.

The soil there is well adapted to growing all kinds of trees and shrubs, giving them an abundance of roots, which is the main thing to be looked to in buying trees. Our growers are gentlemen of life long experience and are well equipped for producing the best stock in the world.

We guarantee all stock to reach our customers in a healthy, living condition. If it does not, and we are notified immediately we will replace it without charge. Owing to transportation charges, our customers are requested not to return any goods in this department. If anything is not satisfactory we will replace it or refund the money paid. If goods are returned they are liable to be delayed and to reach our nurseries in poor condition, causing us and our customers needless expense. In any event, if you have cause to complain please write us before returning the goods and we will instruct you what to do with them. Remember our guarantee accompanies each shipment and we will always do just as we say.

Our spring shipping season usually begins about February 15th to our Southern customers. We have ample storage facilities where we place immense quantities of stock in the fall to provide for early shipments. Our digging season usually commences March 25th to April 1st. We can ship as late as stock remains in a dormant condition, which is from May 15th to 30th.

We sell entire collections as shown only. Do not order part of collection as we do not divide them.

Cut made from photograph showing the three grades of apple trees which we ship out. Note the abundance of fine roots.

OUR MAIL FRUIT COLLECTIONS.

We have given extra large values in each of these, and know they are the most wonderful bargains ever offered by any nursery in the world. These collections are all sent by mail postpaid at the price quoted. All trees, plants and vines contained in them are well rooted, carefully dug and packed, the tops cut back to a suitable size for mailing and planting, and everything is sent out under our guarantee to reach the customer in a thrifty, healthy, living condition anywhere in the United States. These great offers make it possible for every farmer or home owner anywhere in the United States, no matter how remote from the railroad, to obtain choice fruits laid at his door at a very low price. Not one of these collections but that is worth from 3 to 5 times what we charge for it. Not one of them but what you would have to pay from \$3.00 to \$5.00 for if you purchased the stock from a regular tree man. Not one of them but what is guaranteed to reach you in a thrifty, healthy, living condition. The stock is fresh dug, packed at our nurseries in the most approved manner and shipped direct from there. It does not go with other goods, it does not lay around and dry up, it is shipped fresh, direct from first hands to you. This stock is grown under careful supervision at our nurseries near Chicago, passes through only one set of hands until it reaches you, and is sold to you at a slight increase over the original cost of growing it. You get the benefit of the agent's commissions, dealer's profits, big office expense and numerous other items which are necessarily figured in by all nursery men when selling you goods. We will save you this immense expense and we give you superior stock.

OUR WONDERFUL APPLE COLLECTIONS.

Here is a collection, which for full value, good quality, good variety, full season, draught resisting, cold enduring, cannot be duplicated by anyone anywhere. We guarantee it to reach our customers in a perfect, healthy, living condition, guarantee it to give satisfaction, to pay bigger profits in annual crops than any grain, forage, or roots that can be grown. We know it will do all this and more. We know it will give entire satisfaction, know it will please you, know it will prove a blessing and a source of happiness and profit to every one who plants it. Why pay tree men fancy prices when you get better stock for 1/2 the price, and get healthy, living trees grown, dug, packed and shipped by careful, experienced men under our personal supervision. In two years they will produce fruit, in five years you will have all you want and fruit to sell, and in ten years you will have a constant, certain, never failing income from your investment. How can you make money faster. 35 trees, 5 to 7 feet high as follows:

No. 56E8053 General Collection of 8 Pears, postpaid, for.....98c**WE SELL COLLECTIONS AS DESCRIBED ONLY. NO COLLECTIONS WILL BE DIVIDED.**

BARTLETT PEAR.

WE ARE THE FIRST firm in the world to bring to its customers such enormous price savings on seeds and nursery stock. All other dealers have been selling seeds through middlemen and agents, and have been compelled, therefore, to charge prices, in many instances, ten times what we ask for the same seeds and nursery stock. The proof of this statement may be found in every page of this Special Seed Catalogue.

CHERRY TREE COLLECTION.

5 SWEET CHERRIES FOR \$1.07, POSTPAID.

EVERY TREE GUARANTEED TO REACH YOU IN A HEALTHY LIVING CONDITION.

2 BLACK TARTARIAN. Large, purplish black; half tender; mild flavor and pleasant. Tree erect vigorous and an immense bearer.

MONTMORENCY. Large, red, sour.
ROCKY MOUNTAIN. Very hardy, dwarf growing variety from the mountains of Colorado. Grows 4 to 5 feet high, fruits the second season producing large quantities of jet black fruit late in the season after all other cherries are gone.

No. 56E8077 General Collection of 6 Cherries, postpaid, for \$1.04

DO NOT PERMIT ANY FRUIT TREE AGENT,

carrying beautiful lithograph illustrations of nursery stock, persuade you to place an order with him for fruit trees. Remember when you buy from him you must not only pay a price which will reimburse the grower and the jobber, but also a price which will take care of the 40 or 50 per cent commission which he receives for selling the stock and the 10 per cent additional he is paid for delivery and collecting. You pay only the cost of growing, plus our one small margin of profit when you buy from us.

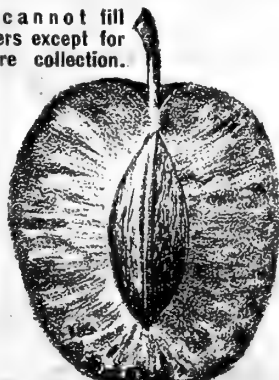

PLUM COLLECTION.

EIGHT NATIVE VARIETIES FOR 99 CENTS, POSTPAID.

RECOMMENDED FOR THE EXTREME NORTH

2 DE SOTO. Medium size, bright red, of good quality ripening in September. Very hardy and extremely productive.

We cannot fill orders except for entire collection.

BRADSHAW. **FOREST GARDEN.** **MOORE'S ARCTIC.**
BURBANK. **HAWKEYE.**

No. 56E8103 General Collection of 8 Plums, postpaid, for 97c

WE DO NOT DIVIDE COLLECTIONS.

PLANT ONE OR MORE of our bargain nursery collections. The investment of money is so small, the time and attention required to bring them to bearing is so insignificant an item that the expenditure of money and time and labor will be forgotten in the dividends you will receive for decades after these trees reach the bearing stage.

PEACH COLLECTION.

STRONG 1-YEAR OLD BUDS. 15 TREES FOR \$1.10, POSTPAID.

1 BEER'S SMOCK. Large yellow ripening last of September.

2 CHAMPION. Large, handsome, creamy white with red cheek, ripening in August.

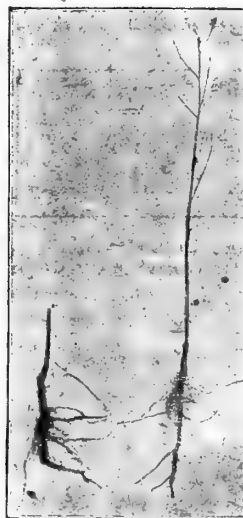

2 CRAWFORD EARLY. Large yellow ripening in September.

1 CRAWFORD LATE. Resembles Crawford Early but ripening about 3 weeks later.

2 KALAMAZOO. Large yellow of finest quality ripening early in September.

2 ELBERTA. Large yellow with red cheek; of best quality, following Early Crawford.

1 LEON FREE. Large size, lemon shape and color.

Peach Trees. The one at the left cut back for mailing.

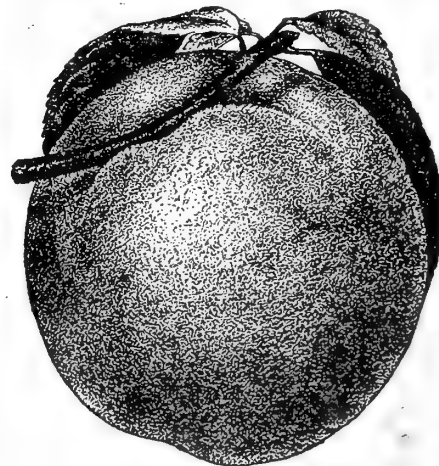

1 MATHEW'S BEAUTY. Of a beautiful golden yellow, ripening about 3 weeks later than Elberta.

1 SALWAY. Large, creamy yellow with crimson red cheek.

Ripens in October.

2 STUMP THE WORLD. Very large, white with a bright red cheek. Ripening the last of September.

No. 56E8125 General Collection of 15 Peaches, postpaid, for \$1.10

ELBERTA PEACH

APRICOTS.

SIX STRONG, WELL ROOTED TREES SENT FOR \$1.06, POSTPAID, TWO EACH OF THESE THREE SORTS.

HARRIS. Large, oval shaped fruit, bright yellow with red blush. Ripens the end of July. Very hardy tree.

MOORPARK. Yellow with red cheek, juicy, sweet and rich.

RUSSIAN. Yellow, flecked with red, ripening in July.

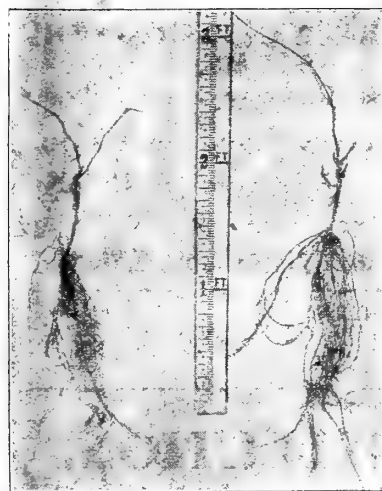

No. 56E8150 Collection of 6 Apricots, postpaid for \$1.06

OUR PROPOSITION to send nursery stock to you by mail may be entirely new to you as the usual method of the nurserymen is to make delivery through local agents. This is too expensive and is a part of the cumbersome methods in use among nurserymen which add so enormously to the cost of the trees they sell. We guarantee nursery stock sent by mail to reach you in strictly first class condition in every respect, and we will replace any portion of the order damaged in transit. Indeed in many cases the mail will bring the shipment to you much quicker than express or freight, and in better condition.

A Few Words Regarding Our Small Fruits.

Nowhere in this great price reducing catalogue are greater bargains offered than in our small fruit collections. Our stock has been grown with special care, has an abundance of fibrous roots, as the pictures here and elsewhere show. It is packed in the most approved manner and is guaranteed to reach you in a thrifty, healthy, living condition. We grow immense quantities of small fruit, vines and plants and make a specialty of these for the mail trade. We know just what it costs to produce each hundred or each thousand plants. We know just what it costs to mail each collection. We know just how much profit we should obtain for our goods and knowing all these facts and figuring them out closely, we are enabled to give our customers the benefit of our knowledge, the benefit of our expense reducing system, and offer them greater bargains, greater values, better goods than they have ever bought elsewhere. These small fruits do not take up much room in your garden and are easily cultivated require but little care and protection and in three years' time will repay the original cost and all the expense of taking care of and cultivating them five times over. There is no better, more healthful food than fruit. Children enjoy it, old people delight in it, and all are made more healthy. It adds digestion, prevents diseases and keeps the system toned up and in a healthy condition. We especially recommend our Grape and Raspberry collections; they are the biggest values in our entire catalogue.

GRAPE VINE COLLECTIONS.

GRAPE VINES.

One-year mailing size at left; two-year plant at right. All extra well rooted.

Our stock is very carefully grown, has an abundance of small fibrous roots, and is guaranteed to reach destination in a perfect, healthy, living condition.

No. 56E8161 Collection of 16 Red Grapes, postpaid, for.....\$1.02

IF YOU HAVE PURCHASED NURSERY STOCK in the past it must be apparent to you that the prices we name in this special catalogue are remarkably low. We dare say no nursery men in the country can market high class nursery stock at prices anywhere near those named by us and continue to do business. The volume of merchandise of every sort that we sell is so large and our business is so diversified that it is not necessary for us to make all our profits from nursery stock or from the two or three months' business at the season of the year when most nursery stock is sold. The nurserymen must make in two or three months the expenses and profits of his business for a year. This is one of the reasons why he must charge several times our price for similar goods.

TWENTY WHITE GRAPES FOR \$1.04, POSTPAID.

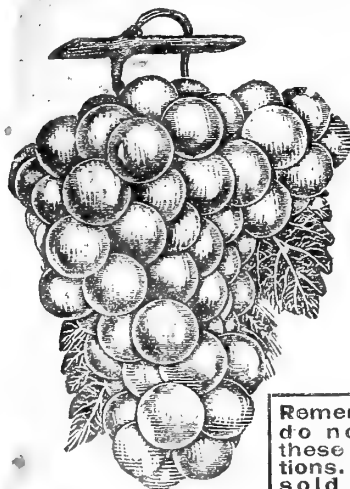

ALL GUARANTEED TO REACH YOU IN PERFECT CONDITION FOR PLANTING.

5 MARTHA. Berry of medium size, roundish, flesh somewhat pulpy, a little foxy, but very good. Ripens with Concord.

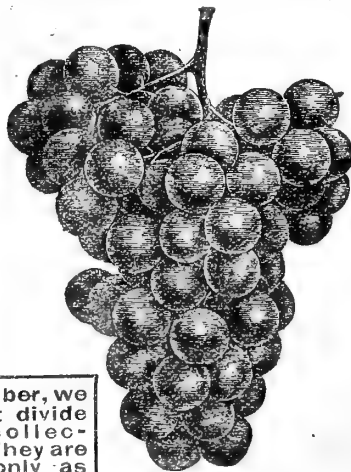

5 MOORE'S DIAMOND. Large, white with yellow tinge, very juicy, with few seeds. Ripens very early. Vine vigorous and hardy.

10 NIAGARA. Bunch medium to large size; berry large, round, pale green at first, changing to pale yellow when fully ripe; flesh very tender and sweet. The leading white variety.

No. 56E8162 Collection of 20 White Grapes, postpaid, for.....\$1.04

NIAGARA.

CONCORD.

Remember, we do not divide these collections. They are sold only as described.

GENERAL COLLECTION OF GRAPES.

TWENTY VINES FOR \$1.02, POSTPAID.

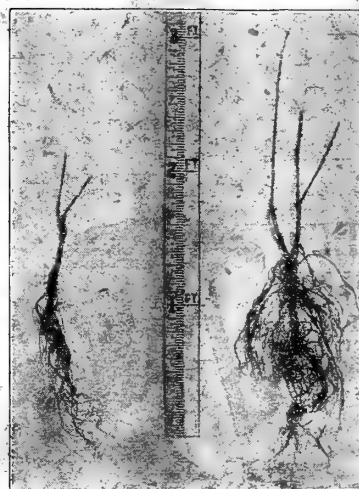

THIS CONTAINS A NICE ASSORTMENT OF EARLY, MEDIUM AND LATE RIPENING SORTS IN ALL THREE COLORS.

2 BRIGHTON. **5 CONCORD.** **2 MARTHA.** **4 NIAGARA.**

CURRANT BUSHES. See what fine roots. Your orders will be filled with such as these.

5 FAY'S PROLIFIC. The leading large red market variety.

5 NORTH STAR. Extremely hardy, strong growing and very productive.

5 RED DUTCH. Early, prolific and of excellent quality.

10 VICTORIA. Late ripening, large bunches, good keeper.

No. 56E8200 Collection of 25 Red Currants, postpaid, for.....97c

TWENTY WHITE CURRANTS FOR \$1.03, POSTPAID.

Remember, we do not divide these collections. They are sold only as described.

THE CULTIVATION of a few varieties of small fruits will amply repay any householder or farmer. The amount of space required and the time and attention necessary are so small that it is surprising how few people derive the splendid benefits to be had from a few currant or gooseberry bushes, a grape vine or two or black or red raspberry bushes. The assortments we offer in these pages are extremely low priced, the stock is well rooted and the varieties are extra choice. Surely you can find room for one or more of the collections priced in these pages.

WHITE TRANSPARENT CURRANT.

10 WHITE GRAPE. Very large yellowish white, of excellent quality.
10 WHITE TRANSPARENT. The sweetest and richest white. Large fruit, vigorous and productive.

No. 56E8201 Collection of 20 White Currants, postpaid, for.....\$1.03

TWENTY-FIVE BLACK CHAMPION CURRANTS, POSTPAID, FOR \$1.10.

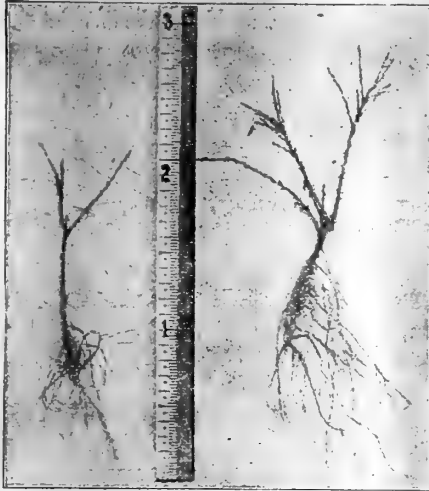

Bunches very large and fruit of excellent flavor.

No. 56E8202 Collection of 25 Black Currants, postpaid, for.....\$1.10

GOOSEBERRY COLLECTION.

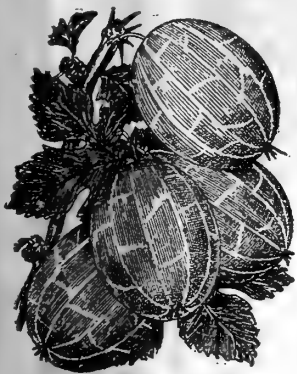

12 STRONG, WELL ROOTED, ONE-YEAR OLD PLANTS, POSTPAID, FOR 98 CENTS.

DON'T ASK US TO FILL ORDERS FOR PART OF A COLLECTION, AS WE CANNOT DO SO.

YOU MUST ORDER COLLECTIONS JUST AS DESCRIBED, AS WE CANNOT DIVIDE OR CHANGE ASSORTMENTS.

GOOSEBERRIES. If there were finer ones grown we would have them. This is the kind you get if you buy from us.

**RED JACKET.****DOWNING.**

1 COLUMBUS. Large, oval greenish yellow; finest quality. A strong grower and free from mildew.

9 DOWNING. Large pale green of splendid quality.

1 INDUSTRY. An English variety of largest size, rich red color, excellent flavor and an immense cropper.

40 PLANTS SENT POSTPAID FOR 95 CENTS.

Perfectly hardy, healthy, vigorous and prolific. Fruit of medium size, delicious flavor, ripening very early.

No. 56E8276 Collection of 40 Dewberries, postpaid, for..... **95c**

SMALL PLANTS AND TREES SENT BY MAIL are just as sure to grow as larger ones which must be sent by express or freight. Of course, the smaller trees take a little longer to reach the bearing stage, but many prefer the smaller stock, and, of course, the first cost is much less than the first cost of the older nursery stock.

STRAWBERRIES.

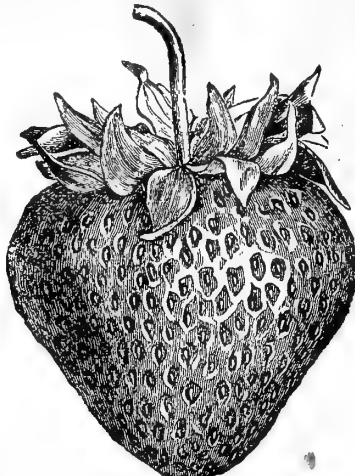

Our stock is extra well grown, possessing an abundance of fibrous roots, which fit it in an admirable manner for transplanting.

OUR 98-CENT MAIL COLLECTION.

STRAWBERRY. It's all root and sure to grow.

No Collection will be divided or the assortment changed. Order as described only.

BEDERWOOD.

100 PLANTS, 25 OF EACH OF THE FOLLOWING DESIRABLE KINDS, POSTPAID, FOR 98c
BEDERWOOD. Ripens early. Light scarlet fruit of finest flavor.
ENHANCE. Large, deep scarlet, fine and firm.
LOVETT. A large late sort of unusual excellence. Fruit slightly conical, brilliant red, firm and fine.
SENATOR DUNLAP. Early, productive, hardy, finest quality. A splendid keeper and a good shipper.

No. 56E8300 Collection of 100 Strawberries, postpaid, for.....98c

EVERY TREE WE SELL is nursery grown by the most expert horticulturists, is carefully transplanted and when ready for market has an abundance of fine fibrous roots. Our trees grow. They are true to species and you will find them the very best that can be had at any price.

ASPARAGUS PLANTS.

Every home should have a bed of this delightful vegetable. OUR FREE CIRCULAR tells how to plant, cultivate and market it.

ASPARAGUS ROOTS. Aren't they fine? We have millions like them.

A SMALL FRUIT ORCHARD which in a few short years will supply you with an abundance of fruit, would be one of the best investments you ever made and it will not require much room. Many of our fruit tree collections are made up with a special view to supplying the man who has a small country place or a few lots in town with a choice assortment of the very best and easiest grown varieties. Note the very full descriptions of the different varieties included in these collections and the remarkable price reductions we offer you.

THE SEROCO SMALL FRUIT COLLECTION.

RHUBARB. (Pie Plant.)

180 PLANTS, VINES, BUSHES AND ROOTS FOR \$2.54. REGULAR PRICE, \$7.25.

Our immense saving system is apparent in every department and in every item which we offer. Why pay agents' commissions, big office expenses and other heavy expenses to nurserymen when you can buy the identical goods from us for so much less? We are not selling these trees at a loss, neither are we giving you inferior stocks. We have figured out just what it costs to grow each tree, shrub, plant and vine in our nurseries. We know to a certainty just what we pay for each and every article, in labor, rent, taxes, material, machinery, supplies, etc., we know just how many plants we can grow on an acre of ground, just how many days' labor it takes to graft, grow, plant or cultivate, dig and pack each kind of tree. We have found this all out by figuring and by experience. To all these totals of expense we have added our small margin of profit and give you the benefit of the great saving. Our stock is surpassed by none, it has all been carefully grown, dug, sorted and packed and is guaranteed until it reaches your hands. You run no risk; we assume it all, This remarkable collection consists of the following:

- 4 BLACK GRAPES.
- 2 RED GRAPES.
- 1 WHITE GRAPE.
- 3 RED CURRANTS.
- 3 WHITE CURRANTS.
- 3 RED GOOSEBERRIES.
- 3 YELLOW GOOSEBERRIES.

IT IS NOT SUFFICIENT for us to know that our trees are in healthy condition, that they have a liberal quantity of fibrous roots, that they have been carefully transplanted and have not been injured in preparation for shipment. We are careful to know that the growers are experienced horticulturists and are thoroughly posted on every phase of this important industry and that the stock they supply us with may have our unqualified guarantee.

OUR GENERAL FRUIT COLLECTION.

REGULAR VALUE, \$6.60. OUR PRICE, \$2.45.

98 TREES, VINES, BUSHES AND ROOTS.
 This assortment contains a general line of fruit trees, small fruits, garden roots, etc., just what the village lot requires, just enough to furnish a small family a variety of fruits throughout the year. If you bought this collection from a regular tree man you would pay at least \$6.60, perhaps more. We pack this in the best possible manner, give you the choicest varieties and guarantee it to reach you in a healthy, living condition. This guarantee applies to all of our trees, shrubs, vines, bushes and other nursery stock which we ship out.

HORSE RADISH.

HOW WE CAN DO IT. This guarantee is made possible by our careful packing. We have learned the art of successful packing. Our nurserymen have spent a lifetime in the business and by careful study and thought given to this particular branch of the business have devised their present approved methods of packing. We do not have to replace one-tenth of one per cent of the stock which we ship, consequently are perfectly safe in making our guarantee. This grand collection consists of the following:

- 2 APPLES, summer and winter.
- 1 CRAB APPLE.
- 2 PEARS, summer and fall.
- 1 CHERRY.
- 1 PLUM.
- 1 PEACH.
- 4 GRAPES, black, red and white.
- 3 CURRANTS, red and white.

THE ORCHARD COLLECTION.

REGULAR VALUE, \$29.55. OUR PRICE, \$9.80.

Here we offer one of the greatest fruit collections, ever offered by any firm. We give you this immense orchard collection of 395 Trees, Bushes, Vines, etc., at one-third the regular tree man's price. We give you choice varieties, good sized trees packed in fine shape and guaranteed to reach you in a living condition. Here you have enough for a whole orchard, enough to supply a large family with an abundance of fruit the year around, enough to have a surplus to sell. These trees, etc., grow into money, they become more valuable each year. Planted now they will be worth \$200.00 at least in five years, besides giving more than enough fruit each year to pay the first cost.

THE DEATH KNELL OF HIGH PRICES for nursery stock has been sounded. This is an age of progress, and while the price of nearly everything else that the farmer buys has been greatly reduced on account of improved methods of manufacture, and improved systems of handling goods at small expense, the nursery business has been an exception to the rule, the same high prices have been asked for 15 or 20 years. We aim to revolutionize this business also. It is our purpose to give full value in these goods the same as in all others. Our profits on these collections are not large, but we know to a certainty how much we can make selling at these prices and we also know that we save our customers from 150 to 200 per cent on everything we offer.

- 2 SUMMER APPLES.
- 3 AUTUMN APPLES.
- 3 WINTER APPLES.
- 2 CRAB APPLES.

ORNAMENTAL TREE COLLECTIONS.

Many people would plant more ornamental trees if their cost was less. The mail collections which we offer are for well rooted, 1 and 2-year old plants. They can be planted out where wanted permanently or they can be put in a corner of your garden, carefully cultivated and transplanted as they become larger. If you have children, it will be a constant source of delight and instruction as the buds and leaves unfold in early spring and the plants take on new growth as the season advances. They will impart most valuable information regarding plant life, interest them in this important branch of nature study, and give them an incentive to work which no other one thing would do. You can trim and train the trees to suit yourself and transplant them as often as you like until they become too large. Nearly all varieties which we offer will make good size trees in 3 or 4 years' time. No matter where you live, no matter how far from the railroad, or how difficult it is for you to obtain goods shipped by express or freight, there will be no trouble in obtaining them for they are laid down at your door or at your postoffice without extra expense or trouble on your part. On this account they are especially valuable for our farmer friends who wish a few choice trees to beautify and improve their residences.

ORNAMENTAL TREES FOR LAWN PLANTING.

35 TREES, 12 to 15 inches high, well rooted, sent postpaid, for \$1.05.

5 AILANTHUS, or Tree of Heaven. A rapid growing tree, with long, elegant feathery foliage, exempt from disease and insects.

5 ANGELICA TREES. A native tree, with prickly stems, producing white flowers in August.

5 EUROPEAN WHITE BIRCH. A graceful tree with silvery bark and slender branches.

5 CATALPA SPECIOSA. Produces large, showy, fragrant blossoms in July. Large heart shaped leaves, long bean shaped seed pods in fall.

5 AMERICAN LINDEN. A rapid growing, large sized, beautiful native tree with large leaves and fragrant flowers.

5 NORWAY MAPLE. A large, handsome tree of spreading, rounded form, with broad, deep green, shining foliage.

3 SUGAR MAPLES. A well known native tree, of elegant pyramidal form and fine foliage.

2 HACKBERRY. A handsome native tree, of easy, rapid growth and great vigor.

CAROLINA POPLAR.

ORNAMENTAL LAWN TREES.

12 HANDSOME TREES FOR \$4.90. REGULAR PRICE, \$15.00.

The greatest values ever given in this class of stock. Here is a collection of the finest, handsomest and best trees for lawn planting or landscape work that can be obtained anywhere. They are large size, just right for planting, have been carefully cultivated, pruned, dug and packed and are offered you at one-third the price at which tree men sell them. One each of the following:

CUT LEAF WEEPING BIRCH, 5 to 6 feet high. Graceful, drooping branches, silvery white bark and delicately cut leaves. A rare combination of grace and beauty.

CATALPA BUNGEI, 6 to 8 feet high. A rare variety forming broad, round, dense globe shaped heads of great, soft heavy leaves laid in shingle like precision. Blossoms in early summer in immense clusters a foot or more in length.

AILANTHUS, OR TREE OF HEAVEN, 6 to 8 feet high.

ELM DOVEI, 6 to 8 feet high. A peculiar handsome variety with round globe shaped heads, very dense and compact, growing 24 to 30 inches in diameter. Foliage light green and small.

MAPLE SCHWEDLERI, 4 to 5 feet high. A tree of rare and pleasing beauty. Rather slow in growth but remarkably hardy and vigorous. Large leaves of blood red when they first appear in spring, changing to coppery bronze in fall.

EUROPEAN MOUNTAIN ASH, 6 to 8 feet high. A fine hardy tree with dense head covered from midsummer till winter with great clusters of bright scarlet berries.

OAK LEAF MOUNTAIN ASH, 6 to 8 feet high. Of fine pyramidal habit of growth with foliage deeply lobed, bright green above, downy beneath.

EUROPEAN WHITE BIRCH, 5 to 6 feet high.

WEeping MULBERRY.

AMERICAN WHITE ASH

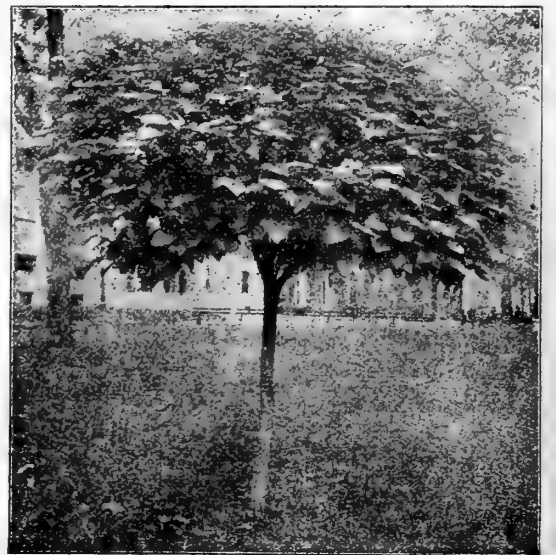

WEeping MULBERRY, 5 to 6 feet high. The finest "weeping tree" ever introduced. It is hardy, everywhere, grows rapidly, has bright green glossy foliage unaffected by insects or disease and bears a beautiful fruit which is good to eat. The branches of this tree should be pruned to within 8 to 12 inches of the tree when planting out.

RUSSIAN OLIVE, 4 to 5 feet high. The leaves are narrow like a willow, a silvery white. The blossoms are small, golden yellow and fragrant followed by yellow fruits.

ARALIA or ANGELICA TREE, 4 to 5 feet high.

GOLDEN ELM, 6 to 8 feet high. A superb golden leaved variety. As the foliage burns somewhat in full sunlight it should be planted in partial shade.

No. 56E8366 Collection of 12 Ornamental Lawn Trees. Price \$4.90

CATALPA BUNGEI.

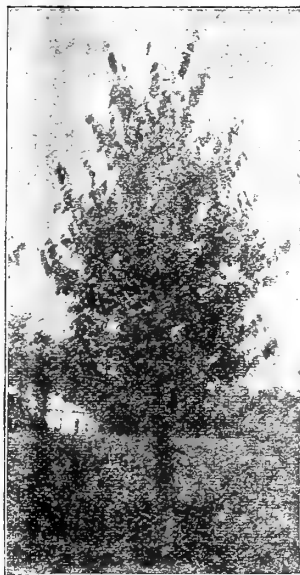

LARGE TREES FOR STREET PLANTING

NEVER SOLD FOR LESS THAN \$14.50. OUR PRICE, \$4.95

This immense collection of 18 fine, large trees adapted for street or park planting are offered at a price that defies competition. We give you a fine assortment of varieties, nursery grown, transplanted two or three times, well cultivated and pruned and packed in tip top shape so that we do not hesitate to guarantee them to reach our customers at any railroad station in the United States in a healthy condition. Villages, schools and colleges looking for trees for park planting will find here the greatest value for the money ever offered by any firm. If this collection does not suit you turn to our general list where we sell you everything in the tree line at lowest wholesale prices, make no charge for packing and guarantee them to reach you in perfect condition for planting.

You save, by buying from us, nearly 200 per cent	\$9.55

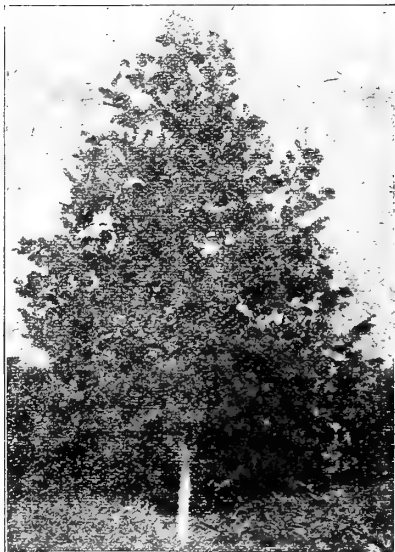

CAROLINA POPLAR.

3 AMERICAN ELM, 8 to 10 feet. This is unquestionably the most popular and the best tree for street planting ever introduced. After 2 or 3 years it becomes firmly established, makes a very rapid growth, has a spreading symmetrical head, is not easily broken by wind storms and is at all times beautiful in appearance and furnishes an abundance of shade.

3 CAROLINA POPLAR, 8 to 10 feet. These grow very rapidly and if properly trimmed and cut back form fine, handsome heads. The leaves are large and the tree furnishes an abundance of shade besides being very ornamental.

2 AMERICAN LINDEN, 6 to 8 feet. One of the handsomest of our native trees, makes a rapid growth and has a fine, symmetrical head. Produces large leaves and is at all times ornamental. The blossoms which appear in early spring are very handsome and the seed pods hang on the tree during the entire summer.

ORIENTAL PLANE.

2 ORIENTAL PLANE, 6 to 8 feet. These are very handsome, showy trees, of rapid growth which furnish an abundance of shade. As the tree becomes older the bark is nicely marked and streaked a silvery white. It is very free from the attack of insects and is at all times handsome and decorative.

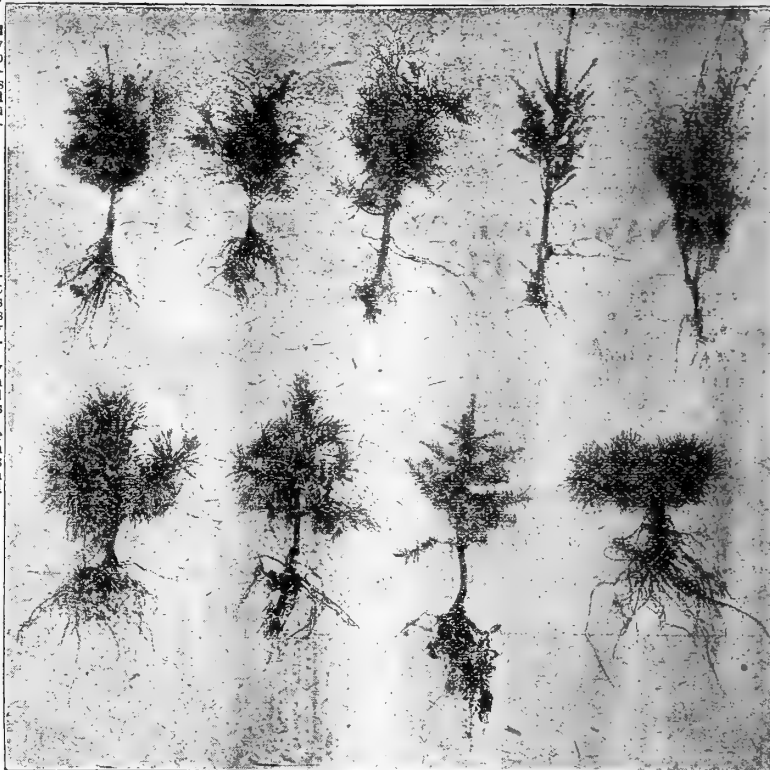

3 ASH LEAF MAPLE, 8 to 10 feet. Very hardy, native variety which furnishes an abundance of shade.

2 AMERICAN WHITE ASH, 8 to 10 feet. One of the best of our native trees, makes a rapid growth, forms a symmetrical head, has beautiful bark and leaves.

3 POPLAR BOLLEANNNA, 8 to 10 feet. Of recent introduction and handsome appearance. A compact, upright grower resembling the Lombardy Poplar with large leaves, of glossy green on the upper surface and silvery white underneath.

No. 56E8367 Collection of 18 Large Trees for Street Planting. Our price.... \$4.95

EVERGREENS.

Upper row from left to right: NORWAY SPRUCE, HEMLOCK SPRUCE, ARBOR VITAE, DOUGLAS SPRUCE, JUNIPER. Lower row: AUSTRIAN PINE, WHITE PINE, BALSAM FIR, DWARF OR MUGHO PINE.

Immense values in these collections. All trees are well rooted, 2-year old stock, just right for planting out. Remember, we guarantee them to reach you in a perfect living condition for planting out.

ARBOR VITAE AND NORWAY SPRUCE FOR HEDGING.

FLOWERING SHRUBS.

15 FINE, WELL ROOTED, FLOWERING SHRUBS, 2 YEARS OLD FOR \$1.03

These are at all times handsome and decorative, and planted on the lawn in clumps or as single specimens are most beautiful. They increase the value of your property, improve your surroundings, furnish an abundance of bright, showy flowers during the season, once planted need but little care or attention afterwards, and increases in size and beauty from year to year. The collections which we offer, like all other collections in this department, contains exceptional values. All stock which we send out in these collections has been carefully grown, has large, well developed roots and is guaranteed to reach our customers in perfect condition for planting out.

1 DOGWOOD RED TWIG. Beautiful blossoms in spring. Conspicuous blood red bark and twigs.

2 SPIREA VAN HOUTTI (BRIDAL WREATH). Immense garlands of pure white flowers borne in the greatest profusion in early summer.

1 WEIGELIA ROSEA. An elegant plant with most beautiful rose colored blossoms in June.

2 HYDRANGEAS PANICULATA. Perfectly hardy everywhere. Produces large pyramidal panicles of bloom 10 to 12 inches long and 6 inches in diameter.

Pure white when first open, gradually changing to delicate pink white with age. Blossoms come in August when most other plants are through blooming.

1 LILAC, CHAS. X. Large trusses of rather loose, reddish purple blossoms.

1 SNOWBALL, DOUBLE FLOWERING. Large, globular, pure white clusters of bloom the end of May.

1 SYRINGA OR MOCK ORANGE. Beautiful, fragrant white blossoms, produces abundantly in June.

1 GOLDEN ELDER. Golden yellow foliage throughout the season. Clusters of pure white blossoms in June, followed by black, edible fruits.

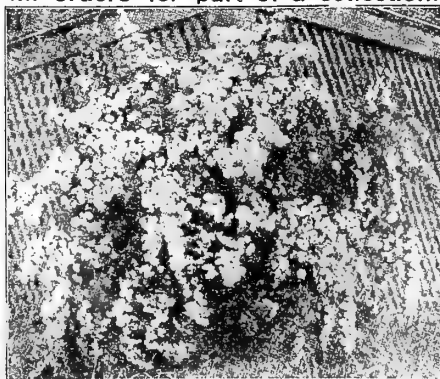

1 FORSYTHIA OR GOLDEN BELL. Flowers in early spring, drooping yellow and very pretty.

1 HONEYSUCKLE RED TARTARIAN. An upright shrub which produces in the greatest profusion in early summer beautiful red blossoms.

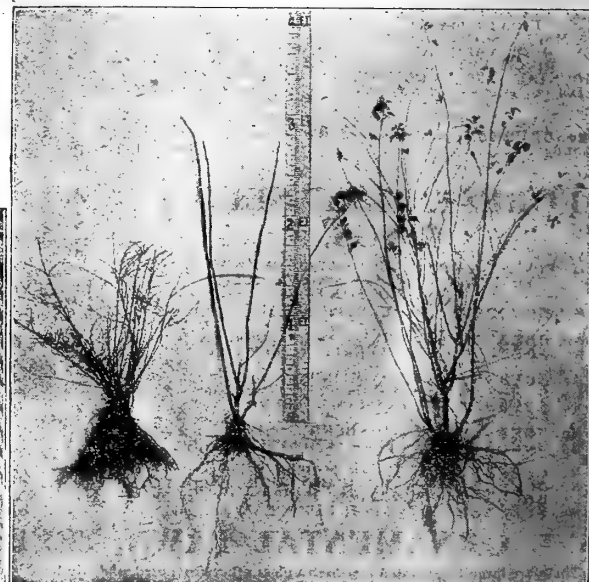

1 SPIREA BILLARDI. Rose colored blossoms borne throughout the summer.

15 Shrubs for \$1.03, postpaid. Nearly all roots, and good roots too.

SPIREA VAN HOUTTI (BRIDAL WREATH).

Some of our shrubs. Each plant a mass of roots.

1 SPIREA A. WATERER. Of dwarf growth producing bright crimson blossoms during the summer and fall.

1 ROSE OF SHARON. Produces large rose like blossoms in August and September when most other shrubs are through flowering.

No. 56E8650 Collection of 15 Flowering Shrubs described above. Price, postpaid, \$1.03

COLLECTION OF DECORATIVE SHRUBS.

No. 56E8651 Collection of 15 Decorative Shrubs described above. Price, postpaid, 97c

20 LARGE, WELL ROOTED SHRUBS FOR \$2.40.

TO BE SENT BY EXPRESS OR FREIGHT.

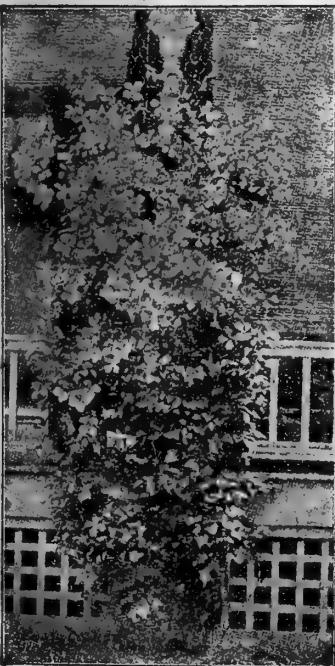

HYDRANGEA PANICULATA GRANDIFLORA. The grandest shrub that grows.

This is the size the tree man would charge you \$5.00 per dozen for or about \$8.00 for the lot; only with this difference. He would not give you as great a variety as we do. You would get about 4 sorts from him. We send you all kinds and guarantee them to reach you in a healthy, living condition. In 3 years' time you would not part with them for \$50.00. Do you know of any investment in or around your home that will pay you better returns for your money? Most of these will bloom the first year, all of them the second.

- 2 **ALTHEAS** (Rose of Sharon.)
- 2 **BERBERRY THUNBERGII**
- 2 **DEUTZIA** (Pride of Rochester.)
- 2 **CALYCANTHUS**, sweet scented shrubs.
- 2 **FORSYTHIA** (Golden Bell.)
- 2 **UPRIGHT HONEYSUCKLES**, red and white.
- 2 **HYDRANGEA PANICULATA**.
- 1 **LILAC PURPLE**.
- 2 **PHILADELPHUS** (Syringas) 2 kinds.
- 2 **SPIREA VAN HOUTTI** (Bridal Wreath.)
- 1 **SNOWBALL**.

6 LILY UMBELLATUM.
No. 56E8807 Collection of 67 Perennial Plants Price.....\$4.96

OUR METHOD OF PUTTING UP SEEDS

in assortments brings the bulk price to you, though the quantities of each variety be only packet size. Our way is the new way and it saves you about nine-tenths of the sums you have heretofore paid for seeds. If you will compare the offerings in this catalogue with offerings of other seed dealers you will be astonished at the wonderful lowness of price which we quote on all standard varieties of garden, flower and field seeds, and nursery stock of every variety. In many instances our prices are only ten per cent of what others ask and on other items the saving is from twenty-five to fifty per cent.

In this class of plants are found those whose tops die down in the winter and come up again in the early spring. They are all perfectly hardy, thrifty everywhere, increase in size and beauty from year to year, require but little or no care after planting and furnish an abundant supply of showy blooms during the summer. They can be planted in groups, clusters singly or in borders and are equally well adapted for all locations and in all places.

**SUCH UNHEARD OF
VALUES** have never been offered by any firm in America, and as all the stock is guaranteed to reach our customers in good condition they should not be slow in taking advantage of these wonderful offers. Not a collection in the entire list offered at \$1.00 or less but what your tree man would charge you \$3.00 or more for.

5 CHOICE TWO-YEAR OLD CLIMBING ROSES, POSTPAID, FOR 98 CENTS.

These are strong, well rooted, cut back to the proper size for planting out as shown in the illustration. They are perfectly hardy everywhere with slight protection during the winter and will give an abundance of blossoms.

2 CRIMSON RAMBLER. Very vigorous in growth, very profuse in blossoms. The flowers are produced in immense crimson clusters which remain on the plant a long time without fading.

1 DOROTHY PERKINS or PINK RAMBLER. This resembles the Crimson Rambler in every particular save color, which is a beautiful shell pink.

2 QUEEN OF PRAIRIE. A clear bright pink, large, compact and globular. Blooms in clusters.

No. 56E8903 Collection of 5 Climbing Roses. Price, postpaid,.....98c

The absurdity of high priced roses is shown in this collection. We give you the best varieties that are grown. We give you extra strong home grown plants, raised under our own supervision. We label and pack them carefully and ship them to you direct from our nurseries and we guarantee them to reach you in a perfect condition for planting out. We do not give you imported stock dug six months before shipping, neither do we ship you searaway plants with poor roots and poorly packed; but we do ship honest roses at honest prices.

3 ALFRED COLOMB. Bright cherry red, shaded crimson.

3 BARONESS ROTHSCHILD. Rich, satiny pink.

3 CRIMSON RAMBLER. The finest climber grown.

CRIMSON RAMBLER.

Hybrid Perpetual Rose at the left, properly trimmed for planting. Climbing Roses at the right. Such plants will fill your garden full of blooms.

OUR CHOICE COLLECTIONS

of beautiful flowering perennial plants are offered you at remarkably attractive prices, ranging so low that a comparison with the quotations made by any other seedsmen or dealers will astonish you. Our new plan of handling seeds and nursery stock, by which we eliminate all the expensive methods heretofore followed by seedsmen and nurserymen has reduced not only the first cost of the seed, but also has cut out of our selling price the several profits which have heretofore gone to middlemen. The collections shown on this page are only an index to what you may find on every other page in this catalogue. Beautify your home surroundings by planting one or more of these choice assortments.

POPULAR FRUIT AND PLANT COLLECTIONS.

Owing to the immense quantities of stock which we propagate, we have a surplus of some good varieties. Rather than transplant these or run the chance of not selling them we offer them to our customers at low cost prices. You will get choice, named varieties, trees and plants that will please you, and at the prices offered they should be unusually attractive to planters.

GENERAL LIST OF NURSERY STOCK.

LARGE TREES, PLANTS, SHRUBS, ETC., OF THE SIZES SPECIFIED TO BE SENT BY EXPRESS OR FREIGHT.

IN THIS ASSORTMENT you will find a general line of all varieties which we grow at our nurseries which we are offering at wholesale rates. Large planters as well as all others will find exceptional values. If you intend to plant an orchard the coming season, or if you wish to beautify your grounds or put out an acre or two or even less of small fruits for market purposes you will find here an excellent opportunity for obtaining the best stock at lowest wholesale prices. Everything which we offer herewith has been carefully grown in our nurseries, transplanted, cultivated and pruned in the most approved and scientific manner. Our growers are men of long and varied experience, are thoroughly up to date, and employ the most modern methods in propagating, cultivating and digging. At the prices we quote we make no charge for boxing and packing and guarantee to deliver to any railroad station in the United States in a good living condition. If it is not, and we are notified promptly on the arrival of the stock, we will replace it free. We have such confidence in our ability to pack the stock in the most scientific and best approved manner that we make this wonderful offer. All our stock will have an abundance of fibrous roots which means it will commence growth immediately when it is planted out. It will be shipped direct from our nurseries to our customers so there will be no delay or "laying around" after it has been dug. Everything will be fresh. We do not sell less than ten. We will not accept orders from this list under \$2.00.

ORNAMENTAL AND SHADE TREES.

Those marked with a star are particularly desirable for lawn planting. All trees will be nursery grown, transplanted stock, well cultivated, carefully dug and packed in first class shape. In comparing our prices with others please remember that our stock has been grown with extreme care, everything has been transplanted and thoroughly cultivated, giving it an abundance of small fibrous roots. All tops have been well shaped and branched and all are guaranteed to reach you in a thrifty, healthy, living condition. We have used special pains in growing our ornamental stock and at the prices quoted we are confident you cannot obtain any such values anywhere else in the world.

EVERGREEN TREES.

These choice trees have been carefully grown, several times transplanted, well cultivated and possess an abundance of fine fibrous roots. These should not be planted until the ground is warm, so that growth will commence immediately, so that they will not be allowed to lay around in the sun and wind for a single moment after you unpack them. April 1st to May 15th is the best time for transplanting in the Middle and Northern States, and we would advise all of our customers ordering Evergreens not to have them shipped until that time. However, unless we are advised otherwise with the order, we will ship with the other nursery stock, or if Evergreens only are ordered, we will hold the shipment until the proper time, according to our judgment.

FLOWERING AND ORNAMENTAL SHRUBS.

Our list of shrubs is very complete and at the prices offered should prove very interesting to all planters. Village park boards, cemeteries, schools, colleges and large planters generally will find here exceptional values in just such stock as they desire to plant for ornamental purposes. It has all been carefully grown, well rooted and is fully up to the size specified at the prices quoted. We make no charge for packing and guarantee the stock to arrive in good condition at any railroad station in the United States.

HEDGE PLANTS.

We list here the best varieties for general planting. Those which are both useful and decorative. Varieties marked with a star are not recommended for general planting north of the 40th degree of latitude. All others are considered hardy in all sections of the country. Note the exceptionally low prices on 500 and 1000 lots.

HARDY PERENNIAL PLANTS.

These are among the most desirable plants for general planting that can be grown. The varieties which we list are perfectly hardy everywhere. By a careful selection a continuous supply of choice flowers can be had throughout the entire season from early spring till late fall. The tops of this class of plants die down in the fall and come up again in the earliest spring. Our collection consists of the very best varieties for general cultivation that we know of and is selected from several hundred sorts which we grow at our nurseries. Varieties marked with a star are particularly desirable for cut flowers. Planted in groups on the lawn nothing can be more beautiful or effective than these perennials. Used for borders and as single specimen plants, they are also very desirable. The stock which we ship is all strong, well rooted and bound to give every satisfaction.

HARDY ROSES.

These have been grown by experienced men near Chicago, contain an abundance of fine fibrous roots, are strong, clean, healthy two-year old dormant stock and are guaranteed to reach our customers in a perfect, healthy, living condition, just right for planting out. All tops should be severely cut back before planting, as the flowers are produced on the new growth. We will not trim back these roses, but will ship them just as they are dug from the nursery room. Our stock has not been hollowed and grown and is not the cheap Southern or California grown stock, it is all two years old, thrifty and well branched.

WE CANNOT FILL ORDERS FOR PART OF THIS COLLECTION. IT IS SOLD ONLY AS A WHOLE AND AS DESCRIBED. NO CHANGE CAN BE MADE IN ASSORTMENTS.

23 STRONG, WELL ROOTED PLANTS IN THIS COLLECTION.

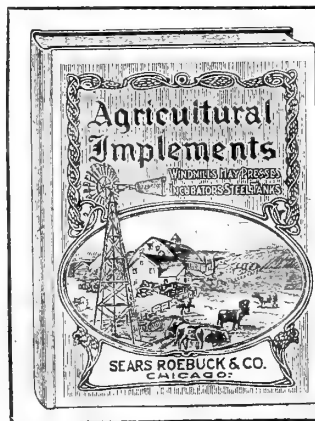

It contains the latest, finest and best things in plants. It contains greater values than you can ever get elsewhere for the same money. It is the largest, best selected "and most for your money" collection of plants ever sent out by any firm in the world. In this collection you get enough plants to make your home a perfect bower of beauty throughout the year. This is made possible by growing these plants by the hundreds of thousands, by putting them up in collections instead of singly, by carefully figuring the exact cost of each plant, and in every way possible reducing the expense of growing, packing and shipping, so that we know the exact cost of each collection put up and mailed to our customers. To this cost we add a small profit and sell to our customers with this one small profit added. The collection is cheaper than you could grow the plants for from slips. If you are attempting to root a few plants to brighten up your home or decorate your lawn, it will pay you to throw them away and send for this collection, for we give you such big values, such choice varieties and such a large assortment of new and rare things that you will have the finest assortment of plants in your neighborhood. Don't waste time trying to root your own plants. This collection is packed and mailed direct from our green houses and is guaranteed to reach you in a thrifty, healthy, living condition. If you bought these plants from a florist he would charge you from 10 cents to 25 cents a piece or \$3.10 for the lot. If you sent away for them to any other firm you would pay as much for them, but buying them from us, direct from large growers, direct from people who grow the plants and charge you but one small profit, who send you choice, fresh plants direct from the place they are grown the same day they are taken out of the pots, you get an extra fine lot at a great bargain. They are suited for either indoor culture, in the house, or bedding out on the lawn. They cost you a little more than 4 cents each, considerably less than the lowest wholesale price quoted by the largest growers in the country.

THIS COLLECTION CONSISTS OF THE FOLLOWING:

- 1 BABY RAMBLER ROSE.** A dwarf free blooming plant, producing large clusters of flowers, identical in size and shape and color with the Crimson Rambler. Unsurpassed for house blooming and fine for outside bedding.
- 1 BOSTON FERN.** The best fern for house culture. A rapid grower, producing long, drooping, graceful fronds in a very short time. Thrives in all situations, and is seemingly not affected by heat or cold, growing well in furnace heated and gas lighted houses where so many plants droop and die.
- 1 CANNA EGANDALE.** A tall growing variety with purple foliage and currant red blossoms.
- 3 CARNATIONS, 3 DISTINCT SORTS.** If grown in the house from the time they are small these soon become acclimated, and are among the best house plants grown, producing an abundance of choice blooms. Planted on the lawn they are also very effective.
- 2 CHRYSANTHEMUMS, 2 KINDS.** Everybody loves these beautiful flowers, but everyone cannot in summer and taken up and potted in fall. Or if planted in a pot, it can be sunk in the earth in summer in a partially shaded location and taken in as fall approaches.
- 1 CLOTHILDE SOUPERT ROSE.** This is a very appropriate companion to the Baby Rambler. It is in bloom, is fine for house culture, and equally good for bedding. The flowers when first opened are pure white, gradually changing to delicate pink and shaded rosy pink in center. It is very fragrant and the blossoms last a long time on the plant.
- 3 COLEUS.** Bright leaved foliage plants. Fine for bedding out, border, etc., and also make desirable pot plants in the house.
- 6 GERANIUMS.** The old stand byes, for lawn planting and most desirable for house culture. We have a good assortment of colors and will ship choice plants.
- 1 HELIOTROPE.** The delightful fragrance of a spray of these charming flowers will permeate a whole house and last for days. They are very popular for house culture and unsurpassed for lawn planting.
- 1 HERMOSA ROSE.** This is an old time tried variety that has never been found wanting. It is always in bloom and succeeds everywhere indoors or out.
- 1 SALVIA SPLENDENS.** This is a very attractive plant with its long drooping spikes of intense scarlet blooms. As a house plant it grows more bushy, but is at all times beautiful and showy.
- 2 SWEET ALYSSUM.** An old time favorite, producing an abundant supply of pure white, fragrant blossoms. It is desirable for bedding out, also for house culture.

OUR FREE SPECIAL AGRICULTURAL IMPLEMENT CATALOGUE MAILED ON REQUEST.

FROM LACK OF SPACE in this Special Seed Catalogue we are compelled to use small pictures and give short descriptions of garden tools and implements. However, you need not hesitate to order anything from this department direct from this catalogue, even though the illustrations are small and the descriptive matter very limited, since we accept your order with the positive understanding that the goods must please and satisfy you, otherwise they can be returned to us and your money will be immediately refunded. At the same time, if you feel that you must have a more extended description or see larger illustrations before ordering, do not order anywhere else until you write and get our free Agricultural Implement Catalogue. In this free Agricultural Implement Catalogue, sent to anyone free on request, we show large illustrations and give more complete descriptions of nearly everything in this entire line. However the exact same goods are shown on these pages at the exact same prices, and offered on the same terms, the most liberal ever printed.

STOCK AND POULTRY FOOD.

TONIC STOCK FOOD FOR DAIRY COWS, HORSES, FEEDING CATTLE, SHEEP, HOGS, ETC.

ALL PROGRESSIVE FARMERS recognize the importance of feeding tonics to their livestock, to regulate the digestive organs, to assist in assimilating the food, to tone up and purify the system and to put vim and vigor into the constitution. One measure, 3 ounces, to be mixed with the food for each animal once a day.

TONIC STOCK FOODS are recommended to do all these and more. They are put up in just the right proportions under the careful supervision of an experienced veterinarian, and contain no injurious ingredients, only those elements which will build up and invigorate the system being used in their preparation. These foods are put up in four different mixtures. A mixture suited to increase the flow and richness of milk from dairy cows is not the kind of mixture to fatten hogs. A mixture that will fatten sheep, cattle, calves, etc., is not adapted to build up bone and muscle in horses. Therefore, we put up different mixtures suited to the varying needs of stock farmers. The influence of different substances on the stomach, kidneys, liver and other digestive organs of the different animals named has been very carefully studied, and those investigations have determined just what is necessary to produce the required results. Tonic stock foods have been prepared in accordance with these exhaustive tests. Four distinctive formulas provide the proper foods for dairy cows, for horses, for hogs, and for fattening cattle or sheep.

WHY IT PAYS YOU TO FEED TONIC STOCK FOODS.

BECAUSE you get just the right ingredients in just the right proportions for each kind of stock. **BECAUSE** you get a much larger volume in weight for your money than of any other stock food manufactured. **BECAUSE** you will get much better results and save from 10 to 25 per cent of the cost of feeding your stock than if you did not use it. All these, and many other reasons may be adduced to prove conclusively that from an economical, healthful and profitable point of view, you will save money by using Tonic stock foods. Our booklet containing much valuable information on the care and feeding of stock will be sent free on request. Send for it.

Elgin Brand for General Feeding.

This is intended primarily for feeding cattle, sheep, and lambs when fattening for the market, but it is equally good for all kinds of live stock. If you feed but one kind of stock food this is the brand you should purchase. This will hasten the fattening of sheep, cattle and lambs from 15 to 20 days and will reduce feeding cost from 10 to 25 per cent. It assists in digesting and assimilating the food so that none goes to waste. It is put up in 10, 50 and 100-pound bags, each bag containing measure cup, and full directions for using.

- No. 56E9611 Elgin Brand, for general feeding. Price, 10-pound sack. \$0.38
 No. 56E9612 Elgin Brand, for general feeding. Price, 50-pound sack. 1.49
 No. 56E9613 Elgin Brand, for general feeding. Price, 100-pound sack. 2.93

Elgin Brand for Horses.

This is a well proportioned bone and muscle builder especially prepared for horses. Fed with the daily ration of food it promotes digestion, acts gently on the kidneys, saves all the valuable life giving constituents of the food, renders their coats smooth and glossy, and builds up bone and muscle.

- No. 56E9613 Elgin Brand, for horses. Price, per 10-lb. sack. 38c
 No. 56E9614 Elgin Brand, for horses. Price, per 50-lb. sack. 1.48
 No. 56E9615 Elgin Brand, for horses. Price, per 100-lb. sack. 2.93

Elgin Brand for Dairy Cows.

It regulates the bowels, increases the flow and richness of the milk and improves the quality and quantity of butter fat. It gently stimulates the digestive organs and puts them in perfect physical condition so that all the organs perform their functions perfectly. It never taints the milk, cream, butter or cheese, but renders them sweet and wholesome. At a cost of 5 cents per week you can save at least 14 cents per head per week in the cost of feed, put your cows in better condition and receive more from them.

- No. 56E9616 Elgin Brand, for dairy cows. Price, per 10-lb. sack. \$0.38
 No. 56E9617 Elgin Brand, for dairy cows. Price, per 50-lb. sack. 1.48
 No. 56E9618 Elgin Brand, for dairy cows. Price, per 100-lb. sack. 2.93

Elgin Brand for Hogs.

A tonic and conditioner prepared especially for hogs, containing the right ingredients in just the proper proportion to keep them healthy and fat. Fits them for market earlier. Makes their flesh firm and sweet. Mixed with the food its action on the stomach aids the system of the poisonous germs which produce hog cholera and generally cures epizootic, coughs, influenza, hide-bounds, indigestion, liver trouble, worms, impure blood, scab, ticks, lice, scours, hog cholera, and all diseases common to swine. It is quick acting, harmless and endorsed by stockmen everywhere.

- No. 56E9619 Elgin Brand, for hogs. Price, per 10-lb. sack. \$0.38
 No. 56E9620 Elgin Brand, for hogs. Price, per 50-lb. sack. 1.48
 No. 56E9621 Elgin Brand, for hogs. Price, per 100-lb. sack. 2.93

Tonic Animal Regulator.

This is a highly concentrated stock food and a sure preventive of diseases common to stock. It will prevent and generally cure epizootic, coughs, influenza, hide-bounds, indigestion, liver trouble, worms, impure blood, scab, ticks, lice, scours, hog cholera, and all diseases common to swine. It is quick acting, harmless and endorsed by stockmen everywhere.

- No. 56E9625 Tonic Animal Regulator. Price, per 2-lb. cartons. \$0.22
 No. 56E9626 Tonic Animal Regulator. Price, per case 18 cartons. \$3.58

Blood Meal.

This runs very high in protein, over 85 per cent and contains very little moisture and fat. It is manufactured exclusively for feeding purposes and is guaranteed absolutely pure. It is fed with the regular rations to calves, colts, lambs, hogs and poultry. It is a highly concentrated food product and produces wonderful results. In the poultry yard no food has been found which will so largely increase the egg production.

- No. 56E9650 Blood Meal. Price, per 20-lb. bag. \$0.81
 No. 56E9651 Blood Meal. Price, per 40-lb. bag. 1.48
 No. 56E9652 Blood Meal. Price, per 100-lb. keg. 3.10

Blatchford's Calf Meal.

Successful farmers raise calves cheaply and quickly with little or no milk by feeding this meal. It is a highly concentrated, pure material producing remarkable results.

- No. 56E9655 Blatchford's Calf Meal. Price, per 20-lb. sack. \$0.95
 No. 56E9656 Blatchford's Calf Meal. Price, per 50-lb. sack. 1.95
 No. 56E9657 Blatchford's Calf Meal. Price, per 100-lb. sack. 3.40

Ground Oil Cake.

This is guaranteed to be the finest oil process Ground Oil Cake on the market. Our prices are lower than the lowest.

- No. 56E9660 Ground Oil Cake. Price, per 100 lbs. \$1.59

Selected Poultry Foods.

Every practical, progressive poultryman realizes the necessity of feeding scientifically mixed foods. By studying the needs of fowls and by careful experiments we are enabled to put up mixtures, the necessary constituents for building bone and muscle, for keeping fowls in a healthy condition and for producing the greatest number of eggs. Our foodstuffs have all been carefully selected and mixed and only clean, screened grains have been used in their preparation. Our prices are lower than the same goods can be bought for elsewhere.

Crushed Oyster Shells.
 Oyster Shells contain about 98 per cent of bicarbonate of lime. The ordinary grain and green foods supplied to laying hens do not contain enough lime for the formation of egg shells, therefore some material must be supplied. As oyster shells are the best egg shell producers known, should be kept constantly before the fowls. We supply oyster shells in 100-lb. sacks only.

- No. 56E9500 Crushed Oyster Shells. Price, per 100-lb. sack. 45c

Crushed Clam Shells.

These are shipped out by some concerns in the place of oyster shells and are sold under different brands such as "Pearl Shells," "Grit," "Poultry Shells," etc. Some good poultry raisers prefer clam shells to oyster shells. At the urgent request of many of our customers we list them. We have arranged for a supply from one of the best crushers on the Mississippi River. These shells are double screened and free from dirt. They are shipped in 100 lb. burlap bags only.

- No. 56E9501 Crushed Clam Shells. Price, per 100 lb. bags. 40c

Mico Spar Cubical Grit.

This is made from Pulverized Granite Rock, containing quartz, the hardest rock substance, sodium, aluminum, magnesium, lime and iron. In dissolving in the gizzard it flakes off, does not become smooth and is a perfect digester. It is also a shell maker and yolk builder. It does not pulverize in handling and its bright, shining surface prevents loss in the scratching pen. Sold in 100 lb. sacks only.

- No. 56E9502 Mico Spar Cubical Grit. Price, per 100 lb. sack. 55c

Coarse Ground Bone.

This is prepared from fresh green bones after all moisture and grease have been extracted leaving phosphate of lime and protein. It has long been recognized as a good egg producer. It is also valuable for young chicks.

- No. 56E9505 Coarse Ground Bone. Price, per 25 lb. sack. 55c
 No. 56E9506 Coarse Ground Bone. Price, per 50 lb. sack. 1.00
 No. 56E9507 Coarse Ground Bone. Price, per 100 lb. sack. 1.85

Raw Bone Meal.

This is made from fresh green bones the same as the Coarse Ground Bone, but is ground very fine so that it may be mixed in mash feed.

- No. 56E9510 Raw Bone Meal. Price, per 25 lb. sack. 52c
 No. 56E9511 Raw Bone Meal. Price, per 50 lb. sack. 1.00
 No. 56E9512 Raw Bone Meal. Price, per 100 lb. sack. 1.87

Broiler Teeth.

This is composed of the smaller sizes of crystal grit, bone and oyster shells in about equal proportions. It is an excellent mixture for young chicks.

- No. 56E9515 Broiler Teeth. Price, per 25-lb. sack. \$0.40
 No. 56E9516 Broiler Teeth. Price, per 50-lb. sack. .70
 No. 56E9517 Broiler Teeth. Price, per 100-lb. sack. 1.20

Beef Scrap.

This is fed for fattening poultry, especially ducks and geese, and it is fine for making hens lay in the winter. Put up for use at the stock yards in this city. Contains more grease than any other beef scrap and guaranteed sweet and wholesome.

- No. 56E9520 Beef Scrap. Price, per 25-lb. sack. \$0.65
 No. 56E9521 Beef Scrap. Price, per 50-lb. sack. 1.20
 No. 56E9522 Beef Scrap. Price, per 100-lb. sack. 2.25

Meat Meal.

This is made from beef meat, bone, blood and the liquor from cooking and is rich in protein, nitrogen, bone phosphate and aluminum. It is recommended for growing chicks and is an unusually good egg producer.

- No. 56E9525 Meat Meal. Price, per 25-lb. sack. \$0.55
 No. 56E9526 Meat Meal. Price, per 50-lb. sack. 1.00
 No. 56E9527 Meat Meal. Price, per 100-lb. sack. 1.90

Tonic Poultry Food and Egg Producer.

This is composed of pure bone meal ground from green bones, Mexican chili seed and other ingredients scientifically compounded. It promotes the rapid growth of young chicks, prevents and cures chicken cholera, roup, gapes and all poultry diseases and is a great egg producer. It assists the digestion, increases the quantity of eggs and improves the appearance of the poultry. It promotes the rapid growth and development of young fowls and prepares them for market much quicker. Two eggs per month will more than pay for the cost of the feed.

- No. 56E9600 Tonic Poultry Food and Egg Producer, in 2-pound cartons. Price, each. \$0.22
 No. 56E9601 Tonic Poultry Food and Egg Producer. Price, per one 2-lb. carton. \$3.56
 No. 56E9602 Tonic Poultry Food and Egg Producer. Price, per case, 36 cartons. \$6.95
 No. 56E9603 Tonic Poultry Food and Egg Producer. Price, per 25 pound pall. \$2.15
 No. 56E9604 Tonic Poultry Food and Egg Producer. Price, per 100 pound sack. \$6.55

Concentrated Poultry Meal.

An egg producer and flesh developer, composed of beef meal, charcoal, fenugreek and ginger, and is not only a good developer and egg producer, but it also acts as a regulator for the bowels and takes the place of high priced condition powders. If you want healthy, hardy hens that will lay the maximum number of eggs during the year feed them Concentrated Meal.

- No. 56E9530 Concentrated Poultry Meal. Price, per 25 lb. sack. \$0.66
 No. 56E9531 Concentrated Poultry Meal. Price, per 50 lb. sack. \$1.10
 No. 56E9532 Concentrated Poultry Meal. Price, per 100 lb. sack. \$2.00

Chick Food.

This is composed of the best grains, seeds, grits, etc., which experience demonstrates form a perfect food for young chicks. By its use they develop quickly, have a strong frame work, are healthy and withstand the diseases to which they are subject. This feed contains all the essential elements for a well balanced ration for chicks until they are 5 or 6 weeks old, and they do not need any other food during that time.

- No. 56E9535 Chick Food. Price, per 25-lb. sack. \$0.65
 No. 56E9536 Chick Food. Price, per 50-lb. sack. 1.10
 No. 56E9537 Chick Food. Price, per 100-lb. sack. 2.20

Mixed Poultry Food.

This mixture is made from selected re-cleaned stock of cracked and shrunken wheat, cracked corn, Kaffir corn, coarse bone, millet grits and other grains especially suited to the wants of poultry. It is clean, free from dust and perfectly adapted to their needs.

- No. 56E9540 Mixed Poultry Food. Price, per 100 lb. sack. 1.44
 No. 56E9541 Mixed Poultry Food. Price, per top, 28.90

Mixed Pigeon Food.

This is made from re-cleaned Kaffir corn, wheat, peas, oats, buckwheat, millet, and other grains especially suited to the needs of fancy pigeon and squab raisers.

- No. 56E9545 Mixed Pigeon Food. Price, per 100 pound sack. \$1.95

Alfalfa Meal.

This meal readily mixes with any kind of ground feed and can be fed to young chicks as well as to old birds. It keeps them vigorous and healthy all winter when green food cannot be obtained.

- No. 56E9550 Alfalfa Meal. Price, per 100-lb. bag. \$ 1.85
 No. 56E9551 Alfalfa Meal. Price, per 1,000-lbs. 17.95

STOCK FOOD, INSECTICIDES AND SUNDRIES.

Black Death.

BUG KILLER AND FERTILIZER.

Absolute death to all insect life. Cheaper than any other insecticide known, good fertilizer. Any child can apply it. Not dangerous to handle. Ready for immediate use; no mixing or preparation required.

IT WILL POSITIVELY KILL potato bugs, squash bugs, pumpkin bugs, watermelon bugs, rose bugs, currant worms, cabbage worms, etc. It will kill all kinds of creeping things that eat the

leaves of vegetables or plants. **Black Death** has been on the market for five years, during which time it has met with unprecedented success wherever introduced all over the United States. It has proven to be the most successful destroyer of all insects, bugs or beetles that live on vegetation. We can recommend this preparation to our customers with every confidence; we can assure them it is a better and cheaper insect powder than they have ever used and it operates with certainty.

SPECIAL PRICES:

OUR QUALITY AND PRICE GUARANTEE.

WE GUARANTEE OUR PRICES for like quality to be lower than any other house in America. In comparing our catalogue with other houses, when another house quotes as low or a lower price than we, we guarantee that you will find a wide difference in quality in our favor. If you send us an order and do not find this difference in quality in our favor in every instance, you can return the goods to us at our expense, and we will immediately return your money.

Insect Sprayer.

FOR APPLYING SEROCO FLY AND GERM KILLER.

One quart of liquid in this atomizer will cover more effectively a larger surface than ten quarts in the common sprayer or sprinkler. It is a great saving in labor because when loaded it weighs much less than any other and because the spray is easily

made to reach six feet from the operator. Made in both galvanized steel and brass tank, and cannot rust.

No. 56E9725 Insect Sprayer. Brass tank. Price, each.....54c

No. 56E9726 Insect Sprayer. Steel tank. Price, each.....40c

Hammond's Slug Shot.

This is truly the vegetable growers' friend. It is a fine powder, easily applied to the plants by hand, by duster or bellows, or in water by spraying. It is harmless and sure death to cabbage worms, potato bugs, currant worms, lice, slugs, sow bugs, etc., and is strongly impregnated with fungicides. The 125-pound kegs contain a duster for applying the powder.

ese, malleable
iron, hardwood
handle.
Price.....4c

LANG'S HAND WEEDER

Handy
Tool
for
Earth.

For
getting around plants and flowers, it is the
handiest tool made. Price.....15c
If by mail, postage extra, 4 cents.

Acme Lawn Weeder. No More Broken Backs.

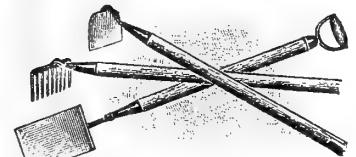

No. 24E9344 This little device gets at
the root of the evil and removes it bodily.
The curved edge of the blade enters and loosens
the soil; pressure on the lever then causes the
toothed jaw to grasp the plant and a slight
pull suffices to dislodge same without disturb-
ing the surrounding sod. Length, 44 inches.
Weight, about 2 pounds. Price.....40c

Garden Sets.

No. 24E9345 The
Marvel Garden Set.
Consists of three
pieces as follows:
spade, polished steel
blade 54x34 inches,

Gatherer, is a device for gathering fruit. It
will pick apples, pears, plums and similar fruit
from otherwise inaccessible places without
bruise or injury of any kind. Price.....70c

Acme Telegraph Tree Pruner.

No. 24E9368
This improvement
was originally design-
ed for the use of tele-
phone and telegraph
men in keeping the wires free from
overhanging branches of trees. The
blade can be taken out to be sharpened;
there is a steel coil spring for
throwing out the blade; the socket
has a thread on the inside and can
thus be easily screwed on to a pole of
any length. Price.....75c
Extra blades.....8c
Extra springs.....9c

The Waters' Tree Pruner.
The Waters' Tree Pruner, with latest
improvements, is considered by fruit
growers and gardeners the best on the
market. Although the cutting blade is
very thin, it being supported on both
sides by the hook makes it strong and
durable. It will cut off the largest
bough the hook will admit and also
clip the smallest twig. No ladders are
required, as pruning can be done while
standing on the ground.

No. 24E9375 Hedge Knives, made of the
best English steel. Has strong ferrule,
with rivet through ferrule and shank. Length of
blade, 18 inches; finely finished. Price.....49c

Kenwood Wheelbarrow Grass Seeders. \$5.03

Wheelbarrow grass seeders are the most ac-
curate and economical machines for sowing small
seeds broadcast. They will run easily and sow
evenly even in windy weather. The wheel gov-
erns the feed, and the index plate and speed of
the operator govern the quantity sown per acre.
We guarantee our wheelbarrow seeders to be
the best on the market. They have iron wheel
and force feed which can be accurately adjusted
and which operates very easily. Can be in-
stantly thrown out of gear by lifting a rod from
the index plate. This seeder does not injure
or bunch the seed but distributes it evenly the
full length of the hopper. Length of hopper
is 14 feet. The single hopper, end view of
which is shown at the left, is suitable for all
smooth grass seeds, such as clover, timothy,
alfalfa, millet, flax, etc., but for sowing light
or chaffy seeds such as red top, orchard grass,
blue grass, etc., you will require the double
hopper seeder, end view of this hopper being
shown at the right. Shipped knocked down from
Chicago.

No. 32E867 Single Hopper Seeder. Wt.,
50 lbs. Price.....\$5.03
No. 32E868 Double Hopper Seeder.
Wt., 55 lbs. Price.....\$5.98

Non-Choke Sight Feed Broad-
cast Seeder.

Will sow
all kinds of
smooth grass
and vegeta-
ble seeds and
small grain
perfectly, and
faster as well as easier than a seeder with fan
distributor. Can be used on horse back as well
as on foot. Small seeds pass through a screen
which separates the trash before the seed
reaches the distributor tube. Feed can be
gauged accurately and is always in sight.
Seeder is operated by swiveling the distributor
tube back and forth with outer end level with
hand. The same as sowing by hand, only giving
perfect distribution of the seed. Shipped
from Chicago.

No. 32E880 Sight Feed Seeder. Wt.,
1 lb. Price.....68c

Fulton Geared Broadcast
Seeder.

The highest
grade, best
and most de-
sirable geared
hand seeder
made, regard-
less of price,
name or rep-
utation. Will
sow all variety
of farm seeds
or dry fertil-
izer. Sack is
heavy duty
holds one-half bushel, and has strong, adjust-
able shoulder strap. Bottom is hopped
toward the feed opening and formed so that
the weight rests against the side instead of the
front of the operator's body. Crank is on the
right hand side, above the distributor. Feed
gauge can be adjusted closely for any kind of
seed and closed or opened without disturbing
the adjustment. Has a force feed which in-
sures even distribution of seed. Distributor
has an 11-inch disc with four double flanges
which have no joints, and distributes perfectly.
Will sow from 12 to 25 feet wide, depending
upon kind and weight of seed. Shipped
from Chicago.

No. 32E884 Fulton Geared Seeder. Wt.,
3 1/2 lbs. Price.....\$1.15

**Fulton Fiddle Bow Broadcast
Seeder.**
This seeder
is made ex-
actly like our
Fulton geared
seeder except
that the dis-
tributor is op-
erated by a fiddle
bow and leather
cord instead of
by crank and
will do exactly
the same work
and operates
in exactly the
same manner. Many have a preference for
the fiddle bow seeder and a better seed than
the Fulton cannot be obtained at any price.
Shipped from Chicago.

No. 32E885 Fulton Fiddle Bow Seeder.
Wt., 3 1/2 lbs. Price.....95c

**Fulton Jr. Geared Broadcast
Seeder.**
This is the very
best cheap geared
broadcast seeder
made. It is much
better than the av-
erage seeder which
you would buy at
a much higher
price. Sack is made
of heavy cotton
duck, holds about
one-half bushel, and
is provided with adjustable neck strap. Bot-
tom board is flat but the body rest gives a
slight incline forward so that seeder feeds per-
fectly. The crank is above the distributor
and both crank and steady handle can be
changed so that seeder can be used either right
or left hand. Feed gauge can be adjusted per-
fectly for any kind of seed and closed or opened
without disturbing adjustment. The force
feed insures a uniform flow and distribution of
the seed. Distributor is exactly the same as
on our high priced seeders and the machine
will do as much and as good work as any seeder
made. Shipped from Chicago.

No. 32E882 Fulton Jr. Geared Seeder.
Wt., 2 1/2 lbs. Price.....69c

New Universal Drill Seeder.

\$6.25

A perfect one-wheel drill seeder, suitable for
all ordinary seeding. Simple in construction
and positive in action. Has a large hopper,
an agitator force feed, a steel furrow opener,
drags to throw the soil over the seed, a concave
rear wheel to press and compact the soil which
covers the seed, improved markers on each
side, and a patent indicator bearing the names
of the different kinds of seed conveniently
located at the side of the seed hopper. Will
drill any kind of small seed in any desired
quantity at any uniform depth and covers per-
fectly. Shipped knocked down from Chicago.

No. 32E900 Drill Seeder. Wt., 56 lbs.
Price.....\$6.25

OUR QUALITY STANDARD
—AND GUARANTEE—

We have observed that many houses in
their attempts to meet our prices are
doing it at the expense of quality, while
we have an iron clad rule in every depart-
ment in our house that quality can never
be sacrificed in any degree in order to
make a low price. We guarantee to you at
higher quality a much lower price than
you can buy elsewhere. Quality for quality
we challenge any maker or seller in the
land to meet our prices. We will gladly
accept any order from any customer, the
goods to be shipped with the understand-
ing and agreement that if we do not fur-
nish much higher quality at the same
price, if not higher quality at a lower price,
than you can buy elsewhere, you can re-
turn the goods at our expense, and we
will immediately return your money.

New Universal Hill and Drill
Seeder.

\$7.00

This is a high class combination hill and drill
seeder. It will drop in hills either 4, 6, 8, 12,
16, 24 or 48 inches apart or will sow continu-
ously in drills. For hill dropping, the distance
apart is varied by the number of pins placed
in the driving wheel against which the agitator
strikes, the agitator opening and closing the
holes in the bottom of the seed box. This ma-
chine has a large hopper, an agitator force feed,
a steel furrow opener, drags to throw the soil
over the seed, a concave rear wheel to press and
compact the soil which covers the seed, im-
proved markers on each side of the machine and
a patent indicator bearing the names of the
different kinds of seeds conveniently located
at the side of the seed hopper. It will drop
in hills or drills any kind of small seed in any
desired quantity at any uniform depth and
covers perfectly. Shipped knocked down from
Chicago.

No. 32E901 Hill and Drill Seeder. Wt.,
57 lbs. Price.....\$7.00

New Universal Market Gard-
ener's Seeder.

\$9.50

A special market gardener's seeder with seed
box holding four quarts. Will plant either in
drills or in hills. Designed to plant large
quantities of small seeds in the shortest pos-
sible space of time. A brush in the seed box
agitates the seed, but the instant machine is
stopped, the brush closes the seed hole. Ma-
chine is also supplied with a manual cut off.
The dial has seed holes ranging in size from
1-16 inch to 1/2 inch and the most exact results
can be obtained with onion, spinach, beet, and
other similar seeds; in fact, the machine will
drill or hill perfectly, from the smallest seed to
large corn. This machine has a steel furrow
opener, drags to throw the soil over the seed,
a concave rear wheel to press and compact the
soil which covers the seed, improved markers
on each side of the machine and a patent in-
dicator bearing the names of the different
kinds of seeds conveniently located at the
side of the hopper. It will drop in hills or
drills any kind of small seed in any desired
quantity at any uniform depth and covers per-
fectly. Shipped knocked down from Chicago.

No. 32E902 Gardener's Hill and Drill
Seeder. Wt., 75 lbs. Price.....\$9.50

New Universal Constellation
Drill Seeder, Cultivator,
Plow, Hoe and Rake.

\$8.00

bination garden tool outfit on the market and
the best tool made for home gardening. This
combination furnishes every tool which you
would be likely to need in the planting and
cultivation of your garden. Can be used
either as a one or two-wheel tool. Outfit con-
sists of the drill complete, one cultivator frame,
one pair of hoes, one pair of small plows, one
pair of rakes, one pair of narrow cultivator
teeth, one pair of wide cultivator teeth, one
center cultivator tooth and one pair of im-
proved markers. The drill has a large hopper,
an agitator force feed, a steel furrow opener,
drags to cover the seed, a concave rear wheel
to press and compact the soil which covers the
seed, and a patent indicator bearing the names
of the different kinds of seed conveniently
located at the side of the hopper. Will drill
any kind of small seed in any desired quantity
at any uniform depth and covers perfectly.
Shipped knocked down from Chicago.

No. 32E903 Constellation Drill Outfit.
Wt., 73 lbs. Price.....\$8.00

New Universal Hand Wheel
Plow.

\$1.65

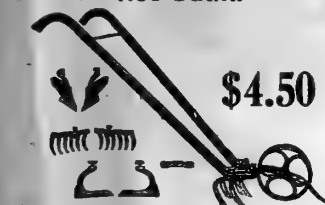

This is a first class hand wheel moldboard
plow which can be used to prepare the ground,
to furrow out, to cover and to cultivate or for
loosening up runs or yards for poultry. It is
light hand, adjustable in depth and is pro-
vided with a landside. Has steel moldboard,
which is ground, tempered and polished.
Shipped knocked down from Chicago.

No. 32E909 Hand Wheel Plow. Wt.,
20 lbs. Price.....\$1.65

New Universal Double Wheel Hoe, Cultivator, Plow and Rake.**\$5.00**

This machine is suitable for straddle-row cultivation. Does the work on both sides of the row at once. It has an adjustable arch with nine adjustments to gauge the depth of the work. The cultivator teeth can be pitched to any desired angle. The outfit consists of the frame complete with one pair of vine guards, one pair of hoes, one pair of small plows, one pair of rakes, one pair of narrow cultivator teeth and one pair of wide cultivator teeth. The best double wheel hoe outfit on the market. Shipped knocked down from Chicago.

No. 32E911 Double Wheel Hoe Outfit. Wt., 42 lbs. Price.....\$5.00

New Universal Single Wheel Hoe Outfit.**\$4.50**

This tool can be used on either side of the row or by setting the wheel to one side it can be used for straddle row cultivation. It is one of the most desirable garden tools made and will do perfect work under all conditions. The outfit consists of the frame complete, one vine guard, one pair of hoes, one pair of small plows, one pair of rakes, one pair of narrow cultivator teeth, one pair of wide cultivator teeth and one center cultivator tooth. The large plow, No. 32E920, is not a part of the outfit but is a very desirable addition to it. Shipped knocked down from Chicago.

No. 32E915 Single Wheel Hoe Outfit. Wt., 35 lbs. Price.....\$4.50
No. 32E920 Large Plow Attachment. Wt., 3 lbs. Price.....63c

Easy Cultivator, Plow, Hoe and Rake.**\$1.72**

A first class, well made and durable gardeners' tool. Light, strong and easy to operate. Just right for small gardeners. Wheel is 18 inches high. The outfit consists of the frame complete with one moldboard plow, one double end cultivator tooth, one cultivator sweep and one rake. Others ask double our price for this same style of tool. Shipped knocked down from Chicago.

No. 32E922 Easy Cultivator. Wt., 22 lbs. Price.....\$1.72

Acme Reversible Cultivator, Plow, Hoe and Rake.**\$2.16**

This is one of the most desirable hand cultivators on the market. It is made with attachments on both sides of the frame so that any of its various kinds of work can be done by turning the handles over the wheel. The turning blade is attached to one side of the frame. The other side carries three reversible cultivator teeth and the center tooth is movable so that it can be raised out of the way if you desire to use only two teeth. The hoe and the rake attach to the cultivator tooth side of the frame. You can use the center cultivator tooth alone, the two side teeth alone or all three teeth together, thus adapting the cultivator for all classes of work. Shipped knocked down from Chicago.

No. 32E926 Acme Cultivator. Wt., 25 lbs. Price.....\$2.16

Fulton Onion and Beet Hoe, Plow, Cultivator and Rake.**\$1.92**

This is a first class tool for the cultivation of onions, beets and other similar plants. The outfit consists of the frame complete with one hoe, one large moldboard plow, one single end cultivator tooth and one rake. All of these tools are adjustable for depth. The plow is provided with a landside and can be used to furrow out, to cover and to cultivate and for loosening up runs or yards for poultry. Wheel is 12 inches in diameter. Practical gardeners will appreciate the full value of this tool. Shipped knocked down from Chicago.

No. 32E927 Onion Plow. Wt., 25 lbs. Price.....\$1.92

Fulton Two-Wheel Cultivator, Plow, Hoe and Rake.**\$2.52**

One of the best and most desirable wheel garden tools made. The rear wheel is 10 inches in diameter and runs level with the bottom of the plow. The front wheel is 16 inches in diameter and is adjustable so that you can gauge the depth of plowing or cultivation. The outfit consists of the frame complete with one moldboard plow having a landside, one double end cultivator tooth, one hoe and one rake. This tool operates very easily and runs steadily. Shipped knocked down from Chicago.

No. 32E928 Two-Wheel Cultivator. Wt., 39 lbs. Price.....\$2.52

Push Bar Cultivator, Hoe and Plow.**\$2.07**

This cultivator is the easiest to operate of any of the numerous garden cultivators on the market. The operator pushes the weight of his body against the push bar which furnishes sufficient power to propel the cultivator thus leaving the hands free to shift the cultivator in any direction. The frame is flexible, the wheel bars being hinged at the axle of the wheel and where they join the cultivator frame. This allows the cultivator to be shifted to right or left without affecting the course of the wheel and without side draft. The wheel is 18 inches in diameter. The tools furnished are five cultivator teeth, one right hand moldboard plow and one right hand hoe. Shipped knocked down from Chicago.

No. 32E929 Push Bar Cultivator. Wt., 23 lbs. Price.....\$2.07

Bicycle Garden Plow, Cultivator Hoe and Rake.**\$3.08**

This tool possesses many excellent features not found in any other tool of its kind. It will push easier than a single wheel plow, because the operator does not strain his arms to keep the tools from entering the ground too deep, the wheel in front governing the depth. Can be adjusted to enter the ground from 1/2 to 5 inches. Both front and rear wheels are adjustable for depth and handles for height. Wheels are 18 inches high. Can be used as a single wheel plow by removing the rear wheel. Is fitted with one moldboard plow, one double end cultivator tooth, one hoe and one rake. Shipped knocked down from Chicago.

No. 32E931 Bicycle Garden Plow. Wt., 25 lbs. Price.....\$3.08

CUSTOMERS' PROFIT SHARING

ANY CUSTOMER OF OURS, ANYONE BUYING GOODS FROM US, IS ENTITLED TO SHARE IN THE PROFITS OF THIS BUSINESS BY SELECTING AND RECEIVING, FREE OF ANY EXTRA COST, ANY ONE OR AS MANY OF THE VALUABLE ARTICLES SHOWN ON THE FOLLOWING PAGES AS HE OR SHE MAY DESIRE. FOR COMPLETE LIST OF ARTICLES GIVEN FREE, SEE LAST SIXTEEN PAGES OF OUR BIG 1200-PAGE CATALOGUE OR SEND FOR FREE COPY OF OUR PROFIT SHARING BOOKLET.

WHENEVER YOU PURCHASE GOODS from us amounting to \$1.00 or more, we will send you a profit sharing certificate showing the amount of your purchase in dollars and cents. These certificates should be carefully preserved by you, and when you have received certificates amounting in dollars and cents, enough to entitle you to any one or more of the articles wanted, as shown in the following pages, or in the profit sharing section of our big catalogue, send the certificates to us, state which article or articles are wanted, and if the certificates you send us amount to enough in dollars and cents to entitle you to the article or articles wanted, these articles will be sent to you free of any cost, carefully packed and delivered free on board the cars at Chicago or factory, and you will have only the freight or express charges to pay. Not one penny will you have to pay for the article or articles you select from the profit sharing list.

IF YOU ARE IN NEED OF A PIANO, organ, sewing machine, bed, room suite or other valuable articles shown in our profit sharing list, and would like to receive the article at an early date, we would suggest as a means for you receiving the article wanted in the near future that, first, before buying any kind of goods from your dealer at home or elsewhere, anything that you may need in dry goods, groceries, boots, shoes, hardware, vehicles, furniture, wearing apparel or other goods, that you first refer to our big catalogue and see how much money we can save you on these goods by sending to us. From time to time, as you are in need of goods, send to us for everything you want, remembering with each purchase you get a profit sharing certificate for the full amount of your purchase; then if you feel it would take too long a time in the purchase of only the goods you want for your own use to accumulate profit sharing certificates sufficient to entitle you to the article or articles you want, get your friends or neighbors to join with you in sending for the goods they want also. If you have friends or neighbors who are in need of wearing apparel, hardware, vehicles, furniture, groceries or other goods, if you will call their attention to our prices for the goods they want, surely you have neighbors who will be glad to take advantage of our low prices and make a big saving in cost on the goods they want, glad to let you order the goods they need for them. If you can get two or three of your neighbors to order together it will reduce the freight or express charges each one will have to pay, and will mean a big saving in cost to them. Of course, the orders will have to be sent in

your name. You needn't hesitate to say to your neighbors that your object in getting them to let you send for their goods is in order that you may share in our profits by getting the article or articles you want. They will be glad to assist you by letting you send for their goods, since in the sending they save money, and you in this way increase the number and amount of the profit sharing certificates that will be issued to you, and can more quickly participate in our profit sharing, and will be enabled to select larger and more valuable articles from our profit sharing list.

IF YOU BUY SEEDS from this Special Seed Catalogue, you will immediately receive a profit sharing certificate for the full face value of the amount of your purchase. In many instances this will be sufficient to entitle you to one of the beautiful and valuable articles which we give free in exchange for profit sharing certificates amounting to \$50.00 or more, and in many instances the profit sharing certificates you will receive in exchange for the money you send us in payment for farm and garden seeds and nursery stock will be sufficient to get absolutely free two or more of the articles shown in our profit sharing department. If when you receive your profit sharing certificates you have decided that you want one of the most valuable articles that we offer you free in exchange for profit sharing certificates and you find that the certificate that you receive is not large enough to secure the coveted article which we give free, it will be very easy for you to get sufficient additional certificates to make up the required amount if you will turn to the pages of our big catalogue, where you will find that you can buy from us everything you need to eat, to wear and to use at the lowest prices quoted by any firm or individual. We have been saving money for over four million customers and in addition to this we now share liberally with you the profits of this great business.

UNDERSTAND, you or your neighbors take no risk by sending to us, for, if the goods we ship are not satisfactory to you or to your neighbors, they can be returned to us at our expense, and we will immediately return the money sent us, together with any freight or express charges paid. The only condition we make is, that in returning the goods, you return the profit sharing certificate that was issued for the particular goods you return to us.

Our liberal plan of sharing profits with our customers does not add one penny to the price at which we sell our goods; on the contrary, it makes for lower prices.

No. IPS760 Given Free for \$50.00 in Certificates.

of certificates required for you to get one of the sets of six dining room chairs shown in the next two descriptions, that wholly in your interest we advise you to exchange your profit sharing certificates for the set of chairs at \$64.00 or \$76.00 in profit sharing certificates. To get the very best value out of your certificates, don't send them in too quickly if you want a set of dining room chairs.

For only \$64.00 in Profit Sharing Certificates you can get this set of six beautiful Cobbler Seat Dining Room Chairs free of further cost. This set includes six selected hardwood cobbler seat dining room chairs, a new and up to date style, very handsome, a chair that would bring a fancy price in any furniture store, but you can get the six chairs entirely free, simply by sending your certificates to us when they amount to \$64.00. This set of six chairs will prove highly satisfactory to you, you will wonder how we can share our profits so liberally, and yet if you want to hold your profit sharing certificates until they amount to \$12.00 more, you can share even more liberally in our profit, because you can get a magnificent set of chairs for \$76.00 in profit sharing certificates, you can get a set of six chairs, No. IPS790, the most elaborate and most valuable set of dining room chairs we offer, the highest grade profit sharing chairs in our department and representing a most liberal share of our profit. Therefore, we feel free to say to you that if you are saving your profit sharing certificates with the idea of getting a set of dining room chairs, by all means hold your certificates until you have \$76.00 worth, when you can then get the next set of six chairs, No. IPS790, with the embossed cobbler seat.

No. IPS770 Given Free for \$64.00 in Certificates.

SIX BEAUTIFUL CHAIRS FREE for \$76.00 in CERTIFICATES.—Note the Cobbler Seat, as Illustrated.

No. IPS790 Given Free for \$76.00 in Certificates.

This is our great leader in Profit Sharing Dining Room Chairs, a full set of six solid oak chairs with beautifully embossed cobbler seats, nicely carved top panel and turned legs; a chair most carefully and substantially built; one of the latest 1906 patterns, with its flat spindle back, and the set of six chairs is given free to you in exchange for profit sharing certificates amounting to \$76.00. Note the small illustration which gives you an idea of the heavy, handsome, embossed cobbler seat with which each chair is fitted. When you get this set of dining room chairs free for \$76.00 in profit sharing certificates, you will be surprised and delighted, you will know for a certainty that no other concern permits its customers to share so liberally in their profits, and you will know immediately that you have the greatest value in dining room chairs that your profit sharing certificates could get.

FOR \$50.00 IN PROFIT SHARING CERTIFICATES

we give you free this Extra Large, Massive, Beautifully Carved Morris Chair, exactly as illustrated, with

No. IPS650 Given for \$50.00 in Certificates.

its large, extra heavy, full carved, full finished hardwood frame with heavy claw feet, with the full carved, extra heavy lion head hardwood hand-les, with its full overstuffed cushion back and bottom, with the very latest adjustable features, a wonderful improvement in Morris chair construction. Save your profit sharing certificates until they amount to \$50.00. Remember, every time you send us an order we send you a profit sharing certificate for the full amount of your purchase, and when the total profit sharing certificates have amounted to \$50.00, you are then at liberty to send the profit sharing certificates to us, tell us to send you this chair, and it will go to you by return freight, carefully packed and delivered on board the cars free of any cost to you, go to you as your liberal share of the profit in our business, the share due you by reason of your one or several orders having amounted to \$50.00.

Our Wonderful Morris Chair Values.

Unfortunately, want of space prevents us from showing these three wonderful chairs in large illustrations. The most astonishing profit sharing value we have to offer in Morris chairs is in the two following chairs, the one which we exchange for profit sharing certificates amounting to \$58.00, the other which we furnish in exchange for profit sharing certificates amounting to \$68.00. We are sure if you could see these three large, massive, overstuffed, hardwood framed Morris chairs side by side you would accumulate \$58.00 or \$68.00 in profit sharing certificates and exchange them for either of our two richest chairs shown in the two following illustrations.

To get the greatest possible Morris chair value for your certificates, to get the most liberal division of profit possible in a Morris chair, by all means save your profit sharing certificates until they amount to \$68.00, and get the beautiful, extra large, extra heavy, extra well made special Morris chair shown in the illustration No. 1PS670, which we furnish for \$68.00. **THE CHAIR SHOWN** in the illustration which we give for \$50.00 in profit sharing certificates is a handsome, extra large, well made chair, and in the next two Morris chairs we have gone still further in the beautiful finish, in the workmanship, in the leatheroid upholstery, in the bringing out of exceptional value. There-

fore, for the slight difference, in selecting a Morris chair for your certificates try to get your profit sharing certificates up to \$68.00 and get the most wonderful value possible for us to offer, our No. 1PS670 Morris chair shown in the following illustration, and furnished in exchange for profit sharing certificates amounting to only \$68.00.

No. 1PS660 Given for \$58.00 in Certificates.

change for your profit sharing certificates, just as soon as you have accumulated them to the extent of \$58.00. In an illustration, we can do justice only to the outlines of the chair. The beautiful finish, the rich wood used in the construction of the frame, the comfortable seat, richly leatheroid upholstered back, you can only appreciate when you see the chair; but again we wish to draw your attention to our still larger, still more massive, still more richly carved, leatheroid upholstered Morris chair, shown in the following illustration under No. 1PS670 for \$68.00 in profit sharing certificates.

IF YOU WANT THE BEST MORRIS CHAIR

possible for us to send you free in exchange for profit sharing certificates, then by all means send us orders from time to time until your orders in all amount to \$68.00, then send your \$68.00 in profit sharing certificates to us, ask for that beautifully finished, extra well made, extra large special Morris chair, our No. 1PS670, as shown in the following illustration, the chair we furnish free in exchange for profit sharing certificates amounting to \$68.00.

THESE ARE JUST A FEW OF THE MANY PROFIT SHARING ARTICLES WHICH WE GIVE YOU FREE. If you have a copy of our Big Catalogue, turn to the last 16 pages and see the complete list of useful and valuable articles which we give you as your share of the profits of this business.

This illustration, the reproduction of a photograph of a richly carved, massive, well constructed, beautifully upholstered leatheroid Morris chair, with its

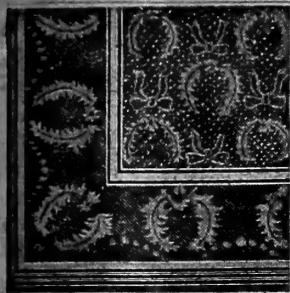

No. 1PS670 Given for \$68.00 in Certificates.

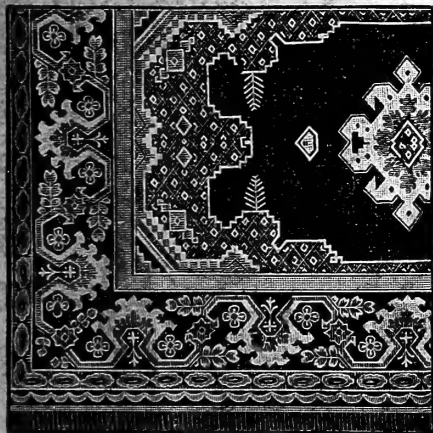

broad solid oak arm rests terminating into lions' heads, supported by five beautifully turned spindles with richly carved front, is the chair we advise you to save your certificates for. Wait till you have \$68.00 in profit sharing certificates, then send them in and exchange them free of further cost for this wonderful Morris chair, the very best Morris chair we furnish. It is the very best Morris chair we could find for our Profit Sharing Department. While the other two chairs shown in the previous illustrations and described in the former descriptions are good chairs, are rich chairs, are chairs better than generally furnished by the furniture dealers throughout the country, we have tried our utmost to put into this, our highest grade profit sharing Morris chair, only the very best material possible, the most careful workmanship, finished it elaborately, have carved the framework very artistically, given it the richest leatheroid upholstery and have succeeded wonderfully well. Please note how rich the carefully selected leatheroid upholstery shows up. Note the wonderful width and depth of the chair, suggesting good solid comfort, observe the wonderful massive framework with its artistic carvings, such an astonishing liberal share of our profits, such a value in every way, that you must have it. Keep your certificates until you have \$68.00 worth, then send them in, say you want this chair No. 1PS670 and it will go to you free, carefully crated, yours free with our compliments, your big share of our profits, the biggest share you can possibly get in Morris chairs. Hold your certificates—wait for this chair. It is such a beauty.

YOU WILL BE SURPRISED

at the wonderful value contained in each one of the profit sharing articles shown on these pages. You will marvel that we can afford to share our profits with you so liberally in addition to our remarkable lowness of price on every sort of merchandise.

Here is a very beautiful Orleans Floor Rug or Art Square, 9x12 feet in size, in a remarkably handsome design and woven in a combination of beautiful colors. It is a heavy, reversible rug, woven in one piece with a beautiful center design and border to match, and a deep fringe at both ends, which adds materially to the looks of the rug. This rug is yours free for profit sharing certificates amounting to \$50.00. Be sure that you look through our full line of profit sharing rugs before making your decision as to which one you desire in exchange for your profit sharing certificates. With a complete line of beautiful art squares shown in so many handsome patterns, and such fine quality you may experience some difficulty in making your choice, but if you will allow us to guide you, if you will allow us to suggest that in making your selection you consider our No. 37PS290 for \$78.00 in certificates, or better yet, our No. 37PS320 for \$99.00 in certificates, you may positively get the largest share of our profits as offered in high grade profit sharing rugs.

No. 37PS270

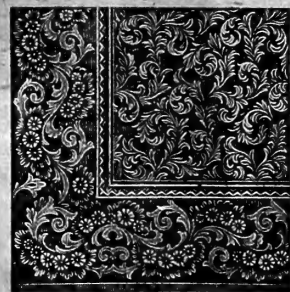

Given for \$63.00 in Certificates.

This is our very best Profit Sharing Teheran Art Square or Floor Rug. Under our liberal plan of dividing our profits with our customers it goes to you absolutely free in exchange for profit sharing certificates as soon as you have accumulated the requisite amount to entitle you to one of these handsome profit sharing art squares. This illustration is one of the many handsome patterns in which we furnish these rugs, the design is the handsomest of any of the rugs we show, the material, a specially prepared yarn, is the heaviest, the colors are blended into the very choicest combinations giving the most artistic effect ever accomplished in carpet weaving. If you want the best profit sharing rug, the best profit sharing art square we show, even although we ask for it a few more dollars in profit sharing certificates, if you want our advice in this matter do not select any rug but this our highest grade profit sharing art square.

No. 37PS270. Size, 9x9 feet, given free for \$63.00 in profit sharing certificates.

No. 37PS280. Size, 9x10½ feet, given free for \$72.00 in profit sharing certificates.

No. 37PS290. Size, 9x12 feet, given free for \$78.00 in profit sharing certificates.

No. 37PS300

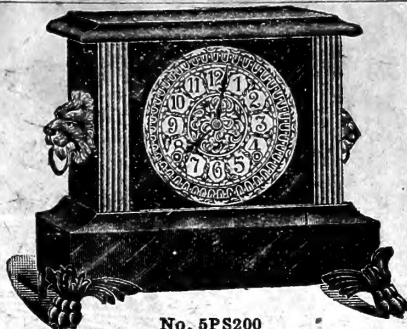

Given for \$85.00 in Certificates.

We furnish free in three different sizes, in exchange for profit sharing certificates ranging from \$85.00 to \$99.00, according to size, these extra high grade, strictly all wool imperial reversible art squares in the most beautiful patterns imaginable. The illustration, showing you only one small corner of one of the patterns in which this strictly all wool reversible art square is furnished, will give you some idea of the artistic design, but it does not show you the pleasing color effect of this handsome art square. It is woven in one piece with a beautiful center in a variety of shades, red, green, tan or blue, has a handsome border to match and is finished with fringe on two ends. This rug is absolutely indestructible. We will send it to you in sizes as shown below, for profit sharing certificates as soon as you have accumulated sufficient to entitle you to this extra high grade strictly all wool imperial art square.

No. 37PS300. Size, 7½x9 feet, given free for \$85.00 in profit sharing certificates.

No. 37PS310. Size, 9x9 feet, given free for \$90.00 in profit sharing certificates.

No. 37PS320. Size, 9x10½ feet, given free for \$99.00 in profit sharing certificates.

No. 5PS200

Given for \$50.00 in Certificates.

This very beautiful black enameled highly finished Mantel Clock, beautifully ornamented with claw feet and lion's heads, with a handsome dial and a high grade American clock movement, exactly as illustrated, will be yours absolutely free in exchange for profit sharing certificates amounting to \$50.00. A beautiful clock is always a very desirable ornament for mantel, sideboard, side shelf, etc. If you have concluded that a clock is the profit sharing item you desire in exchange for your profit sharing certificates, let us present to you for your consideration not only this clock which we give you in exchange for \$50.00 in profit sharing certificates, but also the two much more beautiful clocks shown in the next two illustrations. Clock No. 5PS210 which we will furnish in exchange for profit sharing certificates amounting to \$62.00, and clock No. 5PS220 which goes to you free in exchange for profit sharing certificates amounting to \$74.00. You can judge from the illustrations how much more beautiful either one of these two clocks is than the clock we offer you at \$50.00 in profit sharing certificates, and the additional value in material, finish, ornamentation, etc., is worth more than the slight difference in profit sharing certificates necessary for you to get either one of the two highest grade profit sharing clocks offered. Better hold your certificates, if you want a clock, until you can get the finest and hand-somest clock, our No. 5PS220 clock, which you will get free for only \$74.00 in profit sharing certificates.

No. 5PS210

Given for \$62.00 in Certificates.

We have endeavored to procure for you in exchange for profit sharing certificates amounting to \$62.00 a clock which so far surpasses the clock shown in the foregoing illustration at \$50.00 in profit sharing certificates that it is all in a class by itself. Please note the handsomely carved feet, beautiful side ornaments, the very handsome columns, the fancy dial, the beautiful proportionate design of this clock which, combined with the extra high grade American movement, make it one of the best clocks we could offer you in exchange for profit sharing certificates. For the highest grade profit sharing clock, for the biggest value in exchange for your profit sharing certificates, we want to direct your attention once more to the clock we illustrate under No. 5PS220 for which we ask \$74.00 in profit sharing certificates.

THIS MAGNIFICENT CLOCK FREE FOR \$74.00 IN PROFIT SHARING CERTIFICATES.

No. 5PS220

Given for \$74.00 in Certificates.

In this, our highest grade, most beautifully designed, beautifully ornamented Mantel Clock, we are giving such profit sharing clock value that either of the other clocks illustrated is far in the background. Even though it will take you somewhat longer to procure this very handsome mantel clock, let us advise you and urge you by all means to patronize us sufficiently to get \$74.00 in profit sharing certificates, then, if you desire a mantel clock as your share in the profits of our business, send us the profit sharing certificates as soon as they aggregate \$74.00 and this very best of all profit sharing mantel clocks will be sent to you immediately. Is it not a beauty?

No. 2PS240
Given for \$50.00 in Certificates.

This beautifully decorated extra large size Banquet Lamp given free in exchange for profit sharing certificates amounting to \$50.00. We cannot possibly give you a better lamp in exchange for your profit sharing certificates amounting to \$50.00. This lamp, fully covered by our binding guarantee to be satisfactory, is so handsome, so beautifully decorated, of such a pleasing design, as shown in the illustration, that there is no need of going into a very detailed description; but if you want a larger lamp with more elaborate decoration, a little more elaborately designed, look at the illustration of the lamp under No. 2PS250, and if you want the very largest, the most beautifully decorated, most elaborately designed profit sharing banquet lamp in exchange for your profit sharing certificates, see our illustration of our largest, most handsomely decorated profit sharing lamp under No. 2PS260. We feel sure you will have no difficulty in making a choice, even although we ask \$68.00 in profit sharing certificates, for our largest, most beautifully decorated banquet lamp under No. 2PS260, or even although we ask \$59.00 for our second largest profit sharing lamp, as against \$50.00 for this, our No. 2PS240 profit sharing lamp. The difference in profit sharing certificates we ask in advance over \$50.00 for the No. 2PS250 profit sharing banquet lamp at \$59.00, and the No. 2PS260 profit sharing lamp at \$68.00 is more than made up in appearance, size, design and decoration of the two higher grade profit sharing lamps.

This extra large size very beautiful decorated Profit Sharing Banquet Lamp we send to you absolutely free in exchange for profit sharing certificates as soon as they amount to \$59.00. It is a lamp which will give you the utmost satisfaction and will please you much better than the No. 2PS240 lamp would. If you like a lamp larger, more handsomely decorated, even although it would take you a little longer to get this our \$59.00 in profit sharing certificates banquet lamp, we urge you to take as your profit sharing banquet lamp our lamp shown under No. 2PS260 at \$68.00 in profit sharing certificates.

No. 2PS250
Given for \$59.00 in Certificates.No. 2PS260
Given for \$68.00 in Certificates.

This up to date, very handsome solid oak, hand rubbed and finished Parlor Table given free for \$62.00 in profit sharing certificates. We furnish it exactly as illustrated, with fancy top, beautifully turned legs and handsome solid brass claw feet with glass balls. All you need to do is to hold your profit sharing certificates until you have an amount aggregating \$62.00, then send them to us, ask for No. 1PS1050 and you get this magnificent parlor table free of further cost. Note its size, shape, graceful outline, strong beautifully turned legs, everything combining to make it the best value in our line of profit sharing parlor tables. We were fortunate in making an advantageous contract with the factory for this number, and are able to offer it for only \$62.00 in profit sharing certificates.

No. 1PS1050
Given for \$62.00 in Certificates.

OUR SEVEN-DRAWER, DROP HEAD 70 BALL BEARING MINNESOTA Model "A"

\$15.70 BUYS OUR SEVEN-DRAWER, DROP HEAD, BALL BEARING MINNESOTA MODEL "A"

\$15.20 FOR THE FIVE-DRAWER, DROP HEAD, BALL BEARING MINNESOTA MODEL "A"

GREATLY IMPROVED WITH MANY NEW FEATURES FOR 1906: A BETTER SEWING MACHINE THAN WE HAVE EVER BEFORE BEEN ABLE TO OFFER IN THIS MATCHLESS MODEL.

LET US SEND YOU

understanding and agreement that if you find any sewing machine in your neighborhood or at any dealer's to compare with it, you can return it to us at our expense, and we will promptly return your money, including what you paid for freight charges. If we can just place one of these Model "A" sewing machines in your home for a trial, we know it will be worth the money. Send us your order, enclosing a check for \$1.00, and we will send you a sewing machine to your home and take advantage of every opportunity to get your business. Give it every test, try it on all kinds of work from the finest to the coarsest, and let your neighbors and get any sewing machine expert to pass judgment on it. Do this during the trial, and you will have plenty of time to form an opinion, and, if during the three months you are not satisfied, simply return the machine to us and we will promptly refund all your money including freight charges. If we can get you to give the Minnesota Model "A" a trial, you would not buy any other sewing machine, regardless of its name, make or price. It is really impossible for us to explain to you the high quality of this machine, to tell you of the many improvements, to explain all the little points that go to make this machine superior. It is impossible by means of an illustration or picture to show up the value or the quality of this high class machine, and even descriptions read very much alike, but if we can get you to actually see and compare this machine with others, giving a trial, you will more be sure.

THE MECHANISM OF THE MINNESOTA MODEL "A" IS THE HIGHEST GRADE POSSIBLE, AS FULLY DESCRIBED ON PAGE 795. THE MODEL "A" HAS AN extra high arm, the head is beautifully enameled and decorated. It is the only head manufactured with the ball bearing shuttle lever. It has the improved ball bearing stand and the double ball bearing steel pitman. Be sure to read the description of the mechanical construction of the Model "A" Sewing Machine Head on pages 795 and 796, and particularly the description of the various styles of work that can be done with this machine.

WE GUARANTEE THE MINNESOTA MODEL "A" THE LIGHTEST RUNNING, nearest noiseless, most easily operated, most durable, handsomest and best finished sewing machine that has ever been made of beautiful solid quarter sawed oak, beautifully finished and polished. The same as the finest piece of furniture. The illustration will give you only a faint idea of the beauty of the machine and it must be seen to be appreciated. The design of the woodwork is a special design of our own, a very graceful effect, one of the handsomest cabinets ever offered. The stand is made from the very best Birmingham light gray iron, perfectly finished, every piece and part true, smooth and of unusual strength. The stand is beautifully decorated with large, unobtrusive, protecting the balance wheel and belt from any possible contact with the dress, at the same time substantially bracing the side frame. The treadle is of the open work style, full ends, accurately trued, putting the entire machine under easy control of the operator. The oil guard immediately under the treadle extends from side frame to side frame and prevents the oil from dropping on the floor or carpet. The stand is complete with the highest grade casters of large size, making it easy to move the machine around from place to place.

OUR MODEL "A" SEWING MACHINE IS EQUIPPED WITH ball bearing hanger; ball bearing stand; ball bearing head, ball bearing foot, ball bearing shuttle, ball bearing pitman, making everything run as easily as the wheel of a fine bicycle, thereby greatly reducing the power necessary to operate the machine. In our Minnesota Model "A" machine we have produced a machine that is so easy running that it is positively a pleasure to run it. All cups, cones and balls used in this machine are turned from solid steel, ground and case hardened in oil, making them practically indestructible, and will last a lifetime.

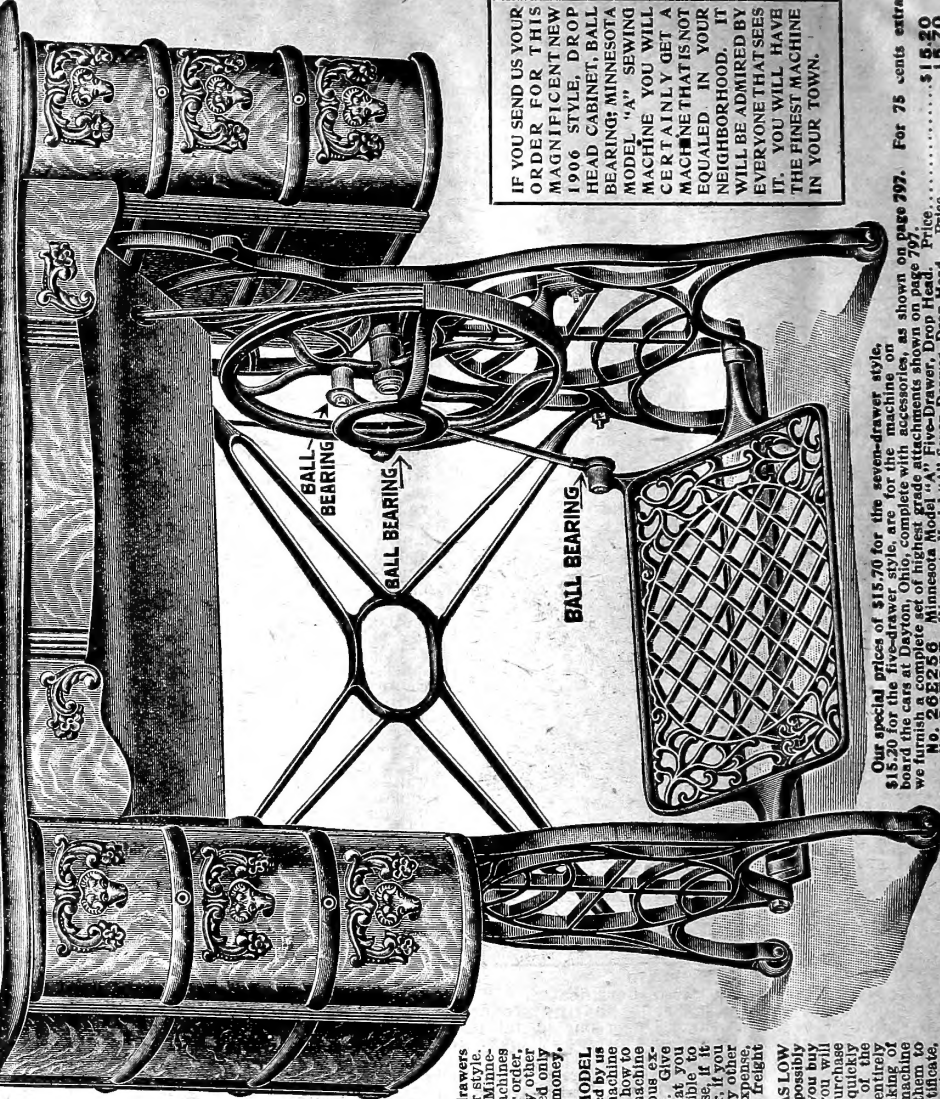

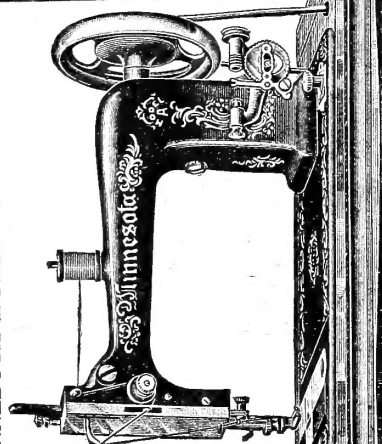

THE LARGE ILLUSTRATION SHOWS THE SEVEN-DRAWER MACHINE OPEN, and the smaller illustration shows the same machine closed in the five-drawer style. Do not place your order before you see and examine the Minnesota Model "A". Let us send you one of these machines for comparison with any other. Simply send us your order, and if you find you would prefer a machine of any other make, we will return your money, including freight charges.

REMEMBER, EVERY MINNESOTA MODEL for 20 years. With every Minnesota Model "A" machine we send plain, short, simple rules for instructions of how to use the machine, and you will find the machine very simple to operate, the average woman can handle it, do almost any kind of work. Give the machine a trial, and if you are not convinced that you have secured the best sewing machine it is possible to build, if it does not run easier, if it does not make less noise, if it is not more simple to operate and less liable to get out of order, if you cannot find a better machine, we will return your money, and we will immediately return your money, including the freight charges paid by you.

WHILE WE GUARANTEE THE PRICE AS LOW as we can possibly make it, we give you the opportunity of starting in sewing machine you will get a profit sharing certificate for the full amount of your purchase and this, together with your other purchases from us, will quickly enable you to get part of the profit back again and get one of the beautiful articles shown on the last pages of this catalogue entirely produced by a sewing machine and want the very finest sewing machine. Please call their attention to this catalogue. Ask them to allow you to send us the order and get the profit sharing certificate, and thus enable you to more quickly share in the profit of this business.

GUARANTEE 20 YEARS.

PLEASE SEE PAGE 795 FOR THE FULL DESCRIPTION OF THE MINNESOTA MODEL "A" SEWING MACHINE. WE FURNISH ON THE MINNESOTA MODEL "A" MACHINE. Read the description carefully and remember we guarantee that there is no higher grade sewing machine head in the world. No sewing machine has more features of this machine, the improved ball bearing steel pitman, ball bearing stand as well as the ball bearing head. Note the rich, massive, elegantly carved, beautifully grained, quartered oak, and the high quality of the machine. It is impossible to show the machine properly on this page, for it must be seen to be appreciated.

WE WILL FORFEIT TEN THOUSAND DOLLARS (\$10,000.00) IN CASH TO ANY WORTHY CHARITY

if anyone will prove that any other FIVE (5) catalogue houses in the United States selling general merchandise to the consumer exclusively the same as we do, can show combined sales for 1905 aggregating as much as \$38,407,498.41. The TEN THOUSAND DOLLARS will be paid to any worthy charity that the party furnishing the proof may direct.

County of Cook)

Richard W. Sears and John Higgins being first duly sworn upon their respective oaths depose and say that Richard W. Sears is the President and John Higgins is the Auditor of Sears, Roebuck & Company, and that the total sales of Sears, Roebuck & Company for the year of 1905 amounted to Thirty Eight Million Four Hundred Seven Thousand Four Hundred Forty-Eight and 41/100 (\$38,407,498.41) Dollars.

Richard W. Sears
President.

John Higgins
Auditor.

Subscribed and sworn to before me by Richard W. Sears, President of Sears, Roebuck & Company, and John Higgins, Auditor, this second day of January, 1906.

Henry Lorenzen
NOTARY PUBLIC.

TO SETTLE THE QUESTION IN EVERY MIND AT ONCE AND FOREVER

as to which is the largest mail order house in the United States we state to you under oath just what our sales were for 1905 and attach our Ten Thousand Dollar Challenge that our business is not only larger than any other mail order house, but larger than any other five mail order houses in the United States combined.

Let the next five mail order houses in the United States in the order of their size add their total 1905 sales together and if in the aggregate they have a figure greater than \$38,407,498.41 (our sales for 1905), then let them accept our challenge and let us pay the ten thousand dollars to charity.

In calling your attention to our new forty acre home with its many enormously large buildings, our own railroad yards and to our many factories as illustrated and described in the front of our large catalogue, pages 2

to 8, by far the largest mercantile plant in the world, we thought it a fitting time to give you exact figures under oath, for figures better than anything else will tell those interested of the size of this institution and of our place among the large commercial institutions of the country.

JUST IMAGINE our sales for 1905 amounting to \$38,407,498.41 equals an average of over \$128,000.00 for every one of the 300 working days of 1905, or with nine hours for a working day more than \$14,000 for every hour during 1905, and sales of over \$233.00 for every minute of the year 1905.

FIFTY MILLION DOLLARS SALES is the mark we have set for 1906, and to reach it easily, with a million or so to spare for good measure, we offer for 1906 greater values than ever before, bigger variety of merchandise than ever before, a more liberal profit sharing plan than ever before, and if you will read this big catalogue carefully you will quickly find

WE OUTCLASS AND OUTDISTANCE ALL AND EVERY KIND OF COMPETITION.

WE PUBLISH THE FOLLOWING FREE

SPECIAL SAMPLE BOOKS AND SPECIAL CATALOGUES

WHILE THESE VARIOUS SAMPLE BOOKS AND CATALOGUES ARE FREE FOR THE ASKING

and we will gladly send any one of these sample books or special catalogues to any address by mail, postpaid, on application, our customers are especially requested, where possible to make their selection (even in the lines for which we also issue special catalogues) from this big catalogue, especially since you take no risk in selecting any article or articles from this catalogue, even though the illustration be very small and the description very much abridged, for we will accept your order and your money and send the goods to you with the understanding and agreement that if

the goods ordered are not found perfectly satisfactory to you, you can return them to us at our expense and we will immediately refund your money, together with any freight or express charges paid by you.

IF, in any of the following lines you fail to find in this catalogue just what you want, you can select any one of the sample books or special catalogues listed on this page, covering the line in which you are interested, and on a postal card or in a letter say which of these special sample books or catalogues you want, and the sample book or catalogue called for will go to you by return mail, postpaid, free with our compliments.
